

WENTWORTH MILITARY ACADEMY

ESTABLISHED 1880 — LEXINGTON, MO.

HIGH SCHOOL AND JUNIOR COLLEGE

WENTWORTH'S PURPOSE

It is the purpose of Wentworth Military Academy to provide the best conditions possible for the all 'round development of worthy boys and young men.

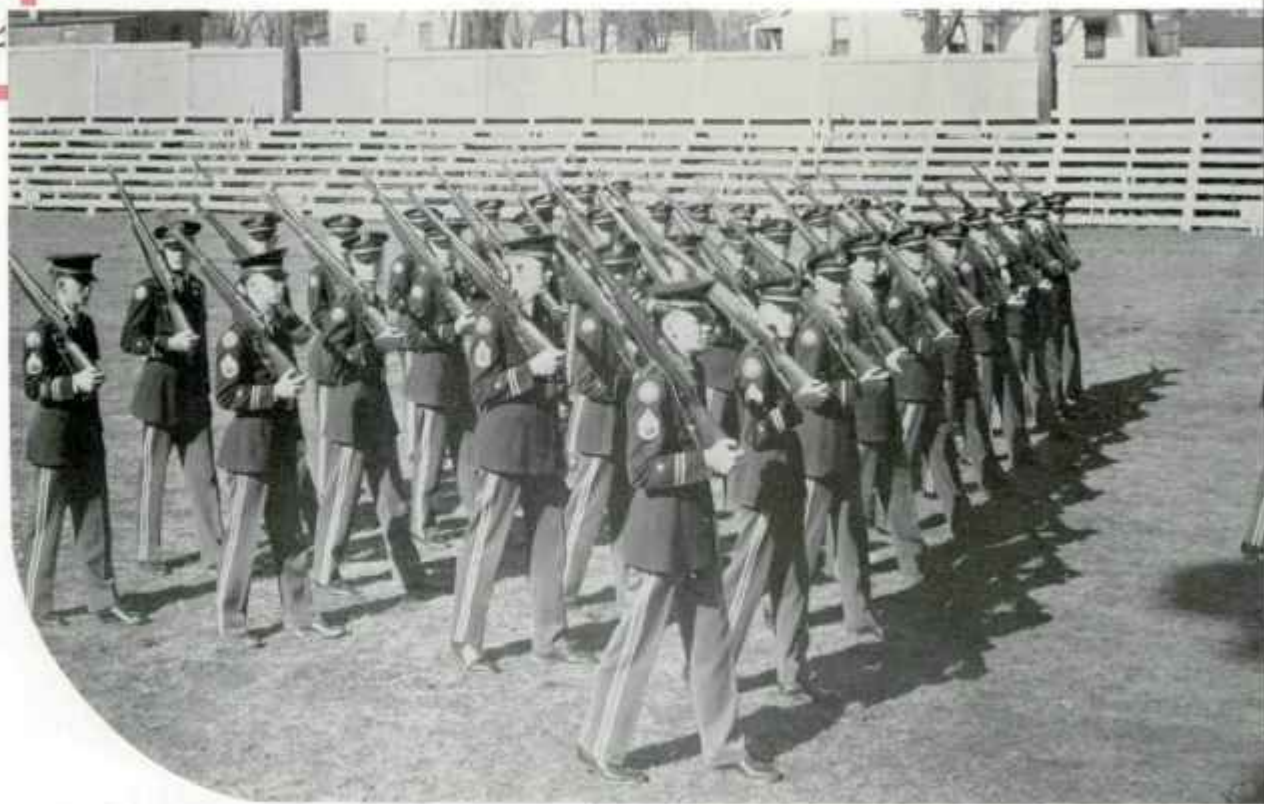

To attain this high purpose, the Academy places greatest emphasis upon these four points:

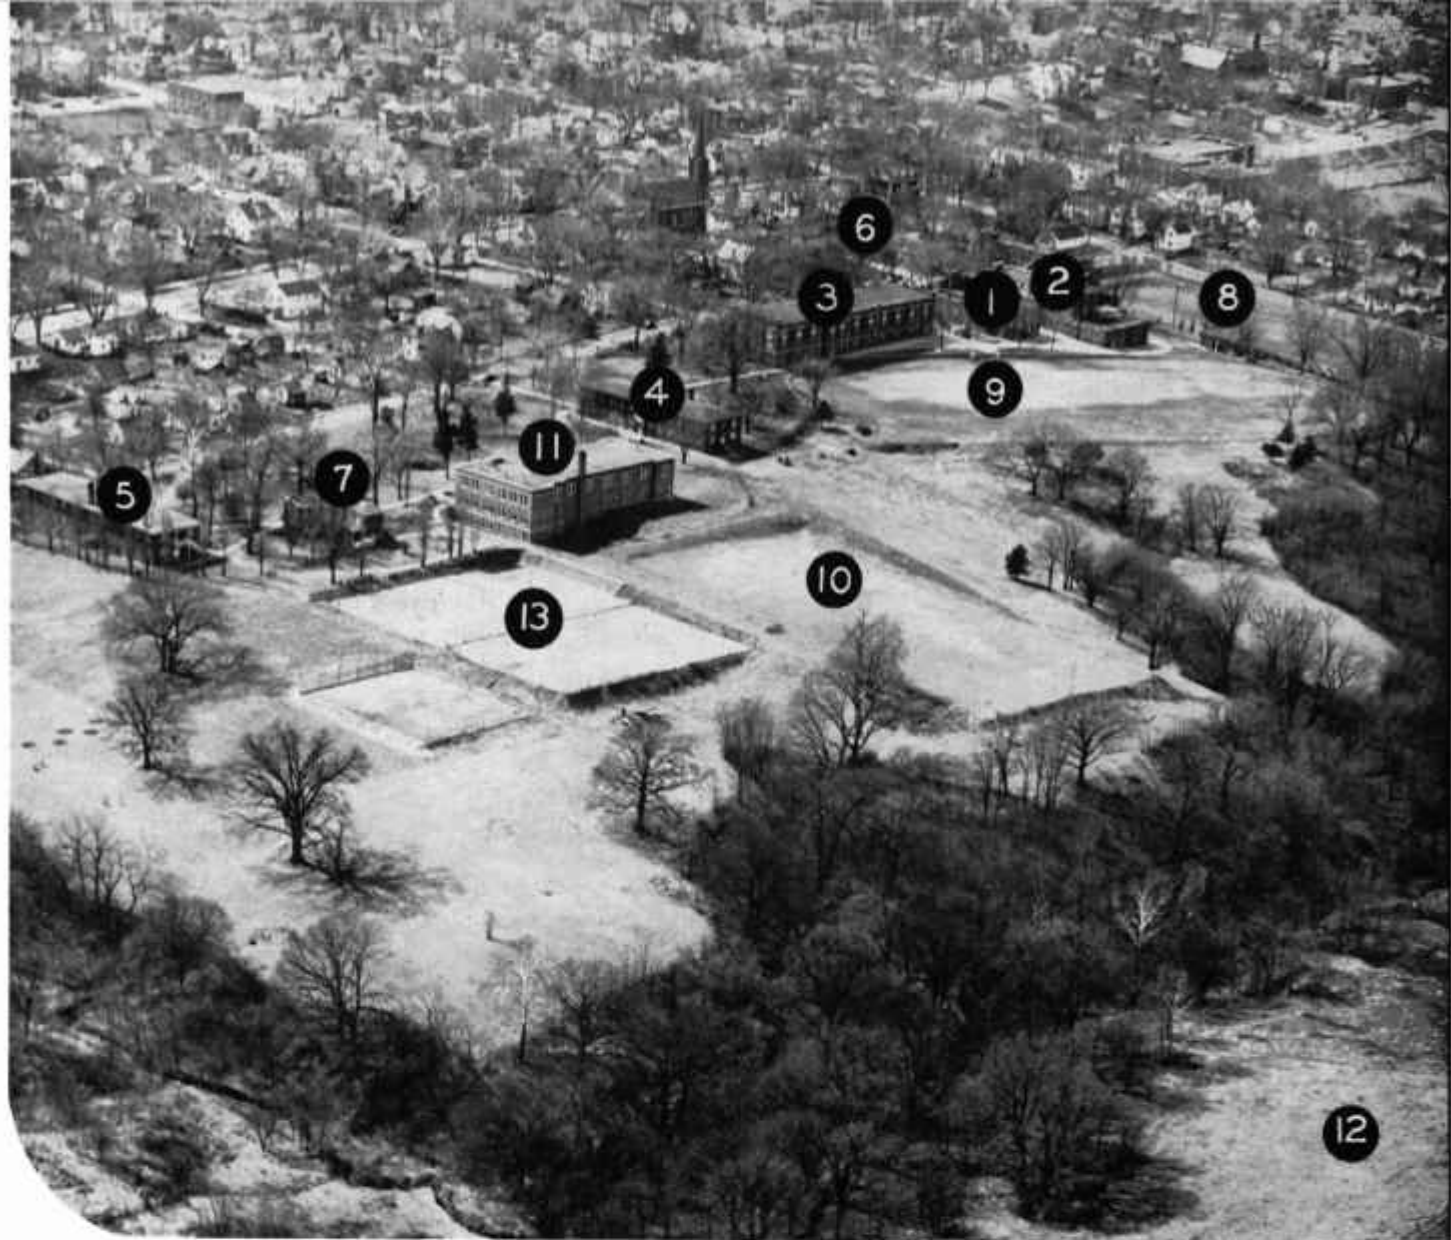

First, it is the Academy's aim to assemble only the highest types of students—deserving youths of good parentage—to assure wholesome associations and greater progress. Every precaution is taken to keep undesirable boys—all those that might prove detrimental to others—out of the Academy.

Second, to employ only men of highest character and ability for its faculty. It is not enough for a Wentworth faculty member to be merely scholarly and a splendid instructor. He must also possess a spirit of friendliness and a sincere desire to give kindly help whenever necessary. He must thoroughly understand the innermost problems of boys—be patient with them—and be ready to serve each boy to the best of his ability.

Third, to provide the very best equipment throughout every department to the end that every boy will have all those things necessary to his health and happiness and that none shall want for anything that will help him to make progress.

Fourth, to provide a program for each day that will best serve the interests of every student.

*Colonel James M. Sellers, A. B.,
Superintendent.

Wentworth 1912; University of Chicago, A. B. 1917; Phi Beta Kappa 1916; Sigma Xi; Beta Theta Pi; Major U. S. Marine Reserve 1917-1920; Distinguished Service Cross; Navy Cross; Silver Star; Purple Heart; Croix-de-Guerre; Past President of Association of Military Colleges and Schools of the United States; Officer in Grand Lodge and Grand Commanderies of Missouri.

From the beginning the late President Sellers surrounded himself with the ablest faculty available—strong men of proved qualities and Christian character. Under his wise and forward-looking direction, Wentworth has grown steadily. Each year has shown marked improvement over the preceding year. Today Wentworth stands as one of the truly great educational institutions of our country—second to none in the opportunities it offers boys and young men for thorough preparation for professional studies, business and for life.

*Colonel L. B. Wilkoff, A.B., S.B. in Ed.,
Treasurer and Business Manager.

University of Missouri, A. B., S. B. in Ed., 1915; graduate work, University of Chicago; former District Governor Rotary International, 1936; President of Missouri State Chamber of Commerce. Came to Wentworth as coach in 1915 and has since served in various capacities continuously.

SINCE EIGHTEEN EIGHTY

One of the chief reasons why Wentworth has been able to achieve its lofty purpose lies in the fact that the Academy has been under one continuous administration since its founding. For nearly three-score years, Colonel Sanford Sellers was president of Wentworth. He enjoyed one of the most enviable records in the history of American education.

The Academy was founded by Stephen G. Wentworth, scion of a distinguished English family and a prominent Lexington banker, in 1880, as a memorial to his deceased son, William Wentworth. Mr. Wentworth immediately vested control of the institution in the hands of a board of trustees composed of a duly elected representative of each of the Evangelical churches of Lexington, and a president. Colonel Sellers was called to the new school in its first year and remained as its active head until 1938. Mr. Wentworth served as president of the Board from 1880 until his death in 1897.

It was the firm conviction of the founder, his board of trustees and President Sellers that a military boarding school provides the most effective possible means for giving young men the thorough mental, moral and physical training necessary to develop in them the highest traits of manhood. Thus, Wentworth became the first military school in the Missouri River Valley.

AN HISTORIC BACKGROUND

Throughout over half a century the Wentworth purpose has remained unchanged. The ideals which led to the Academy's founding and which have carried it steadily forward, shine just as brightly today as ever; the desire to give each youth every opportunity to develop fully his own individual personality; the aim that every cadet shall acquire a keen sense of duty and responsibility, both to himself and toward others; that he shall have the mental and moral power to make accurate judgments between right and wrong and the physical power to stand by his convictions.

These high standards have dominated Wentworth for generations. But to maintain them and assure their full and continuous application, it has been found necessary to limit the enrollment. Wentworth today is a relatively small school—many times larger than in 1880, to be sure, yet small enough that every individual student is given the private attention so essential to his all-round development.

The surrounding country affords a wealth of historically important Civil War sites and the town of Lexington itself retains much of the tradition of the old south. Here enthusiasm for the reminders of our country's glorious past is combined with the enthusiasm for modern adventure to promote the rapid development of the boy's mental, moral and physical resources.

★ The Missouri Old Santa Fe Trail Marker in Lexington.

★ A Beauty Spot on the Wentworth Campus.

The modern, prosperous little city of Lexington is 41 miles from Kansas City, "The Heart of America." This proximity makes available by train, motor car, bus and air all the desirable cultural advantages of a large city without any of its disadvantages.

★ The Historic Old Court House in Lexington. Notice the cannon ball near the top of the first column—fired during the Civil War.

(1846-1938)

★ President of Wentworth Military Academy from 1880 to 1938.

YESTERDAY

Above is pictured the first company ever assembled at Wentworth. From this humble beginning, the Academy has marched forward over a trail of development that has placed it in the front rank of America's best military schools.

and TODAY

The Wentworth Military Academy of today is vastly different from the Wentworth of 1880. From year to year it has enlarged its facilities, increased its enrollment and changed its physical appearance until there is little to remind one of the early days. Numerous modern and attractive buildings have been erected as they were needed. Old buildings have been torn away when they were no longer useful. Spacious military and athletic fields have been added. One of the finest gymnasiums in the country has been built. Every new method in teaching that has been found definitely superior to older methods has been adopted. Yet, some of the fundamental principles that guided the first company are adhered to just as strictly today.

* Officers Front and Center

★ The indoor rifle range where every cadet learns small arms firing.

MILITARY DEPARTMENT

MILITARY training at Wentworth has always been a strong feature, but it is never permitted to interfere with the scholastic work of the Academy. It can be shown, moreover, that military discipline has a decidedly advantageous effect upon classroom work.

In recognition of the superior military work done at Wentworth, in 1889 the Academy became a post of the Missouri National Guard. Graduates of the Academy who resided in Missouri, became eligible for commissions in this organization.

Wentworth has been under the direct supervision of the War Department of the United States Government since 1895, when the first active army officer was detailed to the Academy. This officer, assisted by active non-commissioned officers of the army, is in charge of all military work. In addition, the War Department furnishes around \$50,000 worth of equipment to be used for instruction purposes. Wentworth is one of the original Honor Schools of the United States, the highest rating given by the War Department. The Academy has been a unit of the Reserve Officers' Training Corps from the time that organization was established.

Class in First Aid.

Instructions and demonstrations in all the Infantry Weapons.

★ This monument, erected on the campus by the Alumni Association, to the memory of Wentworth cadets who died in the World War No. I, typifies the loyal spirit of generations of former Wentworth cadets.

★ Patriotism is no sham at Wentworth. Every cadet is taught the real meaning of our flag. Each day, with appropriate ceremonies, the Stars and Stripes are raised and lowered on the towering flag pole.

The cadet whose face shows under the curve of the flag is now Ex-Lt. Wm. Bates, who flew a bomber in the European theater of operations; controlling the flag ropes is Kenneth Winters, late of the Navy. The bugler is Lieut. Max Condron, a flier killed in the service.

* In this view of the main lobby of the Administration building cadets are shown admiring a replica of the Declaration of Independence and Constitution donated to Wentworth by the late Mr. L. Fred Evans, Vice-President of Emery Bird Thayer of Kansas City.

ADMINISTRATION BUILDING

Within Wentworth's Administration Building are handsomely furnished parlors, corridors and reception rooms. Among its furnishings and decorations students and guests alike find many articles of interest and rare beauty. Its comfortable furnishings amid peaceful surroundings afford a homelike atmosphere where the new cadet readily adapts himself to a wholesome, happy experience. Here in an atmosphere of quiet dignity, every student is privileged to entertain his guests or to spend his leisure moments as governed by his daily schedule. None of the comforts of the modern home have been excluded in Wentworth's plan to provide the finest training and quarters available.

* (Above) The corner of one of the attractive parlors where cadets receive their guests.

* (Right) This view partially illustrates the homelike surroundings of the reception rooms.

About the **CAMPUS**

★ Marine Hall.

Nature and man have joined forces at Wentworth to produce a campus of outstanding beauty. Magnificent trees, of many varieties, blend in perfect harmony with modern, attractive buildings and spacious grounds. The Academy is located just at the edge of Lexington and covers 52 acres. The front campus extends over four city blocks and is dotted with massive elms and glorious flower banks that provide enchantment and inspiration. The back campus includes athletic and military fields and the new stadium. There are eight thoroughly modern buildings on the campus, each built for the exact purpose it serves. They are of brick and stone construction and are heated by steam and hot water.

★ In the shade of the elms.

★ "B" Barracks.

★ A part of the Quadrangle where Wentworth Battalion assembles.

* Looking over the River from the Wentworth Country Club Porch.

THE WENTWORTH COUNTRY CLUB

Located on one of the most beautiful spots overlooking the Missouri River, the Golf Course and Country Club add variety to the many facilities available to the Wentworth students. The nine-hole golf course is most attractive and sporty. The club house, with its catering equipment, is ideal for many informal parties held throughout the year. And in the stable are found horses suitable for the tyro as well as the expert rider.

* Teeing Up

* Two stylish mounts. Every Wentworth student will ride.

* Interior of the Club House—available for many informal gatherings.

★ One of the spacious, well lighted and immaculate corridors in the Sellers-Wikoff Scholastic Building.

SCHOLASTIC

Wentworth's new \$80,000 Sellers-Wikoff Scholastic Building is the nucleus of the scholastic department. This magnificent structure contains one of the most splendid libraries possessed by any institution of this kind. Four completely equipped laboratories provide excellent facilities for the practical study of the sciences. In addition to classrooms for all classes, it houses the Dean's and Commandant's offices. It is with justifiable pride that Wentworth points to this new achievement in its effort to provide up-to-the-minute methods and scholastic accoutrements.

★ The attractive library contains thousands of volumes, providing every necessary supplement to the student's texts and manuals.

★ Commercial class rooms are large and well lighted and are equipped with modern business machines. The latest recognized business methods are taught by competent instructors.

★ Sellers-Wikoff Scholastic Building.

★ Geology is a science of particular interest to boys of the Midwest.

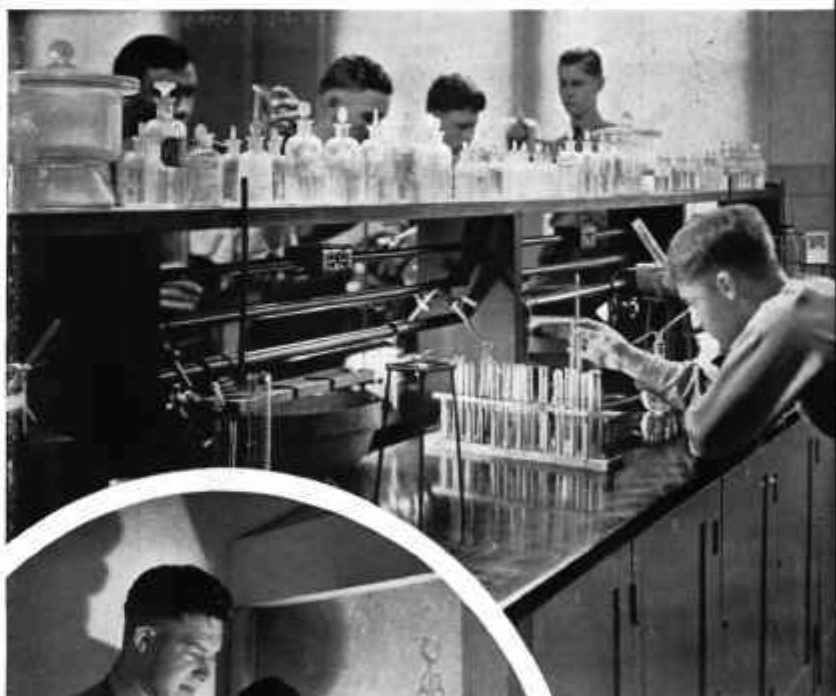

DEPARTMENT

The scholastic department is divided into two separate and distinct units: the high school, which offers four years of preparatory work, and the junior college, which offers two years of liberal arts and science. Each has its own

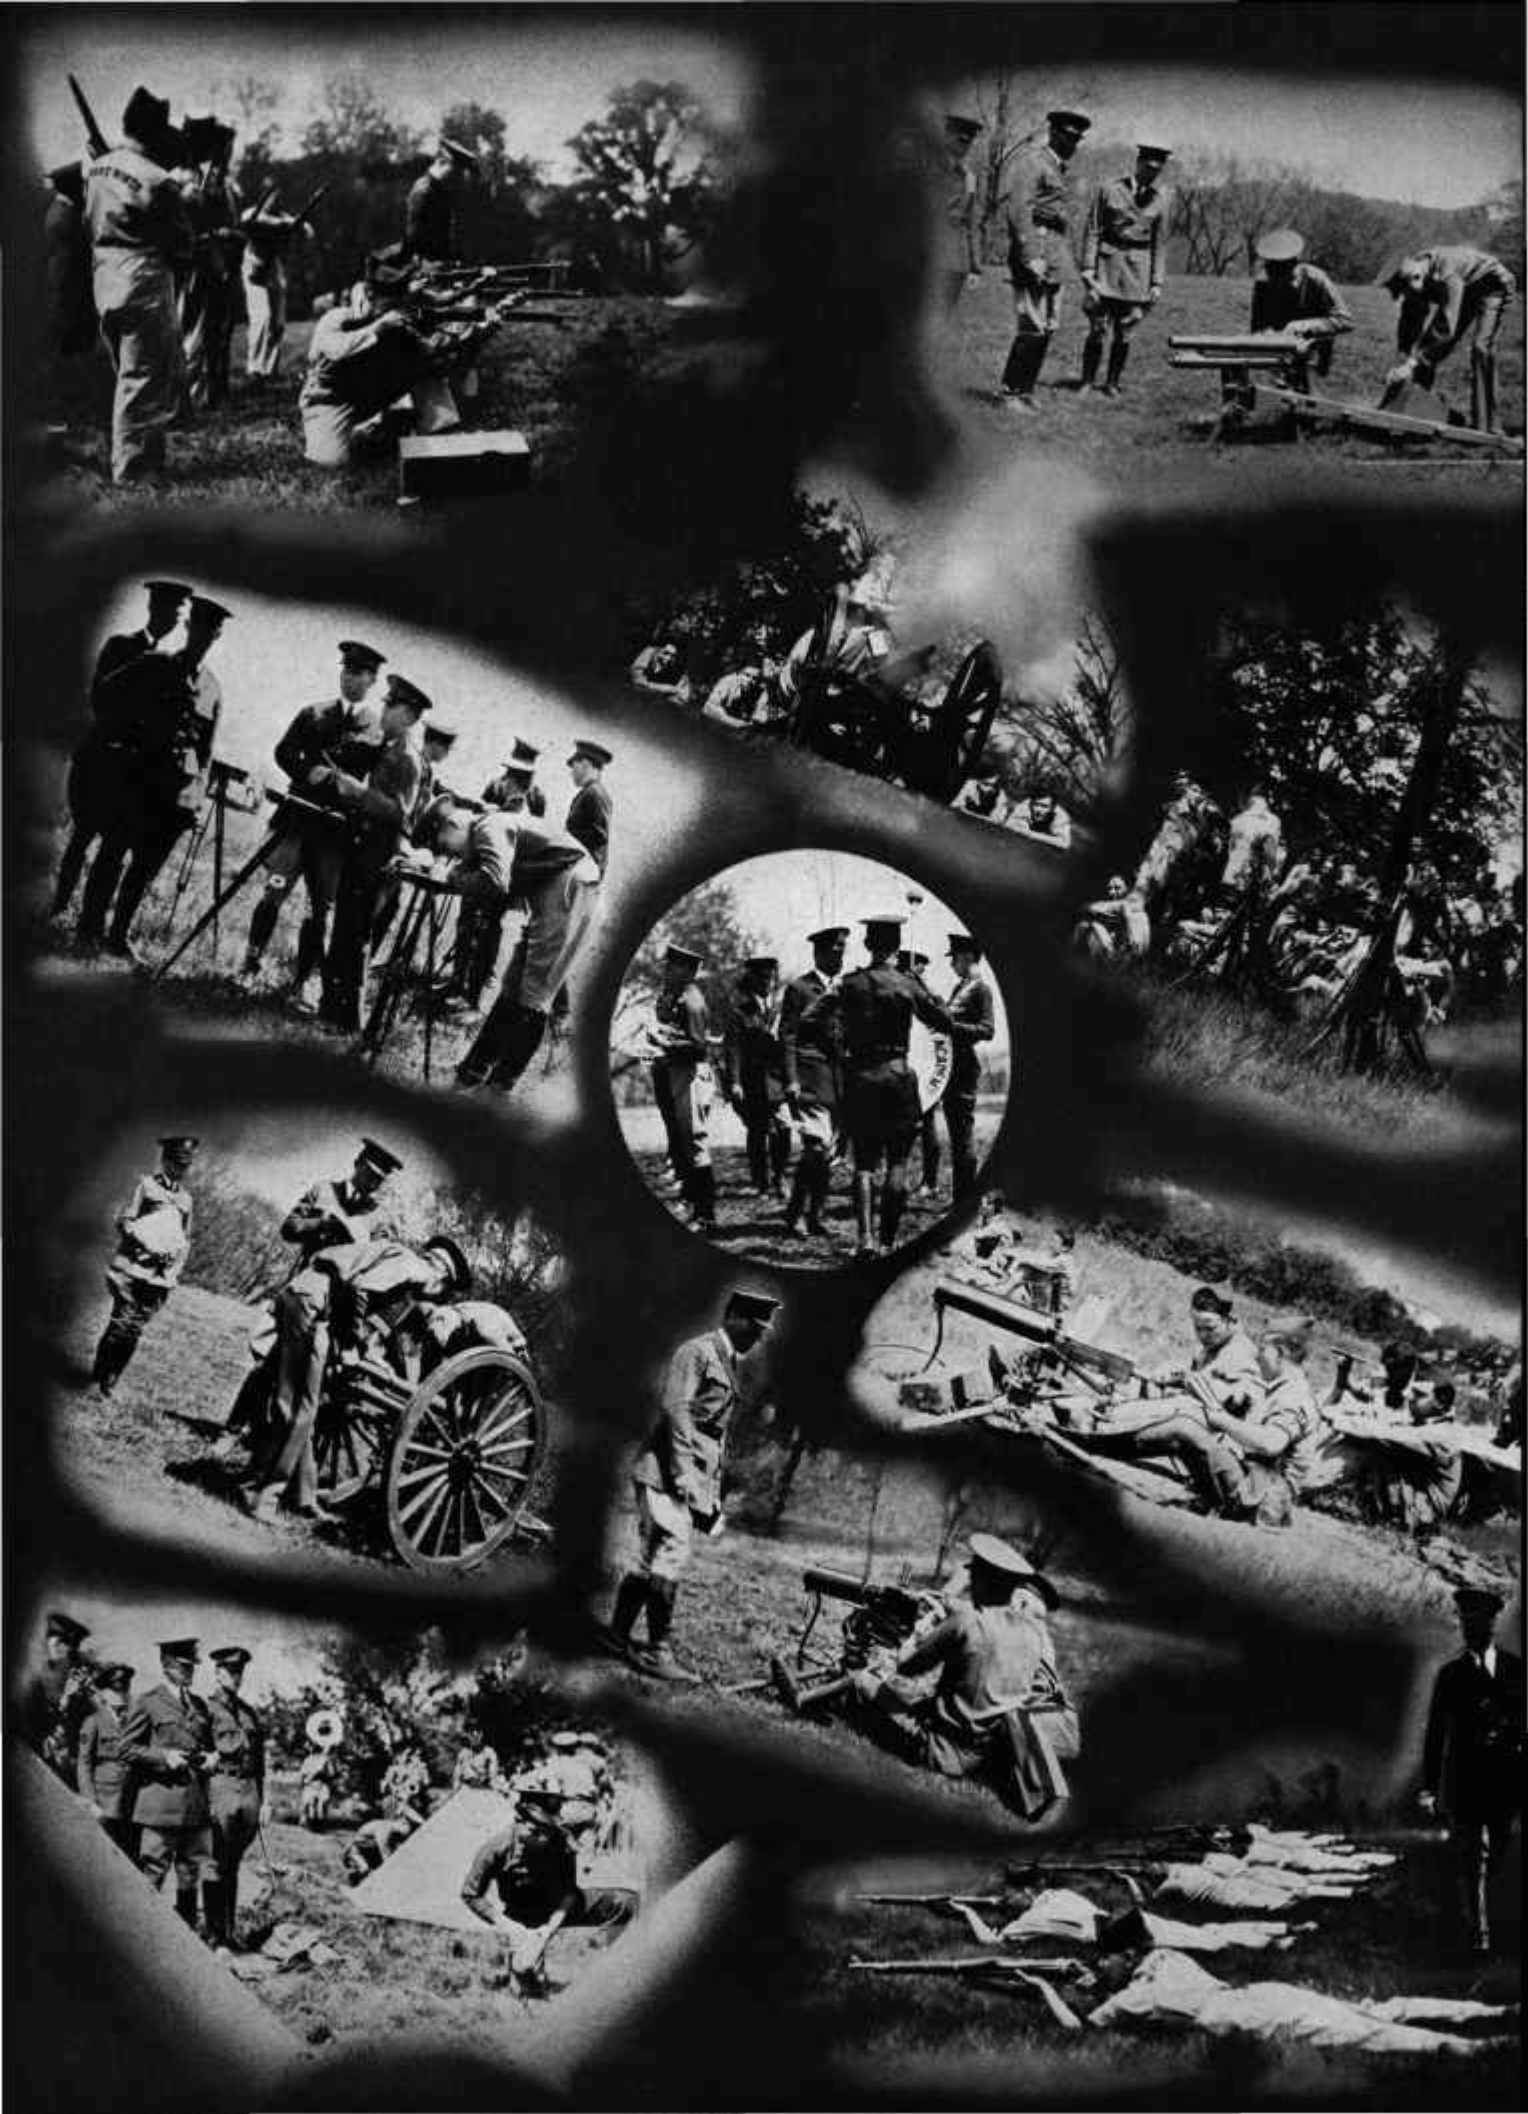

organization separate from the other. Both divisions are fully accredited by the North Central Association of Colleges and Secondary Schools, an organization composed of the leading colleges and preparatory schools in twenty states. This recognition means that graduates of either department are eligible to enter any institution in the United States that receives students by certification.

It is our aim to see that each cadet masters every lesson thoroughly. To accomplish this, every student is taught correct study methods and thoroughly schooled in correct uses of libraries and laboratories. Classes are small, averaging from 8 to 15 students, which permits individual attention. Most of the faculty members live in the buildings with students. They are readily accessible for special help. From time to time a personal study is made of each cadet to determine his points of weakness and help him overcome them.

★ The laboratory for elementary classes in chemistry provides many costly instruments not provided for in many schools but which Wentworth believes are important to the proper study of chemistry.

★ The laboratory for the advanced chemistry classes is even more completely equipped.

A view of planes and hangar at the Lexington-Wentworth Airport.

Capt. W. Lowell Stagner
Wentworth Aviation Director

[Below] Wentworth Flying Cadets and their instructors in front of one of the ten planes at the field.

AVIATION CLASS 1949-50

First Row (left to right): Taylor, C., King, D., Ray, Riley, Wright, C., Baker, R., Searcy, Canas.
Second Row (left to right): Dr. Stoner, Flight Instructor; Earl Haines, Airport Operator; Harbaugh, Miller, R., Klemme, Sandford, Capt. Stagner, B. W. Van Camp, Flight Instructor and A&E Mechanic.
Not pictured but ground school instructor for this aviation class, Capt. S. V. Haghin.

AVIATION

Wentworth participated in the Civil Aeronautics Administration Civilian Pilot Training Program from its inception in 1939 through the change to C. A. A. War Training Service until June, 1943, when all but 80 out of 712 colleges and universities throughout the country were eliminated due to curtailment of this type of training. However, the academy administration, believing aviation training to be very important now and in the future to the youth of the nation, secured permission from C. A. A. officials to continue flight training on a civilian basis and at the expense of the trainee.

Wentworth operates in conjunction with the Lexington Airport as a certified flying school fully approved by the C.A.A. The flight training program including ground school, far surpasses the minimum requirements set forth by the civil aeronautics administration. It consists of 45 hours of dual and solo flight time and ground school courses in navigation, meteorology, civil air regulations, and operation of aircraft.

The records of the graduates of the Wentworth Flight Training are outstanding. During the war the graduates of this training program fought every front where Americans were in combat.

Instructor B. W. Van Camp gives Cadet Dory Neal instruction before takeoff. Safety and sanity in flying are watchwords in Wentworth Flight Training. Not one student flyer has suffered an injury since the start of the program in 1939. Captain Steve Haghin, ground school instructor, supervising a class in navigation and giving personalized instruction to Cadets Arthur Schneider and Thomas McMillan.

Flight Operator Earl Haines and Mechanic John Longdon instructing in aircraft engines. A fully equipped shop and hangar are maintained at the airport.

From REVEILLE
TO TAPS

A DAY

AT WENTWORTH

NO TWO days at Wentworth are quite the same, for a widely varied program of scholastic, military, athletic and other activities is used to keep the interest of the cadets at high pitch and their appetites for learning well whetted. Furthermore, no two students have quite the same duties to perform throughout any given day. There is, however, a definite routine that all cadets follow each day. It is used to instill perfect regularity and promptness in attendance upon all duties prescribed for one and all cadets alike.

While it requires some adjustments for new students to become accustomed to this routine, any slight hint of monotony is soon lost in the kaleidoscopic whirl of the school year.

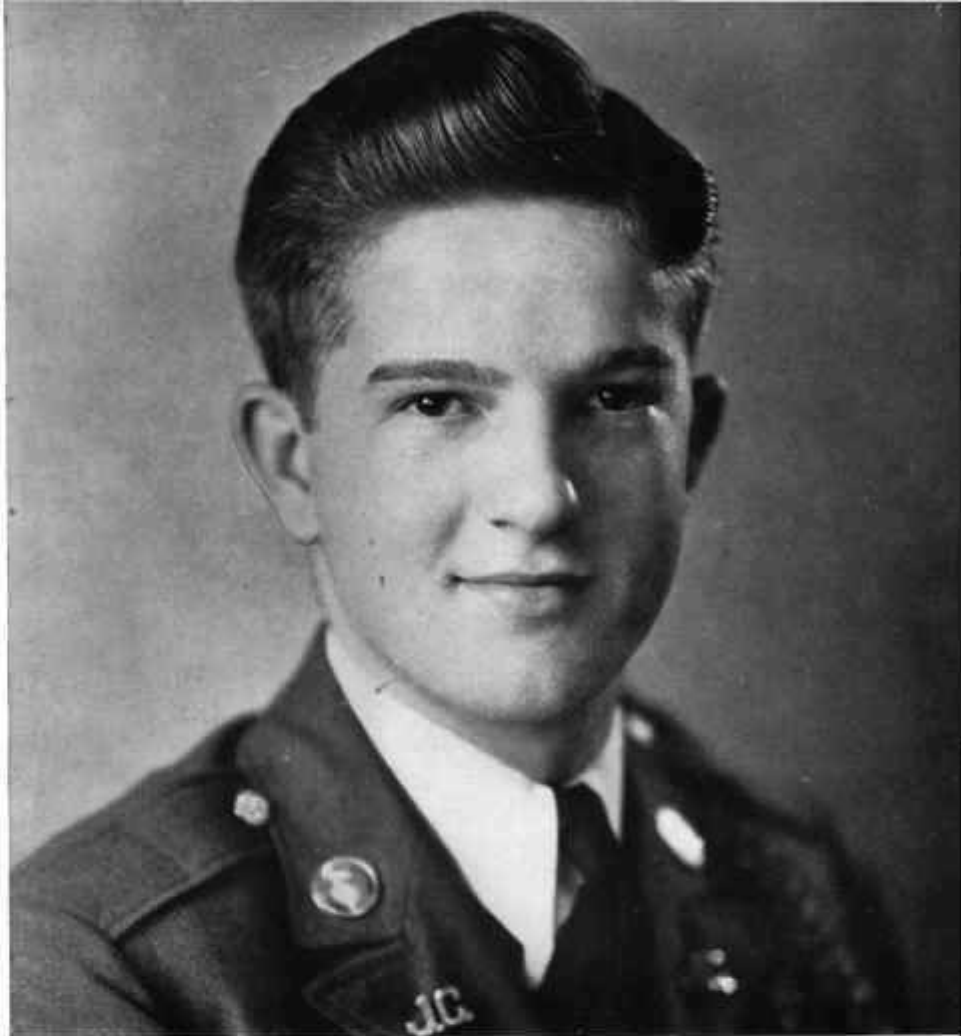

To give parents and others a better insight, the following pages have been used to set forth, pictorially, the day's activities from Reveille to Taps, of a typical Wentworth boy whom we will designate as Cadet Harlan.

The pictures in this section were taken ten years ago. However, since they illustrate life at Wentworth of today, they are still timely. They are retained because so many of the cadets shown served in the Armed Forces of their country and so well illustrate the value of military training as received while at Wentworth.

Since the importance of military preparedness is becoming increasingly evident by the changing world situation, the training illustrated in this picture section has a special significance.

There have been some uniform changes as may be seen by referring to the section on Wentworth uniforms.

★ Harlan—a typical Wentworth cadet.

HERE is Harlan, a typical Wentworth cadet—a fine young American—manly, scholarly and upright. His respect for duty and responsibility has won for him the rank of sergeant. He may have come from a large city or a very small town—that makes no difference to the democratic spirit that prevails at Wentworth. He may be from a wealthy family or a family in meager circumstances—most of his classmates would never know, nor even be curious, unless he chose to tell them. But he typifies all the fine qualities of a deserving and ambitious youth as he goes through the tried and age-proved Wentworth process of becoming a real man, a real asset to himself, his family and friends, and society as a whole.

Harlan, like all the others, participates in many activities besides those shown. But let's follow him through a typical day.

★ ★ ★

Harlan "Butch" Haffelfinger, who graduated in the class of 1937 and posed as the model cadet in the view book, served as a Major in the last war.

His brother, Hugo, another Wentworth alumnus, also a Major, and served with distinction with the Rangers.

Artie Haffelfinger served with the Navy Air Corps as an Ensign.

* Harlan's first duty is a thorough, refreshing wash before breakfast.

"CAN'T GET 'EM UP," blows the bugler, but he does, and at 6:35 o'clock another day is under way. Cadet Harlan goes first to the sanitary lavatory on his floor. A good washup is part of the routine, for a cadet is expected to keep himself clean at all times. At 6:50 he goes to a well-prepared breakfast.

After breakfast, rooms must be cleaned. One of the basic aims of our system is to form personal habits of order. Each morning Harlan makes his own bed, puts his clothes in order and helps his roommate clean the room.

* Harlan makes up his own bed.

Strict inspection of quarters is a daily routine. Formal inspection of Harlan's person, room and equipment occurs on Sunday morning. At this time unusual care must be taken in cleaning the room. Our friend sees that hidden corners are carefully dusted, chairs polished, and everything put in order. Then he takes care of his person. There's brass to shine, leather to polish, hair to brush, and whiskers to be removed. A certain time is allotted for this preparation and all work must be done within that time. This young fellow knows that any deficiency in this work receives what is known in Academy language as a "skin"—which counts against one's company in color competition.

* Harlan is ready for the inspector—brass gleaming, shoes shined—room as clean as the proverbial "hound's tooth."

* Here Harlan delves into things scientific. Modern equipment is provided for all laboratory work.

AT 8 O'CLOCK in the morning, classes convene. Harlan makes his way to a small class on his schedule where personal attention is his at any time it is needed. Our cadet is carefully instructed in the handling of delicate scientific equipment. He is not forced to grope blindly for information. That which is true of the science laboratories is equally true in all other classrooms.

Time passes rapidly in the classroom or laboratory because the work is interesting. The scholastic day is divided into two equal parts, with three classes in the morning and three in the afternoon.

* Our Cadet goes through a course of calisthenics to promote grace and health.

All the cadets shown in the picture were in the Armed Service. The second from the left, Lieutenant Tom Henderson, Jr., of Haynesville, La., was killed in the fighting for Munda Airfield.

CALISTHENICS play an important role in the physical education of Cadet Harlan. No effort is made to indulge in this or any other exercise in the early morning hours when the body is at its lowest ebb. All such exercises are taken by our cadet after a hearty breakfast and morning classes. The exercises are intended to promote graceful movement as well as better health. The calisthenics used by the United States Army are followed. They are led by senior cadet officers.

So long as the weather permits, the calisthenics are held in the open, but they are taken in the large gymnasium, where an entire battalion may take part at the same time, when rain or cold is in the air.

* The ten excellent tennis courts are always popular.

*Cadet Harlan reports to the Professor of Military Science and Tactics for drill duty.

Cadet Lieutenant Jack Ramsdell commanding the platoon shown in these two views, participated as an officer in the landing on North Africa. He was decorated with the Silver Star for heroism in action and Purple Heart.

DRILL is a very formal affair. It is on the drill field that Harlan learns much of courtesy, discipline and alertness. He, with his entire battalion, is thoroughly schooled in good citizenship, taught the proper respect for superiors and trained in leadership.

Learning to drill a squad is the first training in leadership. Throughout the year squad drill and competition is a part of the regular military routine. The squad is the smallest military unit and consists of nine men, one of whom is a corporal and another a first class private. All instruction is conducted by cadets under the personal supervision of members of the military faculty.

Although military work takes but one hour each day, the training is intensive and much more thorough than that found in larger units. Personal attention is given the individual cadet on the military field as well as in the classroom, and each cadet has an equal chance to advance to important positions in Wentworth's military realm. In the army, the navy and the marine corps Wentworth is glorified by its alumni who have received their commissions and are distinguishing themselves in official capacities of these respective branches of service.

Like many other cadets, Harlan finds the extended order drill more interesting. This drill consists of combat methods. He is taught to make use of cover, to advance and to fire. No actual firing is done during this drill, however, for all the ammunition used is dummy material. Initiative and leadership are required in this work. Situations arising in the problems furnished by the War Department call for quick thinking and immediate action.

Here our typical cadet finds extended order drill interesting and instructive.

The Cadet Officer using the field glasses was Captain Woodrow Wylie, U. S. Army. He participated in the fight on Bataan, was captured and has been reported as having died in a prison camp.

The cadet about to insert the cartridge in his rifle is Major Milton Moran, U. S. Marine Air Corps. He has participated in considerable action in the South Pacific.

★ Eating — an always-popular "sport" with Harlan and his fellow cadets! Meal time is always a time for good food and good fellowship.

The Faculty Officer at the head of the table is now an aviation instructor on the West coast. Five of the cadets facing the camera were officers in the United States Army. Two of them were fliers.

From left to right: Lieutenants Grosvenor Roberts, Richard Crook, Cpl. Leonard Weinand, Capt. J. C. Davis, killed in action, Lieuts. Robert Brooksher and Paul Helmer.

FOLLOWING the morning classes comes lunch time and our cadet is ready to eat. Academy menus are always varied and pleasing. Meals are carefully planned to suit the needs of all cadets. They are healthful and nutritious and just what active, hard-working boys require. Meal times are at 7:00 in the morning, 12:10 and 6:10. This schedule is varied only on Sunday, when dinner becomes a more elaborate meal served at 12:30.

After dinner there is a recreation period during which Harlan and other cadets may do pretty much as they choose. The recreation room is a popular place at this time.

★ BREAKFAST

Grapefruit Post Toasties
Hot Cakes Bacon
Milk Coffee

★ DINNER

Swiss Steak
Buttered Carrots Mashed Potatoes
Combination Salad
White Whole Wheat - Rye Bread
Cherry Pie
Iced Tea

★ SUPPER

Salmon Salad
Creamed Peas Fried Potatoes
Pickles
Whole Wheat Rolls
Bertlett Peers
Milk

* Maybe Harlan is "behind the 8-ball" here! Like all other cadets he takes part in zestful competition in the recreation room.

* A letter from mother . . . or maybe the girl from home writes—

* She will be down for the "Military Ball."

THE recreation room proves a haven of rest, relaxation and zestful indoor competition. Pool, billiard and ping-pong tables are provided. A few try their hand at bridge, while others read, or relax in comfortable chairs.

* (Right) Our friend attends a chapel period, held twice each week.

* (Below) "We must get in there and fight!" says Harlan as he makes a short "pep" talk on the eve of a game.

CADET HARLAN attends an interesting, informative and inspirational meeting in the chapel, immediately before lunch. These meetings are conducted by the Academy Chaplain, but are not strictly religious. Travel talks, health lectures, scientific demonstrations and short sermons, presented by outstanding speakers, are frequently on the program. The service is opened with a hymn, prayer and responsive readings, and closed with the singing of "Wentworth," the Academy song.

"Pep" meetings, preceding important athletic contests, are also held in the chapel. These are always occasions of great fun. Students and faculty make rousing speeches. The cadet band furnishes gay, martial music and everyone anticipates the big game on the morrow. Athletic contests are important recreational events. Every cadet attends them.

*While a majority of the faculty members live in the barracks with cadets, some live in residences such as this on the campus.

*All shined up for Sunday inspection.

*Our Cadet receives personal attention from a faculty member in the library.

In this picture, the Tactical Officer, James Simmons, graduate of Wentworth, is now a Lieut. Col. in the United States Army. He participated in the capture of Attu and Kwajalein.

Next to him, Lieutenant Orman, paratrooper, who took part in the Sicilian campaign and the capture of Naples, and was killed on Normandy beach. On the right, Captain James L. Gist, Army Aviator, killed in action over Japan.

PERSONAL attention is not confined to the classroom nor to the evening study periods. Harlan and many other cadets seek assistance in the spacious Academy library. The faculty officer in charge is always ready and willing to help any student, no matter what his problem. Whatever the subject, the faculty officer is qualified to give the guidance needed.

Wentworth's library is one of the most important places on the campus. It contains more than 8,000 books on nearly every subject one could imagine. Reference books include the famous Oxford English Dictionary and many sets of encyclopedias.

* Harlan plays football—and mighty well, too! No wonder! His uncle was an All-American at Yale.

* In winter months our boy turns his attention to basketball and other indoor sports.

TRAINING for leadership is important on the football field as well as everywhere else at Wentworth. More than fifty cadets answer the varsity call each year and large squads turn out for company teams. All players receive intensive training, both in the art of the game and in clean sportsmanship.

Football ranks as the number one sport, and the Red Dragon elevens are consistent winners. The fine spirit of players and corps is credited with being a strong determining factor in every contest.

In the winter months basketball comes into the spotlight. Again there are the varsity and company teams and a place for every cadet who desires to play. Home games are played in the spacious gymnasium where there are two courts and ample space for spectators.

Wentworth is a member of the Junior College Interstate conference, an athletic association numbering six schools as members. The Wentworth High School teams are members of the Pony Express Conference of Western Missouri. Almost every major and minor sports are on the Wentworth program—all played under competent coaches—and every cadet is required to participate.

* The gymnasium is 220 x 55 feet. It contains two regular basket ball courts, a large stage, a swimming pool 20 x 60 feet, locker rooms, showers and gymnastic equipment.

* Here our man-in-the-making is ready for his daily plunge in the pool.

THE sparkling, crystal-clear water of the swimming pool is inviting to cadets the year 'round. The pool is of regulation size (20x60) and is the scene of frequent water sports and aquatic meets. It is the purpose to teach every cadet to swim well. The water is warmed to a healthful temperature and kept pure by efficient filtration and chemical treatment.

* (Above) Hi-dee-ho! Harlan and his friends tune in a radio program during the recreation period immediately following the evening meal.

* The orchestra provides musical diversion both for members of the group and the corps.

* (Below) Perfect study conditions prevail in Harlan's room. (Note the latest type of reading lamp.)

Just before the evening study period is the favorite tune-in time for Cadet Harlan and other radio devotees. Permission to have a radio in the room is regarded a privilege, the abuse of which causes the student to lose this favor.

After thirty-five minutes of recreation following the supper hour, evening study is begun at 7 o'clock. Each cadet retires to his own room for a two-hour period of quiet. There is no stuffy, noisy hall in which cadets are confined. Instead, individual initiative is encouraged. Faculty officers are in constant attendance throughout the period, giving advice where it is needed and encouragement at all times.

Quiet descends and another day is ended for our busy cadet. Sleep . . . sweet, restful sleep.

TAPS, at which time all lights must be turned out and all cadets remain quiet, is sounded at 10 o'clock. The soft notes of the bugle call to close the activities of an eventful day and the peace of slumber envelops healthy young bodies until another dawn.

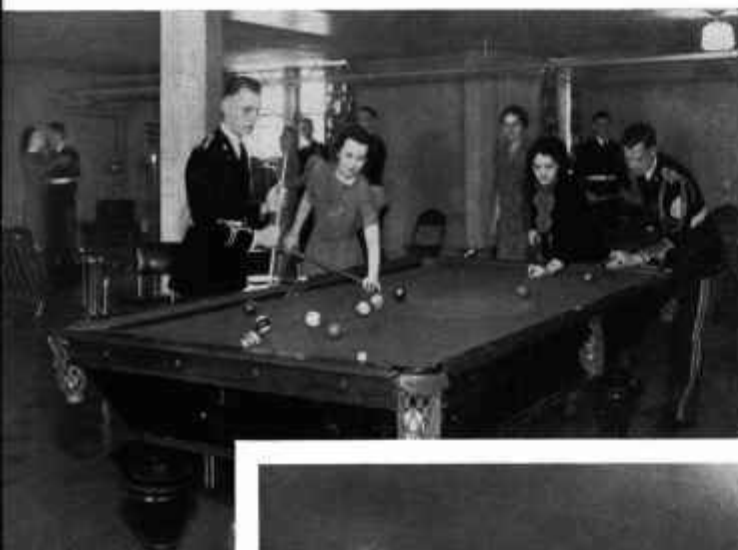

and ★ ★

★ ★ **T A P S**

Fades the light
And afar
Goeth day
Cometh night
And a star
Leadeth all
Speedeth all
To their rest.

* An advanced class in etiquette.

* Mixed parties are regular Saturday night features.

A well organized program of instruction in social usage is a required course for all students, and advanced classes are available for those who desire them.

Ease of manner in any situation thus becomes natural to a Wentworth Cadet. Many occasions such as these pictured here afford ample opportunity for the Cadets to practice their social graces.

* The Fountain adjoining the Recreation Room is popular during dance intermission.

All five of the cadets in this picture were Army officers, and three of the young ladies are now wives of former cadets, now officers on active duty.

* Off for a canter at the Country Club.

WENTWORTH UNIFORMS

The Wentworth uniforms are made of the finest materials. Beautifully fitted, they are suitable for every occasion, and they include every item a cadet may need.

★ The cadet full dress—the officer full dress and the cadet full dress with overcoat.

Cadet Captain Robert C.
Collier (left) and Cadet
Robert Berryman.

★ The coveralls field uniform—cadet full dress and raincoat—the cadet fatigue uniform with battle jacket.

Cadet Edward Chambers
Cadet James Shaver
Cadet Keith Hay

The purpose of this book has been to give you an accurate, but necessarily inadequate glimpse of the Wentworth Military Academy and cadet life. In order fully to appreciate the Academy, it will be necessary for you to visit the campus in person, see the beautiful grounds and buildings and meet members of the faculty. The Administration offices are open the year 'round and your visit will be welcomed at any time.

SUMMER SCHOOL—A military summer school and camp of 8 weeks duration begins in early June. Activities are divided equally between scholastic work and recreation. Instruction is on a tutorial basis and nearly any subject may be taken.

1950-1951 RECORDS and AWARDS

COMMENCEMENT AWARDS

TED MESSMORE MEMORIAL HONOR GRADUATE AWARD—William Gilbert Moore, Kingman, Indiana. Honorable Mention: Ike Skelton, Lexington, Missouri; Victor R. Meline, Julesburg, Colorado.

Second Row (left to right): Colonel Sellers, Efremoff, Denison, Bizzis.

COMPANY CHAMPIONSHIPS

Company "B", coached by Captain A. J. Bullock, was undefeated and marched off with the football championships.

Company "C", coached by Lieutenant John Starke, won the basketball championships.

Company "B", coached by Cadet David Thayer, turned in the best record to qualify for the softball championship.

RIFLE TEAM

The rifle team competed in a number of shoulder-to-shoulder and telegraphic matches this year and came through the year with an impressive record. Wentworth's rifle team placed twenty-first in the Fifth Army area rifle match. Fifty-seven colleges and universities were included in the competition which ended with the academy team in the upper division. M/Sgt. Weldon W. Perry, Assistant Professor of Military Science and Tactics, coached the team.

WENTWORTH FLYERS

This year's group of aviation cadets completed the twelfth year that flight training has been given at the Academy. The aviation department operates in conjunction with the Picket-Haines Flying School at the Lexington airport, and is fully approved and certified by the CAA. The ground school classes were conducted at the Academy by Capt. S. V. Heghin and Capt. W. L. Stagner, director of aviation.

GOLF

First Row (left to right): Johnston, R., Richards, L., McFadden, Schizas.

 Fourth Row (left to right): McNeill, D., Brund, Wandwell, Shannon, Hous, Steckbauer, Vile, Brown, E., Kennedy, J., Evans, Uyeda, Anisman, Hoover, Schizas.

MEMORIES OF 1950-51

By JOE CADET

September 4—All the new students registered today at 1:00 p.m. I have already made a lot of new friends. I think I am going to like it here, everyone seems so friendly.

September 5—None of the Old boys have arrived yet, so the new boys had the run of the school. I wonder what it will be like when the Old boys get here!

September 6—The Old boys are here now and the school year is getting under way. I don't think the Old boys are so bad. They are real friendly. I have made friends with a lot of them already.

September 7—I purchased my books today along with a lot of other equipment that I will need. Tonight I am going to write a letter to Mom and Dad and then start putting a "spit shine" on my shoes. I will have to keep my shoes shined this year.

September 8—We had our first classes today. We only met for short periods, however, I think our real class work will start next Monday. I did get to meet all my teachers though.

September 9—Today we had our first drill. We don't have rifles yet, so all we did is march. They taught us how to salute today, too. By the time the year is over I will be good at that.

September 10—Boy did I ever clean up the room today! We had our first Sunday inspection and Major Brown examined our barracks. I went to church this morning and I really like the church here in Lexington. We had our first parade. We didn't wear the blue uniform though, probably because all the cadets don't have them yet.

September 11—We had our first regular full period classes today. I had a full schedule with classes every hour. I think I will have to get busy and study from now on.

September 12—This morning I had several free periods, so I wrote some letters to my friends. I also started playing football on the company team.

September 13—The faculty had a lot of things to tell us at today's assembly. I hope I can get used to all the rules here soon, as I don't want to start off with a low deportment record.

September 14—Today Mrs. Beth Helper, hostess of Wentworth, started making plans for Wentworth's first formal dance of the year. It will be held on Saturday, September 23. I started my activity today, Camera club. I think the academy has a nice darkroom here.

September 15—I took my first permit tonight and went to the show. My roommate and several other cadets went with me. We had a good time and then came back to the barracks about 10:00 p.m.

September 16—During drill this afternoon we drew rifles from the Military Department. We have to memorize our rifle numbers and my number is 129066. After we drew our rifles, we had to clean off all the cosmoline that the cadets put on them last year for summer storage.

September 17—After parade this afternoon my roommate and I went out to the riding stables. We had a nice horse-back ride, and then hiked back to our company in time for supper. After supper we stayed in the barracks and played records.

September 18—Tonight there is a faculty gathering at the Country club. Most of the faculty and their wives were there. This week is the last week in our first grading period. I am expecting quite a few tests this week.

September 19—I really hit the jackpot in mail today, getting three letters. The ones from my parents are welcome but don't interest me as much as the one from my girl back home. I sure will be glad to see her again.

September 20—Today at drill we practiced the rifle manual. There sure is a lot to learn about an M-1. I am glad that I memorized my rifle number, because Colonel Thompson inspected our squad and asked me my number.

September 21—I just got back from the gym. We had a pep assembly for the games tomorrow night. I hope we win our openers.

September 22—Tonight both football teams had their first games. That pep rally last night really paid off, both teams won. The college team played here and beat the Missouri Baptist Bobcats, 41-13. The high school team beat Missouri Military, 12-0, there.

September 23—The first informal dance of the year was held tonight in the gym. Dick Elliott entertained with several piano numbers during intermission. There were approximately 400 people to dance to the music of Harry Trotman and his orchestra.

September 24—"A" Company really looked sharp at parade today. It looks like those Saturday practice sessions are really helpful.

September 25—Another blue Monday, or so it seems to me. It is always a little difficult getting down to business again with classes after a relaxing weekend.

September 26—Well our first grades came out today. I made the Honor Roll with three S's and an M. I hope I can bring that M up so I can be on the Special Distinction list next time.

September 27—The second edition of the Trumpeter came out today. Tonight my roommate and I went to the show again. It was really a super murder mystery.

September 28—It was certainly difficult getting out of that nice soft bed this morning. I made it, however, and was in plenty of time for breakfast. This morning I was a little careless and spilled some acid on my trousers in chemistry class. I got it washed off right away and I don't think it hurt anything.

September 29—The high school team earned their second win of the season tonight when they romped over Lafayette of St. Joseph, 39-7. The game was played here in the Alumni stadium.

September 30—Today I was a barracks guard. I didn't have to go to chapel or to any mean formations. During chapel I helped Jim Lienhard, the mail sergeant, deliver the mail. I hoped I would get a letter, but I didn't.

October 1—It was a nice sunny day this afternoon, although it was a little too hot for parade, we paraded anyway. After parade I went to the show with some of the boys from my Company. Tonight I am going to write a letter home, so I had better get started.

October 2—I had my picture taken today by Mr. Reinhart, the school's official photographer. He is taking pictures of all the new cadets for the year book, this week. I'll bet he will be pretty busy all week.

October 3—Company football got under way this afternoon with Company "B" beating Company "A", 18-0. "B" was using the two platoon system and showed plenty of power.

October 4—Colonel Sellers is finally back on campus after recuperating from a heart attack. He still has to get plenty of rest before he takes over his duties of Superintendent.

October 5—I took a permit tonight and went to the show with my roommate. We have to wear our semi-dress uniforms for S.R.C. on Wednesday, so that is a good time to take a permit.

October 6—We had another football game tonight; the high school team beat Maur-Hill, 26-13. According to the talk on campus this afternoon, the game was supposed to be a push-over but the opponents really gave us a good battle.

October 7—The college team suffered its second defeat of the season tonight when it lost to the Bacone Indians, 0-20. It seems the college team has fumblyitis, but I hope the squad gets over it soon.

October 8—Today guidons were awarded at parade. Company "D" got the Scholastic guidon, Company "A" won the Disciplinary guidon and "C" merited the Color Company guidon.

October 9—Classes started off again as usual this morning. Quite a few of the cadets didn't know their assignments. I guess there was too much football this weekend.

October 10—Dancing classes started tonight under the guidance of Mrs. Hepler. These classes are held every year to help out the boys who aren't sure of themselves on the dance floor.

October 11—Another issue of The Trumpeter came out today. The tryouts are over and the following positions have been designated. Editor, John L. Curry; Sports Editor, Charles Haberkorn; Feature Editor, Charles Young; and reporters, Kurt Eggmann, Gary Hyten, Danny Lesh, Bruce Patten, Joel Vile, and Jon Carpenter.

October 12—There was another Company football game today between Headquarters and "D". Headquarters won 6-0.

October 13—The High school squad suffered its first loss tonight in a battle with the St. Joseph Indians. The Central High school team won, 39-13.

October 14—Today was the tenth annual Dad's Day celebration and boy, was it a success! Dad managed to come down for the occasion and arrived here this afternoon, right after dinner. During drill I taught him how to be a soldier, and I really gave him the works. We had a banquet in the gym for all the dads and then a good football game. We lost the game to the Graceland Yellowjackets, 26-7, however.

October 15—Dad left this afternoon right after parade, so he could get home for work tomorrow. I really had a good time while he was here.

October 16—Well, another week is under way. Today etiquette classes started with Mrs. Hepler as the teacher. I am learning a lot of things I didn't know.

October 17—This afternoon "A" Company really trounced "C" in another company football game, the final score was "A" 27, "C", 16.

October 18—Today the Special Distinction list and Honor Roll for the first six weeks was posted I made the honor roll.

October 19—I took a permit tonight and went to the show with Roger McIntyre, one of my friends from "A" Company.

October 20—I just got back from watching the high school lads pick up their fourth win of the season. Tonight they beat North Kansas City, 33-12. They are really good with Park, Otts, and Francis in the backfield, sparking their playing.

October 21—I sure had a good time tonight at a dance at Stephens college. I and nine other cadets left the campus for Columbia, Missouri, this afternoon right after drill. I had a date with a girl from my hometown that is going to Stephens. I think everyone had a good time.

October 22—This afternoon our company won the competition parade, so we plebes get to use the front door this week. It doesn't sound like too great a privilege but it sure saves time when you are in a hurry.

October 23—There wasn't much excitement on the campus today. Everyone was too tired to do much. I have a theme to write for my English course, so I had better get started.

October 24—I rated a long letter from my girl today. It seems they had a big football game at home over the weekend. I am already looking forward to Christmas when I can be home again.

October 25—Today there is a lot of excitement, Special Orders No. 7 is out and it lists all the officers, and noncoms for this year. The Trumpeter came out today too.

October 26—Tonight my roommate and I went to the show again. The show was a double feature and didn't end 'til about 10:30, but we got late show permits and had plenty of time to get to the barracks.

October 27—Tonight I am going to get all my homework out of the way for the weekend. Tomorrow night we have a football game and Sunday I am going to attend a "Pop" concert in Kansas City.

October 28—The college Dragons battled to a 6-6 tie tonight with the Kansas City, Kansas, Junior College. The game was really good. All the scoring was done in the first half. Wentworth threatened twice in the second, but lacked the punch to put the ball over.

October 29—After parade this afternoon I and three other cadets faked out to the country club to play some golf. I was just as poor as usual and had the highest score.

October 30—I saw Colonel Sellers back in uniform this afternoon. I think he is even doing some of his office work already. That is a fast recovery after being so close to the pearly gates.

October 31—Tonight is Halloween and the occasion was celebrated on the campus by decorating the dining hall. We even had pumpkin pie at the evening meal.

November 1—This was just another day of classes. My roommate and I double dated with two lovely town girls, spending the evening playing Canasta.

November 2—The Junior Red Dragons trounced all over Kemper high school, 65-6. I hope the College Red Dragons are able to do the same on the 22nd of this month.

November 3—Homecoming Day and all is in an uproar. We play Chillicothe this afternoon.

November 4—We beat Chillicothe yesterday 24-18. The afternoon game was followed by a dance in the evening for the returning alumni.

November 5—Captain Johnson finally decided on the personnel for the "Cavaliers." I hope these swing band members are as good as they are supposed to be.

November 6—Just a normal day, up at 0625, in bed at 1000, sort of dull.

November 7—We were told that special busses will take us to Kemper on the 22nd. I hope that the folks can come down for that trip. I have a hunch, we are going to take Kemper and I want the family to witness the slaughter.

November 8—Nothing unusual has happened all day. Just as well too, for it seems that I had gobs and gobs of work to prepare for my classes and I had no distractions.

November 9—The school has started accepting pictures for the movie star who will pick the Queen for the Military Ball, I'd better get a line off to Marilyn and get her picture.

November 10—The Red Dragons beat Oklahoma Military Academy, 26-6, tonight. It looks like they really will be on the ball for the Kemper game on the 22nd.

November 11—Armistice Day. The band is in Fort Scott today, to participate in a program sponsored by the V.F.W. of Fort Scott.

November 12—Bill and I went out to explore historical Lexington this afternoon. We saw the civil war battle-field, the Anderson home and the court house which is the oldest in Missouri.

November 13—A special assembly today. Mrs. LaChapelle, a voice expert, spoke. She was good, too. She once taught Captain Nines when he studied junior high school English in Wisconsin.

November 14—Well at last we can draw our money, I won't be broke again for awhile.

November 15—Day after tomorrow the high school winds up its football season, I hope we win.

November 16—Dr. Luther Purdom, of the University of Michigan, made his annual appearance today to speak to the corps and also to hold individual conferences on vocational guidance. I have to see him tomorrow.

November 17—The high school won its game, 20-19, against Benton tonight. The Prep Dragons really had a swell season, and their games were certainly thrillers.

November 18—Well, today is Saturday and we had drills as usual. This time we ran a squad problem, and much to my surprise I enjoyed it.

November 19—The company looked pretty good today at parade. I sure do hope that we won it instead of Headquarters company.

November 20—Business as usual on Monday, four classes today. I wonder if I will live through another day like today.

November 21—We did not have C. Q.'s tonight. We spent our time getting our shoes and brass shined and preparing to go to Kemper tomorrow morning. We are all looking forward to the trip to Boonville.

November 22—This is the big day. The whole corps is hoping and praying that the team will win the game this afternoon.

November 23—We did beat Kemper yesterday afternoon by a score of 12-0.

November 24—Well, we just found out there is a dance at Cottey on December 2. I sure do hope that Marilyn invites me down. I am glad the school maintains such friendly relations with Cottey college. Cadet groups go to Nevada, Missouri, to attend Cottey social events. The girls come to Lexington for many of our affairs.

November 25—Thanksgiving Day and it is snowing. We actually go to classes this morning and get the afternoon free. That is something, as we could have attended classes all day.

November 26—Our new buss was delivered today. I was one of the first cadets to ride on it. The maintenance department had to get a full load to take it down to be weighed for a license plate.

November 27—Today we learned that the whole corps will make a trip to Kansas City on February 22 to put on a show for the friends and alumni of the Kansas City area. I think that will be a good thing and we plan to put on a splendid performance.

November 28—Went downtown during a free period today. Not much going on down there. This is certainly a friendly community. Quite a few people smiled and spoke to me downtown.

November 29—It was announced in the dining hall today noon that five of the members of the college team made the first string all-star team for the Interstate Conference of junior colleges.

November 30—Took one of my two permits tonight, and of all things I stayed in the barracks and did nothing. Just as well too, for I want to save what money I have for Christmas shopping.

December 1—Well, tomorrow night I am to go to Cottey College, I wonder if the dance will be as enjoyable as the last one.

December 2—This was just another day of classes for me except that I am going down to Cottey and will get to see Marilyn tonight.

December 3—I really did have a swell time at Cottey last night. The girls had a coffee and cake social after the dance. I wish there were many more such pleasant socials.

December 4—There are just about eleven more days till we get out for Christmas furlough. I don't think that I will be able to wait, but then I suppose that I will have to wait.

December 5—Just another day of classes.

December 6—Went to bed early tonight since I had a permit, and it really did seem good to catch up on my sleep.

December 7—Pearl Harbor Day, and what did we do but have classes all day and a normal night. I can remember just what I was doing nine years ago today.

December 8—Fixed up the gym for the Christmas dance tomorrow night. I have a hunch that it is going to be a grand party.

December 9—Marilyn sure did look nice tonight. We did not have much time together except at the dance. Santa Clause was there and he even insisted on dancing with my girl.

December 10—Sunday again. Church this morning and inspection and parade this afternoon. These lucky men that have their girls here. I wish that I knew a town girl so that I could meet her after the parade every Sunday—oh my, what would Marilyn say about that.

December 11—Just four more days to go. I don't know whether or not I will last that long.

December 13—Everybody is beginning to pack to go home day after tomorrow and I am no exception.

December 14—Major Brown called me down to his office today and told me that I had been marked, Absent Barracks last night. I really did have a tough time talking my way out of that, but managed to convince him that the report was a false one.

December 15—The Big Day! We are all leaving. A seventeen day furlough—who says there is no such person as Santa Claus? Boy, I could sing "Jingle Bells" right now. So long, gang. See you again after the first of the year—until then, "Merry Christmas" and a "Happy New Year."

January 3—No more sleeping late. Well, it was a swell vacation while it lasted.

January 4—Starting to put my nose back to the old grind stone. At least work never hurt anybody.

January 5—My first chance to take a permit since I got back.

January 6—Time for drill. These squad problems sure are realistic. A good thing though, for the knowledge gained may come in handy some day.

January 7—Sunday. Nothing to do but relax and take life easy, at least when I'm not shining shoes.

January 8—I guess I have those Monday blues, classes seem to take hours.

January 9—Big doing! The Military Department announced that Orrin Tucker will play at the Military Ball.

January 10—Sad news today. We lost to Topeka in a swimming meet, but we're not through yet. The team looks pretty good, especially Van Wagner.

January 11—Special assembly today. Elmer Lower of Life magazine gave us the low down on the Korean situation. It was very interesting.

January 12—Got a letter from my girl today. She's coming up for the Military Ball. Hot dog!

January 13—Harry Wenner's dad died yesterday. My roommate and I sent a condolence letter.

January 14—Another Sunday. As that old saying goes, "Time, the tides, and Sunday parades go on forever."

January 15—Looks like the whole school has the Military Ball on the mind; and why not, its only three weeks away.

January 16—That boy Med Park was really hot last night against Kemper. Med scored 47 of the 70 points that we made.

January 17—Just saw the "Story of Wentworth," by Raymond W. Settle. Looks pretty keen.

January 18—Another Lieutenant Colonel has joined the Military Department. Not a new officer, just Major Thompson with a promotion.

January 19—The William Chrisman Bears beat the Junior Dragons tonight, 59-42, but Med Park hit 22 points just the same.

January 20—More bad news. Graceland outpointed the Senior Dragons, 71-75. Nevertheless, Bernie Landau made 20 baskets in pacing for our side.

January 21—Colonel Wells briefed us on the Advanced Guard problem today. I hope that I'm in the Point.

January 22—With the semester over we lost six cadets by graduation. I sure am sorry to see them go. However, their places will be filled by newcomers.

January 23—It was announced that A Company won the color company competition for the next three weeks, and no wonder they've been looking pretty sharp at parades.

January 24—John Thornberry of Radio Station WHB, gave a talk at today's assembly entitled "What's your gripe?". Also, Larry Barnica was awarded a Chemistry award, which he won by excelling in the subject during the semester.

January 25—Company basketball is really getting hot. "B" Company is looking pretty good. The big upset happened when a fighting "D" Company beat "A" Company.

January 26—With only a few seconds to go, Bernie Landau sunk a field goal to beat Kemper 40-39. The high school didn't do so bad either. The prep lads took the consolation crown at Chillicothe.

January 27—I just saw the story quoting Colonel Wells concerning co-education at military schools. I heartily agree with him.

January 28—Honor roll lists came out today. I barely made the special distinction column. Colonel Sellers just returned from a trip to Washington; it's good to see him back on the campus.

January 29—Helen Dowell was selected by movie star, Doris Day, as the battalion queen for the forthcoming Military Ball. The company queens are: Company A—Barbara Hunt, Company B—Shirley Baker, Company C—Teeny Washington, Company D—Janet Lewis (only girl to win twice in a row), Headquarters Company, Diane Miller.

January 30—St. Joseph, Missouri, Junior College beat the Senior dragons today, 49-62. The one bright spot, however, was that the Midgets, coached by Captain Helper, rolled out a 41-20 victory over Orrick. Sobush of the Midgets looked pretty professional.

January 31—Two awards for military merit were presented today by The Chicago Tribune. A gold medal was given to 1st Lieut. James H. Kent, and a silver medal was presented to Sgt. 1st class Victor R. Meline, Jr.

February 1—Sergeant Arbeiter, member of the Military Department, was transferred to Fort Benning, Georgia. Sorry to see him go.

February 2—Colonel Wikoff was appointed regional chairman of the Missouri Heart Association drive. The gym is decorated so elaborately that you couldn't tell that a basketball game had been played there last Saturday.

February 3—What a night! The Military Ball was a huge success. Orrin Tucker gave a grand performance. The Queens were all very beautiful, but I think my girl was the prettiest, even if she wasn't picked a Queen. I'm already looking forward to next year's ball.

February 4—The day after the night before. Good thing this is Sunday, or else I don't think that I would ever get up. I took my girl to church and we ate lunch at the Victory, but as all good things must end, this weekend has too.

February 5—Back to work. Studying the Missouri constitution in American history. It's pretty interesting.

February 6—Captain Lintvet left today. A reservist, he has been recalled to duty. He expects an overseas assignment.

February 7—Colonel Wells went to Kansas City to speak to the Mother's Club of Kansas City. With him went Lieutenant Bayazeed and Cadet Richard Elliot.

February 8—John Gehan is going to Kansas City to box in the Golden Gloves. He won his match in the preliminaries. We'll all be pulling for him.

February 9—The prep tank squad lost to Wyandotte high, 46-22. Had a treat for lunch. One of the boys at my table had a birthday. The cake and ice cream were delicious.

February 10—Good news tonight. Gehan won the 160 novice division of the Golden Gloves. I heard the news over the radio, blow by blow. The fight was also televised by WDAF-TV.

February 11—We were reminded today that the whole corps would go to Kansas City on February 22, to put on a show in the Municipal Auditorium.

February 12—The Midgets squad was picked by Captain Hepler, their coach. Two of my young high school friends made the squad and are quite thrilled about it.

February 13—I nearly went to the hospital today. The Honor Society list was chosen and posted and lo and behold, I made it. Never thought I could do it.

February 14—There is not too much joy at Wentworth today. The boys from Boonville took two out of three athletic events. The Rifle team and prep wrestlers lost their matches, but the college wrestlers overcame the Yellowjackets in their contest.

February 15—Rumor has it that President Truman's nephew will attend Wentworth next year. It seems like we will have a celebrity among us.

February 16—Wentworth Dragons outpointed the Graceland quintet, 54-53. This makes up for an earlier loss to the Yellowjackets.

February 17—The "W" Club show, the Whiz-Bang Follies, is to be held April 6, I guess I'll have to talk to Duchess about a part.

February 18—Nothing to do this afternoon after parade, so I sat down and wrote an editorial for The Trumpeter. I hope that Captain Pirhalla likes it.

February 19—Rules for spring furlough were announced today. I'll have to write home for the folks to send a letter to Major Brown authorizing my trip home at that time.

February 20—Dad wrote and said that he had arranged for me to go see the doctor in Kansas City tomorrow. A oneday holiday free of charge.

February 21—I left for Kansas City right after my first period class. I didn't want to miss American History. After my appointment I had some time on my hands so I saw a show called "The West Point Story." It reminded me of Wentworth.

February 22—Captain David Rea has been picked to take over the job left vacant by Captain Lintvet. I understand that he is a former Wentworth cadet.

February 23—M.M.A. defeated the wrestling and swimming teams down at Mexico, Missouri.

February 24—Again this year, the rhyming postman, Joe Mussatto, gave several readings before the corps. That "Casey at the Bat," sure is good.

February 25—Jimmy Outersky was made a "tac" officer. He looks pretty sharp in his new uniform.

February 26—I ate at the Victory today. The occasion was the Kansas City club dinner. Charlie Mulloy was elected president of the club. We voted on and approved another club dinner in May.

February 27—Two men were placed on the all-star team, they were "Sure-shot" Landau and "Shurty" McKim. Those receiving honorable mention were, Joe Sepmefski, Harry Wenner and Bennie McAlister.

February 28—I received a letter from home saying that I can go home for spring furlough. Just found out that the annual Government Inspection would be sometime in April.

March 1—Just three months till we get out, and only one week until spring furlough. I guess that I will make out a list of the things that I will take with me at furlough time.

March 2—Had a big test in history. Boy, can these instructors give the tests! I rate a permit tonight. I think that I will use it to the best advantage. I will go to bed and catch up on my sleep.

March 3—Oh boy! Saturday. Today we engage in military exercises for one hour and then we have a practice parade. I will have to write to my girl tonight or else she will start looking around for a more faithful correspondent.

March 4—Got up at nine o'clock this morning. My roommate and I got the room cleaned and we hurried off to church. I did not get my letter written to my girl last night, so I will have to write it tonight.

March 5—Today was just wonderful. All my classes were just fine. The instructors were in a good humor. Spring is slowly on its way I think, I saw some redbirds this morning.

March 6—Well, the weather has turned cooler. Maybe winter isn't over after all. Had a nice physics test today.

March 7—Had to go to Kansas City to have my teeth worked on. Saw "Dancing in the Dark." Had a nice big juicy steak and then caught the seven o'clock bus for Lexington.

March 8—"Freedom." As soon as breakfast was over, I hurried back to the barracks and checked out for furlough. I was one of the lucky few—no classes. I went into Kansas City and caught a street car for my dentist's office. I had one tooth bothering me. The street cars in Kansas City are modern. They have radios in them and play popular and soft music all the time. After I was through with the dentist, I met two of my friends. They had just arrived in the city. We had dinner together and then attended a show. At four o'clock I decided to leave and go to the train. I wished them a farewell and departed.

March 9—I arrived in Alexandria, Louisiana, at six o'clock. There were my aunt and uncle waiting for me. It sure was good to see them. One year sure does make a big difference. The weather was wonderful. The grass, flowers and the leaves on the trees were out. I ran around in "T" shirts all the time. Had a most wonderful "Louisiana Fish Fry." I have never seen so few people eat so many fish.

March 10—Time 8:00 a.m. whew! I am still full of fish. Just couldn't sleep away any of my most wonderful precious furlough time. What do I find in my cereal bowl—a nice big fried fish. I think I shall never want to eat or see another fish again. Had the car all day. My uncle came home with a big surprise. He drove up in the driveway with a new 1951 Cadillac convertible. Just what I have dreamed of owning some day.

March 11—Just one more day left. My, how the time does fly. The time is now 7:00 a.m., and we are up and dressed. My aunt and uncle are going to take me to the most beautiful capital building of the forty-eight states, the capital building of Louisiana, in Baton Rouge. We went up thirty stories and then I took pictures of some oil tankers on the big old Mississippi River. We had a picnic lunch and then started back home. I did the driving. I have never seen so much rain. I think that they have big buckets filled with water that they turn over when they want rain.

March 12—My last day. I have never spent such a wonderful five-day furlough in my life. I went down town and did some last minute shopping, then I went back to the house. My aunt and I made some divinity and buttered and salted some pecans. Five pounds to be exact. Next to Mom, my aunt is the best cook in the world. Time 7:30 p.m. We are loading my stuff in the car. I have to leave this wonderland in just 35 minutes. But Mom, Dad, sis, my nephew and I will be back just as soon as May 28 rolls around.

March 13—I arrived in Kansas City about ten o'clock this morning. Same old place. It sure is hard to believe that yesterday at this time, I was 800 miles south of here where it is nice and warm. I caught the two o'clock buss for Lexington.

March 14—The old grind again. Oh well, just 75 days 'till graduation. The instructors felt the very same way as we did. Why did it all have to end so soon?

March 15—I took a permit and went to bed. That bed sure did feel good. I wrote a letter to the folks telling them about the nice time I had over furlough. I also wrote to my aunt and uncle thanking them for the most wonderful five days of my life. Just one week ago I shouted "FREEDOM" for five days. My, the time sure does fly by! I hope that it goes as fast from now to the end of the school year as it did over furlough. Received a letter from Mom and Dad. They bought me a new car. I sure do hope that May hurries up and gets here.

March 16—Wrote an eight page letter to my girl and one to my sister. Then I went to bed. I am slowly catching up on the sleep that I lost over the furlough.

March 17—Only one class and two hours of drill this afternoon. Drill—what a dreaded thought. It won't kill me (I hope).

March 18—Sunday—THE DAY OF REST. I woke up at nine and my roommate had already started on the room. I watched television all afternoon and most of the evening.

March 19—Had a test in physics today. I am glad I studied for it. Missed one question. I wrote letters this afternoon.

March 20—One week ago today we had to return. I am glad that I do not have to go through that day again. Of course, when a fellow returns to the regular routine, he doesn't mind it too much.

March 21—Went into Kansas City today. Had my teeth worked on. About three o'clock I got a funny feeling in my stomach. I saw one of the faculty officers and rode back with him. On arrival I went to the hospital. I stayed there for two days.

March 22—I am still in the hospital. It is not too enjoyable, being on my back. I received a letter from Mom and they have put 500 miles on my car. Wyoming is having wonderful weather.

March 23—I spoke too soon. The weather report said that Wyoming was having a snowstorm and high winds. Sure do wish that I could be there now. I was released from the hospital today. I feel like a new man.

March 24—Only one more week 'till April. It will not be too long 'till May. That month should pass very rapidly. Hope so anyway. A group of cadets and I went to the show. Tomorrow is Easter. I think that I will call the folks tonight.

March 25—Easter, the last Sunday in March. Today is a beautiful day. We did not have to wear our overcoats. In fact it was quite warm. We had a very nice Easter service, at church this morning. The first outside parade was held today. I was glad, as I think the outside parades are beautiful.

March 26—Today is the last Monday in March. My, how time flies. For once, I did not hear first call this morning. That is something unusual. The golf truck came for us and we had a wonderful time out at the golf course.

March 27—Had a "pop" test in physics and I hope that I passed. I will have three tests tomorrow. The weather is getting better all the time.

March 28—Just two months ago, I turned the ripe plucking age of 18. So far I have not heard from the friendly draft board. We had an assembly today that was very good. We had two accordion players play for us. The cadets called them back for three encores.

March 29—The weather has changed so much in the past few days that it is unbelievable. The carpenters are doing some repairing and painting on the campus.

March 30—Had two hours of band practice today. We are getting ready for our spring concert. It looks as though the band will have an excellent spring concert this year. We had a track meet today.

March 31—The last day of this month. Glad March is out of the way. Just 58 days left. Have to write to the University of Wyoming for a catalogue. We had another track meet today.

April 1—After our Sunday parade this afternoon, the entire corps of cadets and all the faculty had their pictures taken as a group. The taking of this panoramic picture is an annual event.

April 2—More pictures! Today was what is known as "picture day." Pictures were taken of all the different groups, such as the companies, band, Honor Guard, Phi Theta Kappa, etc., for the annual view book.

April 3—The "W" Club fete is just a few days off now and everyone is anxiously awaiting the big show and dance.

April 4—With "W" Club initiation this week, all new members are carrying eggs to be signed by the instructors. They surely look silly!

April 5—Cadets Donald Bishop and James Helmandollar are compiling a student directory which will list the names and addresses of all the cadets in the battalion.

April 6—The "W" Club presented its annual "Whiz Bang Follies." In the opinion of many, the show was bigger and better than ever. To the "Duchess" and all her assistants, goes a great deal of praise.

April 7—At chapel today, the newly selected members of Phi Theta Kappa and National Honor Society were initiated into their respective organizations.

April 8—Sundays are nice. All I did today after parade was watch television on Claude Heath's new television set.

April 9—I spent a lot of time in the library this afternoon. With all of the magazines and newspapers that the school gets for us, it's easy to keep up with what's going on in the world.

April 10—The National Honor Society had its annual dinner-dance at the Country Club this evening. I understand it was quite the affair.

April 11—I got four letters today! That's the way I like to see the mail come in. Guess I had better get busy and answer some of them.

April 12—The first home track meet of the season, which was scheduled against Graceland, was postponed because of rain. It will be held on April 30.

April 13—I took a permit tonight and went to a movie. It was a "who-dun-it" mystery. Real good, too.

April 14—Today was the end of the fifth six week's grading period of the year. Only six more weeks of school until summer vacation!

April 15—The folks came down to see me today. It was a swell surprise! It won't be too long now before I'll be home for the summer.

April 16—My turn again. I pulled duty and spent the day in the recreation room. What a life!

April 17—Made an E on an algebra test today. Hope I can keep it up. That is the kind of grade I like.

April 18—Bill and I decided to take full advantage of our three rides offered for the academic year by venturing out to the Country Club for another horseback jaunt. Really enjoyed it!

April 19—The Government Inspectors arrived today. The band and Honor Guard were on hand to greet them. Everyone is on his toes and doing his best. With this kind of spirit, I am quite sure we will get a high rating.

April 20—The second and last day of Government Inspection seemed to be just as successful as the first. I believe the inspectors left, very favorably impressed with W. M. A.

April 21—The members of Captain Stagner's geology class left for a four day geology field trip into the Ozark region of southern Missouri and northern Arkansas.

April 22—There were a lot of "old boys" back today. After parade I saw and talked to some of them. It was surely good to see them again!

April 23—The Kansas City, Kansas, Junior College track team was here today to compete in track with our college team. We won, 94-42.

April 24—The college golf team went to Boonville to play the Kemper golf team. Sure hope we win!

April 25—The North Kansas City golf team arrived here today to play our high school golf team at the Country Club golf course.

April 26—We had no assembly today, four members of the Music Mads, who were to have been here were killed when their car was hit by a train at a crossing near Stanberry, Missouri, last night.

April 27—Some special orders came out today, promoting a few cadets in the battalion. Lucky guys!

April 28—Golf has taken the corps by storm this year. The Country Club is a popular spot this year.

April 29—My roommate and I elected to work on term papers today.

April 30—Today, we had a track meet with Graceland Junior college of Lamoni, Iowa. Graceland won, 81-55.

May 1—The band and Honor Guard went to Kansas City today to play and drill for the opening of the Kansas City Blue's home season.

May 2—The Wyandotte High School tennis team arrived here today to play our high school tennis team. It was a rough match.

May 3—I had a comprehensive test in Masterpieces of Literature today. That Captain Peelmen can surely make up hard tests.

May 4—Some of the members of the Trumpeter staff made a trip to Columbia, Missouri, for a meeting of college newspapermen at the University of Missouri.

May 5—We had a battalion problem at the battlefield today. It was quite a show with all of the realism of an actual battle!

May 6—The new cadets took over Sunday parade today. Some of the mistakes made were really quite funny.

May 7—The Cavaliers are booked rather heavily this month, playing for all sorts of proms and spring formals. I believe they're better this year than they've been for some time.

May 8—The Kemper Military School was represented here today in a high school track meet.

May 9—The Trumpeter was issued today, and there is only one more issue this year. I believe a great deal of thanks should go to Captain Pirhalla and all his staff for their fine work on this paper.

May 10—The golf course was flooded with golfers today. The day was perfect and everyone was taking advantage of the weather.

May 11—Our college tennis team went to Boonville today to play in the Interstate Conference tennis meet. I understand several state teams are entered in the match.

May 12—Tomorrow is Mother's Day and I must rush downtown after parade to wire home for flowers for Mom.

May 13—Gosh! I wish I could have been home for Mother's Day. Hope Mom likes the corsage I sent her.

May 14—It was announced today that semester and yearly tests would begin next Monday. As you can imagine, everyone was very pleased about this announcement.

May 15—We had a little free time today, so I took a few pictures of the campus and buildings. This campus is really beautiful particularly this time of the year.

May 16—All the cadets are happy because they have their reservations for the trip home, though all of them admit they will miss the other fellows.

May 17—We had a gentle rain. Just enough moisture to bring out the flowers and grass a little.

May 18—I took a supper permit tonight. Then I returned to the barracks to study. After all, the final exams are upon us and a fellow can't take chances.

May 19—The tennis courts were the most popular places on the campus this afternoon after drill. No wonder! A nice day like it was, everyone wanted to be outside.

May 20—Today is Sunday and there is only one more left this school year. Where has the time gone?

May 21—Final examinations are starting today and will continue all through this, the last week of school. Physics led my parade of examinations.

May 22—The band, under Captain Johnson, is working laboriously on its annual concert Friday night on the campus lawn.

May 23—All of the companies are going into their final preparations for field day Saturday morning. From all indications it should be very close.

May 24—Some of the fellows were in my room this afternoon. We had a long talk, thinking of all the good times we had this last year. Some of the boys are already looking forward to returning next year.

May 25—The band did an excellent job in giving its concert tonight. It proved that it is not only an outstanding marching band, but also a fine concert band, too.

May 26—Today was a big day. In the morning, field day; in the afternoon, Awards Ceremony; and at night, the Commencement Ball.

May 27—Chaplain Stafford gave a very stirring Baccalaureate sermon this morning. Governor McMath of Arkansas was the principal speaker at the Commencement Exercises tonight.

May 28—Today was the day of days! The final glad ceremony this morning was heart touching as all the graduates kissed the flag and all of the boys were together for the last time. But—until next year . . .
