

# **WENTWORTH MILITARY ACADEMY**

**ESTABLISHED 1880 — LEXINGTON, MO.**

**HIGH SCHOOL AND JUNIOR COLLEGE**

# WENTWORTH'S PURPOSE

It is the purpose of Wentworth Military Academy to provide the best conditions possible for the all 'round development of worthy boys and young men.

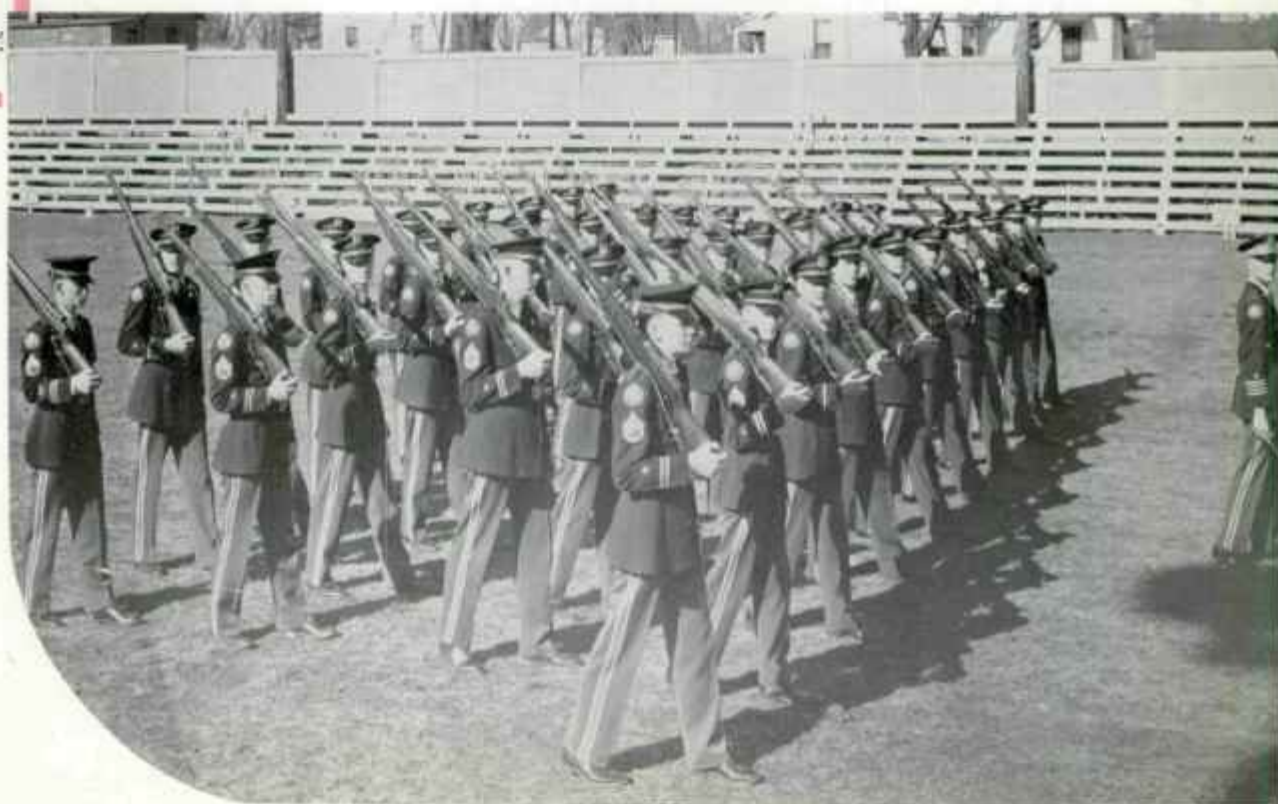

To attain this high purpose, the Academy places greatest emphasis upon these four points:

First, it is the Academy's aim to assemble only the highest types of students—deserving youths of good parentage—to assure wholesome associations and greater progress. Every precaution is taken to keep undesirable boys—all those that might prove detrimental to others—out of the Academy.

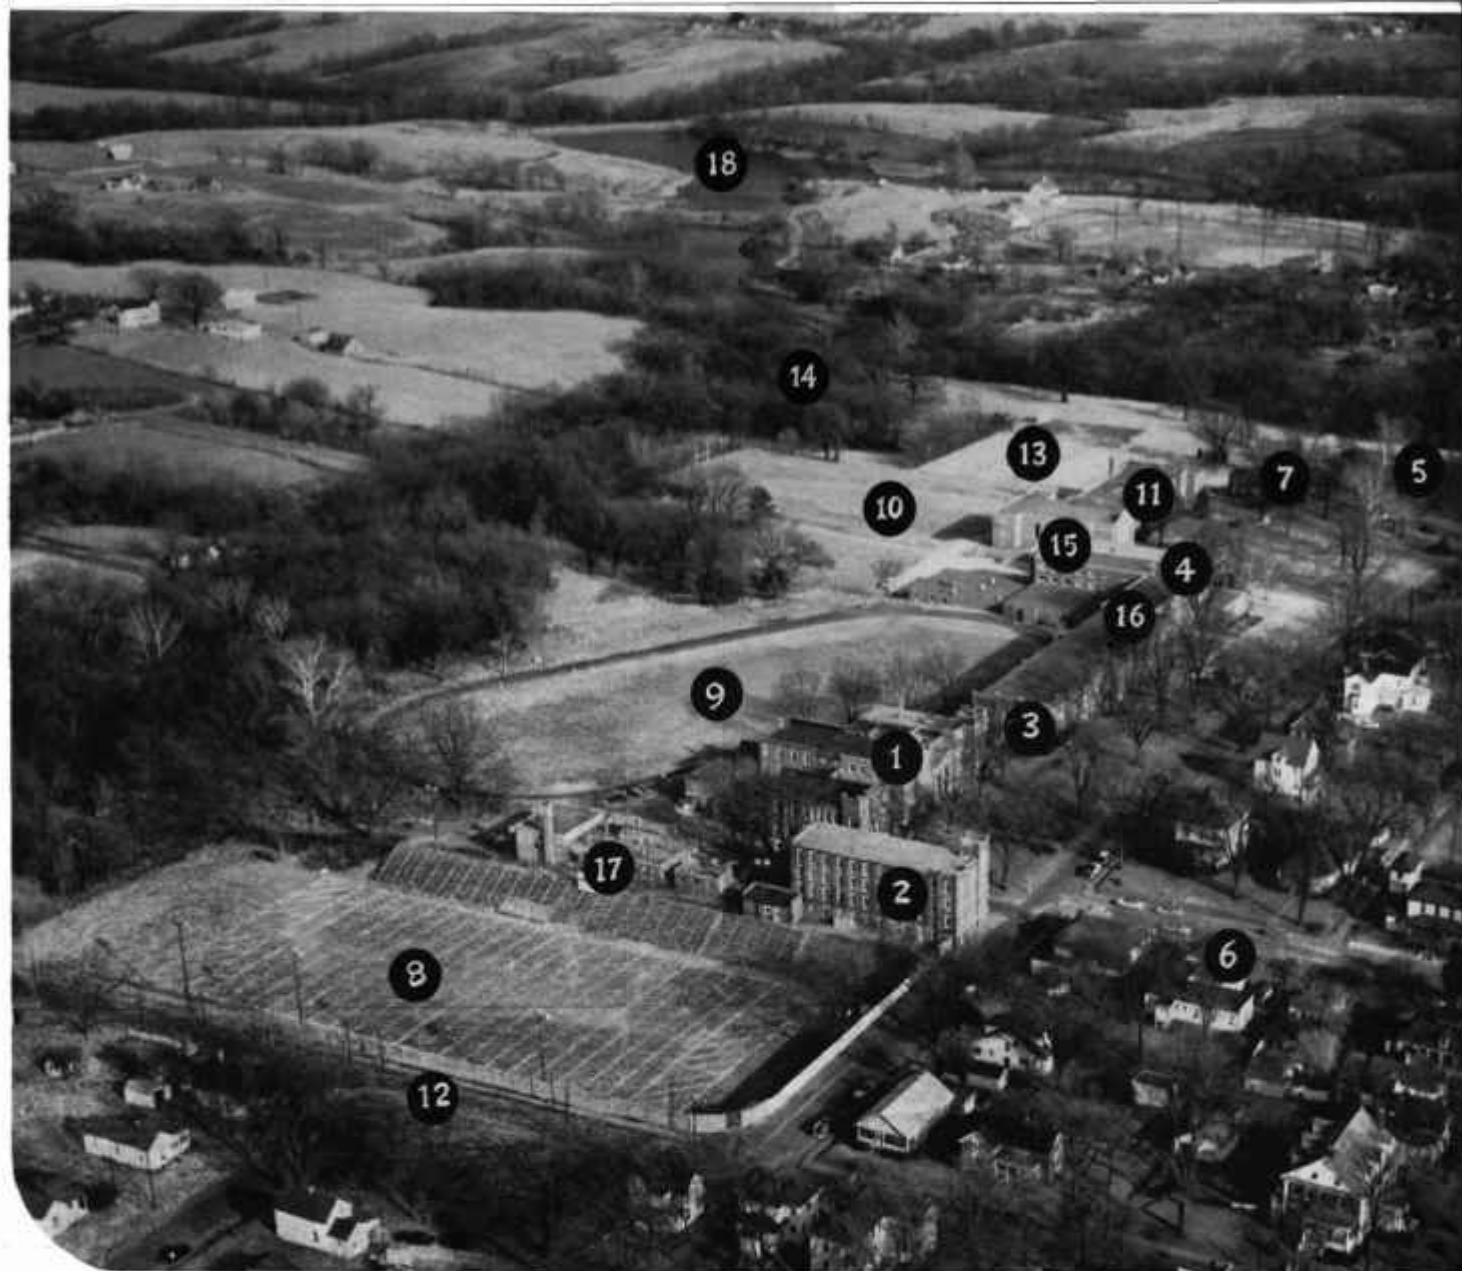

Second, to employ only men of highest character and ability for its faculty. It is not enough for a Wentworth faculty member to be merely a scholar and a splendid instructor. He must also possess a spirit of friendliness and a sincere desire to give kindly help whenever necessary. He must thoroughly understand the innermost problems of boys—be patient with them—and be ready to serve each boy to the best of his ability.

Third, to provide the very best equipment throughout every department to the end that every boy will have all those things necessary to his health and happiness and that none shall want for anything that will help him to make progress.

Fourth, to provide a program for each day that will best serve the interests of every student.

Marine Reserve 1917-1920; Distinguished Service Cross; Navy Cross; Silver Star; Purple Heart; Croix-de-Guerre; Past President of Association of Military Colleges and Schools of the United States; Past Grand Master of the Grand Masonic Lodge of Missouri, A. F. & A. M., and Past Grand Commander of the Grand Commandery of Missouri.

★ Colonel L. B. Wikoff, A.B., S.B. in Ed.,  
Superintendent and Secretary

University of Missouri, A. B., S. B. in Ed., 1915; graduate work, University of Chicago; Past Governor Rotary International, 1936; Past President of Missouri State Chamber of Commerce. Came to Wentworth as coach in 1915 and has since served in various capacities continuously.

## SINCE EIGHTEEN EIGHTY

One of the chief reasons why Wentworth has been able to achieve its lofty purpose lies in the fact that the Academy has been under one continuous administration since its founding. For nearly three-score years, Colonel Sanford Sellers was president of Wentworth. He enjoyed one of the most enviable records in the history of American education.

The Academy was founded by Stephen G. Wentworth, scion of a distinguished English family and a prominent Lexington banker, in 1880, as a memorial to his deceased son, William Wentworth. Mr. Wentworth immediately vested control of the institution in the hands of a board of trustees composed of a duly elected representative of each of the Evangelical churches of Lexington, and a president. Colonel Sellers was called to the new school in its first year and remained as its active head until 1938. Mr. Wentworth served as president of the Board from 1880 until his death in 1897.

It was the firm conviction of the founder, his board of trustees and President Sellers that a military boarding school provides the most effective possible means for giving young men the thorough mental, moral and physical training necessary to develop in them the highest traits of manhood. Thus, Wentworth became the first military school in the Missouri River Valley.

From the beginning the late President Sellers surrounded himself with the ablest faculty available — strong men of proved qualities and Christian character. Under his wise and forward-looking direction, Wentworth has grown steadily. Each year has shown marked improvement over the preceding year. Today Wentworth stands as one of the truly great educational institutions of our country — second to none in the opportunities it offers boys and young men for thorough preparation for professional studies, business and for life.

# AN HISTORIC BACKGROUND

Throughout over half a century the Wentworth purpose has remained unchanged. The ideals which led to the Academy's founding and which have carried it steadily forward, shine just as brightly today as ever: the desire to give each youth every opportunity to develop fully his own individual personality; the aim that every cadet shall acquire a keen sense of duty and responsibility, both to himself and toward others; that he shall have the mental and moral power to make accurate judgment between right and wrong and the physical power to stand by his convictions.

These high standards have dominated Wentworth for generations. But to maintain them and assure their full and continuous application, it has been found necessary to limit the enrollment. Wentworth today is a relatively small school—many times larger than in 1880, to be sure, yet small enough that every individual student is given the private attention so essential to his all-round development.

The surrounding country affords a wealth of historically important Civil War sites and the town of Lexington itself retains much of the tradition of the old south. Here enthusiasm for the reminders of our country's glorious past is combined with the enthusiasm for modern adventure to promote the rapid development of the boy's mental, moral and physical resources.

★ The Missouri Old Santa Fe Trail Marker in Lexington.

★ A Beauty Spot on the Wentworth Campus.

The modern, prosperous little city of Lexington is 41 miles from Kansas City, "The Heart of America." This proximity makes available by train, motor car, bus and air all the desirable cultural advantages of a large city without any of its disadvantages.

★ The Historic Old Court House in Lexington. Notice the cannon ball near the top of the first column—fired during the Civil War.

*Sanford Sellers*

(1846-1938)

★ President of Wentworth Military Academy from 1880 to 1938.

## YESTERDAY

Above is pictured the first company ever assembled at Wentworth. From this humble beginning, the Academy has marched forward over a trail of development that has placed it in the front rank of America's best military schools.

## *and* TODAY

The Wentworth Military Academy of today is vastly different from the Wentworth of 1880. From year to year it has enlarged its facilities, increased its enrollment and changed its physical appearance until there is little to remind one of the early days. Numerous modern and attractive buildings have been erected as they were needed. Old buildings have been torn away when they were no longer useful. Spacious military and athletic fields have been added. One of the finest gymnasiums in the country has been built. Every new method in teaching that has been found definitely superior to older methods has been adopted. Yet, some of the fundamental principles that guided the first company are adhered to just as strictly today.

\* Officers  
Front and Center

\* The new indoor rifle range where every cadet learns small arms firing.

# MILITARY DEPARTMENT

**M**ILITARY training at Wentworth has always been a strong feature, but it is never permitted to interfere with the scholastic work of the Academy. It can be shown, moreover, that military discipline has a decidedly advantageous effect upon classroom work.

In recognition of the superior military work done at Wentworth, in 1889 the Academy became a post of the Missouri National Guard. Graduates of the Academy who resided in Missouri, became eligible for commissions in this organization.

Wentworth has been under the direct supervision of the War Department of the United States Government since 1895, when the first active army officer was detailed to the Academy. Now 3 officers, 4 non-commissioned officers and one civilian assistant are in charge of military instruction. In addition, the War Department furnishes around \$50,000 worth of equipment to be used for instruction purposes. Wentworth is one of the original Honor Schools of the United States, the highest rating given by the War Department. The Academy has been a unit of the Reserve Officers' Training Corps from the time that organization was established.

Class in First Aid.

Instructions and demonstrations in all the Infantry Weapons.

★ This monument, erected on the campus by the Alumni Association, to the memory of Wentworth cadets who died in the World War No. 1, typifies the loyal spirit of generations of former Wentworth cadets.

★ Patriotism is no sham at Wentworth. Every cadet is taught the real meaning of our flag. Each day, with appropriate ceremonies, the Stars and Stripes are raised and lowered on the towering flag pole.

\* In this view of the main lobby of the Administration building cadets are shown admiring a replica of the Declaration of Independence and Constitution donated to Wentworth by the late Mr. L. Fred Evans, Vice-President of Emory Bird Thayer of Kansas City.

## ADMINISTRATION BUILDING

Within Wentworth's Administration Building are handsomely furnished parlors, corridors and reception rooms. Among its furnishings and decorations students and guests alike find many articles of interest and rare beauty. Its comfortable furnishings amid peaceful surroundings afford a homelike atmosphere where the new cadet readily adapts himself to a wholesome, happy experience. Here in an atmosphere of quiet dignity, every student is privileged to entertain his guests or to spend his leisure moments as governed by his daily schedule. None of the comforts of the modern home have been excluded in Wentworth's plan to provide the finest training and quarters available.

\* (Above) The corner of one of the attractive parlors where cadets receive their guests.

\* (Right) This view partially illustrates the homelike surroundings of the reception rooms.

# About the **CAMPUS**

\* A part of the Quadrangle.

\* Memorial Chapel

Nature and man have joined forces at Wentworth to produce a campus of outstanding beauty. Magnificent trees, of many varieties, blend in perfect harmony with modern, attractive buildings and spacious grounds. The Academy is located just at the edge of Lexington and covers 52 acres. The front campus extends over four city blocks and is dotted with massive elms and glorious flower banks that provide enchantment and inspiration. The back campus includes athletic and military fields and the new stadium. There are ten thoroughly modern buildings on the campus, each built for the exact purpose it serves. They are of brick and stone construction and are heated by steam and hot water.

\* "E" and "F" Barracks

\* Looking over the River from the Wentworth Country Club Porch.

## THE WENTWORTH COUNTRY CLUB

Located on one of the most beautiful spots overlooking the Missouri River, the Golf Course and Country Club add variety to the many facilities available to the Wentworth students. The nine-hole golf course is most attractive and sporty. The club house, with its catering equipment, is ideal for many informal parties held throughout the year. And in the stable are found horses suitable for the tyro as well as the expert rider.

\* Teeing Up

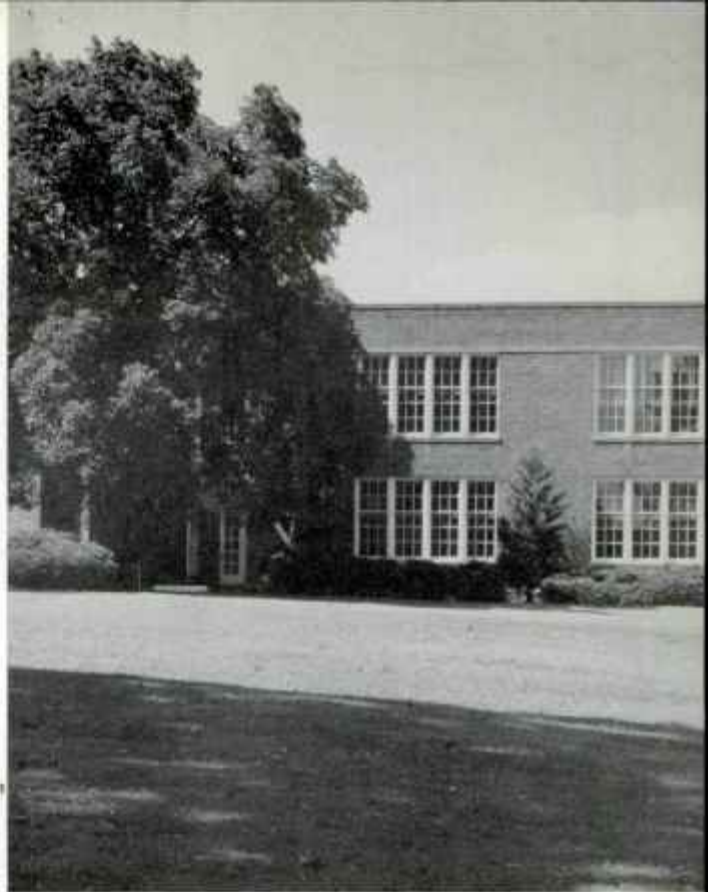

\* Two stylish mounts. Every Wentworth student will ride.

\* Interior of the Club House—available for many informal gatherings.

\* One of the spacious, well lighted and immaculate corridors in the Sellers-Wikoff Scholastic Building.

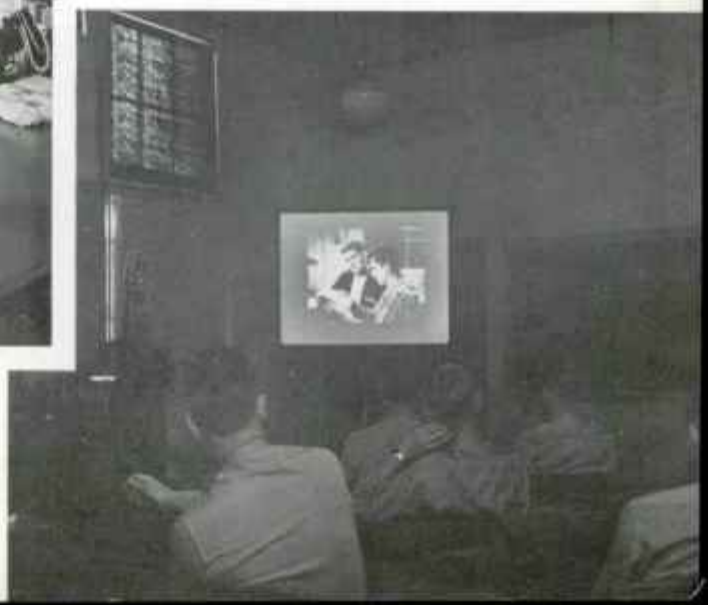

## SCHOLASTIC

Wentworth's up-to-date Sellers - Wikoff Scholastic Building is the nucleus of the scholastic department. This magnificent structure contains one of the most splendid libraries possessed by any institution of this kind. Four completely equipped laboratories provide excellent facilities for the practical study of the sciences. In addition to classrooms for all classes, it houses the Dean's and Commandant's offices. It is with justifiable pride that Wentworth points to this new achievement in its effort to provide surroundings which are conducive to academic advancement.

\* The attractive library contains thousands of volumes, providing every necessary supplement to the student's texts and manuals.

\* Visual Aids are being used to a great extent to supplement lectures by instructors. The Academy has the best equipment available and has established a liberal budget for rental of motion pictures for class work.

\* Sellers-Wikoff Scholastic Building.

Geology is a science of particular interest to boys of the midwest.

## DEPARTMENT

The scholastic department is divided into two separate and distinct units: the high school, which offers four years of preparatory work, and the junior college, which offers two years of liberal arts and science. Each has its own

organization separate from the other. Both divisions are fully accredited by the North Central Association of Colleges and Secondary Schools, an organization composed of the leading colleges and preparatory schools in twenty states. This recognition means that graduates of either department are eligible to enter any institution in the United States that receives students by certification.

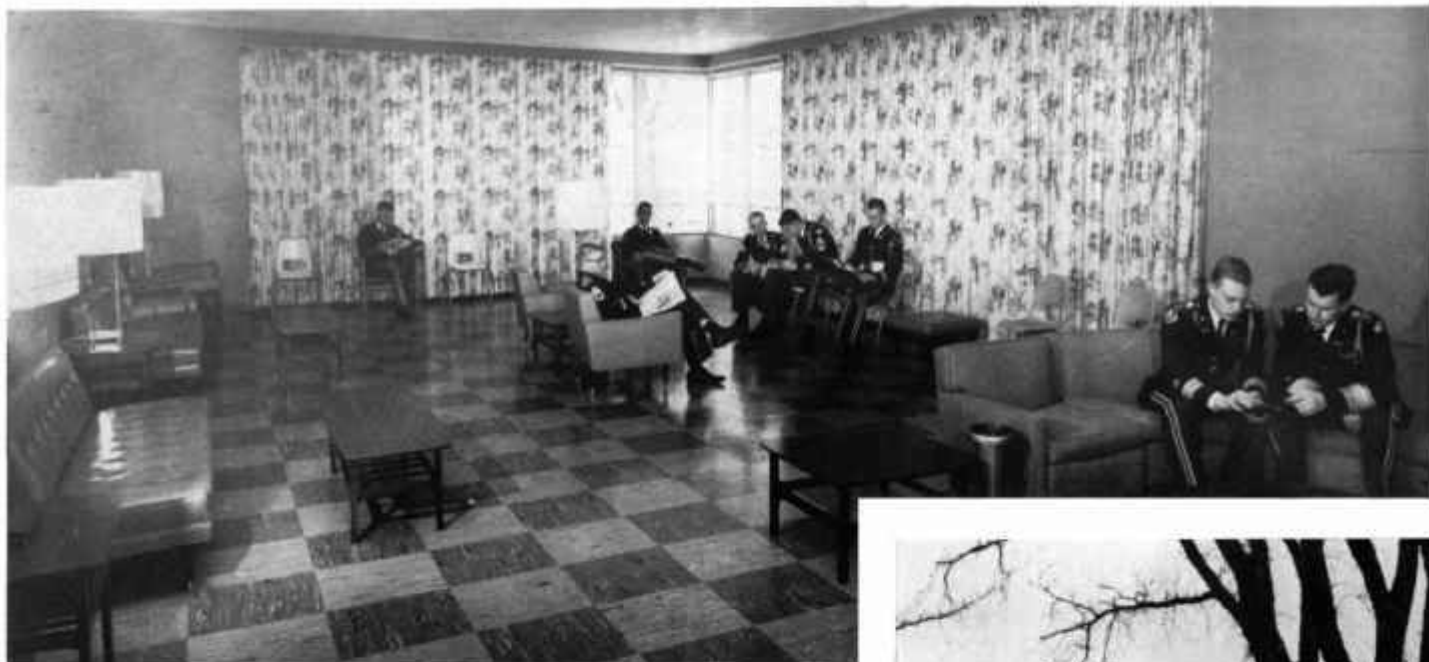

It is our aim to see that each cadet masters every lesson thoroughly. To accomplish this, every student is taught correct study methods and thoroughly schooled in correct uses of libraries and laboratories. Classes are small, which permits individual attention. Most of the faculty members live in the buildings with students. They are readily accessible for special help. From time to time a personal study is made of each cadet to determine his points of weakness and help him overcome them.

\*The laboratory for elementary classes in chemistry provides many costly instruments not provided for in many schools but which Wentworth believes are important to the proper study of chemistry.

\*The laboratory for the advanced chemistry classes is even more completely equipped.

A Spacious Lounge for Relaxation and for Entertaining Friends.

An Attractive Meeting Room for Clubs and Their Sponsors.

Sandford Sellers, Sr. Hall.

## NEWEST ADDITION

A valuable addition to the Wentworth campus is Sandford Sellers, Sr. Hall, a three-quarter million dollar air-conditioned junior college dormitory and kitchen and dining hall wing opened for use last fall.

The building is named after the late Col. Sandford Sellers, Sr., president of Wentworth for 52 years. He was the father of Wentworth's present president, Col. James M. Sellers.

Our Beautiful New Dining Hall.

A Typical Cadet Room in the New Dormitory.

## \$750,000 BUILDING

The three-level building of stone and brick construction houses 124 cadets and three faculty supervisors, and also includes lounge, recreation and meeting rooms.

The dining hall section, also air-conditioned, has a seating capacity for 670 persons. The kitchen is spacious and modern in every respect and its equipment compares with that found in the kitchens of the country's leading hotels.

A Section of Our Modern Kitchen with Some of Its New Equipment.

A view of planes and hangar at the Lexington-Wentworth Airport.

Lt. Col. W. Lowell Stegner, Wentworth Aviation Director.

(Below) Wentworth Flying Cadets and their instructors in front of one of the ten planes at the field.

AVIATION FLIGHT TRAINING GROUP.

## AVIATION

Wentworth participated in the Civil Aeronautics Administration Civilian Pilot Training Program from its inception in 1939 through the change to C. A. A. War Training Service until June, 1943, when all but 80 out of 712 colleges and universities throughout the country were eliminated due to curtailment of this type of training. However, the academy administration, believing aviation training to be very important now and in the future to the youth of the nation, secured permission from C. A. A. officials to continue flight training on a civilian basis and at the expense of the trainees.

Wentworth operates in conjunction with the Earl Haines Flying Service at the Lexington Airport as a certified flying school fully approved by the C. A. A. The flight training program, including ground school, far surpasses the minimum requirements set forth by the civil aeronautics administration qualifying cadets for Private and Commercial Pilot Certificates. It consists of instruction in both dual and solo flight time.

The records of the graduates of the Wentworth Flight Training are outstanding. During the war the graduates of this training program fought on every front where Americans were in combat.

Flight Operator Vernon Van Camp instructing cadets in aircraft engines. A fully equipped shop and hangar are maintained at the airport.

Flight Operator Van Camp looks on as Instructor Paul Thomas gives final instructions to cadet before take-off. Not one student flyer has suffered an injury since the start of the program in 1939. # A DAY

## AT WENTWORTH

**N**O TWO days at Wentworth are quite the same, for a widely varied program of scholastic, military, athletic and other activities is used to keep the interest of the cadets at high pitch and their appetites for learning well whetted. Furthermore, no two students have quite the same duties to perform throughout any given day. There is, however, a definite routine that all cadets follow each day. It is used to instill perfect regularity and promptness in attendance upon all duties prescribed for one and all cadets alike.

While it requires some adjustments for new students to become accustomed to this routine, any slight hint of monotony is soon lost in the kaleidoscopic whirl of the school year.

To give parents and others a better insight, the following pages have been used to set forth, pictorially, the day's activities from Reveille to Taps, of a typical Wentworth boy whom we will designate as Cadet Harlan.

The pictures in this section were taken several years ago. However, since they illustrate life at Wentworth of today, they are still timely. They are retained because so many of the cadets shown served in the Armed Forces of their country and so well illustrate the value of military training as received while at Wentworth.

Since the importance of military preparedness is becoming increasingly evident by the changing world situation, the training illustrated in this picture section has a special significance.

There have been some uniform changes as may be seen by referring to the section on Wentworth uniforms.

★ Harlan—a typical Wentworth cadet.

**H**ERE is Harlan, a typical Wentworth cadet—a fine young American—manly, scholarly and upright. His respect for duty and responsibility has won for him the rank of sergeant. He may have come from a large city or a very small town—that makes no difference to the democratic spirit that prevails at Wentworth. He may be from a wealthy family or a family in meager circumstances—most of his classmates would never know, nor even be curious, unless he chose to tell them. But he typifies all the fine qualities of a deserving and ambitious youth as he goes through the tried and age-proved Wentworth process of becoming a real man, a real asset to himself, his family and friends, and society as a whole.

Harlan, like all the others, participates in many activities besides those shown. But let's follow him through a typical day.

★ ★ ★

Harlan "Betch" Heffelfinger, who graduated in the class of 1937 and posed as the model cadet in the view book, served as a Major in the last war.

His brother, Hugo, another Wentworth alumnus, also a Major, and served with distinction with the Rangers.

Artie Heffelfinger served with the Navy Air Corps as an Ensign.

\* Harlan's first duty is a thorough, refreshing wash before breakfast.

"I CAN'T GET 'EM UP," blows the bugler, but he does, and at 6:35 o'clock another day is under way. Cadet Harlan goes first to the sanitary lavatory on his floor. A good washup is part of the routine, for a cadet is expected to keep himself clean at all times. At 6:50 he goes to a well-prepared breakfast.

After breakfast, rooms must be cleaned. One of the basic aims of our system is, to form personal habits of order. Each morning Harlan makes his own bed, puts his clothes in order and helps his roommate clean the room.

\* Harlan makes up his own bed.

Strict inspection of quarters is a daily routine. Formal inspection of Harlan's person, room and equipment occurs on Sunday morning. At this time unusual care must be taken in cleaning the room. Our friend sees that hidden corners are carefully dusted, chairs polished, and everything put in order. Then he takes care of his person. There's brass to shine, leather to polish, hair to brush, and whiskers to be removed. A certain time is allotted for this preparation and all work must be done within that time. This young fellow knows that any deficiency in this work receives what is known in Academy language as a "skin"—which counts against one's company in color competition.

\*Harlan is ready for the inspector—brass gleaming, shoes shined—room as clean as the proverbial "hound's tooth."

\* Here Harlan delves into things scientific. Modern equipment is provided for all laboratory work.

**A**T 8 O'CLOCK in the morning, classes convene. Harlan makes his way to a small class on his schedule where personal attention is his at any time it is needed. Our cadet is carefully instructed in the handling of delicate scientific equipment. He is not forced to grope blindly for information. That which is true of the science laboratories is equally true in all other classrooms.

Time passes rapidly in the classroom or laboratory because the work is interesting. The scholastic day is divided into two equal parts, with four classes in the morning and two in the afternoon.

\*Our Cadet goes through a course of calisthenics to promote grace and health.

All the cadets shown in the picture were in the Armed Service.

CALISTHENICS play an important role in the physical education of Cadet Harlan. No effort is made to indulge in this or any other exercise in the early morning hours when the body is at its lowest ebb. All such exercises are taken by our cadet after a hearty breakfast and morning classes. The exercises are intended to promote graceful movement as well as better health. The calisthenics used by the United States Army are followed. They are led by senior cadet officers.

So long as the weather permits, the calisthenics are held in the open, but they are taken in the large gymnasium, where an entire battalion may take part at the same time, when rain or cold is in the air.

\*The ten excellent tennis courts are always popular.

\*Cadet Harlan reports to the Professor of Military Science and Tactics for drill duty.

Cadet Lieutenant Jack Ramsdell commanding the platoon shown in these two views, participated as an officer in the landing on North Africa. He was decorated with the Silver Star for heroism in action and Purple Heart.

**D**RILL is a very formal affair. It is on the drill field that Harlan learns much of courtesy, discipline and alertness. He, with his entire battalion, is thoroughly schooled in good citizenship, taught the proper respect for superiors and trained in leadership.

Learning to drill a squad is the first training in leadership. Throughout the year squad drill and competition is a part of the regular military routine. The squad is the smallest military unit and consists of nine to twelve men, two of whom are sergeants. All instruction is conducted by cadets under the personal supervision of members of the military faculty.

Although military work takes but one hour each day, the training is intensive and much more thorough than that found in larger units. Personal attention is given the individual cadet on the military field as well as in the classroom, and each cadet has an equal chance to advance to important positions in Wentworth's military realm. In the army, the navy and the marine corps Wentworth is glorified by its alumni who have received their commissions and are distinguishing themselves in official capacities of these respective branches of service.

\*Maybe Harlan is "behind the 8-ball" here! Like all other cadets he takes part in zestful competition in the recreation room.

\*The television set in the recreation room enables cadets to enjoy their favorite programs.

THE recreation room proves a haven of rest, relaxation and zestful indoor competition. Pool, billiard and ping-pong tables are provided. A few try their hand at bridge, while others read, or relax in comfortable chairs.

\*(Right) Our friend attends a chapel period, held twice each week.

\*(Below) "We must get in there and fight!" says Harlan as he makes a short "pep" talk on the eve of a game.

CADET HARLAN attends interesting, informative and inspirational meetings in the chapel, immediately before lunch on Wednesdays and Saturdays. These meetings are conducted by the Academy Chaplain, but are not strictly religious. Travel talks, health lectures, scientific demonstrations and short sermons, presented by outstanding speakers, are frequently on the program. The service is opened with a hymn, prayer and responsive readings, and closed with the singing of "Wentworth," the Academy song.

"Pep" meetings, preceding important athletic contests, are held in the gymnasium. These are always occasions of great fun. Students and faculty make rousing speeches. The cadet band furnishes gay, martial music and everyone anticipates the big game on the morrow. Athletic contests are important recreational events. Every cadet attends them.

\*While a majority of the faculty members live in the barracks with cadets, some live in residences such as this on the campus.

\*All shined up for Sunday inspection.

\*Our Cadet receives personal attention from a faculty member in the library.

In this picture, the Tactical Officer, James Simmons, graduate of Wentworth, is now a Lieut. Col. in the United States Army. He participated in the capture of Aitua and Kwajalein.

Next to him, Lieutenant Orman, paratrooper, who took part in the Sicilian campaign and the capture of Naples. On the right, Captain James L. Gist, Army Aviator.

**P**ERSONAL attention is not confined to the classroom nor to the evening study periods. Harlan and many other cadets seek assistance in the spacious Academy library. The faculty officer in charge is always ready and willing to help any student, no matter what his problem. Whatever the subject, the faculty officer is qualified to give the guidance needed.

Wentworth's library is one of the most important places on the campus. It contains more than 10,000 books on nearly every subject one could imagine. Reference books include the famous Oxford English Dictionary and many sets of encyclopedia.

\*Harlan plays football—and mighty well, too! No wonder! His uncle was an All-American at Yale.

\*In winter months our boy turns his attention to basketball and other indoor sports.

**T**RAINING for leadership is important on the football field as well as everywhere else at Wentworth. More than fifty cadets answer the varsity call each year and large squads turn out for company teams. All players receive intensive training, both in the art of the game and in clean sportsmanship.

Football ranks as the number one sport and the Red Dragon elevens are consistent winners. The fine spirit of players and corps is credited with being a strong determining factor in every contest.

In the winter months basketball comes into the spotlight. Again there are the varsity and company teams and a place for every cadet who desires to play. Home games are played in the spacious gymnasium where there are two courts and ample space for spectators.

Wentworth is a member of the Junior College Interstate conference, an athletic association numbering seven schools as members. The Wentworth High School teams are members of the Pony Express Conference of Western Missouri. Almost every major and minor sports are on the Wentworth program—all played under competent coaches—and every cadet is required to participate.

\*The gymnasium is 220 x 55 feet. It contains two regular basket ball courts, a large stage, a swimming pool 20 x 60 feet, locker rooms, showers and gymnastic equipment.

\* Here our men-in-the-making is ready for his daily plunge in the pool.

THE sparkling, crystal-clear water of the swimming pool is inviting to cadets the year 'round. The pool is of regulation size (20x60) and is the scene of frequent water sports and aquatic meets. It is the purpose to teach every cadet to swim well. The water is warmed to a healthful temperature and kept pure by efficient filtration and chemical treatment.

\* (Above) Hi-dee-ho! Harlan and his friends tune in a radio program during the recreation period immediately following the evening meal.

\* The orchestra provides musical diversion both for members of the group and the corps.

\* (Below) Perfect study conditions prevail in Harlan's room. (Note the latest type of reading lamp.)

Just before the evening study period is the favorite tune-in time for Cadet Harlan and other radio devotees. Permission to have a radio in the room is regarded a privilege, the abuse of which causes the student to lose this favor.

After thirty-five minutes of recreation following the supper hour, evening study is begun at 7 o'clock. Each cadet retires to his own room for a two-hour period of quiet. There is no stuffy, noisy hall in which cadets are confined. Instead, individual initiative is encouraged. Faculty officers are in constant attendance throughout the period, giving advice where it is needed and encouragement at all times.

**T**APS, at which time all lights must be turned out and all cadets remain quiet, is sounded at 10 o'clock. The soft notes of the bugle call to close the activities of an eventful day and the peace of slumber envelops healthy young bodies until another dawn.

Quiet descends and another day is ended for our busy cadet. Sleep . . . sweet, restful sleep.

*and* ★ ★

## T A P S

Fades the light  
And afar  
Goeth day  
Cometh night  
And a star  
Leadeth all  
Speedeth all  
To their rest.

\* An advanced class in etiquette.

\* Mixed parties are held frequently.

\* The Fountain adjoining the Recreation Room is popular during dance intermission.

\* Off for a canter at the Country Club.

A well organized program of instruction in social usage is a required course for all students, and advanced classes are available for those who desire them.

Ease of manner in any situation thus becomes natural to a Wentworth Cadet. Many occasions such as these pictured here afford ample opportunity for the Cadets to practice their social graces.

# WENTWORTH UNIFORMS

The Wentworth uniforms are made of the finest materials. Beautifully fitted, they are suitable for every occasion, and they include every item a cadet may need.

\* The cadet full dress — the officer full dress and the cadet full dress with overcoat.

\* The coveralls field uniform — cadet full dress and raincoat — the cadet fatigue uniform.

\* Semi-dress without blouse and athletic uniform.

\* Officer and cadet in the semi-dress uniform.

The purpose of this book has been to give you an accurate, but necessarily inadequate glimpse of the Wentworth Military Academy and cadet life. In order fully to appreciate the Academy, it will be necessary for you to visit the campus in person, see the beautiful grounds and buildings and meet members of the faculty. The Administration offices are open the year 'round and your visit will be welcomed at any time.

**SUMMER SCHOOL**—A military summer school and camp of 8 weeks duration begins in early June. Activities are divided equally between scholastic work and recreation. Instruction is on a tutorial basis and nearly any subject may be taken.

# 1959-1960 COMMENCEMENT AWARDS

**TED MESSMORE MEMORIAL HONOR GRADUATE AWARD**—Philip R. Fogle, Aurora, Missouri. **HONORABLE MENTION**—David L. Cowell, Talmage, Nebraska; Dennis L. Paul, Appleton, Wisconsin.

**BURR MEDAL FOR SERVICE, LEADERSHIP AND LOYALTY**—George R. Batcheller, Sioux City, Iowa.

**SCHOLASTIC AWARDS: JUNIOR COLLEGE, SOPHOMORE**—1st, Philip Fogle, Aurora, Missouri; 2nd, David L. Cowell, Talmage, Nebraska; 3rd, Dennis L. Paul, Appleton, Wisconsin. **FRESHMAN**—1st, Carl A. Rhodes, St. Louis, Missouri; 2nd, Bernard H. Ferdinand, Peoria, Illinois; 3rd, Victor L. Goethe, Kansas City, Kansas. **HONORABLE MENTION**—Marion F. Rasmussen, Mapleton, Iowa. **HIGH SCHOOL, SENIOR CLASS**—1st, Walter C. Dittel, San Jose, Costa Rica; 2nd, John A. Welty, Shenandoah, Iowa; 3rd, Howard D. Locher, Colfax, Iowa. **JUNIOR CLASS**—1st, Robert G. McDowell, Mission, Kansas; 2nd, David G. Nasaw, Kansas City, Mo.; 3rd, Thomas A. Bradford, McAlester, Oklahoma. **SOPHOMORE CLASS**—1st, Martin T. Fletcher, North Platte, Nebraska; 2nd, Roland B. Lampe, Hayward, California. **FRESHMAN CLASS**—1st, George R. Peck, Silver Springs, Nevada; 2nd, Pat O'Dell Fagan, Borger, Texas. **EIGHTH GRADE**—1st, Rudolph J. Roper II, Sugar Creek, Missouri; 2nd, George P. Evans, Mission, Kansas.

**CLEMENS MEMORIAL CHEMISTRY AWARD—JUNIOR COLLEGE**—Philip R. Fogle, Aurora, Missouri. **HIGH SCHOOL**—Walter Dittel, San Jose, Costa Rica.

**PARK MEDAL FOR HIGHEST ACHIEVEMENT IN MATHEMATICS**—Jose T. Villa, Caracas, Venezuela, S. A.

Mr. Truman reviewing the Cadet Corps at Dress Parade during Founder's Day.

Ex-President Harry S. Truman with hat in hand standing after he had placed the wreath on the grave of Col. Sandford Sellers and just prior to the prayer given by the school chaplain, standing behind him.

## SPECIAL EVENTS MARKED THE 75th ANNIVERSARY OF THE FOUNDING OF WENTWORTH During 1954-1955

Several special events were held, pictured below (or above). The first of these was to recognize Founders Day and honor the memory of Stephen G. Wentworth, the founder, and Col. Sandford Sellers, the first superintendent, who served as head of the Academy for 58 years. The speaker and honored guest was ex-President Harry S. Truman, who addressed the Cadet Corps and the guests in attendance and later placed wreaths on the graves of the two men who were honored. Mr. Truman was made an Honorary Colonel of the Wentworth Cadet Corps during the visit he and his wife made to the Academy.

The second event, although an annual one, our Wentworth show in Kansas City had the distinctive 75th Anniversary color.

The third special occasion was one which received nationwide publicity, a re-enactment of the Battle of Lexington which

occurred in September of 1861. Joining with the Cadet Corps in actually portraying the Battle were units from the regular Army, the National Guard, and ROTC units of Kansas City. The leading citizens of the City of Lexington, and in fact the whole community, joined in preparation for this very unusual event. As much realism as possible was achieved, even including the co-operation of the elements because it rained continuously during the day, May 12, 1955, on which this event was held, as it had during the actual Battle, according to authentic records. Attending the event were many high ranking Army officers and other distinguished citizens, which made it one of the most remarkable days in the entire history of Wentworth Military Academy and of the City of Lexington.

The Wentworth Band at the annual Wentworth show in the Municipal Auditorium of Kansas City. The picture shows only a partial view of the beautiful arena and the guests who were in attendance.

The Honor Guard, the snap drill team of Wentworth, is invited on many special occasions to appear before the public. Pictured below is Secretary of the Army Robert Stevens, accompanied by Charles C. Stephenson, civilian assistant to the Secretary in this area, as they inspect the Honor Guard at the Grandview Air Base during Armed Forces Day, May 21, 1955.

The stage photographed from the rear of the Chapel during Commencement.

### THE NEW CHAPEL

An outstanding addition to the facilities of Wentworth is the new chapel used for the first time during Commencement 1955. This building was dedicated November 6, 1955. An electric organ was installed later and was used for the first time

during the 1957 Commencement exercises. This building adds much to the life of Wentworth. It is used for assemblies, both religious and secular, for dramatics, and for moving pictures, both entertaining and educational, as part of our audio-visual program.

The audience as photographed from the stage during the Awards Ceremony.

## MEMORIES OF 1959-60

Allow me to introduce myself as the composer of the 1959-60 cadet memories. I am Cadet H. Roy Thompson of Wyncote, Pa., and am concluding my second and last year at Wentworth as a college sophomore.

September 8—Another good year as Wentworth began its 80th year of existence. The year seems to be highlighted by the opening of the magnificent new building which is ever-present on campus, plus the numerous improvements which have been made over-all. Processing was routine but rather hectic with the hundreds of details to be attended to. Nevertheless, it was good to see old faces of both cadets and faculty alike. There is a fine crop of new boys this year.

September 9—The grind has commenced but I quickly got back into the groove. Rehearsed the Sunday parade in a wicked drill session. The band rehearsed the "Snap 40" drill. This year there will be 48 members in the Snap 40. A meeting for old-boys in the chapel revealed that we "are the best bunch of old-boys the school has ever had."

September 10—The new dining hall is an excellent place to work—facilities are a far cry from what they were last year. At noon, I subconsciously walked up to where the mess hall was last year . . . talk about your ruts!

September 11—While waiting tables I slipped and fell on my better end! Colonel Bogey was played as the cadets marched from the mess hall. The "Trumpeter" came out today—record enrollment of 554 cadets. I think my hayfever pills have a drugging effect on me! Bain purchased the record "Big Daddy" to add to our accumulation.

September 12—Took my first jaunt into town—it hasn't changed a bit. Attended first chapel—it hasn't changed any either! Went to the show with Bill—he had already seen the picture twice this week so narrated to me during the first feature. He was getting tired of the second feature so he decided to leave.

September 13—Went to the Presbyterian church with Bob Watts, who has spent his last two years in France. I think I would like France! Hdqs. won parade today—during the Star Spangled Banner, my hay fever got the best of me and I sneezed 15 times.

September 14—The first "blue Monday" of the year. The Trumpeter meeting attendance was a big four. Cold pills were taken, as is the Wentworth custom. Felt a little sorry for Gallaway, who is not only a victim of asthma but is also allergic to wool. How can he escape this predicament since his very trousers are made of wool?

September 15—Waited until Bain hit the floor from the upper bunk before going through the motions of getting up. Captain Bell thinks the dance band has its finest potential since he's been at Wentworth. Hargrave, Swearingen and I swatted the ball aimlessly in rec tennis . . . what a farce!

September 16—The morning was devoted to measurements in the gymnasium. It was a rather amusing combination of green blouses and shorts as we marched up to the gym in our slippers. My weight is a pleasingly plump 180 over a 5' 10" frame. Tried my luck at bowling which wasn't much (101 and 97).

September 17—It was a rainy day so Capt. Bell told us a little "sea story" which turned out to be a synopsis of his past feats. It's 10:45 . . . better pop in bed before Capt. Barry pops in on us!

September 18—Drew rifles today. Dance band met—"Intermission Riff" sounds great. The high school shellacked Wellington 39-6. Welty and I covered the game from the Press Box. There were so many penalties that we got slightly fouled up on our statistics. Talked to Father Lembeck and he made an excellent suggestion for an editorial in the "Trumpeter."

September 19—Polished and shined for the first two periods. Capt. Bell told me during snap drill practice that he wasn't going to lose his temper no matter what happened. He was right because when Steve Johnson went through the entire drill on the wrong foot he said, "I'm not mad . . . see, I'm smiling!"

September 20—Nothing quite like a cold shower to start off the day. Grimes and I went to church. Rev. Schussler preached on, "Are You Afraid To Die?" Studies were frustrating, so I went to the slop-shop. Gave Dave a five dollar bill and he gave me eighteen cents change. It finally dawned on me that I was four dollars short but he said he was sorry.

September 21—A typical "blue Monday" was greeted with a pouring rain. Father Lembeck was late third hour because he overslept. Tried to get in touch with Major Readecker but after following him around for an hour, I gave up. English Lit. is really a sweat with this thing they call "Beowulf."

September 22—Capt. Moses told us a good joke in military class today. It was a tired Crow, who woke up amidst Capt. Wikoff's fourth period economic class. He stumbled from the room in a state of confusion, having missed at least 20 minutes of the class period. Six waiters went to the Country Club to wait the "W" club dinner.

September 23—Many prayers were answered when drill was canceled because of rain. Laughs were many both during and after C.Q.'s as Bain, Swearingen, Veld, Kuck, Beach and Shaw were the jovial jesters.

September 24—During band practice, Capt. Bell had us sing our favorite song to H. T. Seaton entitled: "There Once Was a Bird." While waiting tables, one of the boys started coughing and told Col. Brown that the cold pills weren't doing any good.

September 25—One of the pitchers had a leak in it causing Col. Brown to comment, "Thompson, have a flood down here. Think ya can take care of it?" The high school won a squeaker over M.M.A., 7-6.

September 26—Mr. Godfrey dished out the pancakes this morning and had these choice words: "Come on fellows, let's reach a little. Your stomachs aren't as big as mine!"

September 27—Capt. Wikoff was kind enough to give Grimes and me a ride back to his house after church. Slept through the evening formation. Listened to records in Veld's room while indulging in a Dairy Queen.

September 28—Oh, these rainy Monday mornings! L. A. won the pennant and my hometown Phils came in last which thrills me good. McKeown showed us some card tricks during third C.Q., but Bain and I caught on to one so he left. "Get to bed" shouted Floor Chief Bodie.

September 29—I am now waiting Capt. Wikoff's table in the dining hall. The routine went flawlessly as bells blasted frequently throughout the day. Felt kind of "down in the dumps," so I took off downtown to see the "Horse Soldiers," which was at least entertaining.

September 30—So far it's been a bad week—the morale's gotta shift . . . gotta be happy to be me! Gave a speech on "Life of a Party." I think Capt. Brown liked it; it was a subject we all had in common.

October 1—Practiced snap drill during band amidst a driving rain. Covered the high school football game from the press box—Richmond won, 21-6.

October 2—Sure is hard getting up in the morning—not only that but today marks the seventh straight day of rain. Always a cheerful note! As sports editor of the Trumpeter this year, I will write two columns plus features, editorials and regular athletic events. This should keep me busy, I think. College Dragons lost to Joplin, 28-0.

October 3—The first dance and social event of the year took place tonight. Girls from Cotey, Stephens and Carrollton attended the affair.

October 4—The usual Sunday routine was underway by 9:30. After church I walked back to school with Jeff. Our ninth straight day of rain—almost feels natural—something like liquid sunshine.

October 5—Let's see now—nothing much new today . . . it rained but that isn't new. Had three tests today—I enjoyed the classes despite the tests. Was telling Patsy in the mess hall: "You go to Ocean City and you get Bet as a waitress; you come to Wentworth and you get me as a waiter." Bet is another sister who lives in Philadelphia.

October 6—It was good to get the only hundred on a geology test, but it was a shock to hear that I will give the first lesson in military. Bowled 133 today which brings my average to 116. That 79 sure hurt.

October 7—The day was kinda drab. I could use a good laugh.

October 8—The alarm went off at 6:30—turned it off, went back to sleep and got up at 7:30. The high school team beat Grain Valley, 35-0. The band put on the snap drill—one hour free time after the game.

October 9—It seems to be just another day.

October 10—The band left at 5:00 a.m. for Wichita. The bandsmen performed along with the U.S. Airforce Drum and Bugle Corps from Washington, D.C. We had five hours of free time. I had a juicy steak with several cadets and then took in the "Devil's Disciple." The bus ride home was amusing with "Gally" Gallaway serving as the court jester.

October 11—Slept 'til twelve. Stood Sunday Inspection for the first time this year. "The Nun's Story" proved to be an excellent movie. This ended the big week end.

October 12—Time marches onward and so do we. Tennis was a farce—cold pills were received as usual. Had a worthwhile chat with Dr. Purdom—good man. Study was interrupted during third C.Q. by a platoon meeting.

October 13—Bill changed our beds around. Good work, Bill! Bowled consistently around 130 today. Listened to "College Drinking Songs" in Veld's room.

October 14—Mrs. Prodell said that if she saw me eating more than two desserts again she would fire me. I was thinking of going on a diet anyway. Choir with Captain Yingling was entertaining as expected.

October 15—Capt. Maring's sticks concerning studying after taps were scratched by Col. Brown.

October 16—Gave my speech on "Chess" during the fifth period. It rated an S. Bill charged into the room and informed me to hurry it up because the band was going to put on the snap 40 before the game and when I charged frantically to the field, I discovered that I had been misinformed. I then proceeded normally to the press box. The high school team beat Odessa for the Western Conference championship.

October 17—Another band trip under way at 5:00 a.m. A rare breakfast was eaten in the dining hall since I am a waiter. We participated in the "American Royal Parade" for around an hour. Since there were many horses in the parade, we walked gallantly through, around and over anything under foot. Steaks at the Golden Ox were followed by the opera "Carmen".

October 18—Started the day with a good hot shower. Jeff and I split a dime for breakfast. We were left with pennies for the offering in church. Ironically, the sermon was on the "Art of Good Christian Giving." We felt lower than snail's arches.

October 19—Rounded up some football gear and suited up for my first company football game of the year. A Company beat us 7-6. Toll's mouth got punched, Veld's helmet got crunched and Greeley's foot got munched.

October 20—Ballad recordings in English Lit. were very soothing. The "Anatomy of a Murder" was thoroughly enjoyed by Bill and me. The picture was blunt enough but the trial was just too long for my drooping eyes—I fell asleep.

October 21—The day of reckoning for my military rehearsal lesson has come. Capt. Moses didn't like my twelve minute delivery. Rehearsed again during drill—this was better than running around like a stray chicken across the drill field.

October 22—Popped at six to continue working on my lesson. First period inevitably came—it was my teaching debut. I started off by saying, "When I got up this morning, I didn't have much to look forward to—I had this class to teach." The other classes were told, "Don't do like Thompson did this morning; that's a sure way to create a negative attitude."

October 23—Got a room skin today. Watched the soccer team lose to Tabor, 4-0, my good friend Capt. Moses wasn't here. WMA heat Kemper, 7-0.

October 24—Polished, shined and cleaned before embarking for Kansas City. The "snap 40" put on another good show in the American Royal arena before 8000 goggle-eyed spectators. The occasion was for the "Horse Show and Live Stock Exhibition!" The announcer termed us as one of the best bands in the middle west, known throughout the country. Capt. Bell told us "you did a great job; now you can go back to school and rest."

October 25—A quintet of girls from K. C. were our guests for the afternoon. After entertaining them on the campus, we took them downtown for cokes. We then drove out to the historic Anderson House and battlefield where we proceeded to re-fight the battle of Lexington.

October 26—The day started off on neutral grounds but it was a bad day in the mess hall. Applegate put on an amazing demonstration of coordination when he spilled a bowl of milk in my lap. What a way to start the week! Hidok and I are on "cats" this week. Today was the first stop-day; it broke up the routine if nothing else.

October 27—The days are moving right along. I felt like a robot today, continuously popping from 7:30 a.m. until 10:45 p.m. Headquarters tied B Company 7-7 in company football. The good Capt. Maring is on duty tonight.

October 28—Second call "Everybody up" brought another day speedily under way.

October 29—The day started well enough until I broke a glass and wrenched my back on a table when picking up the glass.

October 30—We gave Col. Stagner one minute and he gave us an hour. Visited the QM with Bill and Tom. Wentworth lost a squeaker to Carrollton, 6-2. Gilmore says that the days are bad if they don't start off with Raisin Bran.

October 31—Dad's Day. The boys drilled their dads for awhile—what a riot . . . I couldn't remove a smile from my face throughout the entire exhibition. Checked in for waiter duty at 5:15. The banquet started at 6:00—poured coffee throughout the meal. Enjoyed a few laughs downstairs with Bub-da, Greeley, King, Melcher and Him. Tom Collins gave an excellent talk to top off the evening.

November 1—Put my spats on and charged up the hill for the dedication of the new college barracks, "Sandford Sellers Sr. Hall." The Bains invited me to accompany them to Kansas City. We ate at the "Golden Ox", enjoying a delicious smorgasbord.

November 2—Father Lembecke pulled off a surprise quiz on us this morning—I think all four of us flunked with flying colors.

November 3—This day seems to be highlighted by one thing—the first touchdown ever to be made in my brief football career. It was a 45 yard pass from Duvall—the amazing thing about it was that I caught it without my glasses. Journeyed to Kansas City for the K.C. Philharmonic Concert. We rode in with Mrs. Sellers who briefed us on Mozart and Brahms.

November 4—Felt terrible this morning—all kinds of gaseous pains, chest congestion and the works; but a half dozen assorted pills along with a Hershey bar seemed to cure me. Gave a speech on "School Spirit" today but I didn't finish it within the four minute limit.

November 5—Assembly during the third hour. "Cap" MacKenzie's usage of liquid oxygen proved to be very amusing. Capt. Castner stormed in our rooms wanting to know who was laughing. I told him, "We're happy but we don't laugh!" Capt. Bell defeated me in two games of blood-thirsty ping-pong.

November 6—Studied with Mark for the speech test. Veld and I journeyed to the QM where I proceeded to drop two decisions of ping-pong. Grimes was on "acc" room duty and claimed to be missing one of the billiard balls. Saw Bill Thompson today; he's attending V.P.I. this year. Made plane arrangements with Mrs. Hepler for going home at Christmas.

November 7—Today the corps went to Columbia to witness the M.U.-Air Force game. Despite cheering by many cadets for the Air Force, M.U. won a well-played game, 13-0. Mizou has a wonderful college atmosphere along with a sizable town and campus. The corps marched in and around the stadium which was impressive to a certain extent.

November 8—A day with blue prospects turned out to be a day filled with laughter. Bill had complications after parade because he had two dates at the same time. He found out that one of his girl friends isn't a real blonde, but he likes her just as well.

November 9—Col. Stagner told us to open our text books even though we don't do it in the barracks. Capt. Brown dismissed Wagler and Lorantos from class because they read the lesson. Hdqrs. won its first game today, beating E Co., 20-8. Interviewed Rotramel for a feature; roommate Fogle was a big help in supplying material.

November 10—Bowling today. Read an interesting account of college week ends and football in the Sports Illustrated magazine. Signing off quickly by means of flashlight rays as it is past 10:45 which denotes "taps."

November 11—Hdqrs. has won two of three guidons. The more days that go by, the more they seem to blend together. Company football: We handicapped ourselves 10 points and lost 10-7. I managed to snare my second touchdown pass of the season. Our final record is 1-1. Leavitt went to the hospital with a broken bone—mugh game, this company football.

November 12—One of those late BRC's! Baldy and I headed for another rock session decked out in our collegiate rain coats; we both agreed that they would pass for beatnik at the University. Little "Paul" crosses his arms in the dining hall at the command of "tenshut." Quite a nephew. "Lip" says he's going to disconnect all the wires in the building so there'll be no bells.

November 13—Friday the 13th somehow seemed to be just another day at Wentworth. Evening meal put another 40 cents in my pocket. C.Q.'s were spent doing something—forget just what, but the day ended somewhat insignificantly.

November 14—When I woke up this morning, I knew I was amidst one of Wentworth's biggest week ends which happens to be Homecoming. Only one drawback—I was sick as a dog with an upset stomach. The Homecoming game was won by the college team over Ft. Scott, 40-0. Since Maj. Pirhalla was away for the week end, I handled the press box duties. The dance was a success.

November 15—The boy taking the offering in church this morning seemed a little confused but he managed to do all right. Dropped over to see Pat and Jim, and before long I was hired as a baby sitter. My duty was over by 11:00 and by 11:15 I was back in the barracks.

November 16—The week end was a little better than usual; the Monday morning was a little worse than usual. I've turned in seven Trumpeter assignments in five days while studies have drifted to the wayside. Nothing unusual this morning. Father Lembecke told Munger to "pull your head out of the sand, sonny" because of a blundering statement.

November 17—"Lip-o" was a loser in two games of ping-pong. Popped down to Hargrave's room—listened to "Peter Gunn" while writing another letter. Ran to howling and rolled 130 and 142. Ran back to the barracks, changed into blues, ate and went to the K.C. Philharmonic concert in place of Phil Fogle. Capt. Brown was the driver and was an enjoyable host. Stopped at a coffee shop on the way back.

November 18—Glee Club during chapel. Capt. Yingling jokingly slammed, "Down with creeping belliam" and Capt. Bell came back with "Yinglingism isn't creeping, it's running." Trumpeter came out today; six articles for a total of 70 inches. Cleaned weapons according to custom. Ran downtown and saw "Around the World in 80 Days," which was a real good show.

November 19—Don't know whether I'm coming or going any more; my work is really cut out for me with the load of burdening activities lying ahead. I hope tomorrow is a little more stimulating. I shall sign off at the request: "Come on Daddy, hit the hay."

November 20—Shot 34 rounds on the firing range which rated an S. Received a waiter's check today for \$16.80. Band was followed by the bowling playoffs; my highest score of 180 was rolled in vain. First C.Q. was devoted to varsity basketball practice. Although I played on the team last year, the night's performance was both a debut and a finale for this year's team.

November 21—Chapel as usual, as the Father Lembecke presided. Visited Sharp and Grimes as they were playing their perennial game of "pinch." Saturday night: wrote letters, because the show wasn't very enticing. Capt. Frantz poked his head in after taps and asked me if I was studying. I said "no" and the next question in line was what I was doing with a flashlight in my hand and I told him I was just holding it!

November 22—Haldiman, Veld, Grimes and I departed for church. Stopped off with Jeff at a local drugstore for a snack but managed "to get to the church on time" for once. Did some homework with Mark and visited the kin-folk upon their return from the Shrine Circus.

November 23—Harold and Danny, who are cooks, were locked in the kitchen by still another cook. Had at least six pieces of cherry pie tonight. Well, now the day is done! That's all for tonight; gonna try a little shut-eye.

November 24—The day was highlighted by my promotion to Sergeant First Class as the corps P.I.O. Many asked what this PIO was so I informed them that this was the Public Information Officer. Studied with Mark for English Lit. test; we put our heads together but didn't come up with much. The dance band played several hours in the gym for dancing classes.

November 25—The day came and went with the usual contemplating of life's meticulous duties. This is a school for beneficial industrious accomplishment if opportunities are taken advantage of. Feeling kind of apathetic presently but tomorrow is Thanksgiving and we have so much to be thankful for which is automatically taken for granted.

November 26—Thanksgiving Day awarded us with a "stop day". Spent afternoon working on the Trumpeter. The big dining hall dinner with special thanks. Had floor chief duty—Brown, R. C., was officer.

November 27—Today was the lull after the storm. Tonight begins another good week end—maybe this one will be exciting. Worked on Col. Wikoff's feature well into the night.

November 28—Bill and I checked in to Colonel Brown for town duty. It was a carefree, enjoyable afternoon. Another floor-chief job under Greeley and Capt. Bushnell. Tom liked my "Mary Beth" letter so much that he requested I read it again to Capt. Brown.

November 29—Jeff started the day by enticing me out of bed by holding a container of water over my head. Parade was normal. Played some basketball in the gym. Capt. Wikoff and I were thoroughly beaten. Waited tables and retired to my room for an evening of quietude, miscellaneous indulgences and Christmas carols. Many visitors came in the course of the evening.

November 30—Kinda sluggish when I got up this morning. Mrs. Beretta gave Paul, "Lip" and me some interesting scholastic information—only need four E's and one S for Phi Theta Kappa.

December 1—It was a wonderful day. Assembly second period was very entertaining—a professional whistler for Decca records. Band rehearsal was good—Galloway was bad! Waiting tables at noon was terribly frustrating—there weren't enough desserts so I ran around like a chicken with its head cut off trying to get them in time. . . I never did! Sevier and I went to see "North by Northwest" by Alfred Hitchcock.

December 2—Received an S on my speech entitled: "The Trumpeter and How It Functions." Drill Holiday for Headquarters today. Did economics during C.Q.'s but was just too tired to study for the Father's Bible Lit. test, so I slept for the remainder of the C.Q.

December 3—One day less until Christmas furlough. Decided it best to study a few minutes for Father's Bible test. Another waiter's check today—as long as 24 hours must be put in every day, I figure I might as well make money doing it. Today was announced as a stop-day and there was much rejoicing. Decided to visit Patsy and it turned out to be an enjoyable evening from 8:30 to 10:10. Presently fighting sniffles and have downed half a dozen pills already today.

December 4—Watched a farcical basketball game; our high school won 48-18. Early to bed—a few laughs silhouetted an overall duddy day.

December 5—Did PIO assignment after chapel. Slept the afternoon away. Kincaid helped me wait tables which was a scream because the boys ran him ragged. After a brief chat with Jeremiah, I headed for the local theatre to witness: "Horrors of Black Museum" and "Headless Ghost."

December 6—Mrs. Brown drove Grimes and me to church; we then dropped in for our weekly "Smoothie." Afternoon visitors consisted of Loch, Bruemmer, Toll and Baldy. Nothing unusual today; we got a room skin but that certainly isn't anything new.

December 7—Still have a stuffed up nose, but time moves on. Trumpeter and dance band rounded out the daily activities.

December 8—Didn't accomplish anything materially, but the day wasn't completely worthless; in fact, was slightly varied when Jeff and I went downtown during the fifth period. Sonny Oetting drove us back. Received four letters bringing my yearly total to 50.

December 9—The day did not particularly stand out in bold relief but merely blended perfectly into the background of Wentworth routine and life. Participating in dance band, concert band and glee club during assembly kept me jumping.

December 10—Had floor chief duty tonight. Grimes was guilty of sleep-walking after taps.

December 11—Several members of the faculty had a little get-together last night in one of the faculty rooms above us.

December 12—Today I celebrated my 19th year—received 15 bills from parents and grandparents. The dance band played for the Christmas dance tonight, and reports have it that we sounded great. Morris played some "real gime" rock 'n roll music for intermission entertainment.

December 13—The company party was held in the band room at 7:00. There was plenty of food for all. Hargrave and Swearingen put on a skit—a good job for ad lib. My "present" was a box of "Pigeon seed," compliments of Bob Spence.

December 14—Had my birthday cake tonight which was devoured by the waiters. The traditional "Happy Birthday" was sung—what a life. The FBLA initiation was a big success. My speech and announcements went well enough.

December 15—Paul came in at 5:00 and tried to get me up to study English Lit., but I was too exhausted; hence, groaned and rolled over. Drew graphs in economics—Bill read off the wrong numbers so mine was a mess. I was the official scorer for the H. S. basketball game—we lost, 60-48 to Sweet Springs.

December 16—Band and glee club performed at assembly. The eighth Trumpeter came out—Capt. Butherus joked about the Phipps feature. Leo "the Lion" McCrite also made amusing comments about the usage of nicknames in my column. The steals in the messhall tonight stunned us all. Ernie Mehl (K. C. Star Sports Editor) made an enjoyable speech at the football banquet.

December 17—The eve before exit—hardly seems that the time has come to leave. I will enjoy every minute of my furlough and why not? Major Pirhalla warned us against "wine, women and song" but I look forward to it. Measurements in the gym activity period—weight 170, height, 5' 10" and a 33 waist which was much better than I had expected.

December 18—Freedom at last! Bill and I rode into K.C. with Leroy, we then called upon the Bragg and Illmer residences. (Our female acquaintances). The afternoon couldn't have been better. Paula and I took Bill to the train station and saw that he got on the right one. Six hours to Philadelphia, and I must say that it was good to be home.

December 19—Started the vacation by putting in nine hours at the local Wyncote Post Office.

December 20—Worked from 12 to 4:00 at the Post Office.

December 21—A day of snow. The route was a real challenge today.

December 22—More hours at the Post Office—Marty had a lot of mail for me. A sledding party at Mel's was in order. Pork had a follow-up at his house afterwards.

December 23—Another day at the Post Office—the pressure is easing off. Attended an Open House at Cheltenham with John, Win and Barb. We then decided to hold a surprise party for Pork at Pork's.

December 24—The chaos in the Post Office has calmed considerably but the mail must still go through. After a Christmas Eve party at Horn's I attended a Christmas Eve service at St. Paul's.

December 25—Christmas Day was celebrated in the finest of spirits. An evening of recuperation was spent at the home of Antoin Wood.

December 26—A day at the Post Office was spent on the truck making deliveries.

December 27—Visited my grandparents with the family. Went with Pork and Scheffe to see the "FBI Story."

December 28—My last day of Post Office duty. I found it to be both beneficial and enjoyable at the same time.

December 29—Stag party at Pork's. Something lacked.

December 30—"Party time" at Duane's. "A toast to the host." Hit the tail end of Susan's party but there was plenty of food if nothing else. It is taken for granted that a good time was had.

December 31—Started to work on my term paper but fell asleep after a frustrating two-hour session. Thus ends a most enjoyable, productive year. When I look back upon all the wonderful memories, I think that this thing called "life" is really worth living. Happy New Year!

January 1—It was a great day in Philadelphia! Pork, Apples, Marge and I, after much debate, journeyed to Broad and Market to witness the famous Philadelphia Mummers' Parade. Much strutting to "Oh Them Golden Slippers."

January 2—My last full day of furlough.

January 3—The exodus from the Philadelphia Airport at 10:30 a.m. The final analysis—"good times." The Wikoffs kindly provided transportation to Lexington and I was back on the campus which seemed like "another world." Waiting tables preceded two study periods. I did manage to write a column for the coming Trumpeter.

January 4—The return once again! A 5000-word term paper is due in 12 days—so far I've mustered 200 words. Room is noticeably cold for some reason! Plodded through the day trying to get organized. The work confronting me presently is staggering. Things look dim and dismal but I suppose I can weather the storm. It's been a busy day—tomorrow should be the same.

January 5—Gave a speech tonight on "Athletic Blunders of the Past" which was rated by Capt. Brown as "entertaining." Bill Braun and his boys made an attempt to get some heat on the second floor today—we're anxiously waiting the results. Col. Wikoff gave us a pep-talk on "homesickness." A PIO assignment was turned into Capt. Moses.

January 6—The days are gradually becoming brighter—our room is gradually getting colder. Ninth Trumpeter came out today—there was also a glee club rehearsal. Enjoyed one of my rare cigarettes with Bill.

January 7—Lost our first company basketball game to "F" Company. 30-26. Scored 8 points and missed many good shots. Classes proved interesting today. Spilman fixed my sliding door free of charge. Paul and I had a good laugh in economics. Spirits are up!

January 8—Band and dance band took up two hours of time.

January 9—The day's end brought forth a note of accomplishment. Term paper, economics and Bible Lit. were all chipped at earnestly. Saturday night was spent in the barracks. Capt. Wikoff was on duty—he spent a few minutes in the room relating his college years in a chronological fashion.

January 10—The nice thing about Sunday mornings is "sleep." Played some four o'clock basketball. Visited the Wikoffs at 8:30 but left for the Tasty Lunch at 9:00 since "FBI Story" was their destination. Crimes and Sharp were enjoyable company—also saw "Moore" Rodekohl, last year's head waiter. Said he missed "the few good times" he had at WMA.

January 11—Just might call it a "Blue Monday." The skies were gray and there was a mist in the air. Applegate started the week with an obnoxious display of temper. Headquarters lost their second straight game, 46-26, to "A" Company. Hit for 16 in a losing cause. The College beat Kemper, 50-29 in a conference basketball game. Capt. Yingling and I entertained each other with wry humor.

January 12—A gathering of eight in Room 101—Sevier was host.

January 13—Interviewed Lt. Clarke this morning for The Trumpeter. Assembly was interesting—a Mr. Criger showed slides and narrated on the Soviet Union—its beliefs, living conditions and goals, etc. The presentation continued through two hours of drill. Patsy is in a panic over Col. Link's fish! Since she has been taking care of them, five black ones have died. They are proving to be a mystery.

January 14—Got off to a good start by getting up at 7:15 and bolting down to the dining hall. Dozed repeatedly in economics. Lots to do—popped after taps.

January 15—Today marks the completion of half the month which is some satisfaction. Finally finished my term paper. A methodical dance band session, Dennis and I conversed on "drive," "nervous tension," and "intensity." He's been concentrating on studies excessively of late.

January 16—Father's Chapel talk concerned "college." The dance band played a three hour dance for an orderly Lexington crowd. Bill returned from K.C. tonight with unbelievable tales.

January 17—Quite a lusty snow met the eyeballs this morning. Participated in choir duties, after which Pat gave a lift back to the house. Watched the Phila. Warriors lose to Boston, but "Stilt" poured in a casual 43. Later on John Unitas led the Western All-Stars to a 31-21 victory over the Eastern division All-Stars. Paul and I studied English Lit. in the seclusion of the chapel—a wonderful hideout.

January 18—Kinda slippery this morning—late 1st period. Third highest in economics exam and an encouraging letter from Temple U. on transferring brightened the day. Scored 15 as Hdqs. won first company game, 31-18 over "D" Company. Dance band steak dinner at Maib's. Received pictures of Christmas furlough which are literally "priceless," as anticipated.

January 19—It was a bitter day—10 degrees outside and 65 degrees in our room. Waiter's check of \$16.80 was first income of the new year. Read my essay on Bacon in "Thomsonian English" to Shaw and Paul.

January 20—Midway through exam week—wrote Paula a letter. A "stimulating" drill session conducted by Capt. Moses. Everyone took notes out of fear of being called on. Passed up a trip to K. C. in lieu of finals. Third C.Q. was spent with Capt. Bushnell—a man with an entertaining, humorous knack about him.

January 21—Arose at 6:00 a.m. to study—the room a chilly 65! Geology test a whopper. One of the "Dads" landed on the athletic field in a helicopter. An expensive visit since the copter was rented for \$100 per hour from Kansas City.

January 22—Deege, Lip, Bob and I indulged in a little "progressive activity" which was ended by Castner. Changed our room around—it's like walking through a maze or a Fun House. Saw a show—"Goliath," and "Rabbit Trap" which was a variation in the routine. Sharp, Kuck and I made the best of the evening.

January 23—A jaunt down town. Glee club rehearsal—Capt. Yingling chopped me again this morning. Enjoyed a steak at Maib's compliments of the good Dennis Paul. The college team beat Highland, 59-55. Rich bagged 22 to pave the way.

January 24—A good ten hours sleep last night. Bill and I rounded off a big week end by seeing "Journey to the Center of the Earth," an excellent movie. Not much excitement today—indoor parade . . . Bill Braun had someone checking the heat—broke my glasses. Another semester starts tomorrow. Hope it is as successful, industrious and as profitable as the last one!

January 25—My last semester at Wentworth begins today and I guess it should be met with mixed emotions. "Spit-shined" shoes during C.Q.'s makes 'em look sharp. Contributed 11 points to a 29-20 victory over "F" Company. I've been trying to take each thing as it comes—the burden ahead is a heavy one once again. Pat happily reports that 12 baby fish were born yesterday. Col. Link should be real proud of his tad— they more than compensate for the previous deceased pisces.

January 26—Newt just dropped in. I asked what time it was. He said "to eleven" so I turned my light out for a few seconds. There's been much decorating in the gym this week—should look good . . . beautiful when the Military Ball is held there.

January 27—Accepted the Wikoff's gracious invitation to dinner—the exquisite meal featured barbecued rabbit. Capt. Jim and Mr. Godfrey provided the food while Pat did an excellent job preparing the feast with all the trimmings. Pat got a piece of fur on hers but the rest was fine. Otherwise, the day was filled with meticulous duties which make Wentworth what it is . . . haircuts, QM, classes, waiting tables, etc.

January 28—Stop Day—band met anyway.

January 29—Got up at 6:15 forgetting that late BRC automatically follows a stop-day. Paid the laundry thirty cents for my slacks. Bill slipped on the ice and has been hospitalized. Phone calls to a Miss Jan Salmon were in order (Bill's date for the Ball). C.Q.'s—Tom came over—other guests included Capt. Fitzgerald, Art, Mark and Bob. Tomorrow's a big day—must write quickly before Coleman checks!

January 30—The big Military Ball week end underway. Paula and Jan proved to be refreshing company for the afternoon. We accepted the Bain's cordial invitation to accompany them to dinner. The dance, featuring Buddy Morrow's band, was great. The Grand March was the most thrilling portion of the evening. We went over to Pat's after the dance! TV, Mrs. Schenck the baby-sitter, and a snack brought an end to the fabulous evening at approximately 1:30 a.m. check-in-time!

January 31—Up at 9:30—some room cleaning. Jan, Paula and I walked to church after which the girls went to the hospital to see Bill. Visited with Paula from 1:30-2:15. Their cab came at 2:30 and the date part of the week end ended. Went with the Tolls to the hospital; it was closed to visitors so we settled for a snack at the Odessa. I took Tom's town duty for him tonight.

February 1—Down five dollars to start the week—must have lost it when I yanked a hankie out of my pocket. Don't know why I carry bills around loose like that. Today I was promoted to Master-Sergeant as PIO! Interviewed Risley 3rd C.Q.

February 2—The college team lost to Kansas City, 71-58. The scorebook revealed 51 fouls for the teams. Bill returned from the hospital with a huge cast on his leg—looks like "Long John Silver."

February 3—Think I need a day off from waiting tables—spilled a pitcher of milk and worse yet, I spilled it on myself! Bill started ripping his cast off 3rd C.Q. A harsh exchange of words took place when Adece tried to stop him. Capt. Johnson came in and said, "You'll read about it on the stick sheet tomorrow."

February 4—Dozed off in economics—finally Capt. Wikoff dismissed us early. He bought me a coke at Bill Giblin's.

February 5—The map reading quiz was hard even when Sgt. Haviland said it would be easy. First C.Q. terminated in a "psycho session" in club room 101 in "A" Company.

February 6—Quite a little "fat" party past night. Pictures were taken, nightwatchmen evaded and conversation exchanged. Spent eleven bucks down town—easy come easy go! For some unknown reason, I did not keep score at the basketball game.

February 7—Hated to get up this morning—the room was 64 degrees. The church choir sang "Teach Me to Pray" after much rehearsal. Pat thought she sang badly but I consoled her. Nephew Paul threw a glass on the floor—had to clean it up. A special rehearsal was held in the chapel for Capt. Yingling's Quartet.

February 8—The week begins anew with so much to be done that accomplishment seems impossible. Capt. Smollen "briefly briefed" us on the deferment plan. Scored 16 points against "A" Company, but Hdqs. "Red" lost, 41-29. The college varsity beat Trenton, 82-61. Resumed my official score-keeping duties and turned the book over to Maj. Pirhalla after the game.

February 9—Capt. Maring and I discussed the "Ah Sweet Mysteries of Life" in the library during the period. Rifle marksmanship under the learned and watchful eye of Sgt. Paul Willett (shot 94 out of 100). Eleven days until the Wentworth Show! Scored six in a 35-29 win over "C" Company.

February 10—An upsetting morning in view of the fact that I lost \$15. Checked the QM and every place imaginable. Reported to military department and then rushed to barracks where I hastened to slap some oil on my rifle. Glee club was "down to brass tacks." Hdqs. banquet at the country club for winning the disciplinary guidon for the semester. Col. Brown said that he was once a Headquarter's mascot. Said that they would try to out-march him. He concluded by saying, "That was silly—that was a foolish thing to do."

February 12—The dance band taped and recorded today for KLEX radio and possibly LP records.

February 13—Returning from my weekly spin downtown, I dropped by to visit Pat and the kids. David stalemated me in a game of checkers. Mrs. Michie paraded down the hall after taps . . . John King barked, "OK men, get back in your rooms."

February 14—Sunday's trivialities were many! Went to church, marched in a parade, played some basketball, did some visiting and cleaned my room. The pile of dirt under our rug has been uncovered by Adece who made it his business to look.

February 15—Glee Club rehearsed during first C.Q.

February 16—The "snap drill" snapped for two hours. Financial research reveals that \$81 has slipped from my grasp—either squandered, spent or unaccounted for. The report also reveals \$3 on hand. Accused of giving out extra desserts, but it isn't true. Although I could not afford to take an evening off, I did anyway.

February 17—Nodded continuously in all classes. It was a cold, bitter drill session with band rehearsing parade. Chapel presented a few "skits" from the Wentworth Show. Capt. Milman's "Tramps" was by far the most startling.

February 18—Fired a 71 on the range today—that standing position is kind of unpredictable. College nipped Joplin, 43-42. At the day's end, I found myself tired, uninspired and lackadaisical. Big day tomorrow, as far as I know.

February 19—The morning was appropriately devoted to polish and shine for the 10th Annual Wentworth Show held at Kansas City. Departed for K.C. in ample time to practice the snap-40. The show, according to the K.C. Times, was a "snappy" production providing well-rounded entertainment for 7,000 on-lookers. Glee Club, a capella, snap 40, parade, formal and informal concert plus dance band were my contributions. What chaotic confusion—the buses exited abruptly at 12:00.

February 20—Spent ten dollars downtown. Purchased 12 top hits for \$1, including the latest hit, "Baboon Runnin' Bare." The talk in chapel was so short. The pyramid picture turned out great and a fortune will be made. Paid Wright 17 pennies to make my bed.

February 21—I'm as happy as a pigeon tonight. Although I was in confinement, our room was a perpetual focal point for many a visitor. Warts, Capt. Coulter, Veld, Bruemmer, Paul, Col. Adams, and Murphy, G., all had a part, each in their own way, in making the room possess a buoyant atmosphere.

February 22—A G.I. bath was given to Pleuss. I tried to take a picture but the steam from the hot water proved to be too much opposition for the lens. Today was George's birthday (Washington to some); other than that the day was just like any other well regulated day. The "Wolf" and I journeyed to English Lit. after the test, keeping our entrance regular by coming in late. Hdqs. Scholastic Banquet featured an excellent talk by Dean Buck.

February 23—A terrific snow storm has hit Lexington. Wentworth held the spotlight again today in Eng. Literature. Entered the Company game at little late—managed 12 in a discouraging 35-32 loss to "B" Company. The day has offered just about nothing worth remembering. "No change, no pause, no hope, yet I endure," wrote a melancholy Shelley. Life is like the proverbial log going down stream; it just keeps rolling along.

February 24—Drill consisted of cleaning rifles. Sgt. Willett and I joked over my weapon. Highlight of the day was the winning of third place in the Class A competition of the Wentworth Chess Tournament. My victim was Bill Spence. Col. Stagner mentioned that the end of the world predicted in Revelations might result from the earth exploding, instead of the greatly feared hydrogen bomb. He suggested that we "better get our church dues paid up."

February 26—Col. Brown issued the ultimatum in the dining hall that "rather severe disciplinary action" would be taken against those reported for throwing snowballs at a distance of no less than 50 feet from the building. He said that he was young once and knows the temptations to "shove someone in the drift and put snow down their back," but gotta protect property and human welfare. Dance band pictures were taken for our record to be put out by the Cavaliers.

February 27—Capt. Bell gave us a "blow by blow" account of the movie "Ben Hur"; now we don't have to see it! I watched the tail-end of US 3-2 Olympic Ice Hockey victory over Russia. Journeyed downtown amidst a driving snow, the destination being the local Main Street Theater. The morbid "Jack the Ripper" was featured. Interviewed the nightwatchman tonight for a feature in The Trumpeter.

February 28—The memory for today is the witnessing of the spectacular "Ben Hur." A party of seven made the trip to K.C. Capt. Wikoff chauffeuring. His wife and Cadets Howe, Newton, Thuer-watcher, Casalegno and I accompanied him. We dined at the exclusive Persian Room where shrimp, fillet and chicken a la king were devoured. I lost a glove somewhere, but that was the only incident marring the trip.

February 29—The English Literature test could have been disastrous. Hdqs. downed "B" White team, 50-20.

March 1—Headquarters Co.—30, "C" Co.—32 in overtime. Most discouraging.

March 2—Plodded through another day. Attempted in vain to complete my feature on Mr. Day. First it was formation and then it was class bell followed by band.

March 3—Sergeant McCrite lectured during drill period. Instead of eating in the mess hall, I decided that a steak at Maib's would be more enjoyable. Spontaneous arrangements were made and the trip was underway.

March 4—Map Reading today! The thought of 14 more hours of this course is not an easy one to bear. Headquarters lost its seventh out of ten company games—again by two points. I scored a sickly five to wind up the season with a 13.1 average. C.Q.'s were spent dabbling at history. We are being held responsible for 100 of 800 names in the chapter.

March 5—More snow today (20 inches accumulated so far this year). Tried to get up at 4:00 but couldn't back it. Participated in the "psycho session" held in room 101. The session terminated when Capt. Brown investigated the situation. One of the boys was telling me that demeritis were nothing but triviality blown up into a vicious circle.

March 6—A typical Sunday. Church, parade, letters, records, visiting, TV and like that. Anyway, furlough draws near.

March 7—Conducted The Trumpeter meeting in Major Pirballa's absence.

March 8—A delicacy in the mess hall—barbecued spare ribs. Sent applications to Penn State and Temple. In assembly today a man demonstrated the wonders of electricity.

March 9—Another entertaining session with Capt. Moses and Capt. Smollen. Used a flashlight to write the "memories" until Capt. Wikoff walked in at 11:00 and suggested that I turn off my "little light."

March 10—At 9:30, the battle group was released for a five-day spring furlough. Dennis Paul and I, as traveling companions, exited with Capt. Lawrence Yingling, who drove us into Kansas City. In K. C. we joined forces with Rotamel, Meaders and McAdams. We left just as inconspicuously as we came and boarded a 10:00 train to Dallas, Texas.

March 11—We arrived in Dallas at approximately 7:30 and were met by Mrs. Russell Moses who took us to the Moses residence in Dallas. Needless to say, Col. and Mrs. Moses treated us like kings for we couldn't have had better hospitality if we had paid for it.

March 12—The noon hour started the day. Our project for the afternoon was washing the Moses' car which was the least we could have done for them. Tonight we enjoyed the fine music of Roger Niven and his Dixieland All-Stars.

March 13—We decided to accept Col. Moses' invitation and accompany him to the Christian Science church service—another new and worthwhile experience. The afternoon featured a "ten dollar" tour by Col. Moses. "On the Beach" was one of the most stirring motion pictures I have ever seen.

March 14—My pleasurable stay with the Moses came to an end as we journeyed to Ft. Worth by bus. We observed Texas Christian University and were particularly impressed by its new library. While Dennis returned to Dallas, I stayed in Ft. Worth where I was to board a 10:00 train to Kansas City.

March 15—Once again we met up with Rotamel, Meaders and McAdams. We also picked up Fichter along the way. The "Cock 'n Bull" was the first place to receive our patronage. Three hours later I was aboard a Greyhound bus which was speeding me back to beloved Wentworth.

March 16—The day began suddenly at 6:00 A.M. I resumed the hectic chores as headwaiter. What a mess! At noon meal, I had to draft additional waiters out of ranks. At Assembly we made a hasty exit at 11:30 thus missing the pleasure of hearing Col. Link talk about

the Olympics at Squaw Valley. About 100 cadets tumbled in today—some are pretty low, both physically and mentally. Col. Stagner related a few highlights to us concerning the educational tour.

March 17—Hopp returned after six chaotic meals thus bringing my short-lived tour of duty as head waiter to a satisfying end. It was quite flattering of Mrs. Prodel to inform me "Well, Roy, you did a good job for such a short notice."

March 18—The snow is melting rapidly and the cadets are returning slowly. The day draws a blank. Certainly the 13th Trumpeter warrants recognition.

March 19—Spent the morning in the library reading about Adolf Hitler and Jean Kerr. After the memorial chapel service, Carter and I went down town to see the "Tingler." I'm afraid there weren't many laughs, in fact, the funniest event of the afternoon was Carter's falling in a puddle of water. The dance band went to Higginsville to play for a DeMolay dance. It was one of the best trips we've had in two years.

March 20—Bill and I enjoyed a dozen orange drinks which were somewhat inappropriate for the fanciful "College Drinking Songs" being played across the hall. Completed a vocational test—it showed aptitude and interest in literary and persuasive fields. Read a pamphlet entitled, "How to Remember Names and Faces." Was up until 1:00 writing an editorial. A writer should never interrupt his train of thought. I don't want to make the same mistake Coleridge did when writing "Kubla Khann." He got up to answer the door, and in the process, lost his "muse" resulting in a sudden ending. (No implication that my writings could ever be comparable to Coleridge's, much less be worthy of interruption.)

March 21—Rejoiced at "no military." Varsity tennis practice was inaugurated with an enervating workout in the gym. A half-hour recuperation period was necessary before I could generate enough energy to wait tables. "Red" Gano helped me—he wants a regular job.

March 22—Capt. Wikoff read a few stories to us and then dismissed the entire class. Mortier enjoyed "Dissertation Upon Roast Pig" in English Literature. Bill received cookies in the mail today—there are still a few crumbs left.

March 23—Chapel was not too cool. I reported to the military department and was promptly sized. Touched up my rifle during drill, then went to glee club where Capt. Lawrence Yingling reigned. Not too much preparation for the ensuing economics test tomorrow.

March 24—Witnessed an excellent movie on "Woodrow Wilson" during the first hour. The economics test dealt largely with Keynes. Sergeant Haviland conducted a "map reading bee" in military. I didn't do very well; neither did my colleague, W. Sevier.

March 25—The ROTC CIRCLIS went smoothly in Kansas City. As usual, the snap drill was praised. Stopped for a snack. Back by 12:00. Attempted to study but a baseball discussion with Veld, plus Mr. Day, our nightwatchman, ended the endeavor.

March 26—After four hours sleep, the history test was kind of a drag. The fun began when Sharp, Grimes, Haldiman and I jaunted downtown for the pancake supper sponsored by the Lion's Club. The confusion was so funny it almost seemed planned. "All you can eat for sixty-five cents" was advertised.

March 27—Slept leisurely until 9:15. Requested a soupee from Col. Brown and ate in the messhall. After the boys marched out, Lip and I adjourned to the lounge. Horseback riding was also featured. "Dillyancy" was holding the left-over turkey on the ride back to school. Leavitt said, "If he falls out, grab the turkey."

March 28—A new week blossoms forth. Visited Patsy from four to five. Nothing unusual happened until she caught a carrot in her throat—she must have choked for ten minutes. Took officer duty for Coleman. Capt. Coulter was also on duty. It was a long night!

March 29—Time is fascinating; it's always ahead of you yet it inevitably passes, leaving only memories in its place. The day was a long hard one with the only excitement being the "W" Club initiation. Had the pleasure of participating on a mop detail third C.Q. (specially devised for those who have nothing to do in their spare time).

March 30—There was a talk in chapel concerning our re-enrollment for next year. "Getting an education is a job! We're getting the most beneficial experience of our lives if we'd only be smart enough to realize it." My revision on "Our Study Hall Supervisor" came out in the Trumpeter today. "Hit them overtones," bellowed Capt. Yingling during glee club rehearsal. They tell me there was a rifle inspection first drill hour, and formal at that!

March 31—Late BRC always enjoyable but the remainder of the day consists of continuous popping. Typed seven letters during C.Q.'s

April 1—Mark and I made the trip to Maib's for a danceband steak dinner. The band then proceeded to play for the "W" Club show which happened to be on the evening's agenda. Many outbursts of laughter were detected during the show.

April 2—Lounged with Grimes in Paul's room, enjoying irregular laughs. After tennis and a quick shower, the Kansas City girls came. They stayed at the B-M Motel in Lexington. It was unique having a date for the dance and playing for it at the same time. Everything worked out fine.

April 3—I was late for church because I had set the alarm clock incorrectly the night before. Mrs. Bates, organist and choir director, grabbed me by the ear as I ambled down the aisle and demanded that I sing in the choir. Ate with Bill and the girls at Opal's Cafe. The girls, not very hungry, had hamburgers but Bill and I ate heartily. Accompanied the Wikoff's to the Kansas Club dinner at Maib's. Jack Easton played the accordion which all at Maib's appreciated.

April 4—Enjoyed Col. Stagner's dissertation upon the geology field trip. Mrs. Gover was in need of milk so I gallantly endeavored to pour some in her jug, only to splash it all over her dress and the floor.

April 5—Received a "package" from home—the contents of which was missing! Officer's duty tonight. Surprised Major Castner by turning in a superb job on his barracks.

April 6—A noticeable touch of hayfever today. Glee club and drill occupied much time.

April 7—The absence of Thursday's customary bananas was the topic of conversation this morning.

April 8—Playing in the number four spot on the college varsity tennis team. I succeeded in subduing my foe, 6-2, 6-0. Tom and I won in doubles, 6-1, 6-3 thus winning the match 4-3 over Kansas City, Kansas junior college. Third C.Q. was spent in the Wolf's chamber where "pigeon talk" was predominant.

April 9—The morning was devoted to cleaning up the band room for government inspection. My job was to see that all door knobs were greased and shined. Later on I spotted Sgt. McCrite who cordially posed for a picture.

April 10—Arose at eight and wandered into the messhall where a good meal was consumed. Sgt. Willett inspected and showed us a new way to fold our socks and underwear. Col. Brown said that it would be a gamble to take a soupee, so after five or six times, I agreed with him. P.S. Many hats blew off in parade today.

April 11—There was a government inspection today. The inspecting colonel walked in, observed our three days work, and left just as inconspicuously as he came. Snap drill and Review Parade rounded off the active participation. Celebrated the successful day witnessing "Operation Petticoat." Ironically, it was a satire on the military.

April 12—Embarked upon an 85 mile trip to Boonville, Mo., with the tennis and golf teams. We romped to a 6-1 victory while the Kemper boys also felt the sting of defeat by the golf team. Ate at the Victory Cafe. Didn't get promoted today—kind of disheartening.

April 13—Trumpeter No. 15 was issued today which is always gratifying in its own way. Requested a soupee; hotdogs and Dairy Queen for dinner. A good friend came down after taps to study. I told him, "You'll get stuck" and he replied that it was worth it. (Drill Holiday).

April 14—Attended the Presbyterian church choir practice.

April 15—Sgt. Leo McCrite had us out on the drill field with mortars—I forget the millimeter. I was a squad leader, such as it was. Col. Link observed skeptically. The dance band played at Braymer. We played without lights and were back by 1:30 a.m.

April 16—Glee club was relaxing after the morning hustle. Nothing doing tonight.

April 17—The choir sang "Christ is Risen Today" for Easter Sunday. Lt. Roley inspected while I was in Sevier's room. His "room-skin" was "visitor during inspection." While wandering around on campus duty, my heart was filled with nostalgia upon observing the cadets with their lady friends. Capt. Frantz came in at eleven and said, "gonna have to turn your light off for a little while."

April 18—Spent an experimental day in ranks. Dance band fillets at Maib's.

April 19—Welty and I performed the duties of "runner" for "Picture Day." Wrote a theme entitled, "A Little World." I think it has good possibilities to blossom out into a book someday.

April 20—Sat in on a lecture first hour in Capt. Art Symond's class. Had lengthy discussions with Col. Link and Col. Sellers. Ran a few errands for Capt. Moses, then went to glee club.

April 21—The day was highlighted by a 50 minute talk with Col. Brown. Little was accomplished but at least I left him smiling. Journeyed to Kansas City where we encountered the junior college tennis team. The match was won, 4-3. When we got back to Lexington, Coach was fifteen minutes late for his bowling date. He's on the "Early Birds" team.

April 22—No classes today. Conferred with Col. Wikoff in what resulted into a soothing, informative discussion. Received several complimentary letters concerning my Trumpeter work. Tennis team lost to Warrensburg, 6-1. Took "post" for Spence—such a thrill throwing the "master switch."

April 23—The K. C. girls came again today. The tennis match with St. Paul's was won handily. The team stands at 4 and 1. Mozied down to the "Slop-Shop" with Grimes. Received a favorable report concerning the Ft. Leonard Wood trip. I had signed up but the tennis matches unfortunately conflicted.

April 24—A beautiful spring day. A bookshelf collapsed while Bill was sitting at my desk. It created quite a mess and the episode attracted quite a bit of attention. Later on, Lip told stories. He said, "it was the last play of the game and I caught a long, end over end pass; but I ran out of bounds when checking to see if anyone was behind me, so we lost, 12-7." Lip's a great competitor.

April 25—There was a dance band dinner at Maib's. There was rain when we took the mortars outside. And there was officer's duty. Capt. Bushnell and I teamed up with our floor chiefs and turned in 17 sticks on the report sheet.

April 26—Defeated Peek to take over the number three spot on the varsity tennis team. Worked diligently on Ruyle's term paper, "Gilbert and Sullivan." Sarge Haviland's class was a riot today. Late sixth period once again. Fatigue resulted in sleep at 11:00.

April 28—A track, golf and tennis meet was held today. Carr and I were eliminated in the second round of doubles competition in tennis. There is a literary society being organized and I have been nominated to the "board of laureates."

April 29—The annual geology trip was underway by 7:15. Col. Lowell Stagner, professor of geology, was at the helm. We toured Bridal and Jacob's caves on the way down. We arrived at our destination which was the Lake of the Ozarks around 3:00.

April 30—After a good breakfast at "Jo-Jo's," we embarked upon a refreshing hike which rewarded us with many fine examples of Ozark terrain features, etc. Limestone castles, natural bridges, sinks and caves were just a few of the features evidenced. The late afternoon was dedicated to boating.

May 1—We were up and out by 11:00. On our return trip to Lexington, we observed and toured the notable Bagnell Dam. More geologizing was scheduled and we arrived "home" around 5:00 p.m. The sun shone brilliantly as it seemed to praise the wonderful adventure. Truly, it was a memorable week end.

May 2—It seems that the dance band trip to Monroe City over the week end was a big success. The band stayed at the Sweetengren abode where a good time was had by all.

May 3—Bill Braun and his boys have repaired my book case. Hdqs. had a banquet for winning the scholastic guidon. Capt. Yingling provided transportation for glee club.

May 4—Col. Stagner was speechless when we awarded him a gift certificate to Stier's as an expression of gratitude from the cadets who went on the most interesting geology trip. Took a "soupee" and ate a steak at Maib's with several friends.

May 5—Geology dismissed early so Sgt. DiGiovanni and I meandered to the "Dragon Den" for an enjoyable session. The tennis team, chauffeured by Mrs. Coulter, journeyed to Warrensburg where a scheduled match was to take place. There was just time enough for Carlos and Dennis to lose their singles before the rains halted the proceedings. Carlos met an attractive girl which rationalized his defeat.

May 6—Welty and I departed with Major Pichalla for Columbia, Mo., where we were to attend the Missouri College Newspaper Association Convention. John was elected president for next year—hope he decides to come back. Received a couple "number one" ratings for editorial writing.

May 7—Wrote enough on the history test for at least an S—.

May 8—Sang in choir as usual, soupee for noon as usual, parade as usual; then there was the Mother's Day meal in the gymnasium.

May 9—Three tests today. Continued on the manufacturing of my term paper. While reviewing for a geology test with Jerry, Capt. Barry ambled in, pipe in hand, and discussed various topics such as courses, WMA, students, etc. Oh, yes, and the U. S. pilot being shot down over Russia.

May 10—A miserable rain this morning. Capt. Symond really was angry at the class first hour—gave us a good "talking to." Bradford and I had fun trying to play the "1812 Overture" in band today. Officially promoted to "Editor" of The Trumpeter which was both an honor and a thrill. Presented Welty with a few suggestions for his column since he is the new Sports Editor.

May 11—It was nice of Dyke to repair my typewriter for me. Sierk took a sudden medical furlough.

May 12—There seems to be 6,000 rounds of 22 cal. ammunition missing from the armory. The FBI will be in town shortly. O. D. was enjoyable, yer time consuming up 'til 12:30 as Baldwin occupied precious moments. Capt. Maring was my cohort in duty.

May 13—"A" barrack is on confinement tonight. Sgt. Toll stuck me "Out of chair CQ". Friday the 13th was a grim, solemn day—nothing unusually unlucky about it.

May 14—There was a bivouac today. My official role was to be the designated photographer. There was quite a bit of free time for games and wild melees. "A" captured "B's" guidon and snapped it in two. While snapping over 40 pictures, I was saddled with the nickname of Ernie Pyle—famous World War II correspondent killed in action while snapping pictures.

May 15—The night was not conducive to sleep. The bivouac wasn't such bad sport after all. Back at Wentworth, the K. C. girls took us by surprise. First there was the NCO parade, then a Dixie-land session.

May 16—Visited Patsy for a while this afternoon and was only mildly surprised when Cadet Erich Zschaek arrived on the scene. The Trumpeter banquet took place at Maib's promptly at 6:00. Col. Sellers was the guest speaker. I too, had a few impromptu words for the small gathering. Angered by the absence of two shirts. Wrote a theme for Jerry; he seemed pleased. Handed in the big term paper. What a relief.

May 17—When a bell rang early in the morning, I did the following: got up, went to formation, ate, read the paper, made the bed and went to class. Later on in the day I went to band rehearsal.

May 18—Kruschev ranted and raged on TV last night, creating quite a stink in the process. Col. Buck gave us some excellent advice concerning "college at the university." He said that we should budget our time, use the library, join a fraternity, no car, work hard and have the desire to "pitch hay". "Average intelligence can make it anywhere in the country," he said. Trumpeter No. 17 came out today—received several compliments on the "Cogitations" column. Glee club rehearsal was outdoors—felt like I was serenading the barracks. Reviewed for English Lit. exam in the lounge.

May 19—The English Lit. test made me feel as if I hadn't studied. The concert band played at the State School for retarded children in Higginsville. The glee club also sang. Hdqs. then went out to the country club for the Disciplinary guidon steak dinner.

May 20—The battle group embarked on a round-trip journey to K. C. You see, the A's-Washington game was rained out, so we had to settle for the non-stop "joyride". After singing "Auld Lang Syne" for Col. Brown, he consented to giving us "freedom of bounds" for the evening.

May 21—Purchased a 15-volume set of Encyclopedias for \$20. Didn't study for my history test, but still received an E—. Col. Sellers briefed us on graduation procedures. I was hoping to play the organ today. Read a letter I had written to Deege, Rich, Lyle, Bill and Bob, they all seemed to get a kick out of it.

May 22—Carried the "Disciplinary Guidon" in the New Boy parade—anything to help out the company, I always say!

May 23—It's getting pretty hot here in Lexington. The air conditioning is becoming noticeable. The family arrived at 7:00, so I visited with them for a while before returning to the "mines". They had good reason to be tired after a trip covering 1105 miles. We're in the home stretch at long last. Five exams and eight Trumpeter assignments comprise the bulk of my schedule; also fifteen letters.

May 24—The parents and Betsy are in the dining hall this noon. Her red hair makes an interesting spectacle. "W" Club dinner at Maib's.

May 25—Last night Capt. Frantz must have thought that I wasn't quite ready for bed. I was lying in bed with my slacks on when he asked, "Going somewhere, Thompson?" I reassured him with "No, I think I'll just relax awhile!"

May 26—Introducing quite a few friends to the family. Betsy already has more dates than she can handle. Captains Frantz and Cotton invited Paul and me out to dinner in Richmond. Chalk up another memorable evening.

May 27—All of this work is really getting me down; I think everyone is looking forward to the end of school year. I think Cadet Sevier will escort my sister to the show tonight. The band concert provided stimulating entertainment for everyone.

May 28—Patsy, Betsy and I drove into Kansas City, since I had to take a Civil Service Exam at 8:30 a.m. The awards assembly was as profitable as it was last year for many of the cadets. Had the pleasure of escorting Anita to the graduating dance; Rich took Betsy. The Marings and the Wikoffs were there to share in the fun. It's been a long day.

May 29—It's over! Final dress parade, snap drill, baccalaureate, commencement and dismissal. But somehow there is an empty feeling within me for I have made many close friendships in my two years here, some of whom I have seen for my last time. Although I am about to take leave of this life, I pause for a moment of sentimental remembrance of them and the experiences we shared together. I feel that I have lucratively taken advantage of Wentworth's numerous opportunities, and I would like to wish the best of luck to you all—especially to those of you who return, and I shall also think of you when I go to college next year. I can never forget these two years of my life.
