

WENTWORTH MILITARY ACADEMY

ESTABLISHED 1880 — LEXINGTON, MO.

HIGH SCHOOL AND JUNIOR COLLEGE

WENTWORTH'S PURPOSE

It is the purpose of Wentworth Military Academy to provide the best conditions possible for the all 'round development of worthy boys and young men.

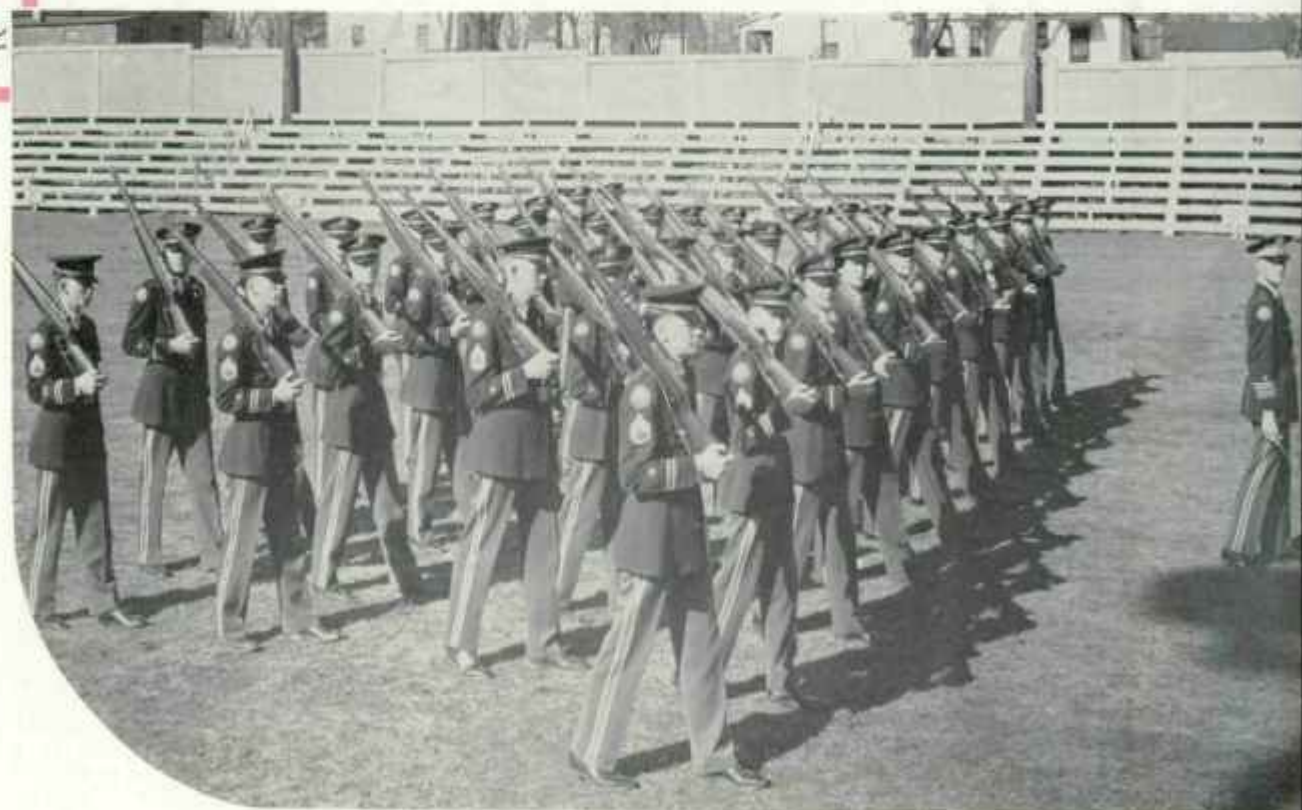

To attain this high purpose, the Academy places greatest emphasis upon these four points:

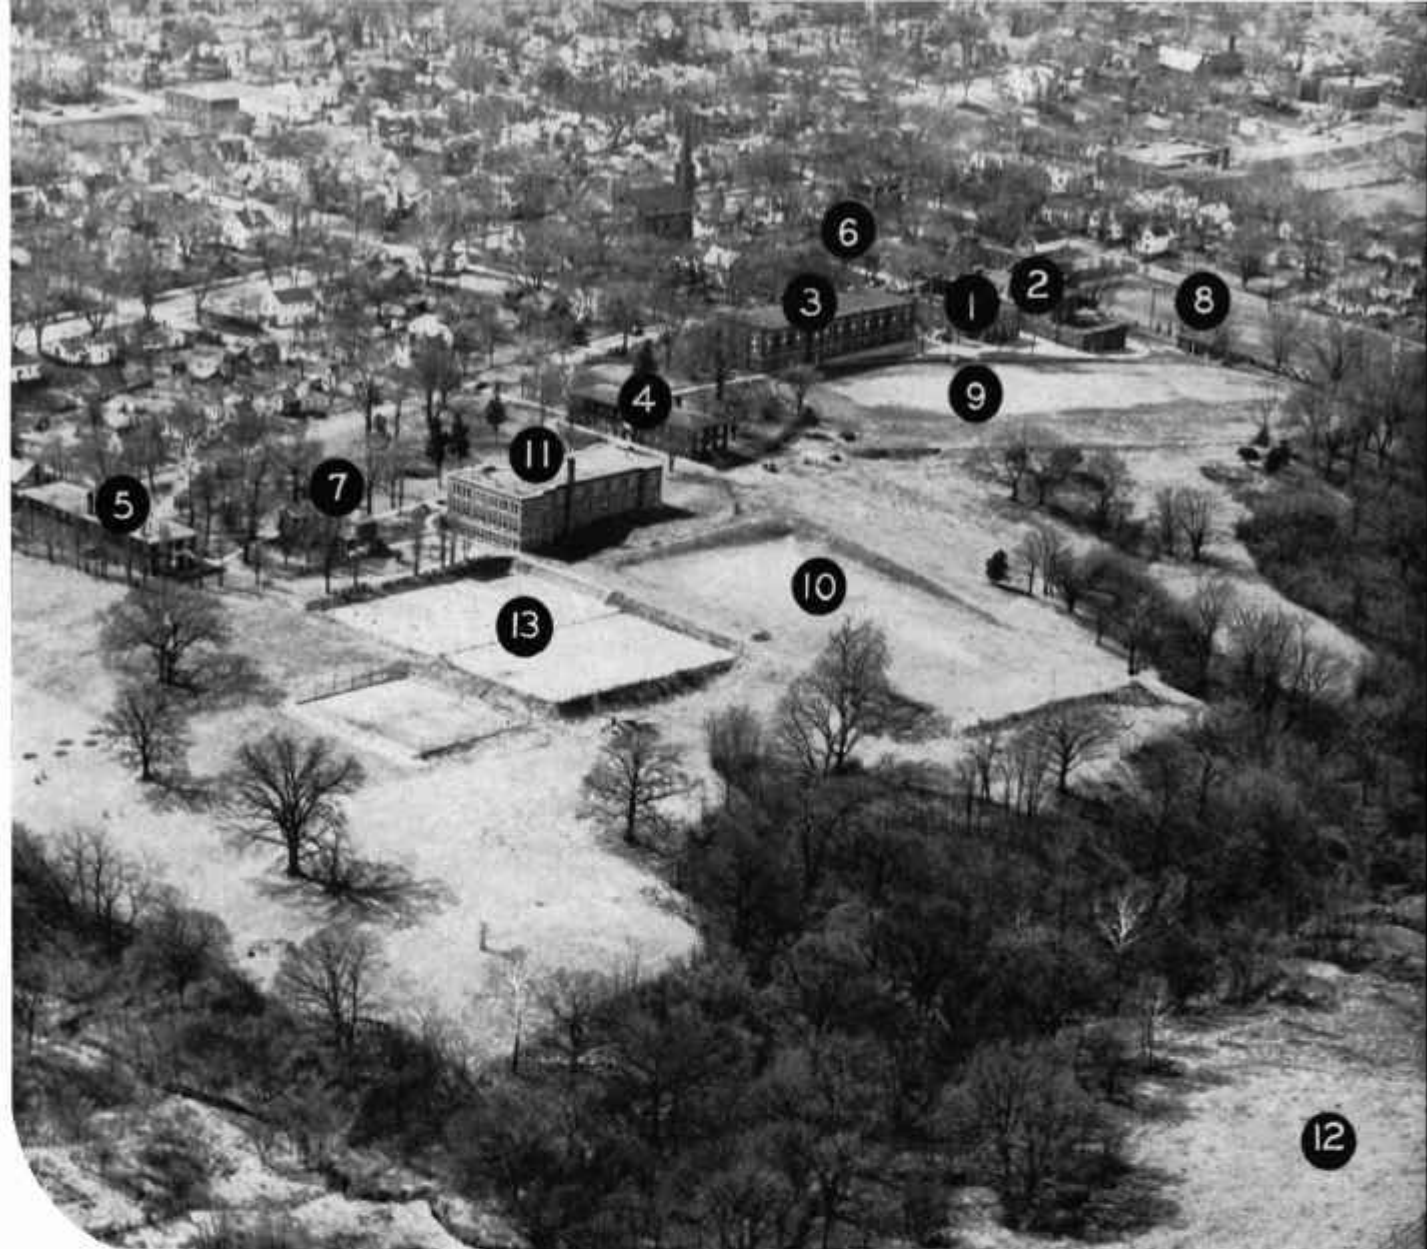

First, it is the Academy's aim to assemble only the highest types of students—deserving youths of good parentage—to assure wholesome associations and greater progress. Every precaution is taken to keep undesirable boys—all those that might prove detrimental to others—out of the Academy.

Second, to employ only men of highest character and ability for its faculty. It is not enough for a Wentworth faculty member to be merely a scholar and a splendid instructor. He must also possess a spirit of friendliness and a sincere desire to give kindly help whenever necessary. He must thoroughly understand the innermost problems of boys—be patient with them—and be ready to serve each boy to the best of his ability.

Third, to provide the very best equipment throughout every department to the end that every boy will have all those things necessary to his health and happiness and that none shall want for anything that will help him to make progress.

Fourth, to provide a program for each day that will best serve the interests of every student.

*Colonel James M. Sellers, A. B.,
Superintendent.

Wentworth 1912, University of Chicago, A.B. 1917, Phi Beta Kappa 1916; Sigma Xi; Beta Theta Pi; Major U. S. Marine Reserve 1917-1920; Distinguished Service Cross; Navy Cross; Silver Star; Purple Heart; Croix-de-Guerre; Past President of Association of Military Colleges and Schools of the United States; Past Grand Master of the Grand Masonic Lodge of Missouri, A. F. & A. M., and Past Grand Commander of the Grand Commandery of Missouri.

From the beginning the late President Sellers surrounded himself with the ablest faculty available—strong men of proved qualities and Christian character. Under his wise and forward-looking direction, Wentworth has grown steadily. Each year has shown marked improvement over the preceding year. Today Wentworth stands as one of the truly great educational institutions of our country—second to none in the opportunities it offers boys and young men for thorough preparation for professional studies, business and for life.

*Colonel L. B. Wikoff, A.B., S.B., in Ed.,
Treasurer and Business Manager.

University of Missouri, A. B., S. B., in Ed., 1915; graduate work, University of Chicago; Past Governor Rotary International, 1936; Past President of Missouri State Chamber of Commerce. Came to Wentworth as coach in 1915 and has since served in various capacities continuously.

SINCE EIGHTEEN EIGHTY

One of the chief reasons why Wentworth has been able to achieve its lofty purpose lies in the fact that the Academy has been under one continuous administration since its founding. For nearly three-score years, Colonel Sanford Sellers was president of Wentworth. He enjoyed one of the most enviable records in the history of American education.

The Academy was founded by Stephen G. Wentworth, scion of a distinguished English family and a prominent Lexington banker, in 1880, as a memorial to his deceased son, William Wentworth. Mr. Wentworth immediately vested control of the institution in the hands of a board of trustees composed of a duly elected representative of each of the Evangelical churches of Lexington, and a president. Colonel Sellers was called to the new school in its first year and remained as its active head until 1938. Mr. Wentworth served as president of the Board from 1880 until his death in 1897.

It was the firm conviction of the founder, his board of trustees and President Sellers that a military boarding school provides the most effective possible means for giving young men the thorough mental, moral and physical training necessary to develop in them the highest traits of manhood. Thus, Wentworth became the first military school in the Missouri River Valley.

AN HISTORIC BACKGROUND

Throughout over half a century the Wentworth purpose has remained unchanged. The ideals which led to the Academy's founding and which have carried it steadily forward, shine just as brightly today as ever: the desire to give each youth every opportunity to develop fully his own individual personality; the aim that every cadet shall acquire a keen sense of duty and responsibility, both to himself and toward others; that he shall have the mental and moral power to make accurate judgment between right and wrong and the physical power to stand by his convictions.

These high standards have dominated Wentworth for generations. But to maintain them and assure their full and continuous application, it has been found necessary to limit the enrollment. Wentworth today is a relatively small school—many times larger than in 1880, to be sure, yet small enough that every individual student is given the private attention so essential to his all-round development.

The surrounding country affords a wealth of historically important Civil War sites and the town of Lexington itself retains much of the tradition of the old south. Here enthusiasm for the reminders of our country's glorious past is combined with the enthusiasm for modern adventure to promote the rapid development of the boy's mental, moral and physical resources.

★ The Missouri Old Santa Fe Trail Marker in Lexington.

★ A Beauty Spot on the Wentworth Campus.

The modern, prosperous little city of Lexington is 41 miles from Kansas City, "The Heart of America." This proximity makes available by train, motor car, bus and air all the desirable cultural advantages of a large city without any of its disadvantages.

★ The Historic Old Court House in Lexington. Notice the cannon ball near the top of the first column—fired during the Civil War.

(1846-1938)

★ President of Wentworth Military Academy from 1880 to 1938.

YESTERDAY

Above is pictured the first company ever assembled at Wentworth. From this humble beginning, the Academy has marched forward over a trail of development that has placed it in the front rank of America's best military schools.

and TODAY

The Wentworth Military Academy of today is vastly different from the Wentworth of 1880. From year to year it has enlarged its facilities, increased its enrollment and changed its physical appearance until there is little to remind one of the early days. Numerous modern and attractive buildings have been erected as they were needed. Old buildings have been torn away when they were no longer useful. Spacious military and athletic fields have been added. One of the finest gymnasiums in the country has been built. Every new method in teaching that has been found definitely superior to older methods has been adopted. Yet, some of the fundamental principles that guided the first company are adhered to just as strictly today.

* Officers Front and Center

* The indoor rifle range where every cadet learns small arms firing.

MILITARY DEPARTMENT

MILITARY training at Wentworth has always been a strong feature, but it is never permitted to interfere with the scholastic work of the Academy. It can be shown, moreover, that military discipline has a decidedly advantageous effect upon classroom work.

In recognition of the superior military work done at Wentworth, in 1889 the Academy became a post of the Missouri National Guard. Graduates of the Academy who resided in Missouri, became eligible for commissions in this organization.

Wentworth has been under the direct supervision of the War Department of the United States Government since 1895, when the first active army officer was detailed to the Academy. Now 3 officers, 4 non-commissioned officers and one civilian assistant are in charge of military instruction. In addition, the War Department furnishes around \$50,000 worth of equipment to be used for instruction purposes. Wentworth is one of the original Honor Schools of the United States, the highest rating given by the War Department. The Academy has been a unit of the Reserve Officers' Training Corps from the time that organization was established.

Class in First Aid.

Instructions and demonstrations in all the Infantry Weapons.

* This monument, erected on the campus by the Alumni Association, to the memory of Wentworth cadets who died in the World War No. 1, typifies the loyal spirit of generations of former Wentworth cadets.

* Patriotism is no sham at Wentworth. Every cadet is taught the real meaning of our flag. Each day, with appropriate ceremonies, the Stars and Stripes are raised and lowered on the towering flag pole.

* In this view of the main lobby of the Administration building cadets are shown admiring a replica of the Declaration of Independence and Constitution donated to Wentworth by the late Mr. L. Fred Evans, Vice-President of Emery Bird Thayer of Kansas City.

ADMINISTRATION BUILDING

Within Wentworth's Administration Building are handsomely furnished parlors, corridors and reception rooms. Among its furnishings and decorations students and guests alike find many articles of interest and rare beauty. Its comfortable furnishings amid peaceful surroundings afford a homelike atmosphere where the new cadet readily adapts himself to a wholesome, happy experience. Here in an atmosphere of quiet dignity, every student is privileged to entertain his guests or to spend his leisure moments as governed by his daily schedule. None of the comforts of the modern home have been excluded in Wentworth's plan to provide the finest training and quarters available.

* (Above) The corner of one of the attractive parlors where cadets receive their guests.

* (Right) This view partially illustrates the homelike surroundings of the reception rooms.

About the **CAMPUS**

★ Marine Hall.

Nature and man have joined forces at Wentworth to produce a campus of outstanding beauty. Magnificent trees, of many varieties, blend in perfect harmony with modern, attractive buildings and spacious grounds. The Academy is located just at the edge of Lexington and covers 52 acres. The front campus extends over four city blocks and is dotted with massive elms and glorious flower banks that provide enchantment and inspiration. The back campus includes athletic and military fields and the new stadium. There are eight thoroughly modern buildings on the campus, each built for the exact purpose it serves. They are of brick and stone construction and are heated by steam and hot water.

★ In the shade of the elms.

★ "B" Barracks.

★ A part of the Quadrangle where the Wentworth Battalion assembles.

* Looking over the River from the Wentworth Country Club Porch.

THE WENTWORTH COUNTRY CLUB

Located on one of the most beautiful spots overlooking the Missouri River, the Golf Course and Country Club add variety to the many facilities available to the Wentworth students. The nine-hole golf course is most attractive and sporty. The club house, with its catering equipment, is ideal for many informal parties held throughout the year. And in the stable are found horses suitable for the tyro as well as the expert rider.

* Teeing Up

* Two stylish mounts. Every Wentworth student will ride.

* Interior of the Club House—available for many informal gatherings.

* One of the spacious, well lighted and immaculate corridors in the Sellers-Wikoff Scholastic Building.

SCHOLASTIC

Wentworth's up-to-date Sellers - Wikoff Scholastic Building is the nucleus of the scholastic department. This magnificent structure contains one of the most splendid libraries possessed by any institution of this kind. Four completely equipped laboratories provide excellent facilities for the practical study of the sciences. In addition to classrooms for all classes, it houses the Dean's and Commandant's offices. It is with justifiable pride that Wentworth points to this new achievement in its effort to provide surroundings which are conducive to academic advancement.

* The attractive library contains thousands of volumes, providing every necessary supplement to the student's texts and manuals.

* Visual Aids are being used to a great extent to supplement lectures by instructors. The Academy has the best equipment available and has established a liberal budget for rental of motion pictures for class work.

★ Sellers-Wikoff Scholastic Building.

Geology is a science of particular interest to boys of the midwest.

DEPARTMENT

The scholastic department is divided into two separate and distinct units: the high school, which offers four years of preparatory work, and the junior college, which offers two years of liberal arts and science. Each has its own

organization separate from the other. Both divisions are fully accredited by the North Central Association of Colleges and Secondary Schools, an organization composed of the leading colleges and preparatory schools in twenty states. This recognition means that graduates of either department are eligible to enter any institution in the United States that receives students by certification.

It is our aim to see that each cadet masters every lesson thoroughly. To accomplish this, every student is taught correct study methods and thoroughly schooled in correct uses of libraries and laboratories. Classes are small, averaging from 8 to 15 students, which permits individual attention. Most of the faculty members live in the buildings with students. They are readily accessible for special help. From time to time a personal study is made of each cadet to determine his points of weakness and help him overcome them.

★ The laboratory for elementary classes in chemistry provides many costly instruments not provided for in many schools but which Wentworth believes are important to the proper study of chemistry.

★ The laboratory for the advanced chemistry classes is even more completely equipped.

A view of planes and hangar at the Lexington Wentworth Airport.

Major W. Lowell Stagner,
Wentworth Aviation Director.

(Below) Wentworth Flying Cadets and their instructors in front of one of the ten planes at the field.

AVIATION FLIGHT TRAINING GROUP

AVIATION

Wentworth participated in the Civil Aeronautics Administration Civilian Pilot Training Program from its inception in 1939 through the change to C. A. A. War Training Service until June, 1943, when all but 80 out of 712 colleges and universities throughout the country were eliminated due to curtailment of this type of training. However, the academy administration, believing aviation training to be very important now and in the future to the youth of the nation, secured permission from C. A. A. officials to continue flight training on a civilian basis and at the expense of the trainees.

Wentworth operates in conjunction with the Earl Haines Flying Service at the Lexington Airport as a certified flying school fully approved by the C.A.A. The flight training program, including ground school, far surpasses the minimum requirements set forth by the civil aeronautics administration qualifying cadets for Private and Commercial Pilot Certificates. It consists of instruction in both dual and solo flight time.

The records of the graduates of the Wentworth Flight Training are outstanding. During the war the graduates of this training program fought on every front where Americans were in combat.

Flight Operator Vernon Van Camp instructing cadets in aircraft engines. A fully equipped shop and hangar are maintained at the airport.

Flight Operator Van Camp looks on as Instructor Paul Thomas gives final instructions to cadet before take-off. Not one student flyer has suffered an injury since the start of the program in 1939. Captain Steve Hegbin, ground school instructor, supervising a class in navigation and giving personalized instruction to aviation students.

From REVEILLE
TO TAPS

A DAY

AT WENTWORTH

NO TWO days at Wentworth are quite the same, for a widely varied program of scholastic, military, athletic and other activities is used to keep the interest of the cadets at high pitch and their appetites for learning well whetted. Furthermore, no two students have quite the same duties to perform throughout any given day. There is, however, a definite routine that all cadets follow each day. It is used to instill perfect regularity and promptness in attendance upon all duties prescribed for one and all cadets alike.

While it requires some adjustments for new students to become accustomed to this routine, any slight hint of monotony is soon lost in the kaleidoscopic whirl of the school year.

To give parents and others a better insight, the following pages have been used to set forth, pictorially, the day's activities from Reveille to Taps, of a typical Wentworth boy whom we will designate as Cadet Harlan.

The pictures in this section were taken several years ago. However, since they illustrate life at Wentworth of today, they are still timely. They are retained because so many of the cadets shown served in the Armed Forces of their country and so well illustrate the value of military training as received while at Wentworth.

Since the importance of military preparedness is becoming increasingly evident by the changing world situation, the training illustrated in this picture section has a special significance.

There have been some uniform changes as may be seen by referring to the section on Wentworth uniforms.

* Harlan—a typical Wentworth cadet.

HERE is Harlan, a typical Wentworth cadet—a fine young American—manly, scholarly and upright. His respect for duty and responsibility has won for him the rank of sergeant. He may have come from a large city or a very small town—that makes no difference to the democratic spirit that prevails at Wentworth. He may be from a wealthy family or a family in meager circumstances—most of his classmates would never know, nor even be curious, unless he chose to tell them. But he typifies all the fine qualities of a deserving and ambitious youth as he goes through the tried and age-proved Wentworth process of becoming a real man, a real asset to himself, his family and friends, and society as a whole.

Harlan, like all the others, participates in many activities besides those shown. But let's follow him through a typical day.

★ ★ ★

Harlan "Butch" Heffelfinger, who graduated in the class of 1937 and posed as the model cadet in the view book, served as a Major in the last war.

His brother, Hugo, another Wentworth alumnus, also a Major, and served with distinction with the Rangers.

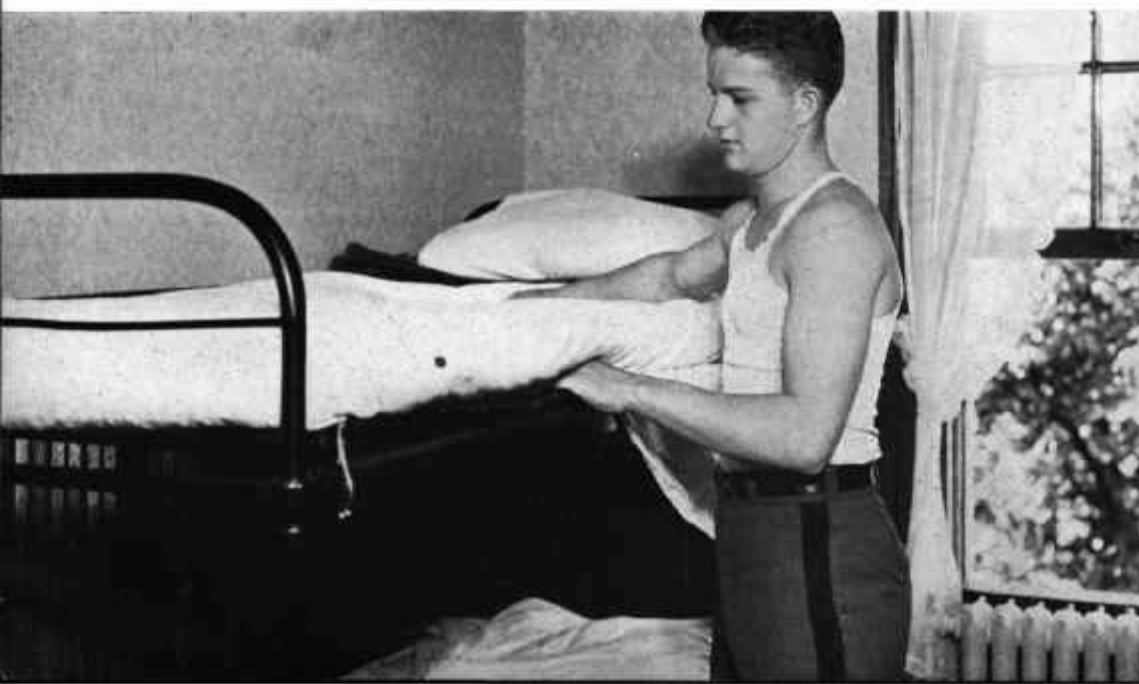

Artie Heffelfinger served with the Navy Air Corps as an Ensign.

* Harlan's first duty is a thorough, refreshing wash before breakfast.

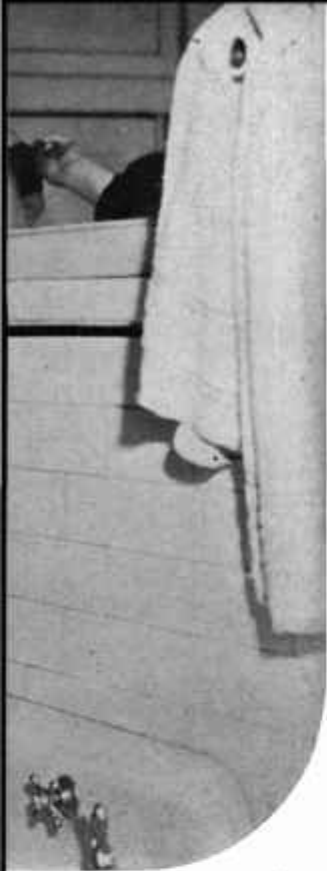

"CAN'T GET 'EM UP," blows the bugler, but he does, and at 6:35 o'clock another day is under way. Cadet Harlan goes first to the sanitary lavatory on his floor. A good washup is part of the routine, for a cadet is expected to keep himself clean at all times. At 6:50 he goes to a well-prepared breakfast.

After breakfast, rooms must be cleaned. One of the basic aims of our system is to form personal habits of order. Each morning Harlan makes his own bed, puts his clothes in order and helps his roommate clean the room.

* Harlan makes up his own bed.

Strict inspection of quarters is a daily routine. Formal inspection of Harlan's person, room and equipment occurs on Sunday morning. At this time unusual care must be taken in cleaning the room. Our friend sees that hidden corners are carefully dusted, chairs polished, and everything put in order. Then he takes care of his person. There's brass to shine, leather to polish, hair to brush, and whiskers to be removed. A certain time is allotted for this preparation and all work must be done within that time. This young fellow knows that any deficiency in this work receives what is known in Academy language as a "skin"—which counts against one's company in color competition.

*Harlan is ready for the inspector — brass gleaming, shoes shined—room as clean as the proverbial "hound's tooth."

* Here Harlan delves into things scientific. Modern equipment is provided for all laboratory work.

AT 8 O'CLOCK in the morning, classes convene. Harlan makes his way to a small class on his schedule where personal attention is his at any time it is needed. Our cadet is carefully instructed in the handling of delicate scientific equipment. He is not forced to grope blindly for information. That which is true of the science laboratories is equally true in all other classrooms.

Time passes rapidly in the classroom or laboratory because the work is interesting. The scholastic day is divided into two equal parts, with four classes in the morning and two in the afternoon.

*Our Cadet goes through a course of calisthenics to promote grace and health.

All the cadets shown in the picture were in the Armed Service.

CALISTHENICS play an important role in the physical education of Cadet Harlan. No effort is made to indulge in this or any other exercise in the early morning hours when the body is at its lowest ebb. All such exercises are taken by our cadet after a hearty breakfast and morning classes. The exercises are intended to promote graceful movement as well as better health. The calisthenics used by the United States Army are followed. They are led by senior cadet officers.

So long as the weather permits, the calisthenics are held in the open, but they are taken in the large gymnasium, where an entire battalion may take part at the same time, when rain or cold is in the air.

*The ten excellent tennis courts are always popular.

* Cadet Harlan reports to the Professor of Military Science and Tactics for drill duty.

Cadet Lieutenant Jack Remsdell commanding the platoon shown in these two views, participated as an officer in the landing on North Africa. He was decorated with the Silver Star for heroism in action and Purple Heart.

DRILL is a very formal affair. It is on the drill field that Harlan learns much of courtesy, discipline and alertness. He, with his entire battalion, is thoroughly schooled in good citizenship, taught the proper respect for superiors and trained in leadership.

Learning to drill a squad is the first training in leadership. Throughout the year squad drill and competition is a part of the regular military routine. The squad is the smallest military unit and consists of nine to twelve men, two of whom are sergeants. All instruction is conducted by cadets under the personal supervision of members of the military faculty.

Although military work takes but one hour each day, the training is intensive and much more thorough than that found in larger units. Personal attention is given the individual cadet on the military field as well as in the classroom, and each cadet has an equal chance to advance to important positions in Wentworth's military realm. In the army, the navy and the marine corps Wentworth is glorified by its alumni who have received their commissions and are distinguishing themselves in official capacities of these respective branches of service.

Like many other cadets, Harlan finds the extended order drill more interesting. This drill consists of combat methods. He is taught to make use of cover, to advance and to fire. No actual firing is done during this drill, however, for all the ammunition used is dummy material. Initiative and leadership are required in this work. Situations arising in the problems furnished by the War Department call for quick thinking and immediate action.

Here our typical cadet finds extended order drill interesting and instructive.

The Cadet Officer using the field glasses was Captain Woodrow Wylie, U. S. Army, who participated in the fight on Bataan.

The cadet about to insert the cartridge in his rifle is Lieut. Colonel Milton Moran, U. S. Marine Air Corps. He participated in considerable action in the South Pacific.

★ Eating—an always-popular "sport" with Herlan and his fellow cadets! Meal time is always a time for good food and good fellowship.

The Faculty Officer at the head of the table is Captain Robert D. Hepler, assistant dean. The lady is his wife, Mrs. Beth Hepler, the academy's hostess and social director.

FOLLOWING the morning classes comes lunch time and our cadet is ready to eat. Academy menus are always varied and pleasing. Meals are carefully planned to suit the needs of all cadets. They are healthful and nutritious and just what active, hard-working boys require. Meal times are at 7:00 in the morning, 12:10 and 6:10. This schedule is varied only on Sunday, when dinner becomes a more elaborate meal served at 12:30.

After dinner there is a recreation period during which Herlan and other cadets may do pretty much as they choose. The recreation room is a popular place at this time.

★ BREAKFAST

Grapefruit Post Toasties
Hot Cakes Bacon
Milk Coffee

★ DINNER

Swiss Steak
Buttered Carrots Mashed Potatoes
Combination Salad
White - Whole Wheat - Rye Bread
Cherry Pie
Iced Tea

★ SUPPER

Salmon Salad
Creamed Peas Fried Potatoes
Pickles
Whole Wheat Rolls
Bartlett Pears
Milk

*Maybe Harlan is "behind the 8-ball" here! Like all other cadets he takes part in zestful competition in the recreation room.

*The television set in the recreation room enables cadets to enjoy their favorite programs.

THE recreation room proves a haven of rest, relaxation and zestful indoor competition. Pool, billiard and ping-pong tables are provided. A few try their hand at bridge, while others read, or relax in comfortable chairs.

*(Right) Our friend attends a chapel period, held twice each week.

*(Below) "We must get in there and fight!" says Harlan as he makes a short "pep" talk on the eve of a game.

CADET HARLAN attends interesting, informative and inspirational meetings in the chapel, immediately before lunch on Wednesdays and Saturdays. These meetings are conducted by the Academy Chaplain, but are not strictly religious. Travel talks, health lectures, scientific demonstrations and short sermons, presented by outstanding speakers, are frequently on the program. The service is opened with a hymn, prayer and responsive readings, and closed with the singing of "Wentworth," the Academy song.

"Pep" meetings, preceding important athletic contests, are held in the gymnasium. These are always occasions of great fun. Students and faculty make rousing speeches. The cadet band furnishes gay, martial music and everyone anticipates the big game on the morrow. Athletic contests are important recreational events. Every cadet attends them.

*While a majority of the faculty members live in the barracks with cadets, some live in residences such as this on the campus.

*All shined up for Sunday inspection.

*Our Cadet receives personal attention from a faculty member in the library.

In this picture, the Tactical Officer, James Simmons, graduate of Wentworth, is now a Lieut. Col. in the United States Army. He participated in the capture of Attu and Kwajalein.

Next to him, Lieutenant Orman, paratrooper, who took part in the Sicilian campaign and the capture of Naples. On the right, Captain James L. Gist, Army Aviator.

PERSONAL attention is not confined to the classroom nor to the evening study periods. Harlan and many other cadets seek assistance in the spacious Academy library. The faculty officer in charge is always ready and willing to help any student, no matter what his problem. Whatever the subject, the faculty officer is qualified to give the guidance needed.

Wentworth's library is one of the most important places on the campus. It contains more than 10,000 books on nearly every subject one could imagine. Reference books include the famous Oxford English Dictionary and many sets of encyclopedias.

*Harlan plays football—and mighty well, too! No wonder! His uncle was an All-American at Yale.

*In winter months our boy turns his attention to basketball and other indoor sports.

TRAINING for leadership is important on the football field as well as everywhere else at Wentworth. More than fifty cadets answer the varsity call each year and large squads turn out for company teams. All players receive intensive training, both in the art of the game and in clean sportsmanship.

Football ranks as the number one sport and the Red Dragon elevens are consistent winners. The fine spirit of players and corps is credited with being a strong determining factor in every contest.

In the winter months basketball comes into the spotlight. Again there are the varsity and company teams and a place for every cadet who desires to play. Home games are played in the spacious gymnasium where there are two courts and ample space for spectators.

Wentworth is a member of the Junior College Interstate conference, an athletic association numbering seven schools as members. The Wentworth High School teams are members of the Pony Express Conference of Western Missouri. Almost every major and minor sports are on the Wentworth program—all played under competent coaches—and every cadet is required to participate.

*The gymnasium is 220 x 55 feet. It contains two regular basket ball courts, a large stage, a swimming pool 20 x 60 feet, locker rooms, showers and gymnastic equipment.

* Here our man-in-the-making is ready for his daily plunge in the pool.

THE sparkling, crystal-clear water of the swimming pool is inviting to cadets the year 'round. The pool is of regulation size (20x60) and is the scene of frequent water sports and aquatic meets. It is the purpose to teach every cadet to swim well. The water is warmed to a healthful temperature and kept pure by efficient filtration and chemical treatment.

* The orchestra provides musical diversion both for members of the group and the corps.

* (Below) Perfect study conditions prevail in Harlan's room. (Note the latest type of reading lamp.)

* (Above) Hi-dee-ho! Harlan and his friends tune in a radio program during the recreation period immediately following the evening meal.

Just before the evening study period is the favorite tune-in time for Cadet Harlan and other radio devotees. Permission to have a radio in the room is regarded a privilege, the abuse of which causes the student to lose this favor.

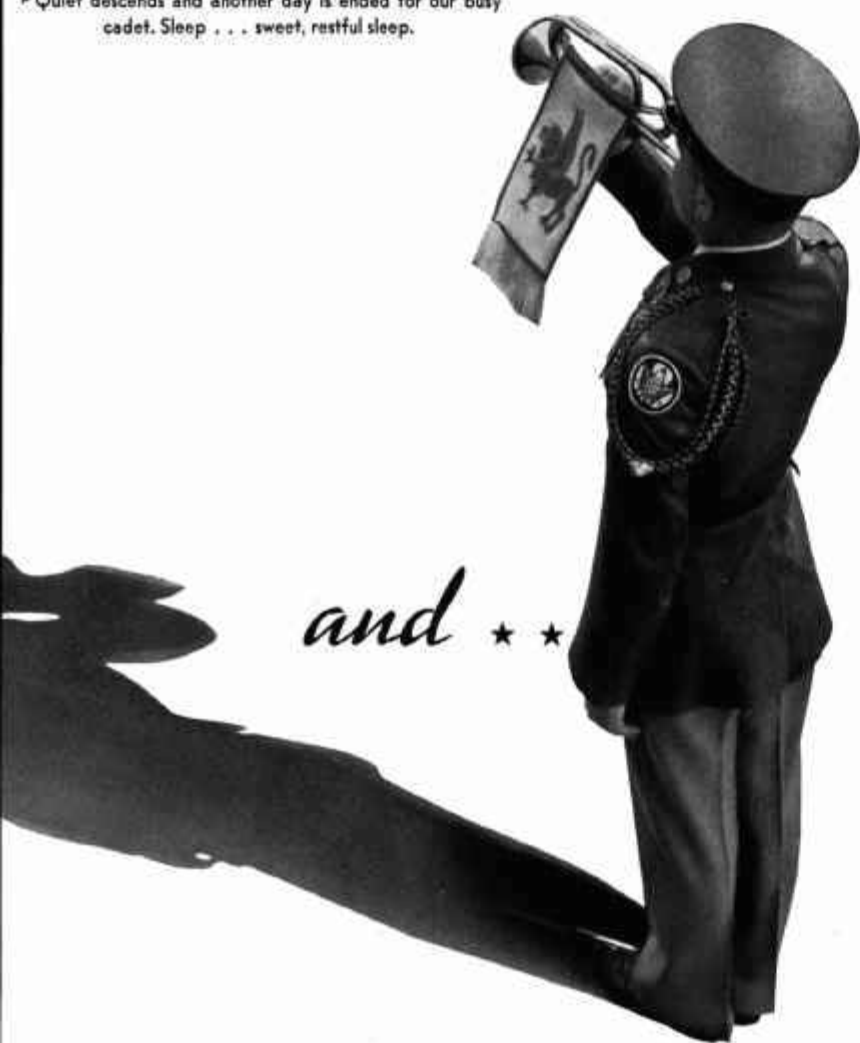

After thirty-five minutes of recreation following the supper hour, evening study is begun at 7 o'clock. Each cadet retires to his own room for a two-hour period of quiet. There is no stuffy, noisy hall in which cadets are confined. Instead, individual initiative is encouraged. Faculty officers are in constant attendance throughout the period, giving advice where it is needed and encouragement at all times.

TAPS, at which time all lights must be turned out and all cadets remain quiet, is sounded at 10 o'clock. The soft notes of the bugle call to close the activities of an eventful day and the peace of slumber envelops healthy young bodies until another dawn.

* Quiet descends and another day is ended for our busy cadet. Sleep . . . sweet, restful sleep.

T A P S

Fades the light
And afar
Goeth day
Cometh night
And a star
Leadeth all
Speedeth all
To their rest.

* An advanced class in etiquette.

* Mixed parties are held frequently.

* The Fountain adjoining the Recreation Room is popular during dance intermission.

A well organized program of instruction in social usage is a required course for all students, and advanced classes are available for those who desire them.

Ease of manner in any situation thus becomes natural to a Wentworth Cadet. Many occasions such as these pictured here afford ample opportunity for the Cadets to practice their social graces.

* Off for a center at the Country Club.

WENTWORTH UNIFORMS

The Wentworth uniforms are made of the finest materials. Beautifully fitted, they are suitable for every occasion, and they include every item a cadet may need.

* The cadet full dress—the officer full dress and the cadet full dress with overcoat.

* Fatigue with and without Combat Jacket the athletic uniform.

Officer and cadet in the semi-dress

* The coveralls field uniform—cadet full dress and raincoat—the cadet fatigue uniform with battle jacket.

The purpose of this book has been to give you an accurate, but necessarily inadequate glimpse of the Wentworth Military Academy and cadet life. In order fully to appreciate the Academy, it will be necessary for you to visit the campus in person, see the beautiful grounds and buildings and meet members of the faculty. The Administration offices are open the year 'round and your visit will be welcomed at any time.

SUMMER SCHOOL—A military summer school and camp of 8 weeks duration begins in early June. Activities are divided equally between scholastic work and recreation. Instruction is on a tutorial basis and nearly any subject may be taken.

1956-57 COMMENCEMENT AWARDS

TED MESSMORE MEMORIAL HONOR GRADUATE AWARD—Edward E. Tatge, Ramona, Kansas.

BURR MEDAL FOR SERVICE, LEADERSHIP AND LOYALTY—Alverden M. Riker, Salina, Kansas.

RALPH CONGER MEMORIAL SPORTSMANSHIP AWARD—Thomas W. Mallot, Lexington, Missouri.

LT. R. H. MOONEY MEMORIAL FLYING AWARD—Jonathan Royer, Bethesda, Maryland.

SCHOLASTIC AWARDS: JUNIOR COLLEGE—SOPHOMORE—1st, Jonathan Royer, Bethesda, Maryland; 2nd, Edward S. Tatge, Ramona, Kansas; 3rd, Gustave M. Kropff, Mission, Kansas. **FRESHMAN**—1st, Fredric M. Conrad, Burlington, Iowa; 2nd, Melvin L. Schmidt, Topeka, Kansas; 3rd, Tracy J. Potter, Moline, Illinois. **HIGH SCHOOL—SENIOR CLASS**—1st, Octavio S. Mejorada, Mexico City, Mexico; 2nd, Michael J. McCarthy, Sioux City, Iowa; 3rd, James L. Coffman, Salem, Missouri; Honorable mention—John G. Eggmann, St. Louis, Missouri. **JUNIOR CLASS**—1st, Glen F. Dille, Holyoke, Colorado; 2nd, Fred E. Sellers, Lexington, Missouri; 3rd, Robert G. Travnick, Wilber, Nebraska. **SOPHOMORE CLASS**—1st, William S. Bolen, Shreveport, Louisiana; 2nd, Sherwood A. Smith, Denver, Colorado; **FRESHMAN CLASS**—1st, David O. Hansen, Milwaukee, Wisconsin; 2nd, James Paul Skelton, Lexington, Missouri. **EIGHTH GRADE**—1st, Meredith M. Jack, Mission, Kansas; 2nd, Steven J. Hammer, Kansas City, Missouri.

PARK MEDAL FOR HIGHEST ACHIEVEMENT IN MATHEMATICS—Andres A. Mata, Fijo, Edo. Falcon, Venezuela, S. A.

CLEMENS MEMORIAL CHEMISTRY AWARD—JUNIOR COLLEGE—Melvin L. Schmidt, Topeka, Kansas; **HIGH SCHOOL**—Robert G. Travnick, Wilber, Nebraska.

DEPARTMENT MEDAL—Old Boy, 1st, Glen F. Dille, Holyoke, Colorado; 2nd, A. John Owens, Jr., Pierre, South Dakota; 3rd, Terence D. Buck, Lexington, Missouri. New Boy, 1st, Gerald M. Wendegatz, Kansas City, Missouri; 2nd, John A. Dillingham, Nashua, Missouri; 3rd, Tom A. Wainwright, Mangum, Oklahoma.

BEST KEPT ROOMS: COMPANY A—Tie—A. John Owens, Jr., Pierre, South Dakota, Robert L. Bartelt, Grimes, Iowa; Simon C. Abreu, Carabobo, Venezuela, S. A. **COMPANY B**—Juan H. Haberkorn, Caracas, Venezuela, S. A.; Pedro J. Ramon, Anzoategui, Venezuela, S. A. **COMPANY C**—David L. Adams, Bentonville, Arkansas; Phil D. Prose, Dighton, Kansas. **COMPANY D**—George R. Reece, Marshalltown, Iowa; Jacob H. Revelev, Kansas City, Missouri. **HEADQUARTERS COMPANY**—Melvin L. Schmidt, Topeka, Kansas; Harvey D. Rothenberg, Fort Madison, Iowa.

GREATEST IMPROVEMENT MEDAL—Thayne D. Oltjen, Cedar Vale, Kansas.

SOLDIERLY BEARING, CONDUCT AND PERSONAL NEATNESS—Roger L. Bartelt, Grimes, Iowa.

HONOR COMPANY: HEADQUARTERS COMPANY—OFFICERS—Terence D. Buck, Lexington, Missouri, Captain; **GOLD MEDAL**—Melvin L. Schmidt, Topeka, Kansas, Lieutenant; **SILVER MEDAL**—Robert D. Bastron, Red Oak, Iowa, Lieutenant; **SILVER MEDAL**—James F. Huelster, Sullivan, Illinois, Lieutenant; **SILVER MEDAL**—Michael J. McCarthy, Sioux City, Iowa, First Sergeant; **Bronze Medal**.

BASKETBALL TEAM No. 5→ Blue League

First Row (left to right): Parra, C., Prada, Salazar, Romero, Pachano.

Back Row (left to right): Olsen, Westrum, Captain Morgan, Coach; Richard, J. L.

Mr. Truman reviewing the Cadet Corps at Dress Parade during Founder's Day.

Ex-President Harry S. Truman with hat in hand standing after he had placed the wreath on the grave of Col. Sandford Sellers and just prior to the prayer given by the school chaplain, standing behind him.

SPECIAL EVENTS MARKED THE 75th ANNIVERSARY OF THE FOUNDING OF WENTWORTH During 1954-1955

Several special events were held, pictured below (or above). The first of these was to recognize Founders Day and honor the memory of Stephen G. Wentworth, the founder, and Col. Sandford Sellers, the first superintendent, who served as head of the Academy for 58 years. The speaker and honored guest was ex-President Harry S. Truman, who addressed the Cadet Corps and the guests in attendance and later placed wreaths on the graves of the two men who were honored. Mr. Truman was made an Honorary Colonel of the Wentworth Cadet Corps during the visit he and his wife made to the Academy.

The second event, although an annual one, our Wentworth show in Kansas City had the distinctive 75th Anniversary color.

The third special occasion was one which received nationwide publicity, a re-enactment of the Battle of Lexington which

occurred in September of 1861. Joining with the Cadet Corps in actually portraying the Battle were units from the regular Army, the National Guard, and ROTC units of Kansas City. The leading citizens of the City of Lexington, and in fact the whole community, joined in preparation for this very unusual event. As much realism as possible was achieved, even including the co-operation of the elements because it rained continuously during the day, May 12, 1955, on which this event was held, as it had during the actual Battle, according to authentic records. Attending the event were many high ranking Army officers and other distinguished citizens, which made it one of the most remarkable days in the entire history of Wentworth Military Academy and of the City of Lexington.

The Wentworth Band at the annual Wentworth show in the Municipal Auditorium of Kansas City. The picture shows only a partial view of the beautiful arena and the guests who were in attendance.

The Honor Guard, the snap drill team of Wentworth, is invited on many special occasions to appear before the public. Pictured below is Secretary of the Army Robert Stevens, accompanied by Charles C. Stephenson, civilian assistant to the Secretary in this area, as they inspect the Honor Guard at the Grandview Air Base during Armed Forces Day, May 21, 1955.

The stage photographed from the rear of the Chapel during Commencement.

THE NEW CHAPEL

An outstanding addition to the facilities of Wentworth is the new chapel used for the first time during Commencement 1955. This building was dedicated November 6, 1955. An electric organ was installed late this spring and was used for the first time

during the 1957 Commencement exercises. This building adds much to the life of Wentworth. It is used for assemblies, both religious and secular, for dramatics, and for moving pictures, both entertaining and educational, as part of our audio-visual program.

The audience as photographed from the stage during the Awards Ceremony.

MEMORIES OF 1956-57

September 12—The 77th school year at W. M. A. officially opened today. I came back several days early to help with enrollment of the new boys and to get everything running smoothly, so my school year started a few days ago. The summer laziness ends and work begins.

September 13—Same routine, getting the new boys settled and ready to function as a unit.

September 14—I just learned officially that Terry Buck of Lexington is the commander of my company, Headquarters Company—the Band. First classes today, shortened periods, however.

September 15—I spent the afternoon putting a few finishing touches on my room and slept for a couple of hours.

September 16—First Sunday parade of the year. It was surprisingly good considering the time we have had for drill. Headquarters Company won the parade.

September 17—We have quite a large band this year. At present we have 65 applicants; this number will be cut to 55, as this is the maximum strength of the band.

September 18—On the scholastic side, I am taking the pre-engineering course—English composition, algebra, trigonometry, general chemistry, and engineering. In military, I am taking MST 3 and 4.

September 19—took a permit tonight and saw a movie—very relaxing.

September 20—Spent two hours this afternoon learning part of our new snap drill. It certainly is a long tedious process, but it is worthwhile.

September 21—Memorized a march during part of band practice and spent the rest of the period drilling.

September 22—I am very fortunate this year. I don't have any classes on Saturday morning. This way I can do my homework Friday evening and Saturday morning and have Saturday night and Sunday free.

September 23—Sunday. Went to mass at eight o'clock, cleaned the room, dinner, inspection, parade, relaxation. A good Sunday. Weather is somewhat warm, but nonetheless pleasant.

September 24—Spent two hours in chemistry lab, today performing some experiments with oxygen.

September 25—Weather still hot. Spent an hour in band drill during activity period and helped on the rifle range during athletic period.

September 26—General announcements by the department heads at assembly today. The two military periods this afternoon were spent in close order drill and manual of arms.

September 27—Had the first rehearsal of the dance band this year. We still need a baritone sax and string bass men, but I think everything will work out pretty well.

September 28—Practiced our new snap drill for two hours this afternoon—it is coming along well now.

September 29—Saturday. Worked on my studies in the morning, went to chapel this afternoon and then to bed.

September 30—Another day, another Sunday. It is surprising how easy it is to fall back into an old routine, after three months absence.

October 1—Monday. As usual. Blue. Six classes. Monday is the only day I don't have a free period. Four hours of class makes the morning rather long.

October 2—Drilled during band practice today. Didn't work too hard during C.Q. Might as well take life easy before the instructors start bearing down.

October 3—Sept drill doing manual of arms and close order drill. Pulled officer's duty in the barracks tonight.

October 4—Late BRC. Didn't work out with the team today, as I had dance band practice.

October 5—Free period. Two hours of band drill this afternoon. It certainly takes a long time to work up a new drill routine. Took a supper permit (soupie) and ate downtown this evening.

October 6—Saturday. No classes. Chapel. Spent the afternoon working on a new painting I am doing, an abstraction.

October 7—Headquarters won parade today—as usual. Had an engagement with a young lady this evening. Very nice girl and a good evening.

October 8—Back to the salt mines—classes again. Sometimes, I think it would be easier to quit school and dig ditches for a living.

October 9—Only three more days until the fathers of the cadets begin arriving for Dad's Day. Fired a postal match on the rifle team today. Took a permit tonight and saw a movie downtown.

October 10—Weather is still pleasant—warm and dry. A little rain certainly wouldn't hurt anything though. Practiced band drill for two hours during drill. It didn't look too good, so I can see many more hot, sweaty hours of drill ahead of us yet.

October 11—Late breakfast. Rather pleasant to arise when it is already partially light outside. Performed an oxidation experiment during chemistry lab today.

October 12—Many of the cadets' fathers arrived here today for Day's Day tomorrow. My father will be here tomorrow. The Wentworth Junior College football squad battled Graceland College tonight. Unfortunately, we were defeated.

October 13—My father arrived here this morning. He attended two classes with me—military and engineering drawing. I guess he wanted to see if I am learning anything—that question is probably open to debate. Wasn't able to sit with my father during the Dad's Day banquet as I had to play in the dance band. Dr. George C. Baker, chaplain, Southern Methodist University, was the speaker. His talk was very good.

October 14—Went to church with my father and then gave him permission to help clean my room. A little taste of Wentworth life does anybody good. My father left for home after parade. It was certainly nice to see him again. Very pleasant week end.

October 15—Learned that the band is going to participate in the American Royal parade next Saturday.

October 16—Rifle team didn't meet today, so I was free from 4:00 until 6:15. Took a soupie tonight.

October 17—During drill today, we practiced pitching pup tents. I spent the evening at my girl's house.

October 18—Dance band practice today. Spent two hours doing algebra tonight. Not very rough, but very time-consuming.

October 19—Washed my white spats tonight. Tomorrow, we go to Kansas City to march in the American Royal parade.

October 20—American Royal parade in Kansas City today. Band and Indian dancers participated in it. After the parade, we rushed back to Wentworth for the bivouac. The weather was nice until we set up tents. Then, light rain and mist. We spent the night drinking coffee and running tactical problems in the woods. Got to sleep at 4:00 a.m.

October 21—Had a church service in the field conducted by Reverend Lembcke of the Episcopal church in Lexington. Formal inspection at 1:00 and parade at 2:00 p.m.

October 22—Same routine. Six classes. Band. Rifle team. C.Q.'s

October 23—My birthday is today. Joy. Another year closer to the grave. Spent the evening with Nancy.

October 24—At assembly today, a Polish-American tenor, Tade Szuka, entertained with a variety of songs. He was extremely good.

October 25—Late BRC. Dance band practice, good rehearsal.

October 26—Band left for Arkansas City, Kans., to take part in that city's Halloween Festival, the Arkalah. We arrived in Arkansas City about 7:00 p.m.

October 27—Marched in the parade and put on our new snap drill. We left Arkansas City about 1:00 a.m.

October 28—Arrived at W.M.A. at 10 o'clock this morning. Inspection and parade as usual. Headquarters took first in parade, as is traditional.

October 29—The Honor Society list was published today and there were a lot more Headquarters company cadets made it. I made it for the sixth time.

October 30—Drilled for two hours with the band today in preparation for a parade in Independence, Mo., tomorrow.

October 31—Band went to Independence for the Halloween parade there. We got back about midnight. Rather tired.

November 1—Dance band practice. Studied rather late tonight. I am getting somewhat behind in my school work due to the band trips.

November 2—Free period. Hurrah! Studied during it though. Relaxed tonight and saw a movie at the local theatre.

November 3—Homecoming! Our Jr. Red Dragons played the Kemper Junior Yellowjackets. Unfortunately, we were defeated 20-7. The Homecoming dance tonight was very nice. Nancy and I attended the dance and had an enjoyable time.

November 4—Headquarters won parade honors. Spent the remainder of the day with Nancy.

November 5—Something unusual these days. We had indoor concert band practice instead of drill. Very pleasant change.

November 6—The three inter-company competition results were published today. Headquarters Company won all three for the first six weeks.

November 7—Classes, two hours of band, CQ's and sleep.

November 8—Same routine. Rather nice to have regularity for a change. Special events are tiring.

November 9—No classes today. The instructors attended a teachers convention in Kansas City. The Military department kept us quite busy, however.

November 10—Saturday. No classes. Still studied all day. Many of the cadets attended a dance at Cottey college, Nevada, Mo., tonight. From the comments, everyone had a good time.

November 11—Sunday. Church, inspection at 1, parade at 2, movie at 3, bed at 10:15.

November 12—The dean's office published the six weeks honor roll. Guess who led the Junior College cadets? Right! Mama and papa will be proud when they learn the news.

November 13—Worked on Trumpeter assignments during activity period. I am up on my news assignments, but I still have an editorial to whip up. Anyone have any bright ideas?

November 14—After drill, I took time out to catch up on my reading of Topeka newspapers. It is nice to know what is going on back in the old hometown.

November 15—Pedro Ramos was elected president of the Wentworth Cosmopolitan Club.

November 16—The big talent quest for the annual Wentworth Show in Kansas City is now on. The event will be held on February 23.

November 17—The beauty queen competition for Wentworth's 21st annual Military Ball gets under way. A Hollywood motion picture star will do the judging.

November 18—Mrs. Hepler is already making travel reservations for the Christmas furlough. Gosh time goes by quickly! I must start making up my Christmas shopping list.

November 19—Received a package of cookies and candy from home. After the second CQ, Terry Buck, Denny Bastron and Harvey Rothenberg helped me do justice to the goodies.

November 20—We had a big pep meeting and bonfire on the drill field this evening as a prelude to tomorrow's big game with Kemper at Boonville.

November 21—It's Wentworth 7, Kemper 0. Bill Cook tossed to Hugh Hunt for the TD. Dick Mills contributed the extra point.

November 22—Special treat today—the annual Thanksgiving dinner. It was served a day late, since we were all down at Kemper yesterday where we settled for Kemperbergers after whitewashing the Yellowjackets.

November 23—Captains Laurence Brown and George Hadyka are in St. Louis attending the annual meeting of the National Council of Teachers of English. A good deal, since their classes did not meet today.

November 24—The Wentworth Indian dancers are in Springfield, Mo., participating in that city's Christmas parade. The campus redskins were featured on television after the parade.

November 25—The usual Sunday activities. After parade I took in a movie and treated myself to a steak at Maib's Victory cafe.

November 26—At a meeting of Pony Express conference officials at Independence this evening, Major Buck announced that the Wentworth high school is withdrawing from the league and will operate on a non-conference basis next year.

November 27—Five Latin-American cadets participated in a panel discussion at a Lexington A. A. U. meeting. Mrs. Anna P. Gibbons of the Wentworth staff served as moderator.

November 28—"Beauties and Beasts," a natural color film that was ten years in the making was shown to the corps at the assembly today.

November 29—Mrs. Beth Hepler, hostess, announced that the Christmas dance will be held on December 15. She offered to find girls for cadets wanting dates. Here is your chance, Gayle Rogers!

November 30—Twenty-one more days until Christmas furlough starts. That's the main topic of conversation around here these days.

December 1—One of the boys at my table had a birthday today. That called for a cake and ice cream at the evening meal.

December 2—A memorable date with Nancy compensated for a rough day in which practically everything seemed to go wrong for me.

December 3—Quiet evening. Things were livened up a bit though after the second CQ when Tom Wainwright dropped in and we listened to some of our favorite records.

December 4—Received two of my six-weeks grades today—two E's. I still, however, have not learned what I got in chemistry, the course I am worried most about.

December 5—Well, I learned that my chemistry grade is an E— and my Engineering Drawing grade is also an E—. Two E's and two E-'s for the six weeks; could be worse. Headquarters won Color Company and Disciplinary Company, we were informed today. We should also win Scholastic Company honors. All three guidons for the six weeks; not too bad.

December 6—Very lucky today. I had three free periods. It was very misty outside today and very cold. Snow is coming. I shall visit Nancy tonight. Joyous day!

December 7—No late BRC. Bah! Humbug! I have very little homework, so I shall sleep tonight.

December 8—Capt. Bell, our music director, is attending a National Music Educators Convention in Chicago, so we had two hours of dance band practice. The dance band is going to provide the music for the Christmas dance on December 15.

December 9—Traded my guard duty with the officer on Sunday as I was the only commissioned officer left in Headquarters Company today. The other officers are at Leavenworth taking their advanced Military physicals.

December 10—Spent the afternoon and evening with my girl friend. In the evening, we saw "The Bad Seed" at the theater. It was a fabulous movie; one of the best I have ever seen.

December 11—Got up at 5:45 a.m., and rang the reveille bells on Post. The remainder of the day was uneventful. I learned quite a little about determinants this morning during second hour. During the remainder of the morning and part of the afternoon, four distinguished businessmen from Kansas City conducted a panel discussion on Private Enterprise. It was highly educational and, at times, quite stimulating.

December 12—Our guest at assembly today also spoke about private enterprise. I spent both hours of drill in the rifle range practicing for a match in Kansas City on Thursday.

December 13—Bad news! As a result of the snowfall last night, the rifle team did not go to Kansas City today. We had two hours of dance band practice this afternoon. I spent the supper hour talking on the phone to my girl.

December 14—Three free periods today. Very fine indeed. Two and a half hours of dance band practice. The J. C. basketball team played the Fort Scott team. I shall not include the final score.

December 15—The big day dawns. Christmas Dance tonight. Unfortunately, I can't do any dancing, since I'm in the dance band. However, Dennis Blakely of Rifle, Colo., escorted my girl to the dance. I reclaimed her at 11:30 after the dance. She looked very pretty tonight. Wonderful woman!

December 16—It's always nice to get up at 7:40 after going to bed at 12:30, especially since it's as foggy outside as it can be. Still, a good day dawns. I am going to a taffy-pull this afternoon and the Headquarters Christmas Party is to be held tonight.

December 17—Three free periods today. Yea! We had our winter physical measurements this afternoon and then an hour and a half of concert band rehearsal.

December 18—Three free periods today again. Wonder of Wonders. I had my three weeks trigonometry test this morning. I think I did all right in it. Most of my three free periods were used in studying for my chemistry test tomorrow. It should be pretty rough.

December 19—Took the chemistry test and then rushed to the chapel for the Christmas band concert at Assembly today. The concert band gave a half-hour concert and the dance band filled in the other half-hour with "Jump Tunes." We turned in our military equipment during drill. Tomorrow, Freedom!

December 20—No classes this morning so I got the room in order and checked out on furlough. I rode to Topeka, Kans., my hometown, with Bozo Robertson. Sixteen days of freedom. Hurrah!

January 6—Well, all good things must come to an end. School resumed today. Had a wonderful furlough.

January 7—Late BRC today. It helped somewhat to lessen the blue Monday feeling.

January 8—Two free periods today. Very nice indeed. Had a good workout on the rifle team today.

January 9—It misted very heavily today and then froze. The street was so slippery we had to march on the grass. We re-drew our military equipment this afternoon, so drill only consumed a half-hour.

January 10—Late BRC. Worked hard during C.Q.'s. Semester tests are very close now. Only a little over a week until they begin.

January 12—Saturday. Three free periods. Spent the day working as usual.

January 13—Sunday. Shined my brass and washed my white spats. The band goes to Jefferson City tomorrow to march in the governor's inaugural parade.

January 14—Arose and shined at 4 a.m. Arrived in Jefferson City at 9:00 a.m. It was a wee bit cold. We marched for an hour in 2 below zero weather with no overcoats and only thin cotton white dress gloves.

January 15—Tired today but must work hard. Semester tests will be held next week.

January 16—Went to a chili supper with my girl tonight. Unfortunately, I could not spend the evening with her as I was on officer's duty in the barracks. Incidental note: I was promoted to First Lieutenant today. Also promoted were Denny Bastron and Jim Huelster, Headquarters platoon leaders, and several members of the battalion staff were promoted. Happy Days!

January 17—Late BRC. Slightly warmer today, but still much too cold. Dance band practice during activity period. We will play a dance at the Lexington High School this coming Saturday.

January 18—Maj. General Baker, Commander of Fort Leonard Wood, is with us today for a visit. Many musical activities today: Concert Band practice, "Spike Jones" group, snap drill practice, Dance band.

January 19—Saturday. No classes. Studied for my chemistry semester test. Dance band played for a dance at the Lexington High School. A good dance.

January 20—Spent the afternoon after parade studying in my room. I went over to visit Nancy in the evening. A very unusual occurrence, I actually studied as I had intended. Memorized eleven pages of chemistry notes—only fifteen more pages left.

January 21—Captain Buck told me that there was a possibility of a try for the Drum and Bugle Corps. I finished copying the music for the new Drum and Bugle Corps this evening. The methods of organization at Wentworth are quite efficient. Only four more days till the Military Ball.

January 22—Was on the decorating committee tonight for the Military Ball. Got three and a half-hours sleep as I had to study for a chemistry test.

January 23—Slept through my first period class. Received an E on my chemistry test. Helped decorate the gym for the ball during drill this afternoon. Studied from seven to midnight for my trigonometry test tomorrow. Only two more days till the big event.

January 24—Did not have time to finish all the problems in my "Trig" test. Worrying about the grade. Did all right in the Engineering Drawing test. However, one more day.

January 25—Had no classes after 10 o'clock. Semester is over for me. Hurrah! Occasional snow flurries. Cold. Went to bed early so I would be in good condition for the ball. Tomorrow's the day. My roommate, Harvey Rothenberg, Fort Madison, Ia., learned that his girl was chosen to be Queen of Hdqs. Co., by Natalie Wood, Warner Bros. star. She is Carole Koppel of Ladue, Mo.

January 26—The Day has arrived. Spent the morning writing an editorial and feature story for The Trumpeter. Arrived at the Ball at 8:30 p.m., with my date, Miss Nancy Wingate of Lexington. Went through the receiving line and enjoyed informal dancing until 9:15. At 9:15 we were introduced with the other officers and took part in the Grand March and helped form Arch of Steel. After the dance, we attended a breakfast at my girl's home. Got to bed at 2:30 a.m.,

tired, but contented and very happy. Had a wonderful evening. I think this was the best Military Ball in my four years here.

January 27—Arose bright and shining at the monstrous hour of 9 o'clock, cleaned the room, went to church, dinner, inspection, parade. The Battalion Queen, Miss Jane Ann Whitney of Lexington and the Company Queens reviewed the parade. My girl and I went to see the movie, "War and Peace," after parade. Good show. Spent some time at my girl's home after the movie and then went to the barracks and went to bed. Wonderful week end. Wish there were several Military Balls each year.

January 28—New semester. I shall work a little harder this semester. So far as I know, my semester grades are E, E, E—an S in algebra-trigonometry, English composition, and general chemistry respectively. My engineering drawing grade has not been posted yet. Worry and wonder!

January 29—Fired the second stage of the Fifth Army Area Rifle match during athletic period. Practiced in the Drum and Bugle Corps during 2nd and third C.Q. The semester military grades were posted today. I received an E- in MST III and an E- in MST IV. Weather cold.

January 30—Warmer today. The thermometer reading rose to 30 degrees. I had a test in descriptive geometry. Rather bleak when I arose at 6:15 for officer's duty this morning. Was awarded the "Handbook of Chemistry and Physics" during assembly for receiving the highest grades in the freshman college chemistry course.

January 31—Snowing this morning. Hope the roads to K. C. stay open, as the Drum and Bugle Corps is slated to attend the world's premier of the movie, "The Big Land." One of the stars, Virginia Mayo, is going to be designated an honorary Wentworth Colonel and her husband, Michael O'Shea, is going to be named an honorary Wentworth Alumnus at the premier in K. C. tonight.

February 1—Got to bed rather late due to the premier last night. Rather tired. Accomplished one useful thing in K. C.: Picked out a Valentine's Day card. Three free periods this morning. Very nice.

February 2—Three free periods. Dance band practice during activity period this morning. Did some writing for The Trumpeter this morning. Going downtown after chapel this afternoon.

February 3—Won all three guidons for semester and took first place in parade today. Nancy and I went to see "Love Me Tender" at the theater after parade. The movie was an utter farce.

February 4—My roommate's squad was judged the best in the battalion for the past six weeks. Very good. Somewhat colder outside today. Didn't feel too good tonight so I went to bed after the company officers' meeting.

February 5—Turned colder last night and rained a little. The ground is covered with a sheet of ice. Rather hard walking. Test on "Field Fortifications" in MST IV today. Drum and Bugle Corps didn't play at noon—too wet for the drum heads.

February 6—Two free periods. Hurrah! The corps was re-seated in the mess hall during assembly period today. During drill we went on a two-hour road march. Enjoyable, these little jaunts through the country.

February 7—Late BRC. That extra hour of sleep is always nice. Dance band practice this afternoon. Fired a pistol match on the rifle range today.

February 8—Test in military today on "Principles of Leadership." Finished re-copying an editorial I wrote last night. The fog is so thick that visibility is limited to about one block.

February 9—The J. C. swimming team defeated Kemper by Ten points. This is the fourth swimming meet in a row the college team has won. Slept a little this afternoon. Weather was clear and warm. Very nice change. Tonight was the first time in several months when it was still light outside at supper time.

February 10—Bad luck—Headquarters only took third in parade. Spent most of the day with Nancy.

February 11—Something unusual occurred today: It was light when we went outside for breakfast today, first time in many months.

February 12—Only one free period today. Bah! Still haven't decided on what I shall write my 10,000 word research paper for English Composition, probably on the Philosophy of Kierkegaard.

February 13—Changed my mind. I shall compare Greek and Roman Mythology.

February 14—First meeting of the mathematical seminar held today under the sponsorship of Capt. Gwin. Date tonight as it is St. Valentine's Day.

February 15—Went to K. C. for a rifle match with Northeast High School. We beat them 857-807. Our basketball team beat Kemper 73-70 tonight.

February 16—Went to K. C. today with Capt. Sloan to see "Swan Lake" presented by the National Ballet of Canada. Fabulous! Headquarters Company had its scholastic banquet at the Country Club. It was a very gay event, the first of three banquets for Headquarters cadets.

February 17—Headquarters tied for First Place in parade with "C" Co. After parade, the "Spike Jones" group went to the Lexington radio station, KLEX and broadcast "Love In Bloom" which will also be presented at the Wentworth Show in K. C. this Saturday. Nancy and I saw "Attack" at the Mainstreet theater this evening. It was an excellent picture without any superfluous frills added to soften the impact, all blood and guts.

February 18—Took a supper permit this evening. Mr. Coffman, one of our squad leaders, and I dined together.

February 19—Received my three weeks' grades, three E's and an E-. My roommate, Harvey Rotherberg is in Kansas City tonight attending the Philharmonic concert.

February 20—The drum section and "Spike Jones" group went to St. Joseph, Mo., for a television show today. Rather interesting. My first time on television. During the first C.Q. tonight, the mathematical seminar met. Very interesting lecture by Capt. Gwin on Number Theory.

February 21—Am the officer of the day today. Have a date tonight, so I will have to hurry to get my Trumpeter work in on time tomorrow.

February 22—Washed my white leggings for the Wentworth Show in K. C. tomorrow. Worked on my descriptive geometry as I am behind because I missed three hours of class.

February 23—The day dawned, Wentworth Show in the K. C. Municipal Auditorium tonight. I am in six different acts. I should keep busy. The show went off very well. The audience especially seemed to like the band drill. Rather tired when we got to bed at 2:00 a.m.

February 24—Slept until 9:30 this morning, latest I have slept in four years here. Must be old age creeping up on me. Listened to a tape recording of the Wentworth Show this evening. Sounded very nice.

February 25—Six classes. Still tired from Saturday.

February 26—The Honor Society list came out today. Eighteen persons from Headquarters made it. Very good percentage. I made it for my seventh time.

February 27—Had an hour of close order and one hour of extended order drill today. Headquarters' Disciplinary banquet is tonight.

February 28—Great Day! Most unusual event! The third Stop Day of the school year. It certainly was most welcome.

March 1—Late BRC followed Stop Day. Our Junior College basketball team beat Kemper 81-71. Worked on my disciplinary notes and studied analytic geometry.

March 2—Spent four hours finishing my two day's analytics. No classes.

March 3—Saw "Giant" at the theater this afternoon. It was exceptionally good. I went to the CYC dance in the evening. Well spent Sunday.

March 4—Only three more days until spring furlough. Spent the day playing in the Lafayette County Band Festival. The guest conductor was Dr. Burmesster of Northwestern University.

March 5—Spent the day in classes and studying for my three tests Wednesday.

March 6—Took a test in analytics, one in dual analysis, and one in descriptive geometry. Rough.

March 7—Officer of the Day in the barracks. Had no trouble getting everyone up at 5:25 a.m. They seemed to be in a hurry to get home. Spring furlough begins at 9:00 this morning. Home! Sleep for a change.

March 13—Arrived back at school today. Got a little done over spring furlough. Wrote over 5,000 words on my research paper for English composition. Only 5,000 more words to go.

March 14—Five cadets are at Fort Leavenworth taking qualifying physical and mental tests, for entrance to West Point. They are Roger L. Bartelt, John G. Eggmann, George B. Reece, James W. Simms and Edward S. Tatge. Good luck, fellows.

March 15—Capt. Jim Wikoff suggests adding handball to our intramural sports program. I'm all for it.

March 16—Seven Wentworth staff members are former cadets. The alumni are: Col. James M. Sellers, Capt. Jerry Osborn, George Stier, Warren Sherman, Jr., Capt. Jim Wikoff, Capt. Fred Hepler, and Capt. John Gover.

March 17—St. Patrick's Day and quite a few shamrocks were in evidence. Vernon Godfrey, dining hall manager, provided a dinner menu that included green potatoes and green jello salad.

March 18—Col. James M. Sellers left for Washington to attend the annual meeting of the Association of Military Colleges and Schools of the United States . . . Trumpeter meeting . . . a date with Nancy in the evening.

March 19—The college economics and banking classes went to Kansas City to tour several business firms. Routine day for me.

March 20—Close order drill for two hours during drill this afternoon. Rather chilly outside.

March 21—Practiced during C.Q.'s for the "W" Club Show this Friday. I am playing the part of Colonel Brown in the "Tony's Lounge" act. Got up at 4:00 a.m. and studied.

March 22—"W" Club Show, the "Whiz-Bang Follies of 1957" tonight. The show was very good. Everyone worked hard and had a lot of fun.

March 23—Same old Saturday morning—three free periods so I studied in my room. Dance band played for the "W" Club dance tonight.

March 24—Headquarters took third in parade. Not very good. Studied after parade.

March 25—Blue Monday. Worked hard during my "Qual." lab, this morning.

March 26—John Dillingham and Tom Wainwright, both of Headquarters Co., recounted the Educational Tour to Bermuda on Radio Station KLEX of Lexington.

March 27—Practiced Snap Drill during Military today in preparation for the Kansas City R.O.T.C. Circus Friday. Studied analytics tonight.

March 28—Practiced for R.O.T.C. Circus during band. Washed my white spats during third C.Q. Rather tired, long day.

March 29—Left for Kansas City at 5:00 this afternoon. The drill was good. Tired when we got to bed at 1:00 a.m.

March 30—Breakfast at 6:25. Five hours sleep is always so restful. Uneventful day.

March 31—Third place in Parade again. This certainly isn't helping us win color company. Double dated with Harvey and Donna for the evening.

April 1—Six Classes. Monday is the only day in which I have six classes. Softball game during athletic period. We lost. Won't mention score.

April 2—Practiced concert music in band today. Worked hard on my term paper during C.Q.'s.

April 3—At assembly, William Aull III spoke about the gallantry of the Japanese-American soldiers in the European Theater during World War II.

April 4—Our high school golf team beat the Higginsville golfers 12-0.

April 5—Cleaned my room in preparation for the Federal Inspection next Monday. Went to bed fairly early; tomorrow will be a long day.

April 6—Washed and waxed the floor several times and spent the remainder of the day working on the room in general and shining my equipment.

April 7—Church, room preparation, inspection, parade, a second inspection by military department personnel.

April 8—Got up a half hour early. The inspection team arrived here at 8:00 a.m. The majority of the day was spent in inspections, military classes, snap drill, and formal review. This evening is designated freedom of bounds for everyone by Colonel Brown.

April 9—We received word today that M. Sgt. Stephen J. Bernhard has been assigned to Wentworth as an instructor. Didn't accomplish very much during C.Q.'s tonight.

April 10—Drill Holiday! Very welcome break in the usual schedule. Worked on my research paper all afternoon except during my 4:00 to 5:00 p.m., Descriptive Geometry class.

April 11—Late BRC. Colonel Wikoff announced today that Mayor H. Roe Bartle of Kansas City will be the commencement speaker this year. We learned that seven men from Headquarters Co. have been elected to the National High School Honor Society. It always pleases us to have men in Headquarters Co. achieve such honors.

April 12—We had a special assembly this morning which featured a program, "Up 'N' Atom" with Deke Mills. Mr. Mills demonstrated many of the unusual uses to which electric current and stroboscopic light may be put. It was highly interested and very educational.

April 13—Picture Day today. The corps was kept pretty busy this morning as pictures of all the companies and many other organizations were taken.

April 14—Tied for first place in Parade. It was getting about time after taking third place for two Sundays in a row.

April 15—Another company softball game today. Again, I will not mention the score.

April 16—Our track team beat Southwest Baptist College 69-60.

April 17—Two hours close order drill this afternoon. Slept a little while before my sixth hour class.

April 18—Late BRC. Three free periods. Two hours of dance band practice this afternoon. Worked all evening on analytical geometry.

April 19—Uneventful day. Five classes. We are studying "Technique of Fire" in military. Two hours of dance band practice.

April 20—Three free periods. Slept a little while during the afternoon.

April 21—Tied for first place in parade. That should help us win color company.

April 22—Word was received that Lt. Wilson and Cadet Roseberry passed the N.A.V.C.A.D. examinations.

April 23—The National High School Honor Society banquet was held tonight. Ike Skelton was the speaker. He gave an excellent talk. Very enjoyable evening.

April 24—The entire cadet battalion journeyed to Kansas City to see the Kansas City Athletics play the Cleveland Indians. It was a good game.

April 25—Lucky Day. At dinner, Colonel Sellers announced that today was a Stop Day.

April 26—Late BRC. Bested up a little from the Stop Day. It was a nice change of schedule.

April 27—Had dance band practice during activity period this morning.

April 28—Sunday. Date with Nancy. Good today.

April 29—Blue Monday!

April 30—Washed my white spats and shined my brass tonight. The band goes to St. Joe, Missouri, for the Apple Blossom Festival tomorrow.

May 1—The Apple Blossom Festival was very pretty but it was awfully hot for marching.

May 2—Practiced dance band during activity period this afternoon. We play a Prom at Carrollton, Mo., this Saturday.

May 3—Worked on my "Unknown" for three hours today in Qualitative Analysis. One hour each of concert and dance band practice today.

May 4—Played for a Prom at Carrollton tonight. Dance band sounded good and we had a lot of fun.

May 5—The Geology classes left yesterday on a field trip over the week end to the Ozarks. Spent the afternoon and evening with Nancy. Well spent day.

May 6—Drew firing pins from the Armory for the company this afternoon. Went to Trumpeter Staff meeting during activity period.

May 7—Worked all evening and got up at 4:00 a.m. to type my 10,000 word research paper. Rather tired today.

May 8—The battalion was split into two reinforced rifle companies and a defensive force for drill this afternoon. We had a tactical problem at Lion's Lake this afternoon. Headquarters Co. was the defensive force. The maneuver was excellent for training purposes.

May 9—Worked almost all night on my term paper again.

May 10—Handed in my term paper. In two weeks I will learn what grade I received on it. Worry and wait.

May 11—Dance band played for a Prom at Missouri Valley College at Marshall, Mo., tonight. It was a very nice dance. We had a lot of fun.

May 12—"Mother's Day." Very nice weather. My folks came down. It was good to see them. They had to leave fairly early to get back to Topeka.

May 13—Headquarters Company Scholastic banquet tonight. Very good meal. Ike Skelton was the principal speaker. He gave a very nice talk.

May 14—Analytics Test. Rough. The Disciplinary and Color Company results were published today. Headquarters won the competitions for the six weeks and semester. This means Headquarters has won all three competitions for the entire year. This is the first time any company has done this in Wentworth's 77 years. We are quite proud of the company.

May 15—Learned the results of the G.S.T.-1 Screening Test for R.O.T.C. I passed. Had dance band practice during activity period.

May 16—My roommate's squad enjoyed a steak dinner provided by Colonel Sellers for winning the best squad competition.

May 17—Concert band for two hours today. Commencement is not very far off now. Headquarters had the Color Company banquet tonight.

May 18—Worked on my fifth unknown during my three free hours this morning. My scholastic work never seems to slack off any. Visited with Bob Heath and Marion Ratliff during 3rd C.Q.

May 19—Sunday. Same routine. We had another dance band steak dinner at Maib's tonight.

May 20—Started on my final unknown in Qual. today; it is my semester test.

May 21—We had our disciplinary banquet at the Country Club tonight. It was a very nice evening.

May 22—Trumpeter staff banquet this evening. It was an excellent meal and we had a lot of fun. We practiced for "Rats' Day" parade during drill today.

May 23—Late BRC. Handed in a formal essay in English composition today. It is my final written work for the year. However, I still have to give a speech based on my research paper.

May 24—Coming along on my unknown, but I still have a lot of work to do on it yet. Two hours of concert band practice; only a week until the commencement concert.

May 25—Worked on my unknown three hours this morning. Analytical Geometry is still very mysterious.

May 26—"Rats' Day!" Certainly a change of pace; I haven't had to brace or sweep the hall for three years. The parade was good and everyone had a lot of fun. Another dance band steak dinner; at this rate I will soon be too fat to walk.

May 27—A week from today and school will be over for the year. In many ways this is rather sad along with the joy of vacation. We will never see some of the men again whom we lived with for a year.

May 28—Gave a talk on my term paper in English today. I hope I receive a good grade on it. Began studying for my six weeks Qual. test.

May 29—Last dance band steak dinner. I had a lot of fun in the dance band this year. Playing in a dance band gives you a feeling that no other work provides.

May 30—Late BRC. Practiced concert music during activity period today. The big concert is tomorrow night.

May 31—At 3:08 p.m., my last class of the year was dismissed. All in all this has been a good year. The commencement concert was well received, so we are amply repaid for the hours of practice for it.

June 1—Late BRC. Military demonstrations filled the morning hours. After dinner, the Convocation ceremonies were held in the Chapel. Nancy and I attended the Commencement Ball in the evening. It was a very nice dance and we had a wonderful time. Soft lights and warm breezes provide a fitting nostalgic end for a good year.

June 2—The Rev. John Lembke presided over the Baccalaureate Service this morning. He gave a very good sermon. After parade we presented our band snap drill for the last time together as a unit. The Commencement ceremonies were dignified as befits the occasion; Mayor Bartle delivered an excellent address. I can remember how happy I was last year when I received my high school diploma.

June 3—Arose at 6:25 a.m., and went to breakfast. Not long now, only two hours. Changed into my blues and marched up the hill. Rather wistful somehow. After the flag ceremony, Colonel Biker, the Battalion Commander, gave his final order, "Dismissed!"

"Finis!"
