

WENTWORTH MILITARY ACADEMY

ESTABLISHED 1880 — LEXINGTON, MO.

HIGH SCHOOL AND JUNIOR COLLEGE

WENTWORTH'S PURPOSE

It is the purpose of Wentworth Military Academy to provide the best conditions possible for the all 'round development of worthy boys and young men.

To attain this high purpose, the Academy places greatest emphasis upon these four points:

First, it is the Academy's aim to assemble only the highest types of students—deserving youths of good parentage—to assure wholesome associations and greater progress. Every precaution is taken to keep undesirable boys—all those that might prove detrimental to others—out of the Academy.

Second, to employ only men of highest character and ability for its faculty. It is not enough for a Wentworth faculty member to be merely scholarly and a splendid instructor. He must also possess a spirit of friendliness and a sincere desire to give kindly help whenever necessary. He must thoroughly understand the innermost problems of boys—be patient with them—and be ready to serve each boy to the best of his ability.

Third, to provide the very best equipment throughout every department to the end that every boy will have all those things necessary to his health and happiness and that none shall want for anything that will help him to make progress.

Fourth, to provide a program for each day that will best serve the interests of every student.

* Colonel James M. Sellers, A. B.,
Superintendent.

Wentworth 1912, University of Chicago, A. B. 1917, Phi Beta Kappa 1916; Sigma Xi; Beta Theta Pi; Major U. S. Marine Reserve 1917-1920; Distinguished Service Cross; Navy Cross; Silver Star; Purple Heart; Croix-de-Guerre; Past President of Association of Military Colleges and Schools of the United States; Officer in Grand Lodge and Grand Commanderies of Missouri.

From the beginning the late President Sellers surrounded himself with the ablest faculty available—strong men of proved qualities and Christian character. Under his wise and forward-looking direction, Wentworth has grown steadily. Each year has shown marked improvement over the preceding year. Today Wentworth stands as one of the truly great educational institutions of our country—second to none in the opportunities it offers boys and young men for thorough preparation for professional studies, business and for life.

SINCE EIGHTEEN EIGHTY

One of the chief reasons why Wentworth has been able to achieve its lofty purpose lies in the fact that the Academy has been under one continuous administration since its founding. For nearly three-score years, Colonel Sanford Sellers was president of Wentworth. He enjoyed one of the most enviable records in the history of American education.

The Academy was founded by Stephen G. Wentworth, scion of a distinguished English family and a prominent Lexington banker, in 1880, as a memorial to his deceased son, William Wentworth. Mr. Wentworth immediately vested control of the institution in the hands of a board of trustees composed of a duly elected representative of each of the Evangelical churches of Lexington, and a president. Colonel Sellers was called to the new school in its first year and remained as its active head until 1938. Mr. Wentworth served as president of the Board from 1880 until his death in 1897.

It was the firm conviction of the founder, his board of trustees and President Sellers that a military boarding school provides the most effective possible means for giving young men the thorough mental, moral and physical training necessary to develop in them the highest traits of manhood. Thus, Wentworth became the first military school in the Missouri River Valley.

AN HISTORIC BACKGROUND

Throughout over half a century the Wentworth purpose has remained unchanged. The ideals which led to the Academy's founding and which have carried it steadily forward, shine just as brightly today as ever: the desire to give each youth every opportunity to develop fully his own individual personality; the aim that every cadet shall acquire a keen sense of duty and responsibility, both to himself and toward others; that he shall have the mental and moral power to make accurate judgments between right and wrong and the physical power to stand by his convictions.

These high standards have dominated Wentworth for generations. But to maintain them and assure their full and continuous application, it has been found necessary to limit the enrollment. Wentworth today is a relatively small school—many times larger than in 1880, to be sure, yet small enough that every individual student is given the private attention so essential to his all-round development.

The surrounding country affords a wealth of historically important Civil War sites and the town of Lexington itself retains much of the tradition of the old south. Here enthusiasm for the reminders of our country's glorious past is combined with the enthusiasm for modern adventure to promote the rapid development of the boy's mental, moral and physical resources.

YESTERDAY

Above is pictured the first company ever assembled at Wentworth. From this humble beginning, the Academy has marched forward over a trail of development that has placed it in the front rank of America's best military schools.

and TODAY

The Wentworth Military Academy of today is vastly different from the Wentworth of 1880. From year to year it has enlarged its facilities, increased its enrollment and changed its physical appearance until there is little to remind one of the early days. Numerous modern and attractive buildings have been erected as they were needed. Old buildings have been torn away when they were no longer useful. Spacious military and athletic fields have been added. One of the finest gymnasiums in the country has been built. Every new method in teaching that has been found definitely superior to older methods has been adopted. Yet, some of the fundamental principles that guided the first company are adhered to just as strictly today.

MILITARY DEPARTMENT

MILITARY training at Wentworth has always been a strong feature, but it is never permitted to interfere with the scholastic work of the Academy. It can be shown, moreover, that military discipline has a decidedly advantageous effect upon classroom work.

In recognition of the superior military work done at Wentworth, in 1889 the Academy became a post of the Missouri National Guard. Graduates of the Academy who resided in Missouri, became eligible for commissions in this organization.

Wentworth has been under the direct supervision of the War Department of the United States Government since 1895, when the first active army officer was detailed to the Academy. This officer, assisted by active non-commissioned officers of the army, is in charge of all military work. In addition, the War Department furnishes around \$50,000 worth of equipment to be used for instruction purposes. Wentworth is one of the original Honor Schools of the United States, the highest rating given by the War Department. The Academy has been a unit of the Reserve Officers' Training Corps from the time that organization was established.

* This monument, erected on the campus by the Alumni Association, to the memory of Wentworth cadets who died in the World War No. 1, typifies the loyal spirit of generations of former Wentworth cadets.

* Patriotism is no sham at Wentworth. Every cadet is taught the real meaning of our flag. Each day, with appropriate ceremonies, the Stars and Stripes are raised and lowered on the towering flag pole.

The cadet whose face shows under the curve of the flag is now En-Lt. Wm. Bates, who flew a bomber in the European theater of operations; controlling the flag ropes is Kenneth Winters, late of the Navy. The bugler is Lieut. Max Condon, a flier killed in the service.

* In this view of the main lobby of the Administration building cadets are shown admiring a replica of the Declaration of Independence and Constitution donated to Wentworth by the late Mr. L. Fred Evans, Vice-President of Emery Bird Thayer of Kansas City.

ADMINISTRATION BUILDING

Within Wentworth's Administration Building are handsomely furnished parlors, corridors and reception rooms. Among its furnishings and decorations students and guests alike find many articles of interest and rare beauty. Its comfortable furnishings amid peaceful surroundings afford a homelike atmosphere where the new cadet readily adapts himself to a wholesome, happy experience. Here in an atmosphere of quiet dignity, every student is privileged to entertain his guests or to spend his leisure moments as governed by his daily schedule. None of the comforts of the modern home have been excluded in Wentworth's plan to provide the finest training and quarters available.

About the **CAMPUS**

* A part of the Quadrangle where the Wentworth Battalion assembles.

Nature and man have joined forces at Wentworth to produce a campus of outstanding beauty. Magnificent trees, of many varieties, blend in perfect harmony with modern, attractive buildings and spacious grounds. The Academy is located just at the edge of Lexington and covers 52 acres. The front campus extends over four city blocks and is dotted with massive elms and glorious flower banks that provide enchantment and inspiration. The back campus includes athletic and military fields and the new stadium. There are eight thoroughly modern buildings on the campus, each built for the exact purpose it serves. They are of brick and stone construction and are heated by steam and hot water.

THE WENTWORTH COUNTRY CLUB

Located on one of the most beautiful spots overlooking the Missouri River, the Golf Course and Country Club add variety to the many facilities available to the Wentworth students. The nine-hole golf course is most attractive and sporty. The club house, with its catering equipment, is ideal for many informal parties held throughout the year. And in the stable are found horses suitable for the tyro as well as the expert rider.

* Teeing Up

* Two stylish mounts. Every Wentworth student will ride.

SCHOLASTIC

Wentworth's new \$80,000. Sellers-Wikoff Scholastic Building is the nucleus of the scholastic department. This magnificent structure contains one of the most splendid libraries possessed by any institution of this kind. Four completely equipped laboratories provide excellent facilities for the practical study of the sciences. In addition to classrooms for all classes, it houses the Dean's and Commandant's offices. It is with justifiable pride that Wentworth points to this new achievement in its effort to provide up-to-the-minute methods and scholastic accoutrements.

* The attractive library contains thousands of volumes, providing every necessary supplement to the student's texts and manuals.

* Commercial class rooms are large and well lighted and are equipped with modern business machines. The latest recognized business methods are taught by competent instructors.

★ Sellers-Wiloff Scholastic Building.

★ Geology is a science of particular interest to boys of the Midwest.

DEPARTMENT

The scholastic department is divided into two separate and distinct units: the high school, which offers four years of preparatory work, and the junior college, which offers two years of liberal arts and science. Each has its own organization separate from the other. Both divisions are fully accredited by the North Central Association of Colleges and Secondary Schools, an organization composed of the leading colleges and preparatory schools in twenty states. This recognition means that graduates of either department are eligible to enter any institution in the United States that receives students by certification.

It is our aim to see that each cadet masters every lesson thoroughly. To accomplish this, every student is taught correct study methods and thoroughly schooled in correct uses of libraries and laboratories. Classes are small, averaging from 8 to 15 students, which permits individual attention. Most of the faculty members live in the buildings with students. They are readily accessible for special help. From time to time a personal study is made of each cadet to determine his points of weakness and help him overcome them.

★ The laboratory for elementary classes in chemistry provides many costly instruments not provided for in many schools but which Wentworth believes are important to the proper study of chemistry.

★ The laboratory for the advanced chemistry classes is even more completely equipped.

AVIATION

Wentworth participated in the Civil Aeronautics Administration Civilian Pilot Training Program from its inception in 1939 through the change to C. A. A. War Training Service until June, 1943, when all but 80 out of 712 colleges and universities throughout the country were eliminated due to curtailment of this type of training. However, the academy administration, believing aviation training to be very important now and in the future to the youth of the nation, secured permission from C. A. A. officials to continue flight training on a civilian basis and at the expense of the trainee.

The past year 29 cadets have met the requirements for and received their private pilots certificates. Seven cadets are now working toward their commercial and instructor ratings. Most of these men are entering the army or navy and have certainly improved their chances in making the grades as pilots by taking this pre-service training.

The ground school and flight program is identically the same as given by the Army and Navy when they used C. A. A. facilities. It consists of 45 hours actual flight and 24 hours navigation, 24 hours meteorology, 18 hours Civil Air Regulations, 6 hours General Service of aircraft.

Wentworth is one of the few schools in the country possessing its own airport and conducting its own aviation training.

The records of the graduates of the Wentworth Flight Training are outstanding. During the war the graduates of this training program fought on every front where Americans were in combat.

Instructor B. W. Van Camp gives Cadet Dory Neal instruction before takeoff. Safety and sanity in flying are watchwords in Wentworth Flight Training. Not one student flyer has suffered an injury since the start of the program in 1939. From REVEILLE TO TAPS

A DAY

AT WENTWORTH

NO TWO days at Wentworth are quite the same, for a widely varied program of scholastic, military, athletic and other activities is used to keep the interest of the cadets at high pitch and their appetites for learning well whetted. Furthermore, no two students have quite the same duties to perform throughout any given day. There is, however, a definite routine that all cadets follow each day. It is used to instill perfect regularity and promptness in attendance upon all duties prescribed for one and all cadets alike.

While it requires some adjustments for new students to become accustomed to this routine, any slight hint of monotony is soon lost in the kaleidoscopic whirl of the school year.

To give parents and others a better insight, the following pages have been used to set forth, pictorially, the day's activities from Reveille to Taps, of a typical Wentworth boy whom we will designate as Cadet Harlan.

The pictures in this section were taken eight years ago. However, since they illustrate life at Wentworth of today, they are still timely. They are retained because so many of the cadets shown are now serving in the Armed Forces of their country and so well illustrate the value of the military training they received while at Wentworth.

★ Harlan—a typical Wentworth cadet.

HERE is Harlan, a typical Wentworth cadet—a fine young American—manly, scholarly and upright. His respect for duty and responsibility has won for him the rank of sergeant. He may have come from a large city or a very small town—that makes no difference to the democratic spirit that prevails at Wentworth. He may be from a wealthy family or a family in meager circumstances—most of his classmates would never know, nor even be curious, unless he chose to tell them. But he typifies all the fine qualities of a deserving and ambitious youth as he goes through the tried and age-proved Wentworth process of becoming a real man, a real asset to himself, his family and friends, and society as a whole.

Harlan, like all the others, participates in many activities besides those shown. But let's follow him through a typical day.

★ ★ ★

Harlan "Butch" Heffelfinger, who graduated in the class of 1937 and posed as the model cadet in the view book, served as a Major in the last war.

His brother, Hugo, another Wentworth alumnus, also a Major, and served with distinction with the Rangers.

* Harlan's first duty is a thorough, refreshing wash before breakfast.

"I CAN'T GET 'EM UP," blows the bugler, but he does, and at 6:35 o'clock another day is under way. Cadet Harlan goes first to the sanitary lavatory on his floor. A good washup is part of the routine, for a cadet is expected to keep himself clean at all times. At 6:50 he goes to a well-prepared breakfast.

After breakfast, rooms must be cleaned. One of the basic aims of our system is to form personal habits of order. Each morning Harlan makes his own bed, puts his clothes in order and helps his roommate clean the room.

* Harlan makes up his own bed.

Strict inspection of quarters is a daily routine. Formal inspection of Harlan's person, room and equipment occurs on Sunday morning. At this time unusual care must be taken in cleaning the room. Our friend sees that hidden corners are carefully dusted, chairs polished, and everything put in order. Then he takes care of his person. There's brass to shine, leather to polish, hair to brush, and whiskers to be removed. A certain time is allotted for this preparation and all work must be done within that time. This young fellow knows that any deficiency in this work receives what is known in Academy language as a "skin"—which counts against one's company in color competition.

* Harlan is ready for the inspector — brass gleaming, shoes shined—room as clean as the proverbial "hound's tooth."

* Here Harlan delves into things scientific. Modern equipment is provided for all laboratory work.

AT 8 O'CLOCK in the morning, classes convene. Harlan makes his way to a small class on his schedule where personal attention is his at any time it is needed. Our cadet is carefully instructed in the handling of delicate scientific equipment. He is not forced to grope blindly for information. That which is true of the science laboratories is equally true in all other classrooms.

Time passes rapidly in the classroom or laboratory because the work is interesting. The scholastic day is divided into two equal parts, with three classes in the morning and three in the afternoon.

* Our Cadet goes through a course of calisthenics to promote grace and health.

All the cadets shown in the picture were in the Armed Service. The second from the left, Lieutenant Tom Henderson, Jr., of Haynesville, La., was killed in the fighting for Munda Airfield.

CALISTHENICS play an important role in the physical education of Cadet Harlan. No effort is made to indulge in this or any other exercise in the early morning hours when the body is at its lowest ebb. All such exercises are taken by our cadet after a hearty breakfast and morning classes. The exercises are intended to promote graceful movement as well as better health. The calisthenics used by the United States Army are followed. They are led by senior cadet officers.

So long as the weather permits, the calisthenics are held in the open, but they are taken in the large gymnasium, where an entire battalion may take part at the same time, when rain or cold is in the air.

* The ten excellent tennis courts are always popular.

* Cadet Harlan reports to the Professor of Military Science and Tactics for drill duty.

Cadet Lieutenant Jack Ramsdell commanding the platoon shown in these two views, participated as an officer in the landing on North Africa. He was decorated with the Silver Star for heroism in action and Purple Heart.

DRILL is a very formal affair. It is on the drill field that Harlan learns much of courtesy, discipline and alertness. He, with his entire battalion, is thoroughly schooled in good citizenship, taught the proper respect for superiors and trained in leadership.

Learning to drill a squad is the first training in leadership. Throughout the year squad drill and competition is a part of the regular military routine. The squad is the smallest military unit and consists of nine men, one of whom is a corporal and another a first class private. All instruction is conducted by cadets under the personal supervision of members of the military faculty.

Although military work takes but one hour each day, the training is intensive and much more thorough than that found in larger units. Personal attention is given the individual cadet on the military field as well as in the classroom, and each cadet has an equal chance to advance to important positions in Wentworth's military realm. In the army, the navy and the marine corps Wentworth is glorified by its alumni who have received their commissions and are distinguishing themselves in official capacities of these respective branches of service.

Like many other cadets, Harlan finds the extended order drill more interesting. This drill consists of combat methods. He is taught to make use of cover, to advance and to fire. No actual firing is done during this drill, however, for all the ammunition used is dummy material. Initiative and leadership are required in this work. Situations arising in the problems furnished by the War Department call for quick thinking and immediate action.

Here our typical cadet finds extended order drill interesting and instructive.

The Cadet Officer using the field glasses was Captain Woodrow Wylie, U. S. Army. He participated in the fight on Bataan, was captured and has been reported as having died in a prison camp.

The cadet about to insert the cartridge in his rifle is Major Milton Maran, U. S. Marine Air Corps. He has participated in considerable action in the South Pacific.

*Eating—an always-popular "sport" with Harlan and his fellow cadets! Meal time is always a time for good food and good fellowship.

The Faculty Officer at the head of the table is now an aviation instructor on the West coast. Five of the cadets facing the camera are commissioned officers in the United States Army, two of them fliers.

From left to right: Lieutenants Grosvenor Roberts, Richard Crook, Cpl. Leonard Weinand, Capt. J. C. Davis, killed in action, Lieuts. Robert Brooksher and Paul Helmer.

FOLLOWING the morning classes comes lunch time and our cadet is ready to eat. Academy menus are always varied and pleasing. Meals are carefully planned to suit the needs of all cadets. They are healthful and nutritious and just what active, hard-working boys require. Meal times are at 7:00 in the morning, 12:10 and 6:10. This schedule is varied only on Sunday, when dinner becomes a more elaborate meal served at 12:30.

After dinner there is a recreation period during which Harlan and other cadets may do pretty much as they choose. At this time there is a rush for the cadet post office. Every cadet receives his mail twice daily. The recreation room is also a popular place at this time.

* Maybe Harlan is "behind the 8-ball" here! Like all other cadets he takes part in zestful competition in the recreation room.

* A letter from mother . . . or maybe the girl from home writes—

* She will be down for the "Military Ball."

THE recreation room proves a haven of rest; relaxation and zestful indoor competition. Pool, billiard and ping-pong tables are provided. A few try their hand at bridge, while others read, or relax in comfortable chairs.

* (Right) Our friend attends a chapel period, held twice each week.

* (Below) "We must get in there and fight!" says Harlan as he makes a short "pep" talk on the eve of a game.

CADET HARLAN attends an interesting, informative and inspirational meeting in the chapel, immediately before lunch. These meetings are conducted by the Academy Chaplain, but are not strictly religious. Travel talks, health lectures, scientific demonstrations and short sermons, presented by outstanding speakers, are frequently on the program. The service is opened with a hymn, prayer and responsive readings, and closed with the singing of "Wentworth," the Academy song.

"Pep" meetings, preceding important athletic contests, are also held in the chapel. These are always occasions of great fun. Students and faculty make rousing speeches. The cadet band furnishes gay, martial music and everyone anticipates the big game on the morrow. Athletic contests are important recreational events. Every cadet attends them.

*While a majority of the faculty members live in the barracks with cadets, some live in residences such as this on the campus.

*All shined up for Sunday inspection.

*Our Cadet receives personal attention from a faculty member in the library.

In this picture, the Tactical Officer, James Simmons, graduate of Wentworth, is now a Lieut. Col. in the United States Army. He participated in the capture of Attu and Kwasalein.

Next to him, Lieutenant Orman, paratrooper, who took part in the Sicilian campaign and the capture of Naples, and was killed on Normandy beach. On the right, Captain James L. Gist, Army Aviator, killed in action over Japan.

PERSONAL attention is not confined to the classroom nor to the evening study periods. Harlan and many other cadets seek assistance in the spacious Academy library. The faculty officer in charge is always ready and willing to help any student, no matter what his problem. Whatever the subject, the faculty officer is qualified to give the guidance needed.

Wentworth's library is one of the most important places on the campus. It contains more than 7,500 books on nearly every subject one could imagine. Reference books include the famous Oxford English Dictionary and many sets of encyclopedia.

* Harlan plays football—and mighty well, too! No wonder! His uncle was an All-American at Yale.

* In winter months our boy turns his attention to basketball and other indoor sports.

TRAINING for leadership is important on the football field as well as everywhere else at Wentworth. More than fifty cadets answer the varsity call each year and large squads turn out for company teams. All players receive intensive training, both in the art of the game and in clean sportsmanship.

Football ranks as the number one sport and the Red Dragon elevens are consistent winners. The fine spirit of players and corps is credited with being a strong determining factor in every contest.

In the winter months basketball comes into the spotlight. Again there are the varsity and company teams and a place for every cadet who desires to play. Home games are played in the spacious gymnasium where there are two courts and ample space for spectators.

Wentworth is a member of the Junior College Interstate conference, an athletic association numbering six schools as members. The Wentworth High School teams are members of the Pony Express Conference of Western Missouri. Almost every major and minor sports are on the Wentworth program—all played under competent coaches—and every cadet is required to participate.

* The gymnasium is 220 x 55 feet. It contains two regular basket ball courts, a large stage, a swimming pool 20 x 60 feet, locker rooms, showers and gymnastic equipment.

* Here our man-in-the-making is ready for his daily plunge in the pool.

THE sparkling, crystal-clear water of the swimming pool is inviting to cadets the year 'round. The pool is of regulation size (20x60) and is the scene of frequent water sports and aquatic meets. It is the purpose to teach every cadet to swim well. The water is warmed to a healthful temperature and kept pure by efficient filtration and chemical treatment.

*(Above) Hi-dee-hol Harlan and his friends tune in a radio program during the recreation period immediately following the evening meal.

*The orchestra provides musical diversion both for members of the group and the corps.

*(Below) Perfect study conditions prevail in Harlan's room. (Note the latest type of reading lamp.)

Just before the evening study period is the favorite tune-in time for Cadet Harlan and other radio devotees. Permission to have a radio in the room is regarded a privilege, the abuse of which causes the student to lose this favor.

After thirty-five minutes of recreation following the supper hour, evening study is begun at 7 o'clock. Each cadet retires to his own room for a two-hour period of quiet. There is no stuffy, noisy hall in which cadets are confined. Instead, individual initiative is encouraged. Faculty officers are in constant attendance throughout the period, giving advice where it is needed and encouragement at all times.

Quiet descends and another day is ended for our busy cadet. Sleep . . . sweet, restful sleep.

TAPS, at which time all lights must be turned out and all cadets remain quiet, is sounded at 10 o'clock. The soft notes of the bugle call to close the activities of an eventful day and the peace of slumber envelops healthy young bodies until another dawn.

The purpose of this book has been to give you an accurate, but necessarily inadequate glimpse of the Wentworth Military Academy and cadet life. In order fully to appreciate the Academy, it will be necessary for you to visit the campus in person, see the beautiful grounds and buildings and meet members of the faculty. The Administration offices are open the year 'round and your visit will be welcomed at any time.

SUMMER SCHOOL—A military summer school and camp of 8 weeks duration begins in early June. Activities are divided equally between scholastic work and recreation. Instruction is on a tutorial basis and nearly any subject may be taken.

SPECIAL CLUB NOTES

WENTWORTH FLYERS

This year's aviation group completed the eighth year of flying at the Academy (over 28,000 hours) and not a cadet has been injured. Capt. Wilbur Lowell Stagner has been associated with the aviation department since the beginning of the course in 1939, and he has been aviation director during the last two years. The department operates in conjunction with the Pickett-Haines Flying School at the Lexington Airport, and is fully certified by the CAA.

COMPANY CHAMPIONS

Company "C" won the company football championship by defeating Headquarters Company, 19-6 in the last game. The squad was coached by Lt. J. B. Helm.

Company "A" marched off with the basketball championship.

by defeating Headquarters Company, 25-22, in the final game on the hardwood court. Capt. Clyde Etter coached the team.

Company "A" took the softball crown after playing some rather exciting games the last few weeks of school.

RIFLE TEAM

The rifle team competed in a number of shoulder-to-shoulder, telegraphic and correspondence matches this year, climaxing their season by a victory over Kemper Military School, 3,376-3,374, on March 15. This was one of the best seasons for the Red Dragon shooting team. Fifteen cadets qualified for letters, which were presented to them at a special banquet held in their honor. Staff Sergeant L. L. Smith, Assistant Professor of Military Science and Tactics, coached the team.

PHI THETA KAPPA

The Phi Theta Kappa, National Junior College Scholastic fraternity had a very enjoyable year, as the group swung back to its pre-war schedule. The Tau chapter here had a number of special dinners, put on an outstanding initiation ceremony, and sent a delegation to this year's national convention at Wichita Falls, Texas.

Wentworth's Tau chapter, an organization of scholars and go-getters, will be host to the national convention of the association next spring.

Admission to this fraternity is gained by being in the top per cent of the college scholastically.

Second Row: Capt. Cedric Crink (Advisor), White, S., Curry, Armstrong, Parks, Renken, Branting.

MEMORIES OF 1946-47

By JOE CADET

September 4—Some of us fellows arrived rather early, so we could participate in the coaching clinic directed by Captain E. P. "Chink" Coleman. After the clinic, we decided to stay on until the beginning of school. Just hobnobbing with the big shot lecturers made attendance worthwhile. We sure picked up some good pointers in the various sessions.

September 5—The faculty members are streaming in from their vacations. The ground force is putting last minute touches to the buildings and grounds, and doing everything possible to get the plant in shape, prior to the arrival of cadets.

September 6—The office was deluged with telegrams from last minute applicants, but the school is full, and the last-minute boys received a "thank you, but sorry" wire. Next time they will complete registration in advance. I am glad I took care of my registration back in the spring.

September 7—Colonels Wikoff and Sellers are fighting it out down on the tennis courts this afternoon. May the best man win. Once school formerly gets underway, these top executives will have very little time for participation in their favorite sport.

September 8—Pat Voyles and I walked down past the house where Major Brown and Captain Willoughby live. Patsy gave us a cordial greeting; in fact, we had a hard time shaking her.

September 9—Registration today for new cadets. Some of the new boys seem a little dazed. They sure are a likeable group. The field force did a good job in picking this year's newcomers. . . . The only major staff change this year is the promotion of Captain Buck to Major and giving him a new title, Dean of Instruction and Director of Junior College.

September 10—The new boys had a picnic out at the Wentworth Country Club. There was plenty of good chow and everyone had a good time. Mrs. Marge Thompson did a good job. I am not a new boy, but I like picnics, so I followed the crowd. I had so much to eat that I had a tummy ache later.

September 11—The "old boys" start to troop in. They sure are glad to get back to dear old Wentworth. It is just like coming back home.

September 12—The first classes met today, and we got right down to work. They gave us enough assignments to keep us busy for days to come.

September 13—Colonel Sellers announced that thirteen Wentworth "old boys" are enrolled at the U. S. Military Academy, West Point, New York, this year.

September 14—Major Ungles has been spending his off-hours fishing over in an adjoining county. He has been a faithful follower of the piscatorial art for some time. His daily catch is a fairly good one—so we are told.

September 15—We had our first parade today. It was rough! An approximation of what the dress parades will be like in a couple of months.

September 16—The high school boys have entered the Pony-Express League this year, and they are faced with a tough schedule. Collier and Talbot, two regulars from last year, and five other lettermen will form the nucleus of this year's squad.

September 18—Colonel Lester B. Wikoff was the principal speaker at a Rotary meeting held at Kingston, Missouri.

September 19—The new boys have already learned the Wentworth battle cry—"Bear Kemper!"

September 20—Today the entire corps was given a physical examination, after which the cadets went to the QM for a double check on their uniform fittings.

September 21—The Junior College scrimmaged with the Warrensburg State Teachers today. Kelly broke his collar bone and will probably be out for the season—our first and (I hope) last casualty.

September 22—Captain John Garner joined the "Hole-in-One" group here by actually sinking his ball on the tee-off in the Number 5 hole.

September 23—The first issue of "The Trumpeter" rolled off the press today. It was an alumni issue and it contained twelve pages of interesting news and reports of "old boy" activities.

September 25—Little Adler, we discovered, grew three inches during the summer.

September 26—The cadets from the Latin-American countries are now very happy. They know enough English to approach a lassie and say, "Honey, what are you doing to-night?"

September 27—Major (Ch.) James M. Stafford received a new 1946 Ford. Lucky man!

September 28—Colonel Lester B. Wikoff, Captain E. P. "Chink" Coleman, and Captain John Pirhalla, Jr., represented Wentworth at the fall meeting of the Interstate Conference in Kansas City.

September 29—Joe Emmons, Kansas City, has been selected for the drum major post with Wentworth's marching band.

September 30—Major Brown announced that nineteen cadets qualified for admission in the Honor Society for the first semester. Selection was based on the earned rating here during the last semester of 1945-46.

October 1—Colonel Sellers just returned from the annual meeting of the Association of Military Colleges and Schools, held in Washington.

October 3—Plans are being made by the Military Department and faculty for organizing a comprehensive study program of current events in the Military classes, for members of the corps.

October 4—Little Willie Kaydet is taking lessons in etiquette. Mrs. Beth Hepler is attempting to instruct us in some of the finer points.

October 5—Colonel Wikoff, sponsor of the Stamp Club, has announced plans for this year's organization. At the first meeting, plans were discussed for further organization of the club.

October 6—Dancing classes are once again going to start for us non-rug-cutters. Maybe we'll learn the rudimentary one-two.

October 7—The victors returned tonight. They really had a royal welcome. They certainly deserved it for having beaten N.M.M.L. 20-6, at Roswell.

October 8—Doty made a 93-yard run in the N.M.M.L. game. With speed like that, he sure won't have any trouble outrunning the women, hmmm!

October 9—I understand Kent Wikoff just passed the Eagle Scout Board of Review in Kansas City. Good work, boy!

October 10—Dr. Pundom, counseling director from Michigan University, was here for several days, giving advice to all who desired it.

October 11—The Military Department has just received a new instructor. He is 1st Sgt. William J. Van Vactor. He looks like he's going to be a good Joe, and he has had plenty of experience, so we should learn quite a bit.

October 12—"A" Company played "D" Company today. It was the first of the Company games, and "A" Company won by a score of 19-0.

October 13—Colonel McKee announced that Wentworth is now an M.I. school. Gee, that's good news. It sure pushes us towards the top.

October 14—The "Singing Marines" presented a program before the cadet corps during chapel this morning. MY, MY, what a cute blonde singer they had!

October 15—Dr. A. M. Harding, President of the University of Arkansas, gave a very interesting and entertaining talk on astronomy. I even think I learned a few things.

October 16—The first of the concerts by the Kansas City Philharmonic Orchestra was held in Kansas City this evening. For those of us who went, we certainly did spend an enjoyable two hours.

October 17—Members of the Latin-American Club organized, and made plans for this year's activities. Alfred Dalmau of the Dominican Republic was elected President.

October 18—Today was Dad's Day. Our dads were to take our places in ranks, and we were supposed to drill them. What fun watching them do right shoulder arms, left shoulder arms, and then try and keep in step. I bet that when we first came here we looked as bad as they do today.

October 19—Our football team didn't do so good against Graceland today. Maybe we will beat them next time.

October 20—Captain and Mrs. Ben Johnson have been chosen as co-directors of the Messiah, to be put on by the Lexington community choral group.

October 23—Company "C's" football squad defeated Company "D's" by a score of 14-0. Both teams played a swell game.

October 25—The J. C. football eleven defeated Principia J. C. 19-13. This was our Junior College team's second victory of the season.

October 26—Colonel Sellers is attending a meeting of the Grand Commandery Triennial in Houston, Texas, today.

October 27—Today was Navy Day. All of the veterans that had served in the Navy reviewed the parade.

October 28—Mrs. Hepler urged everyone to make his reservation early for Christmas furlough. I'm willing!

October 29—Colonel Wilkoff is attending the regional meeting of the Educational Buyers Association in St. Louis today.

October 30—It seems like we are going to have a pretty good year. A lot of swell fellows, and something to look back on.

October 31—Old boys are arriving by the dozens today. What a crowd there will be here tomorrow, but, of course, Homecoming is an important event. A lot of those who were unable to come because of the war will once again return to the old campus.

November 1—Approximately forty cadets have been granted permission to attend the Philharmonic Concert series in Kansas City.

November 2—Jaime E. Dickerson, Athens, Texas, has been designated as a principal candidate for admission to West Point. He was picked by the Honorable Tom Pickett, representative for the Texas Seventh Congressional district.

November 3—Captain Simpson refuses to rent out his collapsible row-boat. What a terrible disappointment to Bob Collier!

November 4—Tryouts for the school's rifle team are now being held under the direction of S/Sgt. LaVerne Smith.

November 6—A new 16mm. Bell and Howell movie projector was added to the school's visual education section.

November 7—1st Sgt. William Yost, Harvard, Nebraska, was assigned here as assistant professor of Military Science and Tactics by the War Department.

November 8—The college varsity Dragons tied the Kansas City, Kansas, Blue Devils, 12-12, in a conference game played at Kansas City, Kansas.

November 9—The marching band members "strutted their stuff" at the Colorado-Missouri game at Columbia, a day which was picked as Band Day by the University of Missouri officials.

November 10—Captain Wilbur Stagner received a certificate from the United States Department of Commerce, Civil Aeronautics Administration, authorizing Wentworth to operate an approved basic ground school in connection with its aviation program.

November 11—The Honor Guard went to Kansas City to take part in the Armistice Day parade. Admiral William F. "Bull" Halsey, famed naval commander of World War II, reviewed the parade.

November 12—The administration announced that a special train has been chartered to take the corps to Boonville for the annual game with Kemper on November 22.

November 13—Colonel William A. McKee presented to Company "C" an award for having the best field record during spring maneuvers last semester.

November 14—The Scholastic Guidon was awarded to Headquarters Company for standing out in academic competition for the last three weeks period.

November 14—Wanted! Seventy-five handsome cadets for the Cotter College dance to be held December 7. Mrs. Beth Hepler had over 200 applicants.

November 18—Shutt is back on the injured list with his knee and will be unable to compete in football for the rest of the season.

November 19—The Academy will revive a pre-war practice of having the coronation of beauty queens at this year's Military Ball.

November 20—Company "C" won the company grid championship by defeating Headquarters squad.

November 21—Major Buck reveals that 35 per cent of the grid players earned Honor Roll and Special Distinction citations.

November 22—Yeah, man! Wentworth defeated Kemper 58-13 and what a ball game! This was the highest score Wentworth has ever run up against the Yellow Jackets in the history of the "Little Army-Navy" games.

November 23—We just missed a bid to the "Little Bowl" game in California. Maybe, we will make it next year.

November 24—The latest dope is that Christmas furlough will start on December 29. O. K. boys! I am ready now. It sure will be grand to get back to see the folks at home again.

November 26—Major Ungles was elected president of the Missouri Association of Junior College Administrators at the state teachers convention held in Kansas City.

November 28—The Dramatics Club presented its first play of the season, "If Men Played Cards As Women Do."

November 30—I received a confirmation on my plane reservation for my Christmas trip. Whoppee! Just a little over two weeks and then home—"Home Sweet Home."

December 1—Lieutenant Kenny Young, one of the boys, has been made Tactical Officer, Asst. to Major Brown.

December 2—Sweet music echoes from the Band Room. The Cavaliers are practicing their musical technique for some off-campus performances.

December 3—Major Brown announced regulations concerning Christmas furlough, commencing December 20 at 1100.

December 4—Wentworth is now on the map. The Academy is listed on the 1946-47 Missouri State Highway Map.

December 5—Bob Mann and John F. Grant, our champion debaters, attended the Midwest Speech tournament at Kirksville, Mo.

December 6—We recently heard that Hubert "Red" Knickerbocker, last year's Trumpeter editor, was awarded a Harvard Scholarship.

December 7—The Iowa Club, open only to Iowans, enjoyed a banquet at the Victory Cafe. Wallace Engel, Bennett, Iowa, was chosen as this year's president.

December 8—Members of the Junior college faculty went to the University of Missouri for a convention of Junior College teachers throughout the state.

December 9—Captain Coleman, Wentworth's Junior College coach, was rated as one of the "Coaches of the Year."

December 10—Mrs. Sanford Sellers, mother of Colonel Sellers, Superintendent, celebrated her 88th birthday. What a remarkable woman!

December 11—Major Ungles cited twenty-seven college and ninety-four high school students for studies.

December 12—Art Hook, famed undersea diver, talked at assembly on some of his harrowing experiences under the deep. I believe I would rather be a doctor.

December 13—Wentworth's high school basketball team played its first game of the year against Richmond high school.

December 14—Our Christmas Dance is tonight. It really looks as if it's going to be a gala affair.

December 15—The Latin-American Club held a banquet honoring its retiring President, Alfred Dalmau, who is from the Dominican Republic. We are all going to miss Al, as he is graduating.

December 16—Our first extended march for this year. Toughening up for Spring maneuvers.

December 17—Captain Stagner put out some statistics on our "fly boys." It seems there are about fifteen pilots in the making, taking flying training.

December 18—This is the last Philharmonic concert in Kansas City which we will attend until after furlough.

December 20—So long until January 3!

January 5—Christmas vacations are over. By 1800 we had nearly all reported in.

January 6—The first day of school. Everybody is busy talking about their Christmas experiences. Some of the Christmas Colonels are sure being razed.

January 7—We all just learned that Sgt. Van Vactor has had a new addition to his family—Rebecca Ann.

January 8—Colonel McKee, P.M.S.&T., spoke before the Wentworth Mothers' Club in Kansas City.

January 9-10—Captain Pirhalla, Public Relations Officer, attended a Press Association Conference at St. Joseph, Mo.

January 11—Captain Coleman, while talking before the Lion's Club, made the startling statement that football is largely a misnomer: the ball is kicked very little, and it is not a ball, rather an oblate spheroid.

January 12—The Latin-American Club elected its new officers. Ed Espinosa of Guadalajara, Mexico, was made President; Alex Larena of Guatemala is Vice President; Manuel Font of Puerto Rico is Secretary, and Ralph Davila, also of Puerto Rico, Treasurer.

March 17—Captain Crink, sponsor of the Phi Theta Kappa, announced that Wentworth would have the honor of playing host to the 1948 convention.

March 18—The story is being told that when the basketball team went to California they were stopped on the way by a rancher in a big Buick. No, it wasn't a holdup. A member of the class of '24 wanted to reminisce.

March 18—Our rifle team defeated the Kemper five by a 2-point margin. It was awful close, boys.

March 19—Carl Bolte, past president of the Missouri State Chamber of Commerce, gave quite a serious talk on "A Need for Vision."

March 20—In the *Time* current events test, sponsored by *Time Magazine*, Bill King, Heyman Branting, Wilburn Amis and Tom Brierty came away with the bacon.

March 21-22—Thirteen debate teams from all over the country came here to debate on the topic of Socialized Medicine. It is the first time since after the war that the "Little National" debate tournament was held here at Wentworth.

March 23—Crow is still trying to argue that Allen M.A. has a better football team than ours. Personally, I don't think so.

March 24—The "A" Company cage champs were given a special dinner in their honor at the Victory Cafe.

March 25—An inspector from the Fifth Army was here today, giving us the once-over prior to Federal Inspection in May. My, how the brass did shine!

March 26—Listen to the whistles! The Iowa State singers, composed of twenty-four girls and twenty-four boys presented a program of songs varying from the sweet to the sublime. Boy, were they good looking!

March 27—Pat Voyles of Wentworth was selected as a member of the All-Star basketball team for the Interstate Conference.

March 29—Today we marched out to the training area where we had extended order maneuvers, competing for the best squad within each of the companies. Later the best one from each company will compete in the Battalion competition.

March 30—Today our Sunday parade was a little different. Anyway, it made a few pounds difference on my back. We paraded in full field equipment—rifles, packs, helmets, etc.

March 31—Eissman seems to be wondering how he can change his fingerprints after that revealing lecture on FBI techniques.

April 1—April showers bring May flowers—Don't know about the flowers, but can vouch for the rain.

April 2—The grounds are certainly being beautified. Landscaping is being accomplished everywhere.

April 3—Patsy, Captain Willoughby's Irish setter, celebrated her twelfth birthday today.

April 4—Captain Coleman announced that we have booked an inter-sectional football game with McNeese Junior college in Louisiana. The first game will be played at Lake Charles October 4.

April 5—Colonel McKee announced that the War Department inspection is now definitely scheduled for May 8 and 9.

April 6—Captain Edgar Muench announced that eleven wrestlers made up his squad this year. That is a lot of grunTERS and groanERS.

April 7—Tomorrow, we will march at an Army Day program to be held in Lexington. Wentworth's marching band will lead the various groups participating, and the Honor Guard will stage a snap-drill in front of the courthouse after the parade.

April 8—The Honor Guard returned from St. Joseph, Missouri, after putting on a splendid demonstration. But then no wonder, after being coached by Colonel Sellers and Sgt. Mullenieux, they should be good.

April 9—Our Red Dragons' football team went through a strenuous scrimmage with Missouri Valley college at Marshall. The team looks promising for next year.

April 10—Rain, Rain, Rain, go away, and please let little me go out and play! This must be about the tenth consecutive Thursday it has rained.

April 11—The Junior college was able to put up plenty of stiff competition against the Graceland cinder stars—"Spring Madness," the "W" Club show, was a howling success. In other words, it was really good.

April 12—The apron-overalls dance put on by the "W" Club was really enjoyed by everybody. Is my girl sweet?!

April 14—Spring athletics are really going full blast now. I'll make that golf team or die trying.

April 16—Captain Coleman told us today that besides the intersectional game with Lake Charles, Louisiana, that he is negotiating for one with Long Beach Junior college. We hope that he can swing the deal.

April 17—Yes, it's the same old gripe! Wish it would stop raining. It seems to rain every other day.

April 18—The Honor Guard and the band put on a splendid demonstration at the ROTC circus held in the Municipal Auditorium in Kansas City.

April 19—For the first time since the war, a military fighter squadron will support the attacking group. Attending the military maneuvers, will be approximately thirty special officers and cadet officers from schools in Kansas City, St. Joseph and Independence.

April 20—I sure was amazed to find out that 150 cadets are out for track competition. Some of the boys are so interested that they worked out on their own time after parade today.

April 21—Many applicants are being smart by signing now for 1947-48. The front office has been flooded with applications, I am told.

April 22—Captain Willoughby reports that the cadets are definitely interested in the Memorial Chapel project here.

April 23—Colonel Lester B. Wikoff has been appointed chairman of the Committee on Health of the Missouri State Chamber of Commerce. The appointment was made by Bob Hill, president of the association.

April 25—Colonel James M. Sellers has resumed his duties here, after being confined to his quarters for a week because of illness.

April 26—Jaime Dickerson, Athens, Texas, has been boosted up to the Business Manager post on "The Trumpeter" staff.

April 27—Al Talbot and Joan Berninger seem to be cooking up a romance.

April 28—We wonder why Don Cunningham has been making so many trips to the Commandant's office lately. Could it be because of Major Brown's trim little secretary?

April 29—The Honor Guard is planning a dinner and dance on May 3. Every man has to bring a date.

April 30—Robert Best is a good salesman for his state, Oklahoma. O.K. Bob, we will make a trip down that way soon.

May 1—The campus looks prettier than ever these days. The expert landscaping, the gardening, and the well-trimmed lawns certainly impress visitors.

May 2—A few prospective students, accompanied by their parents, visited the campus today. We hope that they decide to be with us this year. We can't think of a wiser choice than Wentworth.

May 3—Another Saturday afternoon, and our last problem before Government Inspection.

May 4—We had a larger than usual crowd at today's dress parade. We noted licenses from nine states on the cars parked around the campus.

May 5—Company softball is now underway and interest among cadets is keen. All of the boys look good, thus far, and it is too early to attempt to pick the championship winner.

May 6—Captain and Mrs. Edgar Muench are cycling around town. This is their favorite sport this time of the year.

May 7—I received a box from home today. Mother sure put in all my favorite delicacies and I know my roommate and I will have a grand time putting on the feed bag to-night. Yes, if you must know, it's my birthday today.

May 8—The Administration has announced that we will have a light sweater as part of our uniform wardrobe next year. This will give us another item to be worn with various possible combinations.

May 9—Government inspection is on and we sure have been working hard to impress War Department inspectors with our knowledge of military science and tactics. We are anxious to create a favorable impression and to retain our Honor School rating.

May 10—Colonel McKee gave us a pat on the back. It seems we did O.K. for the War Department inspectors.

May 11—The close of school can't be too far away. Everyone has started concentrating on final examinations. That means a lot of hard work for the next two weeks.

May 12—McMeen sure gets the mail from the lovely little girl down at Columbia, Mo. We will be glad to take over the letter-writing chore anytime, Mac.

May 13—The Cavaliers have every week-end booked this month. They have been engaged to play at a number of college dances in this area.

May 14—Harold Just says he can't take this warm weather. He is looking forward to a cool summer back in his hometown, Manitowoc, Wisc.

May 15—The old mail boxes have been taken out of the QM and a very attractive window display has been set up. A complete Wentworth uniform display is planned for the new window.

May 16—Heard from Dad today. He told me I could have a job at his plant this summer. There isn't much money in it, but I know that I will get some good experience which will help me in the future.

May 17—Mom called me long distance today, asking me for details about the summer camp here. It looks like the family has just about decided to send my kid brother, Jimmy, to both sessions of the camp.

May 18—Captain John Pirhalla, Jr., returned from St. Louis where he represented Wentworth at the National Convention of the American College Public Relations Association.

May 19—Final examinations get underway this week. Here's hoping I can come through with an "S" average. I know I can do it if I knuckle down.

May 20—My roommate, Robert Garber, has completed his aviation requirements. Now that he has his wings, he is going to try to talk his Dad into getting him a Cub so that he can fly around Dayton this summer.

May 21—Robert Kimbrough is wearing borrowed officers' bars and has been eyeing himself in the mirror. Can it be that he is thinking about possibilities next fall?

May 22—Everyone is getting excited about commencement activities starting Sunday. My parents have made reservations here through the hostess' office.

May 24—Got a letter from the heart-throb today. She says she and her family will drive down sometime tomorrow. Hor-diggety-dog!

May 25—The baccalaureate service was held this morning. Major (Ch.) James M. Stafford delivered the message, and he gave us something to think about.

May 26—All the companies are practicing for the field day activities this week. My outfit should take most of the honors—I hope—I hope—I hope!

May 27—The band presented its final concert this evening. Quite a few visitors were present, including many of the town's pretty girls.

May 28—The final reception and ball. Well! It won't be long now. I wish now, that this was not the end.

May 29—Graduation exercises. Since I am a college freshman, this is not the finale for me, as I will be back next year. My, but this has been a short year or could it be just my imagination.

May 30—This is it! We gathered around the quadrangle for the ceremony. Some of the boys had tears in their eyes. This ceremony is a memorable event. Every boy leaving Wentworth leaves after he has paid tribute to his flag—a pledge made with a kiss—a pledge that he will always cherish that flag and defend it against all enemies. So long, dear Wentworth. I will be seeing you next September. It has been nice being here, and it will be nice returning at the end of summer.
