COLONEL SANFORD SELLERS, M.A.  
PRESIDENT  
WENTWORTH MILITARY ACADEMY

COL. SELLERS FOR FORTY-FOUR YEARS HAS BEEN THE PRESIDENT OF THE  
ACADEMY, CAREFULLY GUIDING THE ACTIVITIES AND POLICY IN  
ACCORDANCE WITH THE ORIGINAL HIGH STANDARDS  
PRESCRIBED IN THE CHARTER BY THE FOUN-  
DER, STEPHEN G. WENTWORTH

## TO PARENTS

THE SELECTION of a school for your boy is no small matter. He is the center of your hopes and ambitions. His failure or success in life will mean your sorrow or happiness; and his career in the world will depend largely upon his career in school. So you are probably exercising all possible care and diligence in choosing an institution to develop the best things in him. In spite of all you can do, your choice will be largely a matter of chance. You have probably written for a number of catalogues; out of these you will select two or three which seem to set forth the requirements that you want. Then some picture or phrase in a catalogue may be the cause of your decision. But you should eliminate as nearly as possible the element of chance.

¶ Before selecting the school for your boy you should first be sure that the conditions as set forth in the catalogue represent the conditions that you will find at the school. You should, if possible, get in touch with someone who has had relations as a parent, student, or teacher in the school which you are considering.

¶ You should next examine the history of the school. Has it been established long enough to be past the experimental stage? A new school or one which has just changed its management may promise wonderful things, but the wise parent will choose one that is assured of permanency.

¶ You should learn, too, whether the school can interest your boy and build up his body. If he is allowed to lie listlessly around his room, he will be homesick and indifferent to his work. He should be made to take part in athletics and to develop pride in his physical being.

¶ Finally, you should be sure that the scholastic work is given the most important place in the program of the institution. If your boy is amused and made strong at the expense of his education, your investment will be a poor one. Make sure that the school you select does thorough, conscientious academic work and that the courses it offers are recognized by the leading universities and colleges.

¶ WENTWORTH MILITARY ACADEMY is essentially an educational institution. Its chief aim is to produce men of culture, ability, and character. When it was established forty-four years ago it took as its motto, "*Mens sana in corpore sano*"—"a sound mind in a sound body." Its system of athletics, its military organization, its social life, its course of study—all have the object of accomplishing the symmetrical development of its students. That it has been abundantly successful is shown by the number of its graduates who have become prominent as scholars, professional men, and business men. If a boy has capabilities and is honest, WENTWORTH MILITARY ACADEMY offers him an excellent opportunity for developing his best qualities.

¶ If your boy has possibilities, if you want those possibilities realized, the history of WENTWORTH, the character of its students and teachers, its high standing with the United States Government and with the best universities of the country, its purpose and aims should appeal to you. Then, if you send him to WENTWORTH, the highest desire of the school authorities will be the development of the body, the mind, and the character of your boy.

SANDFORD SELLERS.

THE WENTWORTH ALUMNI SOLDIERS' MEMORIAL

*This monument erected on the campus by the Alumni Association to the memory of the former Wentworth cadets who made the supreme sacrifice in the World War beautifully typifies the spirit of service and brotherly friendship which has for forty-four years characterized the Wentworth Corps of cadets.*

## CALENDAR FOR 1924-1925

WEDNESDAY, SEPTEMBER 10, 1924, 9 A. M.—Session begins; Matriculation and Classification of Students.

FRIDAY, OCTOBER 31—Hallowe'en Reception

TUESDAY, NOVEMBER 11—Armistice Day. Ceremony at Alumni Soldiers Memorial.

THURSDAY, NOVEMBER 27—Thanksgiving Day, Football Game and Alumni Home Coming.

TUESDAY, DECEMBER 23, 3:30 P. M.—Christmas Holidays begin.

TUESDAY, JANUARY 6, 1925, 9:30 A. M.—Christmas Holidays end.

SATURDAY, MAY 30—Final Examinations, Field Day Exercises.

SUNDAY, MAY 31—Baccalaureate Services.

MONDAY, JUNE 1—Final Examinations, Military Exercises, Senior Reception and Ball.

TUESDAY, JUNE 2—Commencement Exercises.

## OUTLINE OF PLAN AND PURPOSE

**W**ENTWORTH has as its primary object the upbuilding of the intellectual, moral and physical powers of its students. The faculty is composed only of men who have been thoroughly trained for the branches which they are to teach. The Academy realizes that intellect without sound character is worth but little and, therefore, its instructors are chosen only from men of the best character. The Charter requires that every member of the faculty be a member of some evangelical church.

every day in each class, and his instructor can keep in close touch with him and easily see wherein he needs attention.

### **Instructors Live at the Academy**

Second, the instructors live in barracks with the cadets. The cadet may therefore easily receive much individual assistance outside the class room. The instructors all have the welfare of the boy at heart, and they are always willing to render special assistance whenever it is necessary.

PASSING IN REVIEW

Wentworth believes that the highest ambitions of man cannot be attained without a sound body, and, therefore, has as another great aim the proper development of physique.

### **Wentworth Possesses Special Advantages**

Wherein does Wentworth possess advantages of a purely scholastic nature over the average high school and many private schools?

#### **Small Classes**

First, the classes are comparatively small and the student gets much individual attention. Every student must recite practically

### **Length of Supervised Study Periods**

Third, the supervised study periods are of sufficient length for the proper preparation of lessons. Each cadet is required to carry four subjects and this means that he has two vacant periods of forty-five minutes, both of which he is required to devote to study. Besides these two periods, every cadet is required to devote two hours of each evening to his scholastic work. Outside of these periods, the cadet has his recreation hours, of which he may devote as much time as he desires to his studies.

# *Lexington, Missouri.*

## **The Whole System Calculated to Get Best Scholastic Results**

It is to be noted further that the regularity of Wentworth life, the system of discipline and in fact all the school activities are so planned as to bring about the best possible results in the scholastic work. Appropriate prizes and privileges are offered to students attaining special distinction.

scholarship. It is not natural for a red-blooded boy to enjoy competition with girls; at Wentworth he has only boys for competitors. The good students, moreover, are not of the anaemic type usually designated as "grinds." The leaders in scholarship invariably are leaders in other school activities and hold responsible positions in the student body.

ALUMNI SOLDIERS' MEMORIAL AND GYMNASIUM—SOUTH ENTRANCE

## **Reports Sent Home Every Three Weeks**

Reports of the scholastic work are sent home at the end of each of the grade periods. There are six of these periods during the year. Informal reports also are sent at the end of each three weeks during the grade period. Thus the parent may keep in close touch with the student's record and advise regarding any proposed change in classification.

## **Competition With Boys**

If the grade sheets showing the comparative standing of students in any co-educational school be examined, it will be found, in practically every case, that the girls lead in

## **Moral and Religious Instruction**

Any system of education that does not place the moral element ahead of the mental and physical is abortive, and Wentworth strives to impress its student with the importance of right living, of avoiding excesses and anything that tends to weaken the powers of mind and body.

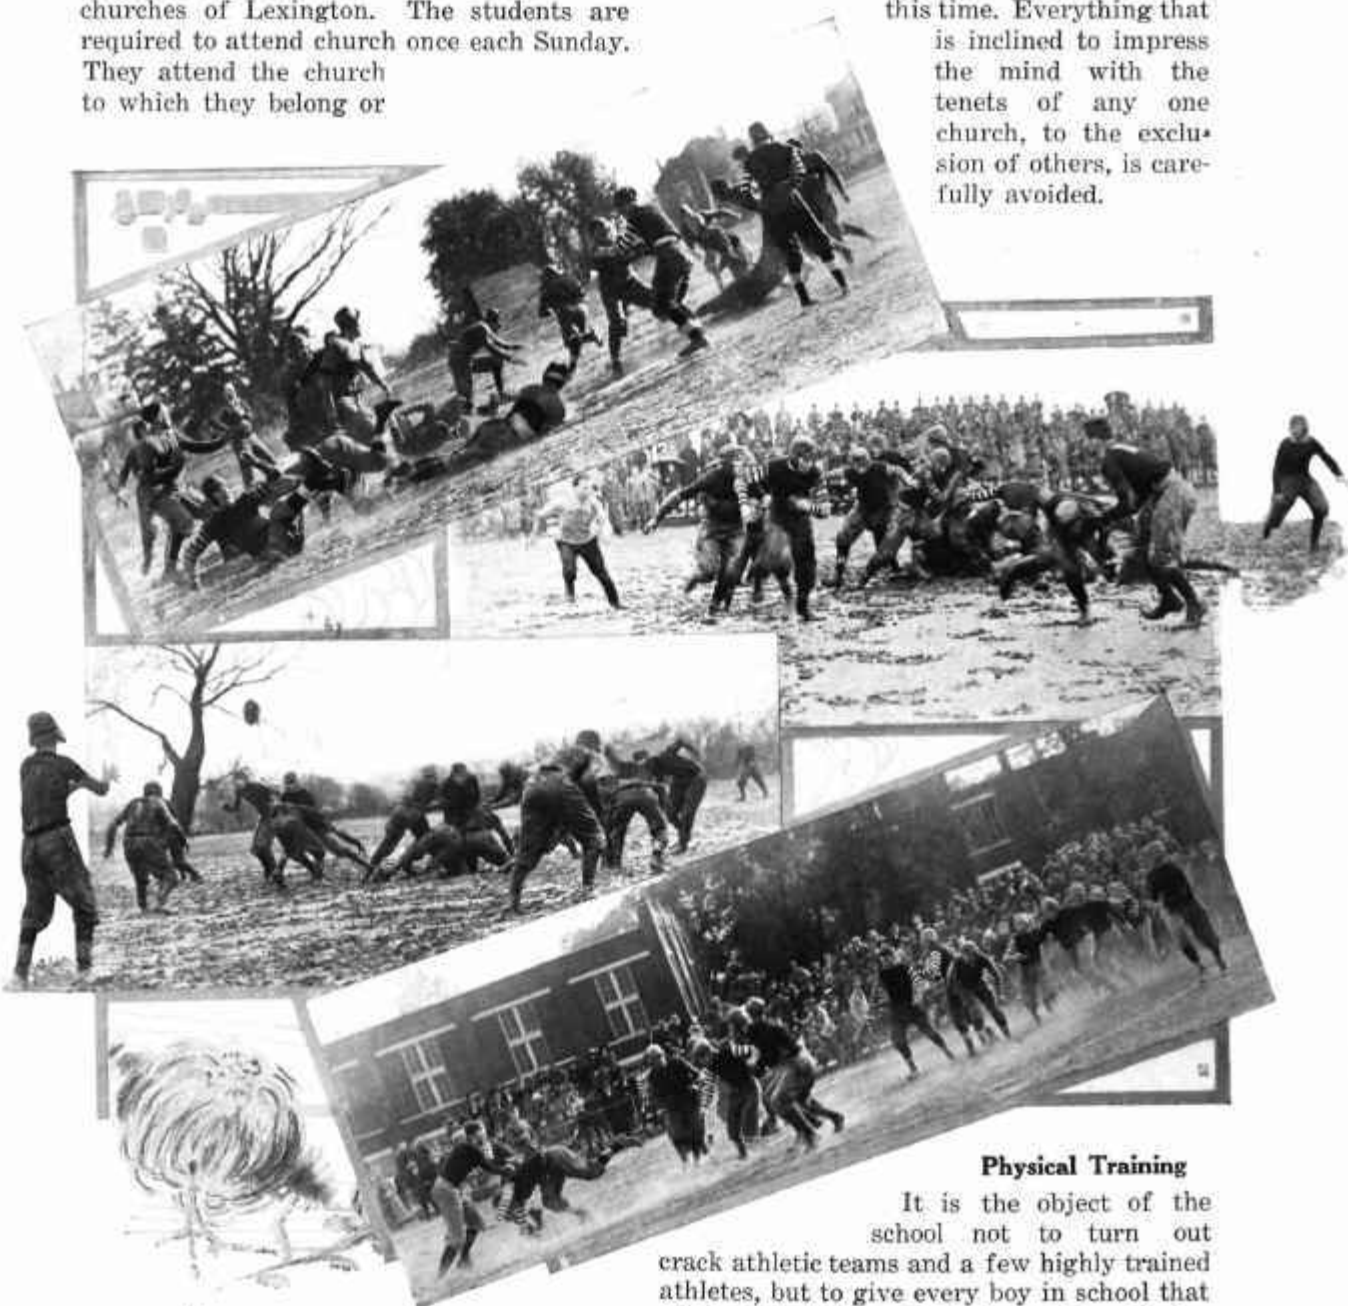

In the daily contact between teacher and pupil that exists at Wentworth, the teacher has great opportunity for making lifelong impressions by his example as well as by his precept.

The design of the founder of the Academy was that the school should be positively

# *Wentworth Military Academy*

Christian in character, but not sectarian. The Board of Trustees is composed of representatives of all the leading Protestant churches of Lexington. The students are required to attend church once each Sunday. They attend the church to which they belong or

of the Faculty and often by some cadet of the Senior Class. Prominent visitors are often invited to address the student body at this time. Everything that is inclined to impress the mind with the tenets of any one church, to the exclusion of others, is carefully avoided.

which they prefer. At 8 o'clock on the morning of each regular school day are held chapel exercises, at which hymns are sung and a passage of scripture read. At this time inspirational talks are made by some member

## Physical Training

It is the object of the school not to turn out crack athletic teams and a few highly trained athletes, but to give every boy in school that physical training which he needs. Owing to the fact that the life at Wentworth is so regular and so conducive to the best physical development, her teams are able to compete successfully with many of the strongest college teams. It is to be noted, however,

# Lexington, Missouri.

that the school never loses sight of a boy who is not the star athlete, and that he is trained along athletic lines as well as is the boy who is able to make the team.

## **All Interested**

The athletic teams are composed of volunteers, but every boy is required to engage in some form of athletics. It is the aim of the school to provide coaches for as many teams as can be organized.

## **The Competitive Sports**

From six to ten football teams are developed and trained by various members of the faculty. In

drill. It teaches self-control and gracefulness of carriage. It develops those muscles which are most needed throughout life. One hour of each school day is devoted to drill, and there are other military formations of short duration which the cadet attends

daily. At all formations he is taught to hold his shoulders back, his chest out, his head up, and his face squarely to the front. The form of physical exer-

basketball, besides the school teams which compete with other schools, each company has two teams and a tournament is held for the company championship. Track

cise used by our army camps in developing soldiers is used every day at Wentworth.

## **Calisthenics**

The pictures on this page show some of the calisthenic exercises used at Wentworth.

These exercises

athletics, baseball, swimming, soccer and tennis are carried out along the same lines.

## **Military Drills**

There is no better means of physical exercise than that afforded by the military

have been developed after years of thought by the expert in charge of the gymnasium work at West Point, and they are used by the entire United States Army. They are the most effective and complete set of calis-

# *Wentworth Military Academy*

thenic drill ever developed. They reach every muscle of the body, giving that mus-

GYMNASIUM DECORATED FOR DANCE.

cular roundness, erectness, and gracefulness of carriage which only such exercises can give. An officer of the United States

Army, who has recently had two boys in Wentworth, said: "One of the greatest benefits has been in the physical improvement. The military training and athletic exercises have straightened the boys' backs and given them a carriage that I did not hope for them to acquire in one year."

## Work in the Gymnasium

During bad weather, when it is impossible to have outdoor drill, much of the drill period is devoted to gymnasium work. This work is very interesting and highly beneficial for physical development. The gymnasium is open at all times and during recreation hours many of the cadets find profitable pleasure in boxing, wrestling, and working on the various gymnasium apparatus.

In view of the fact that Wentworth requires every boy to engage in some form of athletics, there is provided a special instruc-

LOOKING EAST ACROSS THE CAMPUS FROM THE WEST BARRACKS.

# *Lexington, Missouri.*

tor in gymnastics who has charge of all boys not engaged in other athletics. This work consists of the usual gymnasium exercises, such as tumbling, work on the parallel bars, and gymnastic games of interest. This aids materially in the development of the boy.

## **Social Life**

The ability to meet cultured people and to be at ease in company is a valuable asset. So cadets at Wentworth are encouraged in such social activities as will not interfere with their school work. A class in Social Usage is conducted by a member of the Faculty, giving each student a knowledge of what is correct in manners and etiquette. All students are required to attend this class and all find it most interesting.

Every student is required to keep his person clean and neat, to have his hair cut properly, and to see that his shoes are polished. In the Mess Hall he sits at a table

presided over by a responsible faculty or student officer and receives any attention he may need in the matter of table manners.

Lexington furnishes abundant opportunity for social enjoyment. The ladies' college

THE JAZZ ORCHESTRA

gives frequent entertainments, which the cadets are permitted to attend. The best homes in the town are often open to the students.

WEST BARRACKS IN SUMMER TIME

# Wentworth Military Academy

**The Academy Orchestra**

Standing: MAJOR DAY, KUGLER, MAIRS, REED, YOUNG, HUNT, SIMPSON, MCKEAN, PARRIOTT.  
Seated: KENDALL, SWARTZ, JONES, F. C., SCHONWALD, MILLER, E., PARR, BROWN, TUDOR, DEFORD, EWING, FORRESTER.

## **Music**

The school offers exceptional opportunities to boys who have musical talent in its band, orchestra, and glee club. Frequently during past years the Academy Band has been called upon to furnish music in parades in Kansas City and nearby cities, and in execution and appearance it did not suffer in comparison with the large professional bands appearing on the same occasions.

The orchestra plays for chapel, receptions and dances. From time to time solo numbers are given and the corps engages in community singing. The singing of the cadets at religious services has been a matter of most favorable comment by many visitors.

## **Personalities Developed**

While the discipline at Wentworth is firm it is not at all harsh. Very little punishment of any kind is necessary. The punishment

that is assigned is always of a military nature and not the kind which will in any way humiliate a boy. Students who cannot be handled without physical compulsion are sent home.

The aim of the disciplinary department is the development of personalities. Hence a great deal of responsibility rests on the students themselves. Students are allowed considerable freedom in regard to their personal conduct and there is no elaborate or rigid set of rules. Many cases of discipline are handled by the students themselves and the conduct of the student body is the result of popular sentiment rather than of an oppressive system of regulations.

In short the plan of Wentworth has as its object the developing of American citizens—men who are mentally alert, physically sound, and courageous enough to take prominent parts in the educational, religious, commercial and physical life of their communities.

# *Lexington, Missouri.*

## LOCATION

**L**EXINGTON is the county seat of Lafayette County. It has a population of about 5,000 and is remarkably well equipped with excellent store buildings, public edifices, handsome residences and broad brick streets. It has excellent systems of electric light, waterworks, gas and sewerage. Some two hundred and ten feet above the river, a more beautiful and healthful location could scarcely be found.

On one of the bluffs of the river not far

Besides Wentworth and the city high school, there is an excellent girls' college in Lexington. Being a county seat and an educational center, Lexington draws to it many well-educated, public and professional people.

The town is just forty-two miles from Kansas City and is easily reached by two branches of the Missouri Pacific from both Kansas City and St. Louis.

### The Climate

Lexington is located in central Missouri.

THE VIEW ACROSS THE BROAD MISSOURI RIVER VALLEY PRESENTS A MAGNIFICENT PHYSIOGRAPHIC STUDY AND IS ONE WHICH IS SCARCELY RIVALED FOR SCENIC BEAUTY.

from where Wentworth Military Academy stands was fought the battle of Lexington, which was an important battle of the late Civil War. Lexington is an old town and its population includes many of the oldest and most cultured families of the state. The cadets are therefore thrown with cultured and refined people in their social life.

The climate here is ideal for a school, since it is cool enough to be invigorating and to offer the winter sports, such as skating and sleighing, and at the same time it is mild enough not to subject the students to the rigors of a more northern locality. The cadets can be out of doors comfortably practically all of the school year.

## BUILDINGS AND GROUNDS

THE WENTWORTH GYMNASIUM

The gymnasium, one of the largest and best equipped in the country, is 220x55 feet. It contains two regular basket ball courts, a large stage, a swimming pool (20x50 feet), locker rooms, showers, and gymnastic apparatus.

**A**LL the buildings of the Academy are constructed of brick and stone with the exception of Marine Hall. The buildings have all been designed for their present use and they are thoroughly adequate and well suited for uses to which they are put. They are heated by steam and hot water.

Marine Hall is a fine new building constructed along the lines of the cantonment buildings with such added refinements as are best suited to its use here. It has hardwood floors throughout, a fine recreation room, and large cadet rooms. A most modern and thoroughly equipped business department is also located in this building.

### The Grounds

The grounds, consisting of fifty acres, are elevated, well drained, covered with a rich growth of blue grass, and adorned with

shade trees. This gives Wentworth space for three athletic fields and facilities for carrying on all branches of athletics with students of all ages. It also gives ample room for the military work.

### Cadets' Quarters

The rooms are designed for two boys each. They are large and well ventilated, and in every case there is at least one large outside window. Each room is provided with a spacious wardrobe, a comfortable iron double-deck bed, two chairs and a table with student stand electric light. Of course, the rugs and any decorations are furnished by the cadet. Each room is well heated by either hot water or steam. Wash basins, which are furnished with hot and cold running water at all times, are located on the various floors, making them very convenient to each room. The toilets are also convenient to every room and they are of modern and

# *Lexington, Missouri.*

sanitary design. Every precaution with regard to cleanliness and sanitation is taken. Shower baths are also conveniently located in the barracks and hot and cold water may be had at all times.

The rooms are all convenient for escape in case of fire, and sufficient fire drill is held to insure absolute safety to all cadets. A night watchman is constantly on duty.

**Class Rooms**

The class rooms are equipped with all necessary apparatus; they are well lighted and well ventilated.

## **Food Supply**

After forty-three years of experience, the management of the Academy realizes that no school for healthy, active boys can be successfully conducted on a scanty food supply. The Academy table is set with wholesome, nutritious and well-cooked foods, of

**COMPANY DRILL**

which an abundant supply is always served. Every possible care is taken with regard to

**CADETS KEEP THEIR ROOMS IN ORDER**

cleanliness, sanitation and proper preparation of the food.

## **Water Supply**

The water of Lexington is furnished by the Missouri River. Before being pumped to the city, it is settled and cleared. The Academy, however, is not satisfied with this general treatment and has installed a splendid system of modern filters, which furnishes an absolutely pure and abundant supply of water.

The Academy is located on the outskirts

**CLASS IN TOPOGRAPHY.**

of the town about one-half mile from the business district. The air is fresh and pure at all times and a more healthful location could not be found anywhere in the country.

# Wentworth Military Academy

## Dining Room and Kitchen

The dining room is a beautiful room decorated in white, and recently enlarged to

accommodate the increased enrollment. The kitchen has been so enlarged and conveniences added, that it is now one of the best equipped school kitchens in the country.

RANGES

DISH WASHER

MAIN MESS HALL

PANTRY

# *Lexington, Missouri.*

THE WENTWORTH HOSPITAL

## **Medical Inspection**

The grounds and buildings are given daily inspection by the Academy officers. Every precaution is taken with regard to sanitation, and the Academy officers, who are all instructed along this line, are constantly vigilant as to the condition of the buildings and premises.

Approved modern methods of prevention are employed by the school. Every cadet is required to be vaccinated for smallpox and typhoid fever, two of the most prevalent diseases in community life. It is interesting

MAIN WARD IN HOSPITAL

to note that since these requirements have been met there has been no case of either disease at the Academy.

## **The Hospital**

The Hospital is located one-half block from

the Academy, a distance which is conveniently close and at the same time far enough away to isolate completely any case of contagious or infectious disease. It is a nine-room building and is completely equipped for

SURGEONS' OFFICE

the handling of any case of illness which might arise. There are twenty-five beds in the hospital, eight of them in the large ward and others in the smaller rooms. Contagious diseases are promptly placed in isolation wards. The Wentworth hospital is one of the most thoroughly equipped hospitals of its size in the state.

## **Trained Nurse**

The hospital is under the care of a graduate nurse who is employed by the Academy and whose services are always available for those who may need attention.

# *Wentworth Military Academy*

## **The Laboratories**

The equipment of the laboratories at Wentworth Military Academy has been carefully

selected with particular reference to the need of the school and includes all apparatus necessary to teach thoroughly the branches laid out in the courses of study.

PHYSICAL LABORATORY

CHEMICAL LABORATORY

# *Lexington, Missouri.*

## **Library and Reading Room**

A large, well lighted and well ventilated reading room and library has been provided for the use of cadets at all times. Reference books to be used in readings assigned by instructors, and modern encyclopedias are always available. The best works in English literature, including the productions of the most popular modern writers are in the circulating department. On the tables are to be

recreation hours. Wentworth students have the advantage of swimming facilities the year round.

The swimming pool is particularly attractive. Every boy loves to swim. Here he can, without any danger of catching cold, engage in this wholesome sport throughout the entire winter. The water in the pool is always warm, kept so by a special heating plant installed for that purpose.

A CORNER OF THE LIBRARY

found current numbers of the best magazines and periodicals. An attendant is in charge during school hours and at all recreation times.

## **Swimming Pools**

Adjoining West Barracks is an outdoor swimming pool made of concrete. This pool is 20 by 50 feet and has a depth ranging from 3 to 10 feet. At the deep end is a diving stand and spring board. Cadets derive much pleasure and healthful exercise from this pool in the fall and spring.

But the new indoor pool is far more popular. It is 20 by 60 feet and has a depth ranging from 3 to 10 feet. It is kept heated and is open, under supervision, during all

## **Gymnasium**

The gymnasium, 220 x 55 feet is a source of great pleasure and pride to all cadets. Its main floor has 10,000 square feet of playing floor which gives ample space for two basketball games, gym classes, boxing and wrestling, to be going on at the same time. On the ground floor there is a manual training room, the quartermaster's department, Military Tactics Room, swimming pool, locker rooms and shower baths. This building is in almost constant use during the winter months. It furnishes diversified recreation for the boy without making it necessary for him to seek this recreation out of doors at a time of year when the weather is bad.

## MILITARY AND SCHOLASTIC RECOGNITION

### Importance and Meaning of Membership in the North Central Association of Colleges and the Secondary Schools

**Membership.** The membership of the North Central Association of Colleges and Secondary Schools is composed of the leading colleges and preparatory schools in the following states: Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota and Wisconsin.

**Standard.** The standard set by the Association for the Secondary Schools is that the curriculum shall be broad enough and the subjects thoroughly enough taught amply to prepare the student who graduates for the best colleges and universities in this country, including the Government academies, West Point and Annapolis.

**Inspectors.** The Association maintains a Board of Inspectors, the members of which, by means of written reports and personal inspection, keep in close touch with the work of each school and make a report of their observation to the Association each year. If the work of any school is not up to the required standard, this school is, of course, dropped from the Association.

Extract from Inspector's letter:

"Graduates of North Central Schools are admitted to any college or university in

America that admits students on any kind of certificate. \* \* \* The action of the Association insofar as it affects your school was as follows: *accredited*."

### The Importance and Meaning of Government Supervision

In selecting the most desirable military school, it is important to choose one which is directly supervised by the War Department of the United States Government.

Such military schools, *and only such*, enjoy, *free of expense*, the services of a high-salaried military officer. The money thus saved to the school is, in Wentworth Military Academy, expended on additional teachers and superior equipment.

Schools under Government supervision are also equipped with Government apparatus worth thousands of dollars. This other schools cannot afford.

To get and retain these advantages a certain high standard of work, and of equipment and sanitary conditions, must be maintained.

Thus equipped and officered, schools under Government supervision secure such organization, discipline, and efficiency as to win the respect and confidence of their students, and make work in all departments better.

To secure these ends the United States Government makes rigid inspections.

THIS BRIDGE ACROSS THE MISSOURI RIVER AT LEXINGTON IS EXPECTED TO BE COMPLETED BY DECEMBER, 1924. IT IS A FREE BRIDGE, BUILT AT A COST OF A MILLION AND A QUARTER DOLLARS AND IS THE LONGEST ACROSS THE MISSOURI RIVER. IT WILL CONNECT LEXINGTON DIRECTLY WITH THE MAIN LINE OF THE SANTA FE AND WABASH RAILROADS.

## HISTORICAL

BATTLE OF LEXINGTON, MISSOURI, SEPTEMBER 19-21, 1861

Photographed from an oil painting by F. Dominico, Hungarian exile, who made the sketches during the battle. The United States flag flies from the roof of what was then the Masonic College, but now is used as one of the buildings of the Central College for Women. The site of Wentworth Military Academy is on the extreme left of the picture.

Wentworth Arms

"WENTWORTH" is a well known English name and many prominent men of Europe and America have been its proud possessors. The ancestors of the founder of Wentworth Military Academy, STEPHEN G. WENTWORTH, came from England early in the eighteenth century, settling in New England. Mr. Wentworth came West

when a boy and settled in Missouri. He was prosperous in business and concluded his long and successful career as President of the Morrison-Wentworth Bank at Lexington, Missouri.

Mr. Wentworth was always a liberal contributor to educational and benevolent causes, and in 1880 he conceived the idea of founding, in honor of his deceased son, William Wentworth, a school for the Christian education of boys and young men. Suitable grounds and buildings were secured and the

# Lexington, Missouri.

first session opened in september, 1880, with B. L. Hobson and Sandford Sellers as associate principals. At the end of that session Mr. Hobson retired, and with the exception of one year's leave Col. Sellers has been Superintendent ever since.

STEPHEN G. WENTWORTH

*Founder of Wentworth Military Academy*

A charter was secured in April, 1881, and the name Wentworth Male Academy, under which the school began its existence, was changed to Wentworth Military Academy, and thus was started the first military school in the Missouri River Valley.

## Post of the National Guard

In 1889 the Academy was made a Post of the National Guard of Missouri, and provision was made for annual inspections by State Officers and for granting commissions to graduates who were residents of the state of Missouri. Excepting the matter of appropriations the same relation was established between the Academy and the State of

Missouri as exists between West Point Military Academy and the United States.

## Recognition by the Government

In 1895 the War Department of the United States, recognizing the work done by the Academy in its military training, detailed an officer from the Regular Army as Professor of Military Science and Tactics and supplied it with ordnance and ordnance stores. This detail has continued to the present time, and supplies have been increased until the school is now provided with everything necessary for infantry drills.

In 1903, Col. W. M. Hoge resigned his position of Inspector of Accredited Schools for the University of Missouri and was chosen Associate Superintendent and Principal of the Academy. He remained in this position for twelve years and had an important influence in developing the standards of the Academy.

Col. E. A. Hickman, then a captain in the 1st Cavalry, U. S. Army, an alumnus of Wentworth, was detailed as Professor of Military Science and Tactics. His untiring energy, good judgment and interest in boys, together with his experience as an officer in the United States Army, were a most potent factor in placing the Academy in the very front rank of military schools of the United States.

Coming into the Academy as an instructor in 1914 with a considerable experience in other military schools, Major R. K. Latham

BAND ON PARADE AT FOOT BALL GAME

became an influence in the development and expansion of the school. As Assistant Superintendent from 1917 to 1922 he rendered much valuable service during the difficult war period and the years following.

# Wentworth Military Academy

THE FIRST COMPANY AT WENTWORTH

The World War in 1917 stimulated the interest of the country in military training, so that all the military schools of first class were compelled to enlarge their capacities. The attendance at Wentworth was doubled. But, while the war increased the attendance and the enthusiasm of the students, it worked a hardship on the school by taking many of the best teachers as Army Officers. Since Wentworth furnished more than six hundred and fifty soldiers, sailors and marines to the country, the days of fighting in Europe were days of anxiety at the Academy.

Still the work of the school was carried forward.

At the close of the war the teachers on leave were discharged and returned to their duties at Wentworth. They were greatly benefited by their war experience and they have put a great deal into the military and scholastic work. The present faculty is the most efficient the school has ever possessed.

There is every reason to believe that Wentworth is entering upon the most useful period of its history.

SENIOR CEREMONY AROUND THE FLAG POLE

## THE MILITARY SCHOOL

Reprinted from *The Washington (D. C.) Star* of  
January 25, 1924

By DR. FRANK CRANE.

I am not one of those who run away with catch words, and see red at a war cry.

I am an incurable pacifist and utterly opposed to that old system under which the governments of the world still function, the system that renders rival national armies and navies a necessity.

But for all that I believe the army and navy should be retained by every nation, not so much as a defense, but as furnishing the best machinery of education.

I believe in military training not only for every boy but for every girl.

This military training in no sense implies training to murder or developing the lust to kill.

But it does imply certain things that are of more necessity for youth than other things that can be supplied elsewhere.

The child learns best, by military training, the meaning of discipline and perhaps more souls are lost and bodies ruined by lack of discipline than from any other cause.

The child, by military training, has developed in him a sense of responsibility and this is the core of good citizenship.

The child, by military training, gets practical and invaluable physical development.

He learns to make use of that tonic which, more than any other, can put iron in the soul—hardship.

He learns decision; and indecision is the mother of all slobs.

He learns obedience; not only obedience

to his superiors but obedience to himself, which is more important.

He learns team play; and after all the ability to co-operate is of more value to the human being than the ability to compete.

If he learns "jingoism" and the bunk about the glory of war and conquest, it is not because this sort of rubbish is in any wise essential to military training.

Military training does not imply that those who receive it shall become professional soldiers. But in a free democracy every human being is a potential soldier. He or she may be called upon at any time to sacrifice fortune or life for the common good. And perhaps the most important thing in military training is the fact that the youth has his budding ego properly pruned. He is made to feel that there is something in this world more important than his own private interests.

One of the cardinal paragraphs of my creed is that every boy and girl in America should be required to give at least one year to the service of Uncle Sam.

Too many grown people are so deficient in education that they do not realize the supremacy of the claims of their nation and of humanity upon them.

Military training might easily become the very best means of developing the civic nerve. And one great trouble with the country is that too commonly this nerve is atrophied.

WENTWORTH  
MILITARY-ACADEMY  
CLASS OF 1924

The young man who can find out for himself what he needs to know and then knows exactly what to do is the one who wins. Never in the world was there a greater need for men trained to think and act with precision. A military education will aid in developing a keen and alert mind. Especially is this true of Wentworth training. Wentworth produces no snobs because of the democratic and homelike atmosphere of the institution. Neither does its system of discipline produce the man who cringes under authority. Rather does its system develop the greatest amount of initiative and responsibility. This explains why Wentworth men succeed and why so many of them have risen to positions of influence and authority.

The World War placed military schools in a position where military men have long said they belong. General Barnett, former Commander of the United States Marines, said his organization could not have played the important part it did so quickly had it not been for the men he got from military schools who were ready to assume the responsibilities of officers.

## GENERAL REGULATIONS

**A**S it is the object of the Academy to develop each cadet to his highest stage of efficiency, all the regulations for the daily routine are formulated with this object in mind. The schedule of calls will give the reader a knowledge of the routine of the day.

During the recreation period from 4:00 to 5:30 P. M. cadets are engaged in athletics or

civil institutions. Two days—Wednesday and Saturday—are therefore designated for freedom of limits during the recreation period, so that all may have opportunity for getting haircuts and attending to necessary purchases in Lexington.

No permits to call or to attend the picture show are granted to new cadets until after Christmas. After Christmas new cadets may call or attend the show on permit on

**Cadet Officers**

other activities about the Academy and are not expected to go more than two blocks from the Academy grounds, except by permission. It is not deemed advisable for cadets to be about town except on business or for reasonable recreation and yet it is not desired to take them entirely away from contact with

Saturday evenings, provided their conduct and attention to duty has been satisfactory during the preceding week. During the fall term new cadets may attend the picture show in a squad on Saturday evenings.

Gambling in any form is forbidden.

The use of tobacco in any form is forbid-

den. A student guilty of smoking is placed on probation. Continued disregard of the smoking regulation will result in dismissal.

## REQUIREMENTS FOR ADMISSION

Wentworth Military Academy makes no special examination for admission. It merely requires that boys be in good physical condition, of good character and reasonably instructed in rudimentary studies. The boy is assigned to that class for which he seems best prepared. *A certificate from other*

six years. In this way the principles of manliness and character are most thoroughly impressed and no interruption occurs to prevent the fullest benefit from academic instruction.

Cadets should enter as near the beginning of the session as possible, and it is in all cases understood that this is at least for the entire session, or for that part of the school year remaining at time of entrance. Payments must be made accordingly.

No exception is made to this rule, except

*schools as to class standing is essential in classifying new cadets. Special attention is given to the weak points in the boy's previous training and his deficiencies in any direction noted in order to be overcome.*

It is recommended that parents place their sons in the Academy for the full course of

in case of sickness, necessitating permanent withdrawal.

## DISMISSAL

Wentworth enjoys distinction in being one of the best schools in the Middle West and distinctly does not wish undesirable boys. In

# Wentworth Military Academy

**Court Martial**

ence is felt to be unwholesome, or if he has a degrading influence on those around him, he will be asked to leave.

# Lexington, Missouri.

## PENALTIES

*There is no penalty system at Wentworth.* The ethical value of doing right from fear of punishment is doubtful. If a boy will not conduct himself properly without being afraid of some penalty, he is not the kind of student wanted at Wentworth. As a matter of fact, most American boys have a higher nature and can be reached by an appeal to their better sensibilities. They can be brought to think of others and to cherish their own self-respect.

At Wentworth the disciplinary department is organized not for the purpose of exercising restraint and curbing the spirits of the students, but for the purpose of directing the spirits of the students in the proper channels. Thus a boy who is reported for an infraction of the rules has a heart-to-heart talk with the commandant or the assistant commandant.

By no means does this signify that the Wentworth students are allowed to "run wild." They are under constant supervision and are required to perform their regular duties, which keep them abundantly busy. But they are not driven to their tasks by fear or made sullen by continuous punishments. Rather they are given sympathetic direction and admonition.

Occasionally there is an offense of a serious nature, but not quite grave enough for dismissal. In such a case a penalty requiring walking or confinement to quarters may be assessed. There is, of course, no corporal punishment.

The students themselves have a large share in the discipline. Much of the sentiment of the students is directed by the cadet officers and the student court-martial is vested with a great deal of authority.

Every boy at Wentworth gets a square deal.

## **INTELLIGENCE TESTS AT WENTWORTH**

When a student is doing inferior work and it is difficult to ascertain the true cause for his failure an intelligence test may be given to assist the Principal in the boy's classifica-

tion, and to assist his instructors in forming an unbiased opinion as to what grade of work may be expected. In no instance is a student allowed to know anything whatever concerning the result of the test.

BATTALION PARADE

## COURSES OF STUDY

### COLLEGE PREPARATORY COURSE

### Admission

**M**OST of the cadets now at Wentworth are preparing themselves for college entrance. So the curriculum is arranged with special attention to the requirements for admission to leading universities. Graduates of Wentworth are prepared to enter without examination any college or uni-

Any boy of good character who has completed a Grammar School course or its equivalent will be admitted to the College Preparatory Department. In case he is deficient in some branch he may make it up in the Grammar Department. Work done in other academies or high schools of recognized standing will be accepted to count toward

FRESHMAN CLASS.

versity which accepts certificates of credit from preparatory schools. Last year there were graduates of Wentworth in most of the larger leading universities of the central west such as Missouri, Kansas, Oklahoma, Nebraska, Wisconsin, Illinois, Purdue, Michigan, Washington and Lee, Colorado, Vanderbilt, Chicago, and also West Point, and Annapolis.

graduation. *A student on entering must bring with him a statement of his previous work from the principal of the school he last attended.*

The College Preparatory Course is constructed with reference to the increasing tendency on the part of the higher institutions to allow a wide choice in entrance requirements. Thus a wide number of

*Wentworth Military Academy*

exception of the foreign language requirement. No foreign language is required for graduation in this course.

## **COMMERCIAL COURSE**

For those who do not expect to go to college the Business Course is offered. It is not a mere drill in purely commercial subjects; it aims to make the student cultured and well informed, able to be at ease in the company of educated people.

uation; provided, (1) that in addition he has completed the prescribed year's course in Military Science, (2) that he has spent one full school year in residence at the Academy, (3) that he has paid all fees due to the Academy.

## **MUSIC Band**

Instruction in all band instruments and in mandolin and guitar is given by Maj. F. A. Day. Major Day is an exceptional performer on brass instruments, reed instruments and

# Wentworth Military Academy

on the mandolin and guitar. His twenty years of experience as instructor in the various band instruments and in the string instruments give him an endowment rarely found for teaching. Under his direction the band and orchestra is rapidly developed and is prepared to play on the march and give

worth hearing. The band is listed among the federated music clubs and is the first military band in the United States to have been admitted to membership."

On April 5th the band broadcast a program of one hour and fifteen minutes from the Sweeney Auto School of Kansas City,

JUNIOR CLASS

concerts almost at the outset of school. His band last year was federated as a Junior Club in the Missouri Federation of Music Clubs and played a short concert before the annual meeting of this distinguished gathering of musicians in Kansas City. This is the first band in the United States to become a member of the Federation. The Kansas City *Star* made the following comment:

"After the Kroeger program Major Sandford Sellers' carefully groomed and brisk Wentworth Military Academy Band played. Its director, Major Fred A. Day, evidently is carefully trained in military band work, for the Wentworth organization really was

one of the strongest sending stations of the U. S., and most favorable comments were received from nearly every state in the Union.

## Orchestra

The cadet orchestra is also under the direction of Maj. Day, and its progress is commensurate with that of the band.

## Piano

Under the direction of Mrs. Sandford Sellers, Jr., Wentworth piano students have most exceptional opportunities. She is a

four-year graduate of the Damrosch Institute of Musical Arts of New York City, and a composer. It would be impossible for the school to secure the services of such an artist

## Voice, Violin, Organ

Mrs. Pauline Richardson, an accomplished soloist, accompanist and teacher, has charge of the instruction in voice, while competent violin and organ instructors are available to cadets desiring to study.

## GOVERNMENT INSPECTION

except for her connection with the Academy. At the nominal fee stated in the catalog, Mrs. Sellers gives personal instruction to all cadets desiring to study.

## Glee Club

During the present school year the Glee Club has made excellent progress under the direction of Mrs. S. Sellers, Jr. The first appearance was at the Alumni Homecoming on Armistice Day, Nov. 11, when they sang some numbers with success. Later during the year they appeared on programs at the Baptist Church, Christian Church, Central College, the Kansas City Music Club at the Muehlebach Hotel, and in the Junior Glee Club Contest of the Missouri State Federation Contest. In the contest they easily made the required average and won the prize offered for first place. The Club gives a program during commencement week and ap-

# Wentworth Military Academy

pears on Baccalaureate Sunday, and at the Commencement Exercises. The members deserve much credit for steady work and splendid progress.

## THE GRAMMAR SCHOOL

The Grammar School is intended for boys from nine years old and up, who have not yet completed grammar school work. It offers

instruction in English Grammar and Elementary Composition, Penmanship, Practical Arithmetic, Physiology, Descriptive Geography, Reading, Spelling, United States History, and Introductory Algebra. The work extends through the Eighth Grade. On the completion of it a boy receives promotion to the Academy proper.

The work of the Grammar School is set forth more fully in a separate booklet.

MACHINE GUN INSTRUCTION

## COLLEGE PREPARATORY COURSE

(Four Subjects to Be Taken Each Year)

FRESHMAN	SOPHOMORE	JUNIOR	SENIOR
Algebra I	Latin I	Latin II	Latin III
English I	Latin II	Plane Geometry	English IV
Ancient and Mediaeval History	Plane Geometry	Algebra III	Chemistry
General Science	English II	English III	Solid Geometry ( $\frac{1}{2}$ )
Manual Training I	Modern History	French II	Trigonometry ( $\frac{1}{2}$ )
	French I	Spanish II	American History
	Spanish I	Physics	Government ( $\frac{1}{2}$ )
	Manual Training II	Bookkeeping	Economics ( $\frac{1}{2}$ )
		Vocational Direction	Mechanical Drawing
		Bible History	Public Speaking ( $\frac{1}{2}$ )
			Bible History

The following units of work are required for graduation in this course:

English 3, History 2 (one of which must be American History), Government  $\frac{1}{2}$ , Mathematics  $2\frac{1}{2}$ , Science 2, Foreign Language 2. (Both of these units must be of the same language, i. e., both Latin, French, or Spanish.) Total units of required work, 12.

Three units may be elected from the remainder of the above subjects. No study, not listed in the above as a College Preparatory subject, may be elected by the student who expects to graduate in the College Preparatory course.

## COMMERCIAL COURSE

(Four Subjects to Be Taken Each Year)

FRESHMAN	SOPHOMORE	JUNIOR	SENIOR

		Vocational Direction	Mechanical Drawing
		Bible History	Public Speaking ( $\frac{1}{2}$ )
			Bible History

Of the sixteen units necessary for graduation in this course, nine are required subjects, and six are elective. The subjects required are: English 3 units, Mathematics  $2\frac{1}{2}$  units, History 2 (one of which must be American), Government  $\frac{1}{2}$ , Science 1.

\* \* \* \* \*

Fifteen units of work are required for graduation in any of the above courses. In addition there must be completed the prescribed work in Military Science and Tactics.

Only students graduating in the College Preparatory Course will be recommended for college, and the student must maintain an average of 80 in every subject.

No student may take less than four studies, unless a written request from the parents is presented.

No student may take more than four studies unless he is making at least 80 in all studies.

## THE COURSES IN DETAIL

THE ACADEMY recommends that the student continue as far as possible the study of any subject which he has begun. A good knowledge of a few subjects is better than a slight knowledge of many subjects.

### ENGLISH

English is recognized as a fundamental subject. The study of it continues throughout the four years and a correct

use of the language is expected in every department. While the cultural value of English is fully realized, the practical use and application in the world of business is also emphasized. An adequate knowledge of English Grammar, ability to write correctly and effectively, and a familiarity with the works of the best American and English authors are expected of every graduate. The intimate relationship between language and thinking is kept constantly in mind and throughout the whole course oral and written composition is required. In addition to the classics, special attention is also given to the field of modern literature and the development of the short story.

**FIRST YEAR:** A complete review of Elementary Grammar, exercises in punctuation, capitalization and sentence structure. Original composition, oral and written. Special attention to letter writing. Reading of *Lady of the Lake*, *Treasure Island*, *The Man Without a Country*, *Christmas Carol*, *Two Years Before the Mast*, *The Ancient Mariner*, *Ivanhoe*, *The Last of the Mohicans*, *Snowbound*, *Lamb's Tales of Shakespeare*, *Robinson Crusoe*. Brief study of the lives of the authors of the classics read. Text, Ward's *Sentence and Theme*.

**SECOND YEAR:** *Rhetoric*. A continuation of the work in composition. Study of Unity, Coherence, Proportion and Emphasis in the whole composition. Intensive practice in Narration, Description, Exposition and Argumentation. Reading of the *Tale of Two Cities*, *Enoch Arden* and Tennyson's *Poems*, *The Oregon Trail*, *Last Days of Pompeii*, *Bret Harte's Stories*, *Merchant of Venice*, *As You Like It*, *Silas Marner*, *Lorna Doone*, *The Iliad of Homer*, *Evangeline*. Text, Herrick & Damon's *New Composition and Rhetoric*.

**THIRD YEAR:** History of English Literature from the Anglo-Saxon period. The writing of weekly themes with especial attention to vocabulary and thought development. Instruction in keeping note-books. Book reviews, Literary criticisms. Detailed study of types of the short story. *Macbeth*,

*Hamlet*, Carlyle's *Essay on Burns*, *The Golden Treasury*, Selections from Wordsworth, Burns, Browning, and other English Poets, *Beowulf* (in translation) *Cranford*, *The Scarlet Letter*, *Sesame and Lilies*, *Henry Esmond*, *Paradise Lost*. Text, Pace's *Introduction to English Literature*.

**FOURTH YEAR:** General study of American Literature. Writing of more extended themes. Attention given to the development of the modern short story. Reading of Poe's *Poems and Tales*, Longfellow's *Narrative Poems*, *The Golden Treasury*, DeCoverly's *Papers*, Selections from DeQuincy, *The Princess*, Franklin's *Autobiography*, *Kenilworth*, *Twice-Told Tales*, Wilson's *Principles of Democracy*, Selections from American Authors. Text, Pace's *Introduction to American Literature*.

The reading is based upon the recommendations of the National Conference on College Entrance Requirements in English.

### MATHEMATICS

The aim of the Department of Mathematics is to enable the student not only to solve stated problems, but to do original work.

**FIRST YEAR:** Algebra to Quadratics. Text, Hawkes, Luby and Touton's *First Course in Algebra*.

**SECOND YEAR.** First Semester: This semester's course includes a brief review of Algebra I and the solution of quadratic equations by completing the square, simultaneous equations involving quadratics only in the simpler cases which can be illustrated readily from the graphical standpoint, the progressions, complete work on radicals and fractional exponents with special reference to logarithms. This half unit must include a reasonable knowledge of graphical methods.

Second Semester: In the second semester's work in mathematics the student takes up his work in Plane Geometry. A few more important theorems will be emphasized, original problems will be solved, and the connection between Algebra and Geometry established.

**THIRD YEAR.** First Semester: The second semester's work in Plane Geometry will be completed.

Second Semester: *Advanced Algebra*. This course contemplates a detailed study of quadratics, the binomial theorems, for positive integral exponents, logarithms, ratio and proportion. Graphs will be used extensively in the solution of equations.

**FOURTH YEAR:** (First Half) *Solid Geometry*. This includes both the solid and the spherical geometry. Text, Wentworth-Smith's *Solid Geometry*. (Second Half) *Trigonometry*. This work includes logarithms, the functions of angles, and the solution of right triangles and oblique triangles. Text, Kenyon-Ingold's *Plane and Spherical Trigonometry*.

## HISTORY

The work in History will deal not merely with occurrences and dates, but with the interpretation of important events. In every year the student will be required to keep a complete note-book and frequently to draw maps. There will be required considerable collateral reading from books in the school library.

**FIRST YEAR:** *Ancient and Medieval History.* The first half of the year will be devoted to the study of Oriental, Greek, and Roman History. Special attention will be given to the rise and development of civilization. During the second semester the student will follow the breaking up of the Roman Empire with its disorders and effect upon civilization, and then will note the rise and development of the early European nations, following their history down to the beginning of Modern times.

**SECOND YEAR:** *Modern European History.* This course takes up the study of the European nations at the beginning of Modern times and follows their development to the present time.

**THIRD YEAR:** *American History.* This follows English History and deals largely with the political, social and institutional development of the United States since 1763. Text, Muzzey's *American History.*

*American Government.* The student is made to understand the local government, the state government, and then the national government. The class will visit the city hall of Lexington and the court house of Lafayette County. It will study the functions of the various municipal and county officers. There will be considerable collateral reading. This course comes during the first half of the year. American History is prerequisite. Text, Ashley's *The American Government.*

*Economica.* This course is offered during the second half of the Senior year, and is intended to make the student acquainted with the relations existing between the industries, the relations between the industries and the individual, the other economic problems and conditions with which the individual and practical course. Text, Laughlin's *Political Economy.*

**BIBLE HISTORY:** No one is well informed if he knows nothing of the Bible. Due attention is given to the literary value of the Bible in the English Department. In order that the desired history of the Bible may be gained, a course in Biblical History will be offered in the Junior and Senior years. The classes in this course will meet twice per week during the first semester, and three times per week during the second semester.

## LATIN

The instruction in Latin is designed to enable the student to read the best works of the language with interest and facility. He is trained to read Latin aloud and to do composition work based on the text. No student will be allowed to begin the study of

Latin until his second year and until he has become thoroughly grounded in English grammar.

**FIRST LATIN:** This is studied with a view to mastering the syntax of the language and the formation of a good working vocabulary. Text, D'Ooge's *Elements of Latin.*

**SECOND LATIN:** Four books of Caesar will be read along with a careful review of the grammar. The equivalent of one recitation per week will be devoted to composition. Text, D'Ooge & Eastman's *Caesar.*

**THIRD LATIN:** The reading of five books of Virgil's *Aeneid* and of a thousand lines of Ovid's *Metamorphoses.* The scansion of Latin hexameter will be taught. Text, Knapp's *Virgil* and *Ovid.*

## SPANISH

The work in Spanish is particularly valuable to the students from the Southwest and is taken by many candidates for the Business Course diploma as well as by those who expect to enter college. No student will be allowed to begin the study of Spanish until his second year and until he has become thoroughly grounded in English grammar.

**FIRST SPANISH:** The beginner's course includes a thorough drill in pronunciation, the mastery of the grammar, the writing of Spanish composition, and the reading of one hundred pages of easy prose. Text, De Viti's *Spanish Grammar.*

**SECOND SPANISH:** In this course there is a continuation of the work in composition and the reading of four hundred pages of modern prose. Text, Geddes & Josselyn's *Gil Blas.*

## FRENCH

French is considered by most Modern Language teachers as the most important of Modern Languages. It is so interesting and important a subject that it is offered as an elective in all three courses.

**FIRST FRENCH:** The beginner's course includes a thorough drill in pronunciation, the study of the grammar, the writing of French composition, and the reading of seventy-five pages of easy French prose. Text, *New Chordinal French Course.*

**SECOND FRENCH:** In the second year there is a continuation of the work in pronunciation, composition, and the reading of three hundred and fifty pages of modern French prose. Text, *L'Abbe Constantin*, by Francois.

## NATURAL SCIENCES

In all the courses in Natural Science four periods a week are spent in the laboratory, two periods of laboratory work being the equivalent of one in recitation. Laboratory manuals are kept and every experiment performed recorded in detail. The Wentworth laboratories in Physics and Chemistry are among the best in the state.

**FIRST YEAR: General Science.** This course, as the name implies, treats, in a very brief way, all of the natural sciences. It is designed especially for the purpose of introducing the Freshman to the field of science, so that he may not only get something of practical value but also be better prepared for special work in any branch of science. Text, *Hodgdon & Eikenberry's General Science*.

**THIRD YEAR: Physics.** The class makes a complete study of elementary Physics and performs in the laboratory forty experiments. In addition the instructor performs numerous experiments in the lecture rooms. Text, Carhart & Chute's (Revised) *Physics*.

**FOURTH YEAR: Chemistry.** This course covers a year in recitation and laboratory work. In addition to the regular work the class visits the local ice-plant and gas works. The chemical theory of mixtures, ionization, acids, bases, salts and compounds is studied. Text, McPherson & Henderson's *Chemistry*.

## COMMERCIAL

**BUSINESS ARITHMETIC:** For those who do not intend to enter college, but to go into business upon leaving the Academy, the study of Business Arithmetic offers many of the problems which confront a business man. Special attention is given to simple and compound interest and to partial payments. Text, VanTuyt's *Business Arithmetic*.

Students taking this course must have had at least one year of Algebra.

**BUSINESS METHODS:** A course in Business Methods is given during the first half of the Freshman year. This course is a prerequisite of bookkeeping, and makes the student familiar with the various business papers, forms and practices. Text, Schack and Gross' *Elements of Business*.

**COMMERCIAL GEOGRAPHY:** In this course it is aimed to discover the territorial distribution of industries and of location of lines of communication and transportation. The United States and the outlying possessions are given special attention. This course comes during the second half of the first year. Text, Dryer's *Elementary Economic Geography*.

**BOOKKEEPING:** The course in Bookkeeping is carried on entirely by the laboratory method. Two units are offered. No student who has not had the course in Business Methods may take Bookkeeping. This two-year course is designed to prepare the student so that he may efficiently keep a set of books—either single or double entry—as well as to make him familiar with banking forms and accounting. Text, *Twentieth Century Bookkeeping and Accounting*.

**STENOGRAPHY:** The course in Stenography includes two periods a day—one devoted to shorthand,

the other to typewriting. The work is by the laboratory method. At the end of the course the student should be able to take down ordinary business dictation and transcribe it rapidly on the typewriter. In the typewriting department are Remington, Royal, and Underwood machines. The care of the machine is taught along with its operation. Two years' work in Stenography are offered. Gregg system.

**COMMERCIAL LAW:** This course is provided especially for the Seniors in the Business Course. It is expected to give them some knowledge of the laws and practices governing business transactions. Text, Gano's *Commercial Law*.

## MANUAL TRAINING

The work in the Manual Training Department is entirely by the laboratory method. Two years of Shop work and one of Mechanical Drawing are offered.

**SHOP WORK:** First and Second years. This course covers the essentials in woodworking. Each student is assigned to a work bench fully equipped with tools. The simple problems are first worked out and then the student progresses to elementary cabinet making. Many useful articles of furniture are designed, constructed and finished by the class.

**MECHANICAL DRAWING:** Third year. This course is primarily for students preparing for technical institutions. It begins with the drawing of straight lines and circles, and proceeds to the drawing of designs for furniture and machine parts. Plane Geometry and woodwork are prerequisites.

## VOCATIONAL DIRECTION

In choosing his life work, the young man faces a problem of vital importance, and he should act upon the best possible information and counsel. This course proposes to furnish the best possible information and counsel. When the young man has the vocational materials with which to think, and is stimulated by the teacher to make use of these data, his mind will generally shape up the right solution. In other words, he will generally place himself in his life work. Text, Gowin & Wheatley's *Vocational Direction*.

## PUBLIC SPEAKING

The Department of Public Speaking offers special advantages to those desiring training which will fit them to stand on their feet, think and talk. Correct platform attitude, breathing and gesture are given particular attention. Each student is developed in a repertoire best suited to his individual capacity and is, at the same time, developed in the grace and ease which will enable him to meet those occasions when he is called upon for extempore speech. The

# Lexington, Missouri.

course is covered in one semester. Texts, Roberts' *Rules of Order*, Baker & Huntington's *Principles of Argumentation*.

The winner of the declamation contest at Commencement will receive a gold medal, awarded by the Academy.

## PIANO DEPARTMENT

The University Course of Music Study edited by the Academy of Music in New York City is used. At the completion of each grade a certificate is given by the Academy of Music upon passing examinations for each chapter.

**MUSIC CREDITS:** To obtain one unit credit for Piano, Violin, or any band instrument the following requirements are essential:

1. **SIGHT READING:** To sing a selection unaccompanied in the key and time in which it is written after having had the pitch "C" given him. Songs found in Ripley and Tapper's advanced music reader or Hoff's Corona Song Book.

2. **EAR TRAINING:** To name and qualify perfect major, minor, augmented, diminished, intervals struck on the piano.

3. **HARMONY:** A knowledge of the primary and secondary triads in major and minor and their inversions and resolutions of the dominant seventh chord.

The work of this unit is the equivalent of five forty-minute periods a week of class work for two years.

## MILITARY SCIENCE

Practical military instruction is, of course, given to every cadet in school and he is required to memorize the General Orders for Guard Duty.

The theoretical course is given five days a week for a year and is required of all graduates, in addition to the fifteen units. The text books are the *Infantry Drill Regulations*, *Manual of Interior Guard Duty*, *Field Service Regulations*, *Firing Regulations of the U. S. Army*, and such other books as the instructor thinks advisable.

## THE JUNIOR COLLEGE

**A**FTER graduation from high school comes the problem of deciding on the college or university. At this time many boys select some convenient large university and launch out in the fall not knowing what problems lie before them. Among those entering into a totally new and unfamiliar life the number of failures is tremendous, being in most universities from 35 to 65 per cent.

The reasons for these failures are many and all are easily understood. In the first place the large universities are badly overcrowded and must drop many students. The method of teaching in college is entirely different from that in high school. There is no time for individual assistance to the groping freshman. No attention can be given to teaching him how to study. It is mostly

education or information which is offered and not mental training.

Then the unbounded freedom of the life

**LABORATORY WORK IN PHYSICS**

with the glamour of all manner of college activities and social life distracts innum-

# Lexington, Missouri.

able freshmen to such an extent that before they realize it they are hopelessly behind in studies. There is no guiding hand to assist at such times before it is too late. Failure means discouragement, disappointment,

CLASS ROOM

humiliation. These are the facts recognized and greatly discussed by school and college teachers and all who are interested in education.

In recent years one great means of helping to combat the situation has been through the development of the Junior Colleges. These in-between institutions offering the first two years of college work have sprung

GENERAL SCIENCE DEMONSTRATION

up with rapidity all over the country. They are endorsed and recommended by practically all leading educators and by the large universities generally.

Some of the particular advantages which the Wentworth Junior College offers are as follows:

## Diploma at End of Two Years

Many boys desire to go on beyond the high school with their education, but are not sure that they wish to put in a full four years of college work. If one drops out of the university before graduation he receives no diploma or mark of recognition for the

CLASS IN BOOKKEEPING

work accomplished. At the end of his second year of successful work at Wentworth he receives his junior college diploma.

## Additional Preparation

Every year boys are graduating from high

COL. KROMER, U. S. A., and MAJOR WALKER, U. S. A.  
GOVERNMENT INSPECTORS

SELLERS, JR., O. R. C.

school at a younger and less mature age and, realizing this, many want additional preparation for the larger university or professional

# Wentworth Military Academy

course. Heretofore many have simply put in an additional year in high school work, receiving no advance credit. The Junior College affords this opportunity for growth and maturity along with the opportunity for taking the college work so that there is no time lost and advance credit is received.

## Small Classes

A sufficient number of teachers is employed so that the classes are small. This

**Tactical Staff**

MAJOR S. SELLERS, JR., CAPT. J. G. HILL,  
MAJOR J. M. SELLERS, SGT. T. C. KNOWLTON,  
MAJOR R. G. MOSS.

means that each student can be called on each day and the instructor is able to know just what he is doing.

## Instructors Live In the Barracks

Being quartered in the same building with the boys, and having their welfare deeply at heart, the instructors are in a position to give individual assistance, both in class and during study hours.

## Supervised Study

In an essentially military life, the study hours are prescribed and quiet and good order prevail, making the work more

**MACHINE GUN DETACHMENT**

concentrated and giving conditions which make it easier for study. This does not mean that the student sits down at a desk for study under the vigilant eye of some monitor. On the other hand it means that through the long-established, broad, manly Wentworth spirit for achievement, study hours are observed and maintained by the students as well as faculty so that all may

**TABLES WITH TRENCH AND ENTANGLEMENT**

have the greatest opportunity for advancement.

## Regular Habits

The regularity of hours for meals, for exercise, for rising and retiring is con-

# *Lexington, Missouri.*

ducive to putting every student in the very best physical condition for study.

One hour of each school day is devoted to the military training and it is to be noted that this work is made interesting under the direction of an officer of the Regular Army.

## **Athletics**

The system of athletics at Wentworth is one which gives every student an opportunity to take part in competitive sports. It is not the plan to devote all attention to a few highly trained athletes for the purpose of turning out crack teams, but on the contrary, by an interesting system of inter-company competition to give every student the training which is calculated to give him the best physical development. It is to be noted, however, that the Wentworth teams rank exceptionally high in competition with other schools in all sports.

Moral and religious training is not allowed to drift at Wentworth. The chapel exercise held on each regular school day is

calculated to instruct and inspire. Church affiliations are carefully preserved.

## **COLLEGE DEPARTMENT**

**IMPORTANT**—As soon as you have sent in your application for enrollment in the College Department, have the Principal or Superintendent of the school from which you graduated send your high school credits direct to the Principal of WENTWORTH MILITARY ACADEMY. You cannot be regularly enrolled in the college until your credits have been approved.

## **Requirements For Admission**

The requirements for admission to the work of the college are the equivalent of those of the College of Arts and Science in the University of Missouri. The total number of units required is 15.

The subjects in which entrance units may be offered, with the minimum and the maximum number of units that may be of-

WEST ENTRANCE TO GYMNASIUM

ferred in each subject are presented in the following:

Subjects	Maximum	Minimum
English	4	3
Algebra, Elementary	1½	1
Plane Geometry	1	1
Solid Geometry	½	½
Plane Trigonometry	½	½
Arithmetic (Advanced)	½	½
Algebra (Advanced)	½	½
History	4	1
American Government	½	½
Latin	4	2
Greek	3	2
German	3	2
French	3	2
Spanish	3	2
Chemistry	2	1
Physics	2	1
General Biology	1	1
General Science	1	1
Zoology	2	1
Botany	2	1
Physical Geography	1	½
Agriculture	1	1
Vocational Agriculture	6	2
Music	1	½
Drawing	2	1
Manual Training	2	1
Mechanical Drawing	1	1
Economics	½	½
Sociology	½	½
Commercial Arithmetic	½	½
Commercial Law	½	½
Commercial Geography	½	½
Bookkeeping	1	½
Stenography	1	1
Typewriting	1	½

The maximum number of units accepted in vocational subjects is eight.

#### Requirements For Graduation

For graduation from the college, the student must complete satisfactorily sixty hours of work. The specific requirements are as follows:

(a) Six hours of English; (b) five hours of History; (c) ten hours of one foreign language; (d) three hours of Mathematics; (e) five hours of Chemistry; (f) five hours of Zoology.

These requirements may be waived on the following conditions: If a student presents three units for entrance in the requirement (b) or (d), or two units in the requirement (e) or (f), he will be excused from that requirement. If the student presents three units for entrance in one foreign language he will be excused from five hours of the requirement (c), and if the student is prepared to enter the second course in a for-

GOVERNMENT INSPECTORS EXAMINING A MACHINE GUN SQUAD

eign language, he may fulfill the requirement by taking in addition to the second course, five hours of another foreign language.

Such exemptions do not excuse the student from the requirement of a total of sixty hours for graduation.

Students shall not be permitted to carry for credit work amounting to more than sixteen hours a week.

#### DESCRIPTION OF COURSES

##### ENGLISH

**COURSE 1. Composition and Rhetoric.** This course consists of detailed study and practice in construction and in the kinds of composition. The work includes recitations, exercises, themes, conferences and classroom study of literature illustrative of the different kinds of composition.

This course is required of all students except those who enter the college with ad-

# Lexington, Missouri.

vanced standing for work done in another standard college.

Three hours a week for two semesters. (6).

**COURSE 4A. Exposition.** This course consists of practice in writing the various types of essays, with critical study of current exposition. Exercises in logical analysis and organization will be required. The student will receive constructive criticism in regular personal conferences with the teacher.

Three hours a week for one semester. (3).

**COURSE 5B. Narration and Description.** This course consists of practice in writing the story and related forms of imaginative composition.

This course is open only to students who have successfully completed Course 1.

Three hours a week for one semester. (3).

## MATHEMATICS

**COURSE 1A. Trigonometry and Algebra.** Five hours a week for one semester. (5).

**COURSE 2B. Analytic Geometry.** Plane and solid analytic geometry and introduction to the calculus. Prerequisites, trigonometry and college algebra.

Five hours a week for one semester. (5).

**COURSE 3A. Differential Calculus.** Prerequisite, analytic geometry.

Five times a week for one semester. (5).

**COURSE 4B. Integral Calculus.** Prerequisite, differential calculus.

Five hours a week for one semester. (5).

## SCIENCE

### Chemistry

**COURSE 1. Elementary Inorganic Chemistry.** This course consists of laboratory work, written exercises, problems and recitations accompanied by class-room demonstrations. The fundamental laws and theories of the subject are emphasized in connection with a study of typical elements and compounds.

Three hours a week for two semesters. (6).

**COURSE 2. Inorganic Chemistry and Qualitative Analysis.** Prerequisite, course 1 or its equivalent. A continuation of course 1 with special reference to the chemistry of the metallic elements.

Three hours a week for two semesters. (6).

## LANGUAGES

### Latin

**COURSE 1A. Cicero's Orations.** Open to students entering with two entrance units in Latin. Selected orations and letters of Cicero; training in syntax and in the forms of the language.

Five hours a week for one semester. (5).

**COURSE 2B. Virgil's Aeneid.** Open to students entering with three units in Latin.

BANQUET IN GYMNASIUM WENTWORTH HOME-COMING, Nov. 12, 1923

Study of subject matter, forms, prosody and syntax.

Five hours a week for one semester. (5).

### Spanish

COURSE 1A. *Elementary Course*. Grammar, reading, conversational practice.

Five hours a week for one semester. (5).

COURSE 2B. *Reading, Conversation, Composition*. A rapid review of the main principles of the grammar is made simultaneously with the writing of composition work. Spanish should, as soon as possible, become the sole language of the class-room.

Five hours a week for one semester. (5).

### French

COURSE 1A. *Elementary French*. French grammar with constant practice in writing and speaking French. Reading French prose.

Five hours a week for one semester. (5).

COURSE 2B. *Reading, Syntax and Composition*. This course aims to give a good knowledge of the spoken language.

Five hours a week for one semester. (5).

### HISTORY

COURSE 1. *European History*. History of Europe during the mediaeval and modern periods, dealt with in as broad and comprehensive a manner as is consistent with thoroughness of knowledge and definiteness of outline.

Three hours a week for two semesters. (6).

COURSE 3. *American History*. History of the United States with special emphasis on the period since 1760.

Three hours a week for two semesters. (6).

Seated: CAPT. CLEMENS, CAPT. WIKOFF, MAJ. DAY, MAJ. J. M. SELLERS, MAJ. MOSS, COL. S. SELLERS, MAJ. S. SELLERS, JR., MAJ. CLEMENS, MAJ. KELSEY, CAPT. WADDELL, CAPT. MUENCH.

## THE MILITARY DEPARTMENT

*By Major Robert G. Moss, Capt. Inf., U. S. Army,  
Professor of Military Science and Tactics*

**T**HE Act of Congress approved June 4, 1920, and better known as "The National Defense Act" is a masterpiece of efficient and economical legislation. It provides in part for the establishment of Reserve Officer Training Corps Units in our Schools and Colleges, in order that, at a minimum of expense, the highest type of our young manhood may be prepared to serve

their Country intelligently as officers in time of war. After only four years of the law's operation there are now 115,357 students receiving military training at 336 institutions of learning.

The Unit here operates under the War Department curriculum provided for Essentially Military Schools. In return for about eight and a half hours a week allotted to military instruction, the Federal Government has

# Wentworth Military Academy

furnished this institution with \$50,000 worth of up-to-date equipment and the necessary Regular Army personnel as instructors. Other members of the faculty, having had experience in the World War, assist in the military instruction.

The equipment furnished includes rifles, belts, bayonets, pack equipment, automatic rifles, machine guns, 37 millimeter cannon, 3 inch trench mortar and mapping outfits.

ing and by imparting knowledge of hygiene and sanitation. An early increase in physical assurance and alertness is almost invariably noticeable.

The course further provides instruction in Infantry Drill, Bayonet Exercises, Marches and March Protection, Offensive and Defensive Combat, Map Reading and Map Making, Citizenship, Leadership and special instruction in Signalling, Woodcraft, Scouting,

**Rifle Team**

DAVISON,	DILLARD,	AMIS,	BERG,	ROGERS,	HOWORTH,	McCLUNG
STEVENS,	REESE,	KING,	TODD,	SHAFFER, R.		
BALDWIN,	ADAMS,	BROAD,	RIDGEWAY,	DECKER		

The course is a four year one, progressively arranged. For admission there are certain physical requirements which are determined by careful physical examination. Minor defects are corrected or remedies suggested, and more serious ones are reported to parents. Preventive measures against typhoid, paratyphoid, typhus and small-pox are taken if necessary. The course is calculated to effect marked physical improvement through teaching and requiring correct bear-

Marksmanship and the Special Weapons (Machine Guns, Automatic Rifles, etc).

For purposes of instruction and control cadets are organized into Companies. Between these Companies there exists a strong friendly rivalry, which assures a high degree of efficiency and discipline with only general guidance from the faculty. The Companies are officered by cadets selected from the third and fourth years.

The competitive spirit in such matters as

# Lexington, Missouri.

INDOOR RIFLE GALLERY

Twelve targets make it possible for the entire school to take ample instruction in small arms firing. The targets are placed on suspended clasps and then run back to a distance of fifty feet. Thus during firing no one is in front of the rifle barrels and hence danger is eliminated. A great many of the students become interested in firing and qualify for medals, which are furnished by the Winchester Arms Company. When spring time comes and it is possible to fire on the outdoor range most of the cadets have acquired the technique of accurate shooting.

drill, care of equipment and care of rooms is conducive to the development in the student of habits of team play, cleanliness, sys-

BAYONET COMBAT

tem, determination and a high sense of duty. The purely military and physical drills and the formations preceding them tend to develop traits of punctuality, obedience and discipline. To these are added as the student is later selected as a cadet officer and assistant instructor the qualities of leadership, initiative and responsibility.

Without exception these traits will stand their possessor in good stead no matter in what field of endeavor he may direct his efforts. He will be a better citizen for having been shown that there are obligations as well as privileges attendant upon the status of citizenship. And, having fitted himself to perform the greatest of these obligations, that of bearing arms in his country's defense, he will start life supported by the knowledge of a patriotic duty well done.

## STUDENT ACTIVITIES AND SOCIAL LIFE

The idea of a private school education is to give the student an all-round development and to prepare him as nearly as possible for any situation in civil life. This cannot be done without attention to social activity. As everyone knows, the air of a gentle-

man. Recall your ideal business man—does he not possess this quality?

Then, too, the more student activities the greater interest the boy takes in his surroundings. The better a cadet is satisfied the more work he will do and the greater co-

CAMPUS SCENE IN WINTER

man, the ability to meet strangers and to feel at ease in any gathering of people, is a very valuable asset and one that can be acquired only by participation in previous similar situations. Wentworth attempts to create a social life similar to that which the students will meet later and to give this social confidence that is important to every business

operation he will give in the serious work of the school.

In addition to Wentworth there is also in Lexington the Central College for Women which aids in the social life. The opening reception and party given by the Wentworth cadets to the Central girls on Hallowe'en night is one of the big events of the year.

# 

There are many of the Central-Wentworth affairs taking the form of parties, receptions, bazaars and concerts. As might be readily imagined Central is the place of constant interest to the cadets and the location of

MISS BANDON, MISS KIRK, MISS WINN, SPONSOR;  
MISS SMITH.  
SPONSOR AND MAIDS OF HONOR FOR THE FOOTBALL  
TEAM.

two schools in the same neighborhood makes possible many enjoyable social events.

During the school year there are three or four large dances, attracting from one to two hundred couples and many visitors from all over the West. The first of these is in the Fall—a combined football banquet and dance. Early in the spring occurs the an-

FEATURE DRILL AT A FOOTBALL GAME

nual "W" Club Fete. This is the gala event of the year. It lasts two days, beginning Friday evening with a concert-vaudeville show, and reception. On Saturday there are a concert by the cadet band,

military parades, and a baseball game. The event closes Saturday night with a masquerade ball. The final commencement dance is probably the largest and most quietly impressive of all. Two hundred couples attended the last of these functions.

Wentworth is unusually fortunate in possessing a hall large enough to make these affairs possible. The gymnasium is used and has a dancing space of 200 feet by 50 feet. The floor is of excellent hard maple. With the best music from the cities, "favors" (hats, whistles, horns, etc.), confetti, and the usual brilliantly colored paper streamers are used and add wonderfully to the effectiveness of the occasions.

THE GYM, READY FOR HALLOWE'EN

There are many smaller parties. The cadets also often may attend parties in Lexington homes. There are many vaudeville shows, athletic shows and pictures given. Boxing, wrestling, potato races, sack races and such are a few of the things staged at these entertainments. The students have their own musical organizations in the glee club, orchestra, and band, which are in constant demand.

At a glance it might be thought that with so much entertainment the serious work of the school would be greatly handicapped. Quite the contrary, however, is the case. Most of the events come on Friday and Sat-

# Wentworth Military Academy

LEFT TO RIGHT—ROBINS, MISS WINN, MISS KIRK, PARR, MILLER B., MISS BANDON, IRWIN, MISS SMITH, PARRISH, MRS. HILL.

SCENE FROM "CLARENCE," PRODUCED BY WENTWORTH PLAYERS GUILD, CAPT. GROCE, DIRECTOR.

urday nights, the "off nights" of the week. If by any chance something occurs in the middle of the week the regular study hours are held first. So no matter what else may happen the regular study hours are always carried out. All affairs are properly supervised and chaperoned. They are a part of the school work. The cost of these affairs is mostly cared for by the fee paid at the beginning of the year and when there is an admission it is always relatively small. Of course, attendance at pay affairs is not compulsory.

These events all tend to relieve the monotony of school life and are highly essential to the complete development of the individual. The added interest of a social life carries over into the serious work, as has been proved many times, and adds force to the old, familiar saying, "all work and no play makes Jack a dull boy."

## The Players' Guild

From time to time during the school year the Players' Guild of Wentworth offers for the entertainment of the corps several substantial and entertaining plays. During the past year they presented Booth Tarkington's "Clarence," which enjoyed such popularity on

both the stage and screen; a musical comedy written expressly for and staged entirely by the cadets; and Lord Dunsaney's "A Night At An Inn," an oriental mystery story, followed by a short after-piece of a laughable nature.

The Players' Guild is composed of those cadets who have by means of a careful system of try-outs proved their talents in this

THE CENTRAL GIRLS HAVE ATTENDED A PARADE

direction. The cast of each play is likewise selected by competitive try-outs for the various parts. The purpose is to develop what natural histrionic ability the members of the corps possess, to foster an intelligent appreciation of the drama, and to provide wholesome amusement for the corps.

Bottom Row: AULL, DOTY, FAXON.

## THE TRUMPETER

During the past fifteen years the school paper, *The Trumpeter*, has been published weekly during the session. By the regular presentation of events at the Academy, the weekly paper has become an important factor in the school.

*The Trumpeter* is in the hands of cadets, who derive a great deal of pleasure as well as valuable and practical journalistic ex-

perience in the gathering and writing-up of news.

For ten years the paper was a four-page four-column publication. Since 1919 it has been a five-column paper. It has received favorable comment by other school papers throughout the country.

A sample copy of this paper will be sent free to anyone requesting it. The subscription price is \$2.00 a year.

## ATHLETICS

The following is the report of the athletic department and for clarity is divided into five sections:

### I. EQUIPMENT

Wentworth is splendidly equipped to take care of athletics on a large scale. Probably the chief feature of the equipment is the huge gymnasium, 220 feet long and 55 feet wide. The main floor contains two large regulation basket ball courts, space 40x55 for apparatus work, and a large stage 20x55 feet. Around the floor has been laid off an indoor track, three laps to the quarter mile—this is as large as that in Convention Hall in Kansas City. The equipment on this floor contains parallel and horizontal bars, horses, mats, rings and other gymnasium apparatus. In the basement there is a large swimming pool 60x20 feet filled with filtered and heated water. It is open the year round. In the basement there are also showers and lockers.

In addition to this wonderful gymnasium there are three athletic fields—the regular Varsity field, a practice field, and a special field for the grammar school boys at Junior Barracks. Each of these fields is large enough for a football gridiron, baseball diamond or soccer ground. The Varsity field is equipped with bleachers to seat 1,500 people. Around the main gridiron is a modern quarter-mile cinder-dirt combination track, well curbed and used in all kinds of weather. Back of Marine Hall are five grit tennis courts, as good and well kept as any in the state. They are patterned after the famous Rockhill courts in Kansas City. They are equipped with bleachers and high backstops and provide excellent opportunity for tournaments.

Complete uniforms are furnished cadets trying for places on all Varsity teams except shoes in track and baseball. In competition among companies, cadets must furnish their own uniforms. A gymnasium suit and ten-

# Wentworth Military Academy

THE TENNIS COURTS

nis shoes are a part of the required equipment of each student.

Junior Barracks has its own athletic field and gymnasium equipment—boxing gloves, mats and such—for its recreation room. Of course the small boys also have the use of the main gymnasium and tennis courts at all times.

## II. COACHES

Capt. Lester B. Wikoff, University of Missouri, is Athletic Director. He made his school letters in football and baseball and has had work in all the other sports, including a summer athletic course at the University of Chicago. For several years he has had charge of athletics and has been head coach. Now, however, he looks after only the managing of the athletics, assisting only when needed in the coaching.

Capt. J. G. Hill, University of Alabama, is head coach of football, basketball and baseball. Capt. Hill has had a great deal of experience both at Alabama and in the Army, playing on several teams of wide note. He has also had work under Coaches Dobie and Zupke, two of the most widely recognized authorities in the sport world today. Al-

though this has been his first year as head coach his success has been remarkable.

Capt. E. A. Muench, University of Missouri, is coach of track, swimming and gymnasium work. Capt. Muench has had charge of the gymnasium work at the University of Missouri and has had experience coaching at Kirkwood High School in St.

AN INTERSCHOLASTIC TENNIS MATCH

Louis, and University High School in Columbia, Mo. This is his fourth year at Wentworth and has shown himself to be an exceptionally capable man.

Capt. B. G. Whistler, Illinois College, is assistant coach of football, basketball and

# Lexington, Missouri.

track. Capt. Whistler has had considerable experience as a coach and Wentworth has been fortunate to have such a man connected with the athletic department.

Maj. J. M. Sellers, University of Chicago, has charge of tennis. He has had wide experience in both College and Tournament play and is consequently highly qualified to give real work in tennis. It is very unusual for a Preparatory School to be so well equipped to handle tennis as it is handled here.

In addition to the foregoing, Maj. S. Sellers, Jr., one of the best tackles and kickers the University of Chicago ever had, assists in football. Maj. Sellers also won honors in basketball, track, and tennis. In 1909

he won the Western Interscholastic Tennis Championship, at the University of Chicago. Practically all of the faculty members have some special preparation and assist in the coaching of teams.

It is certain that no Preparatory school ever had a more imposing array of coaches than Wentworth. Wentworth is indeed fortunate in having such men in school and it is an assured fact that each one of the large squads of players will receive ample expert coaching and a chance to show his worth before competent judges.

In addition to the coaches of the school teams each company team and each athletic class has its qualified coach and instructor. Each faculty man takes charge of that

branch of work for which he is best qualified. Each cadet in school can and does receive instruction in any branch of athletics he may choose.

## III. MASS OR COMPANY ATHLETICS

The Wentworth system of Company Athletics reaches every cadet in school and is therefore the most important part of the

entire system. Each cadet is required to make a certain number of units in athletics, the same as he has to meet certain requirements in his scholastic work. To explain—for participation in any department of the work a certain number of credits is given, the number being in proportion to the amount of work. The number of credits and amount of work is so arranged that most students

# Wentworth Military Academy

AN ORDINARY AFTERNOON IN THE GYMNASIUM

*There are two basket ball games in progress. In the far end of the room some men are wrestling and one man is exercising on the horizontal bar.*

NELSON

CHUBB

SHELDEN

**Cheer Leaders**

are kept busy the greater part of the year, two or three times a week. While the boy is required to make these credits such a large and

interesting array of sports is offered that the compulsion feature is seldom necessary, most students making more than the required units. In addition company teams, 2 teams to each company, in practically every sport are formed and a championship played out. This gives practically every cadet in school work in actual competition, and so he gains initiative, stamina and a desire to win, and many other good points universally conceded to be gained from competition. Great interest is shown by the entire student body in these games, large and very enthusiastic crowds being present when a company contest is staged. The company winning the most championships

ence, an organization of Military schools and colleges. This gives our teams a defi-

peting on a uniform basis. For instance, each student must be bona fide, taking re-

# Lexington, Missouri.

The Lexington Riverview Country Club is located on the bluffs overlooking the Missouri River. A more beautiful spot along this river can hardly be found. The golf course of nine holes is a very interesting one to play. Cadets are allowed the privileges of the club on payment of a small fee.

quired amount of work and making passing grades in same.

Wentworth's past and present record is one of which it can be justly proud. Wentworth has held the football championship more than any other school and has successfully competed against many of the best college teams of the state.

This year's football team had an enviable record. It won the Conference championship after a hot race by defeating Kemper in a driving snow storm on Thanksgiving Day. Most of their games were won in easy fashion, many with colleges of the state. One game is worthy of mention in that it was a game between champions—Missouri Valley College, the state college champions, defeated Wentworth 14-7 after a very hard fought battle. As most of the team returns another year expectations are high for an even better year.

As usual football and the other sports this year emphasized the fact that the big majority of our athletes are developed and trained right here in Wentworth. A vast majority of the Varsity team members were members of previous scrub and company teams—an excellent tribute to the entire athletic system operating here.

The basketball team this year for the first time in several years did not win the championship. However, it won a majority of its games and the last half of the season won

emy but the swimming meet was won from M. M. A. Next year it is the intention to develop all of the indoor sports into teams for inter school matches. Wentworth will have as comprehensive a system of athletics as any college or even university in the country.

All boxing at Wentworth is under direct supervision of instructors. Students are taught the fundamentals and given the opportunity to develop skill and alertness. They are allowed to box only for short intervals. They receive, therefore, only beneficial effects from this sport.

To foster varsity or school athletics and encourage athletes a "W" Club has been formed and is in full operation in school.

It is composed of all men who have won their letter in any sport. This club naturally contains some of the best men in school and does much to aid athletics. It also leads in social life as the Spring Fete and Banquet are two of the biggest events during the school year. Membership in the club is a much sought for honor. There is an auxiliary club called the "RW" Association, composed of second team members. Its organization and purpose is very much the same as that of the "W" club.

Emblems are given those making the various school teams. Every time a letter is won in each sport a sweater is given. Members of championship teams are presented

gold emblems in addition. For second team members the standard "RW" is given.

### V. SUMMARY

A survey of the foregoing will show that in athletics Wentworth is one of the best equipped Preparatory Schools in the Middle West and better than most colleges. To a growing and red-blooded boy this means much, and adds much to his interest in school, even in non-athletic pursuits. Athletics promotes and fosters a school spirit that is carried into every department of school life. "Wentworth Spirit" is one thing of which the students are proud and a thing recognized by every cadet in school. While

it may be evidenced more strongly in athletics it is carried over into all other work. It keeps the students "on their toes" and adds zest to work that would be spiritless in a school where athletics is neglected. When a student takes a strong interest in any one department, as all here do in athletics, that interest cannot help but be carried over into the other school activities.

It must not be thought, however, that athletics is the big thing in life here. It is not; it is simply a feature of school life necessary to a boys' school and takes its proper place in relation to the all important scholastic work. Athletics is simply an added machine in the factory to build perfect manhood.

## EXPENSES

### REQUIRED OF ALL NEW STUDENTS

Amount paid on entrance as follows:

Board and tuition.....	\$350.00
*Uniforms .....	134.00
Athletic, library, swimming pool and entertainment fee .....	10.00

Total (first term).....\$494.00

Amount due January 1st for second  
term, balance on board and tui-  
tion .....

Grand Total for entire session.....\$844.00

\*The charge for uniforms includes the following items: 4 O. D. cotton shirts, 2 O. D. wool shirts, 2 pairs khaki breeches, 1 serge dress cap, 1 pair leather leggings, 1 olive drab serge uniform, 1 olive drab overcoat, 1 black tie, and collar ornaments, 1 sweater, 1 web belt, 1 pair gloves, 2 shoulder emblems.

Bills for books, stationery, and incidentals, will be rendered each month.

There is no charge for consultation and treatment by the physician at his regular daily visit or for treatment by the nurses at any time. For surgical cases or for visits by the physician outside of his office hours there is an extra charge.

No charge is made for ordinary articles of laundry, except for khaki breeches, dresser scarfs, sweaters and articles of like nature.

### REQUIRED OF ALL OLD STUDENTS

Amount paid on entrance as follows:

Board and tuition.....	\$350.00
Athletic, library, swimming pool and entertainment fee .....	10.00

Total (first term).....\$360.00

Amount due January 1st for second term: Balance on board and tuition .....

Total for entire session.....\$710.00

This charge does not include uniform. Old students are expected to purchase only the

articles of uniforms that they need and these are charged to their accounts when they are purchased.

### SPECIAL OR OPTIONAL

Instrumental Music, Piano, Violin, Mandolin, Guitar and all Band Instruments or Voice, per entire session (payable half on entrance and half on 1st of January) .....	\$60.00
Use of Piano (payable half on entrance and half 1st of January) .....	10.00
Typewriting, with use of instrument, per month (payable half on entrance and half 1st of January) .....	1.00
Chemical and Physical Laboratory fee, per year (payable half on entrance and half 1st of January) .....	10.00
Diploma .....	10.00
Manual Training Fee, per year .....	10.00
The Trumpeter, for parents .....	2.00

Damage to school property, other than ordinary wear and tear, will be charged to the cadet by whom committed.

Cadets remaining over Christmas holidays will be charged \$10.00 per week.

The charge for bed and care in the hospital is \$2.00 a day.

No bills are incurred for students except upon order from parents or guardians; but the fact of sending a boy to the school is considered authority to order the necessary uniforms and to furnish him with such articles as are necessary to his comfort and neat appearance.

For absence caused by protracted illness and continuing longer than four weeks a reduction at the rate of \$30.00 a month will be made.

Separate incidental accounts are opened for each cadet and at the close of every month statements are sent to parents or guardians. Unless this statement shows a credit balance a remittance is expected by return mail. Should this not be received within ten days credit will be suspended without further notice.

## EXPENSES—(CONTINUED)

The most satisfactory way to provide for pocket money is to deposit with the head bookkeeper sufficient to provide the boy with some money each Saturday. At the rate of \$2.00 a week this will amount to \$28.00 from the opening of school to the Christmas holidays and \$44.00 from the end of the holidays to the close of school.

Cadets who enter after the first month are charged from date of entrance only.

Students are admitted only on condition that they remain at the Academy the entire school year, unless suspended, dismissed, or forced to withdraw on account of sickness. In case of suspension, dismissal, or voluntary withdrawal, no money paid on tuition or other fees will be refunded and any unpaid balance on account of such fees for the school year shall become immediately due and payable to the Academy. The Academy is not responsible for any property left on the premises by a departing student.

Boys without good character and perseverance are not desired. Physical compulsion will not be used to keep a weak or rebellious student in school.

### SPECIAL DIRECTIONS TO PARENTS

Read carefully the foregoing terms and requirements.

Fill out blank application at end of catalogue.

Inform the Superintendent fully in reference to the disposition of the boy for whom application is made and the character of the education intended for him.

No time is set apart for the cadets to visit

their homes, or other places, except for the Christmas holidays; the interruptions produced by going home at any other time are a great disadvantage to the cadets. Hence furloughs are not granted except in case of extreme necessity.

Every boy's teeth should be attended to before he starts to school, so that his attendance upon school duties may not be interrupted by dental work.

Evidence of successful vaccination must be shown or the cadet must be vaccinated on arrival.

It is strongly recommended that all students before entering take the anti-toxin inoculation as a precaution against typhoid fever. This inoculation is required of all members of the Army and Navy of the United States and in the leading military colleges. Students who have not taken this inoculation at home will receive it from the Academy Surgeon, unless there is special objection on the part of parents. The charge will be \$2.50.

The allowance for pocket money should be very moderate, not to exceed \$2.00 per week; free allowances, instead of insuring the boy's happiness, contribute to his demoralization.

Boxes of edibles, other than fruit, should not be sent.

All trunks, bags and suit cases should be marked with owner's name and address.

### OUTFIT

Each cadet must be provided with the following articles, and whatever else, for per-

ON THE RIFLE RANGE

# *Lexington, Missouri.*

## EXPENSES—(CONTINUED)

sonal wear, a parent knows to be necessary, marked with the owner's name:

One Bible, four sheets for single bed, one pair of blankets, olive drab or gray, two white spreads, one clothes brush, two bags for soiled clothes, one toothbrush, toilet soap, six napkins, six towels, one teaspoon (for medicine), three pillow cases, 18x34 inches; one comfort, two night-shirts, one small rug two yards in length, one hair brush and comb, shoe brush and polish; one bath robe; one pair high tan shoes (army model) with rubber heels; one pair of white tennis shoes; one pair rubber overshoes; one raincoat (preferably olive drab).

Regular army tan shoes or any of the other required articles can be obtained in Lexington.

Only single beds are used.

### **The Wentworth Uniform.**

The Wentworth uniform is worthy of particular attention. Please note that it is

cut on the English style, the blouse being open at the neck. This is the most healthful and comfortable uniform ever designed. The first notable growth of the boy who comes to Wentworth is in the neck and chest. The regular U. S. army style with its high collar is therefore soon outgrown and the collar becomes very uncomfortable before it has been worn six months. The Wentworth uniform can also be worn with greater comfort in warm weather. Regular army officers heartily endorse it.

Please note also that the cadets wear leather leggings. This adds greatly to the appearance of the boy and is far more economical. One pair of leather leggings will last a boy from two to four years whereas it formerly took two or three pairs of spiral puttees each year for each cadet. The saving is therefore very evident. It is also true that every boy far prefers to wear leather leggings and takes a greater pride in his uniform because he has them.

CALISTHENICS

*At the close of each drill period in the winter the battalion is assembled in the Gymnasium for fifteen minutes of exercise.*

## The Ideal of Service

Ideals, inspired by high motives, have given to society most of its present-day comforts and conveniences.

Altruistic Service is an outstanding ideal in the sphere of human relations.

Transportation Service that is built upon the principle of fulfilling an obligation to people and communities is truly an ideal.

Those charged with the conduct of the Missouri Pacific Railroad aim to adhere closely to this Ideal of Service.

C. L. Stone,  
Passenger Traffic Manager,  
MISSOURI PACIFIC RAILROAD CO.  
St. Louis, Mo.

Travelers to and from the West and Southwest are cordially invited to avail of the high-character passenger service offered—

## CENTRAL COLLEGE (Lexington)

### Is Unexcelled in:

**Location**—with a hundred-acre forest-clad campus fronting a half-mile on bluffs overlooking the Missouri river; forty-five miles east of Kansas City; with splendid railroad and highway facilities.

**Faculty**—selected for Junior College work and second to none.

**Training**—and guidance in moral, spiritual and social values.

**Attention**—and care in health and physical welfare.

**Opportunity**—for development of personality in a varied and active student life amid the social responsibilities of organized groups.

## CENTRAL COLLEGE FOR WOMEN

(A JUNIOR COLLEGE FOR GIRLS AND YOUNG WOMEN)

LEXINGTON, MISSOURI

Fully accredited by the University of Missouri; and a member of the American Association of Junior Colleges.

Central College Aims to preserve for its students the graciousness and dignity of Southern home and social life as well as to insure to them the best academic training. It strives to fit young women for home-making, home-management, for business or professional life, preparing them to carry into any of these spheres simplicity, charm and social grace.

### Standard Courses Offered Are:

Literary subjects, Teacher Training, Religious Education, Home Economics, Business Administration, Physical Training, and Preparatory Work.

### And Unusual Opportunities in:

## THE CONSERVATORY OF MUSIC

Voice, Piano, Organ, Violin, Public School Music

EXPRESSION

ART

## EDUCATIONAL AIMS

### Central College for Women

To provide for young women the opportunity of securing a practical education adapted to their needs amid surroundings and wholesome influences most favorable to their complete development.

### Such an Education Includes:

Thorough instruction in literary and special courses.

A definite program of religious instruction and training.

Maintenance of good health and physical welfare.

Encouragement and building of high ideals and standards of honor.

Development of individual initiative and responsibility.

### Such an Education is Assured by:

A well chosen faculty capable of superior instruction and leadership.

A wholesome and well regulated social and physical environment.

Application of scientific method in investigation, research, and study, building the most practical course of study.

Constant encouragement and supervision of student activities and organizations.

Application for admission 1924-25 should be made as soon as possible.

For booklets and information, address,

E. H. NEWCOMB, President.

IN MAKING APPLICATION, PLEASE USE THIS FORM
