

WENTWORTH MILITARY ACADEMY

ESTABLISHED 1880 — LEXINGTON, MD.

HIGH SCHOOL AND JUNIOR COLLEGE

WENTWORTH'S PURPOSE

It is the purpose of Wentworth Military Academy to provide the best conditions possible for the all 'round development of worthy boys and young men.

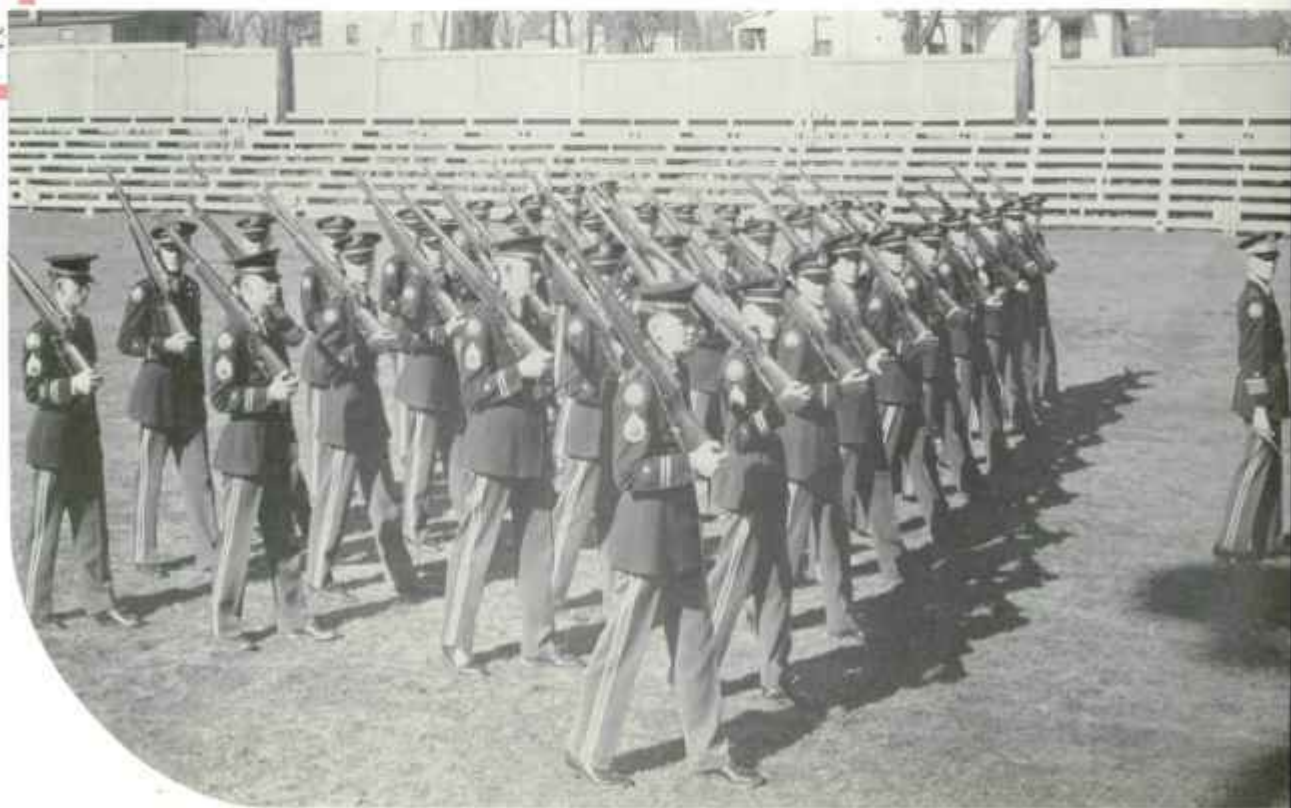

To attain this high purpose, the Academy places greatest emphasis upon these four points:

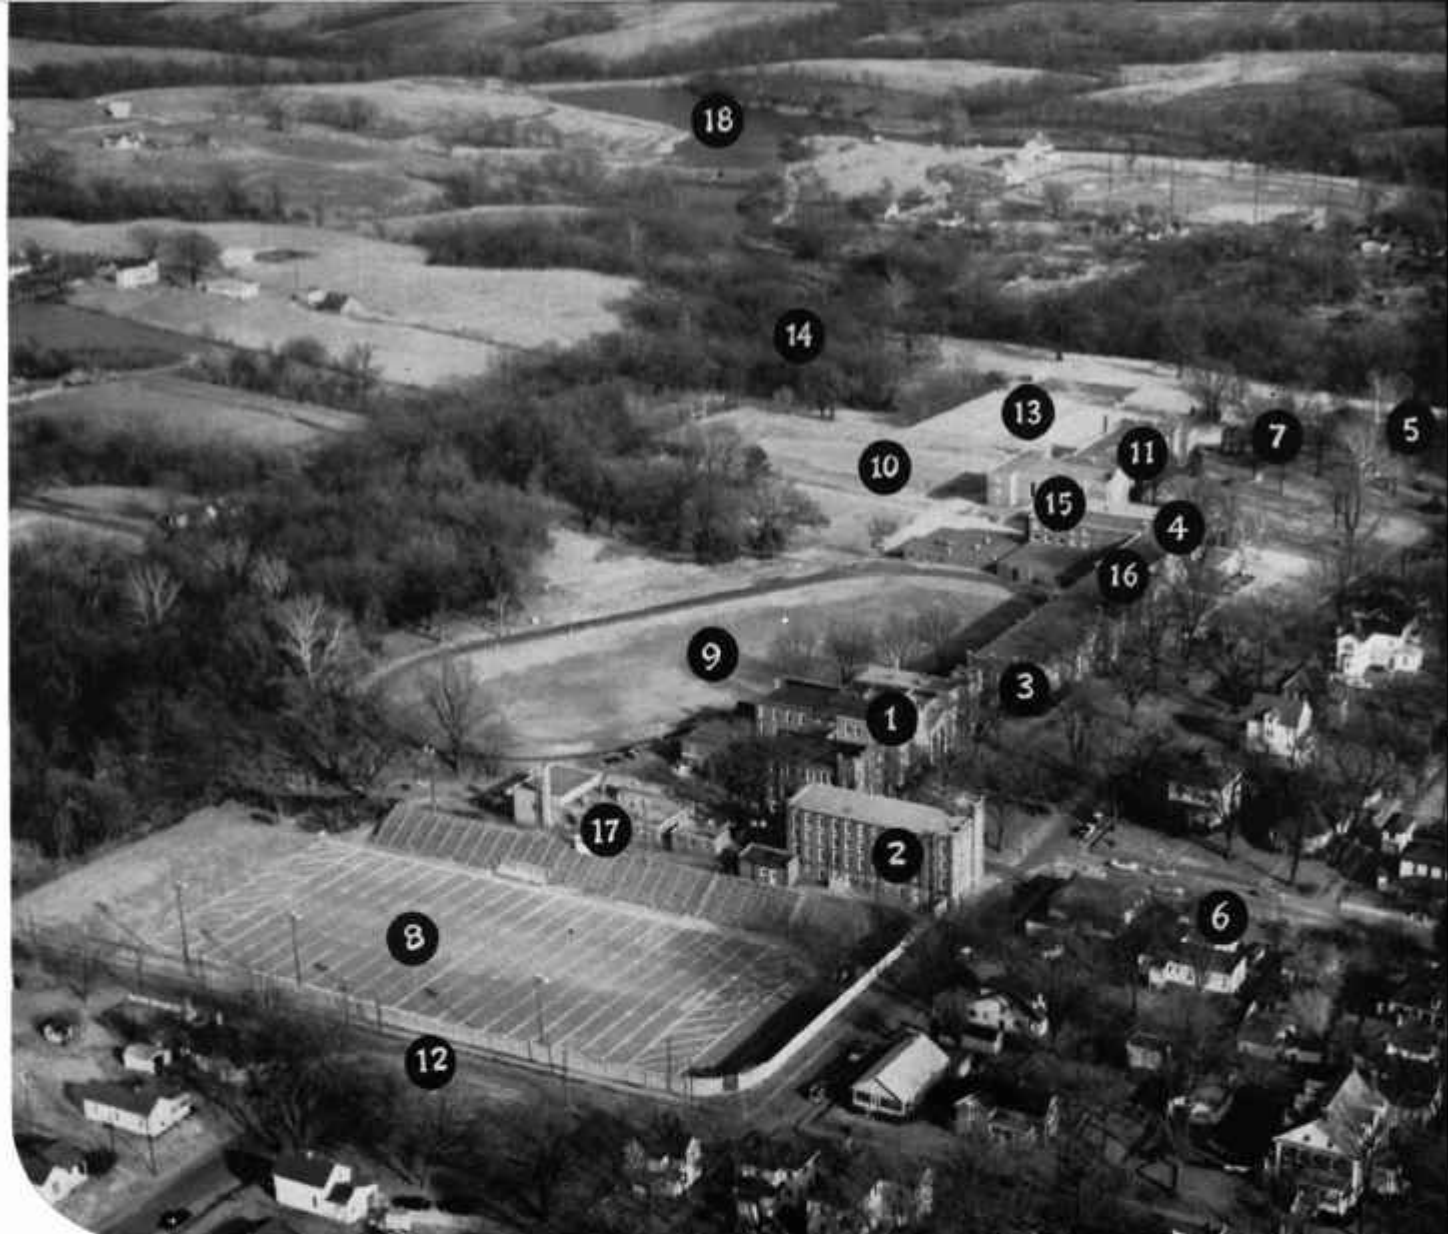

First, it is the Academy's aim to assemble only the highest types of students—deserving youths of good parentage—to assure wholesome associations and greater progress. Every precaution is taken to keep undesirable boys—all those that might prove detrimental to others—out of the Academy.

Second, to employ only men of highest character and ability for its faculty. It is not enough for a Wentworth faculty member to be merely a scholar and a splendid instructor. He must also possess a spirit of friendliness and a sincere desire to give kindly help whenever necessary. He must thoroughly understand the innermost problems of boys—be patient with them—and be ready to serve each boy to the best of his ability.

Third, to provide the very best equipment throughout every department to the end that every boy will have all those things necessary to his health and happiness and that none shall want for anything that will help him to make progress.

Fourth, to provide a program for each day that will best serve the interests of every student.

President

Wentworth 1912, University of Chicago, A.B. 1917, Phi Beta Kappa 1916; Sigma Xi; Beta Theta Pi; Major U. S. Marine Reserve 1917-1920; Distinguished Service Cross; Navy Cross; Silver Star; Purple Heart; Croix-de-Guerre; Past President of Association of Military Colleges and Schools of the United States; Past Grand Master of the Grand Masonic Lodge of Missouri, A. F. & A. M., and Past Grand Commander of the Grand Commandery of Missouri.

★ Colonel L. B. Wikoff, A.B., S.B. in Ed.,
Superintendent and Secretary

University of Missouri, A.B., S.B. in Ed., 1915; graduate work, University of Chicago; Past Governor Rotary International, 1936; Past President of Missouri State Chamber of Commerce. Came to Wentworth as coach in 1915 and has since served in various capacities continuously.

SINCE EIGHTEEN EIGHTY

One of the chief reasons why Wentworth has been able to achieve its lofty purpose lies in the fact that the Academy has been under one continuous administration since its founding. For nearly three-score years, Colonel Sanford Sellers was president of Wentworth. He enjoyed one of the most enviable records in the history of American education.

The Academy was founded by Stephen G. Wentworth, scion of a distinguished English family and a prominent Lexington banker, in 1880, as a memorial to his deceased son, William Wentworth. Mr. Wentworth immediately vested control of the institution in the hands of a board of trustees composed of a duly elected representative of each of the Evangelical churches of Lexington, and a president. Colonel Sellers was called to the new school in its first year and remained as its active head until 1938. Mr. Wentworth served as president of the Board from 1880 until his death in 1897.

It was the firm conviction of the founder, his board of trustees and President Sellers that a military boarding school provides the most effective possible means for giving young men the thorough mental, moral and physical training necessary to develop in them the highest traits of manhood. Thus, Wentworth became the first military school in the Missouri River Valley.

From the beginning the late President Sellers surrounded himself with the ablest faculty available — strong men of proved qualities and Christian character. Under his wise and forward-looking direction, Wentworth has grown steadily. Each year has shown marked improvement over the preceding year. Today Wentworth stands as one of the truly great educational institutions of our country — second to none in the opportunities it offers boys and young men for thorough preparation for professional studies, business and for life.

AN HISTORIC BACKGROUND

Throughout over half a century the Wentworth purpose has remained unchanged. The ideals which led to the Academy's founding and which have carried it steadily forward, shine just as brightly today as ever: the desire to give each youth every opportunity to develop fully his own individual personality; the aim that every cadet shall acquire a keen sense of duty and responsibility, both to himself and toward others; that he shall have the mental and moral power to make accurate judgment between right and wrong and the physical power to stand by his convictions.

These high standards have dominated Wentworth for generations. But to maintain them and assure their full and continuous application, it has been found necessary to limit the enrollment. Wentworth today is a relatively small school—many times larger than in 1880, to be sure, yet small enough that every individual student is given the private attention so essential to his all-round development.

The surrounding country affords a wealth of historically important Civil War sites and the town of Lexington itself retains much of the tradition of the old south. Here enthusiasm for the reminders of our country's glorious past is combined with the enthusiasm for modern adventure to promote the rapid development of the boy's mental, moral and physical resources.

★ Founder of Wentworth Military Academy.

Sanford Sellers

(1846-1938)

★ President of Wentworth Military Academy from 1880 to 1938.

YESTERDAY

Above is pictured the first company ever assembled at Wentworth. From this humble beginning, the Academy has marched forward over a trail of development that has placed it in the front rank of America's best military schools.

and TODAY

The Wentworth Military Academy of today is vastly different from the Wentworth of 1880. From year to year it has enlarged its facilities, increased its enrollment and changed its physical appearance until there is little to remind one of the early days. Numerous modern and attractive buildings have been erected as they were needed. Old buildings have been torn away when they were no longer useful. Spacious military and athletic fields have been added. One of the finest Field Houses in the country has been built. Every new method in teaching that has been found definitely superior to older methods has been adopted. Yet, some of the fundamental principles that guided the first company are adhered to just as strictly today.

* Officers
Front and Center

★ The new indoor rifle range where every cadet learns small arms firing.

MILITARY DEPARTMENT

MILITARY training at Wentworth has been a strong feature since 1895 when the first active army officer was detailed to the Academy but has never been permitted to interfere with scholastic work.

Today the Reserve Officer Training Corps program (ROTC) at Wentworth is administered by Regular Army personnel, consisting of three commissioned officers and six non-commissioned officers, who are in charge of instruction.

Cadets are taught the theoretical aspects of the basic military subjects through formal classroom type instruction. Each Wednesday afternoon during the regular drill period the cadets apply those fundamentals learned. During the fall and spring of each school year the cadet corps participates in a field training program during the drill period. Initially, stress is placed on proficiency of the individual in such subjects as first aid, physical fitness and individual combat training. Later through instruction in combat formation, battle drill, patrolling and bivouac training. During the spring this training is culminated when the cadet corps participates in a field exercise which includes a tactical march and overnight bivouac.

Through participation in the ROTC six year Military Schools program, a cadet receives all necessary ROTC training to qualify for a Reserve Army Commission once he has attained a baccalaureate degree.

Wentworth is proud to be one of the original Honor Schools of the United States, the highest rating given by the Department of the Army.

Patrolling

* This monument, erected on the campus by the Alumni Association, to the memory of Wentworth cadets who died in the World War No. I, typifies the loyal spirit of generations of former Wentworth cadets.

* Patriotism is no sham at Wentworth. Every cadet is taught the real meaning of our flag. Each day, with appropriate ceremonies, the Stars and Stripes are raised and lowered on the towering flag pole,

* In this view of the main lobby of the Administration building cadets are shown admiring a replica of the Declaration of Independence and Constitution donated to Wentworth by the late Mr. L. Fred Evans, Vice-President of Emory Bird Thayer of Kansas City.

ADMINISTRATION BUILDING

Within Wentworth's Administration Building are handsomely furnished parlors, corridors and reception rooms. Among its furnishings and decorations students and guests alike find many articles of interest and rare beauty. Its comfortable furnishings amid peaceful surroundings afford a homelike atmosphere where the new cadet readily adapts himself to a wholesome, happy experience. Here in an atmosphere of quiet dignity, every student is privileged to entertain his guests or to spend his leisure moments as governed by his daily schedule. None of the comforts of the modern home have been excluded in Wentworth's plan to provide the finest training and quarters available.

* (Above) The corner of one of the attractive parlors where cadets receive their guests.

* (Right) This view partially illustrates the homelike surroundings of the reception room.

About the **CAMPUS**

* A part of the
Quadrangle.

★ Memorial Chapel

Nature and man have joined forces at Wentworth to produce a campus of outstanding beauty. Magnificent trees, of many varieties, blend in perfect harmony with modern, attractive buildings and spacious grounds. The Academy is located just at the edge of Lexington and covers 52 acres. The front campus extends over four city blocks and is dotted with massive elms and glorious flower banks that provide enchantment and inspiration. The back campus includes athletic and military fields and the new stadium. There are ten thoroughly modern buildings on the campus, each built for the exact purpose it serves. They are of brick and stone construction and are heated by steam and hot water.

★ "E" and "F" Barracks

* Looking over the River from the Wentworth Country Club Porch.

THE WENTWORTH COUNTRY CLUB

Located on one of the most beautiful spots overlooking the Missouri River, the Golf Course and Country Club add variety to the many facilities available to the Wentworth students. The nine-hole golf course is most attractive and sporty. The club house, with its catering equipment, is ideal for many informal parties held throughout the year. And in the stable are found horses suitable for the tyro as well as the expert rider.

* Teeing Up

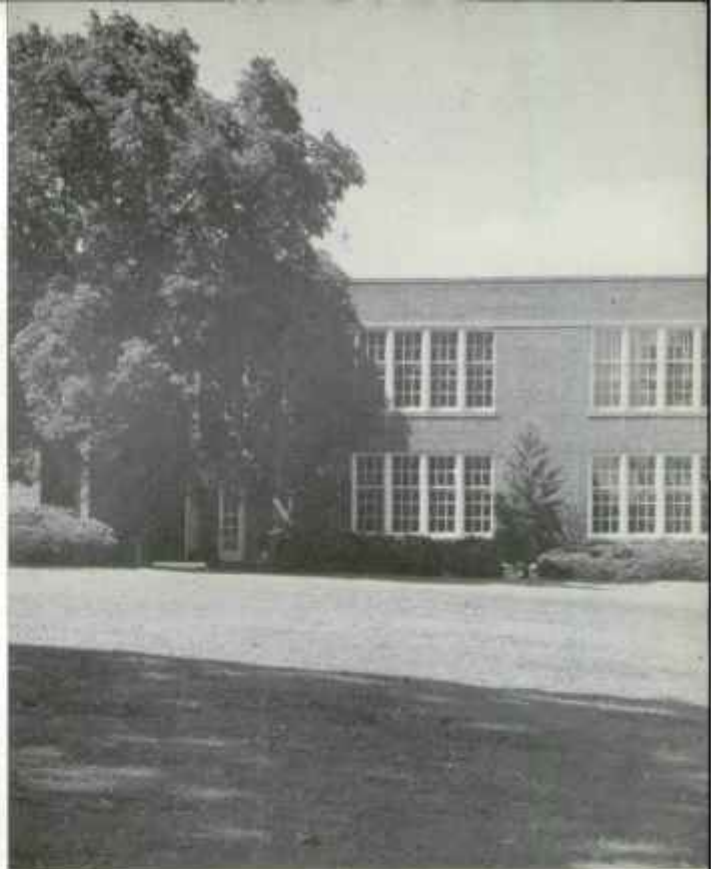

* Two stylish mounts. Every Wentworth student will ride.

* Interior of the Club House—available for many informal gatherings.

* One of the spacious, well lighted and immaculate corridors in the Sellers-Wikoff Scholastic Building.

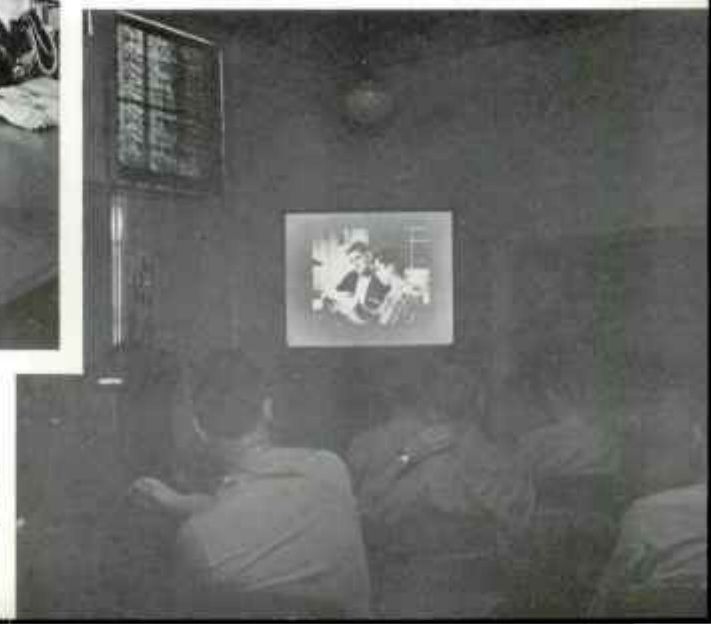

SCHOLASTIC

Wentworth's up-to-date Sellers - Wikoff Scholastic Building is the nucleus of the scholastic department. This magnificent structure contains one of the most splendid libraries possessed by any institution of this kind. Four completely equipped laboratories provide excellent facilities for the practical study of the sciences. In addition to classrooms for all classes, it houses the Dean's and Commandant's offices. It is with justifiable pride that Wentworth points to this new achievement in its effort to provide surroundings which are conducive to academic advancement.

* The attractive library contains thousands of volumes, providing every necessary supplement to the student's texts and manuals.

* Visual Aids are being used to a great extent to supplement lectures by instructors. The Academy has the best equipment available and has established a liberal budget for rental of motion pictures for class work.

★ Sellers-Wikoff Scholastic Building.

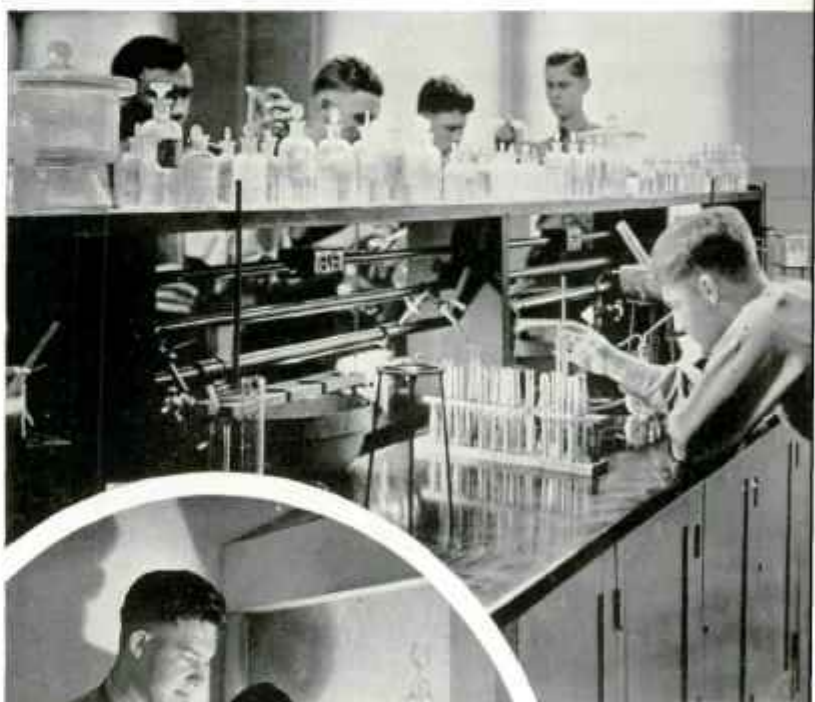

Geology is a science of particular interest to boys of the midwest.

DEPARTMENT

The scholastic department is divided into two separate and distinct units: the high school, which offers four years of preparatory work, and the junior college, which offers two years of liberal arts and science. Each has its own organization separate from the other. Both divisions are fully accredited by the North Central Association of Colleges and Secondary Schools, an organization composed of the leading colleges and preparatory schools in twenty states. This recognition means that graduates of either department are eligible to enter any institution in the United States that receives students by certification.

It is our aim to see that each cadet masters every lesson thoroughly. To accomplish this, every student is taught correct study methods and thoroughly schooled in correct uses of libraries and laboratories. Classes are small, which permits individual attention. Most of the faculty members live in the buildings with students. They are readily accessible for special help. From time to time a personal study is made of each cadet to determine his points of weakness and help him overcome them.

★ The laboratory for elementary classes in chemistry provides many costly instruments not provided for in many schools but which Wentworth believes are important to the proper study of chemistry.

★ The laboratory for the advanced chemistry classes is even more completely equipped.

A Spacious Lounge for Relaxation and for Entertaining Friends.

An Attractive Meeting Room for Clubs and Their Sponsors.

SANDFORD SELLERS

A valuable addition to the Wentworth campus is Sandford Sellers, Sr. Hall, a three-quarter million dollar air-conditioned junior college dormitory and kitchen and dining hall wing.

The building is named after the late Col. Sandford Sellers, Sr., president of Wentworth for 52 years. He was the father of Wentworth's present president, Col. James M. Sellers.

machines, equipment room and handball court. On the second floor there is a wrestling room to accommodate two 24 x 24 mats; gymnastic room, equipped with parallel and horizontal bars, horses, trampoline, rings and other apparatus; golf and tennis room, and shuffle board courts. It also includes a very beautiful Olympic size swimming pool, colorful and up-to-date in every way.

A view of planes and hangar at the Lexington Westworth Airport.

(Below) Westworth Flying Cadets and their instructors in front of one of the ten planes at the field.

AVIATION FLIGHT TRAINING GROUP

AVIATION

Westworth participated in the Federal Aeronautics Administration Civilian Pilot Training Program from its inception in 1939 through the change to C. A. A. War Training Service until June, 1943, when all but 80 out of 712 colleges and universities throughout the country were eliminated due to curtailment of this type of training. However, the academy administration, believing aviation training to be very important now and in the future to the youth of the nation, secured permission from F. A. A. officials to continue flight training on a civilian basis and at the expense of the trainees.

Westworth operates in conjunction with the Earl Haines Flying Service at the Lexington Airport as a certified flying school fully approved by the F.A.A. The flight training program, including ground school, far surpasses the minimum requirements set forth by the Federal Aeronautics Administration qualifying cadets for Private and Commercial Pilot Certificates. It consists of instruction in both dual and solo flight time.

The records of the graduates of the Westworth Flight Training are outstanding. During the war the graduates of this training program fought on every front where Americans were in combat.

Flight Operator Vernon Van Camp instructing cadets in aircraft engines. A fully equipped shop and hangar are maintained at the airport.

Flight Instructor Leroy Dyson gives final instructions to cadets before take-off. Not one student flyer has suffered an injury since the start of the program in 1939. Lt. Col. W. L. Stagner, aviation co-ordinator, supervising a class in navigation and giving personal instruction to aviation students.

From REVEILLE TO TAPS

A DAY

AT WENTWORTH

NO TWO days at Wentworth are quite the same, for a widely varied program of scholastic, military, athletic and other activities is used to keep the interest of the cadets at high pitch and their appetites for learning well whetted. Furthermore, no two students have quite the same duties to perform throughout any given day. There is, however, a definite routine that all cadets follow each day. It is used to instill perfect regularity and promptness in attendance upon all duties prescribed for one and all cadets alike.

While it requires some adjustments for new students to become accustomed to this routine, any slight hint of monotony is soon lost in the kaleidoscopic whirl of the school year.

To give parents and others a better insight, the following pages have been used to set forth, pictorially, the day's activities from Reveille to Taps: of a typical Wentworth boy whom we will designate as Cadet Harlan.

The pictures in this section were taken several years ago. However, since they illustrate life at Wentworth at today, they are still timely. They are retained because so many of the cadets shown served in the Armed Forces of their country and so well illustrate the value of military training as received while at Wentworth.

Since the importance of military preparedness is becoming increasingly evident by the changing world situation, the training illustrated in this picture section has a special significance.

There have been some uniform changes as may be seen by referring to the section on Wentworth uniforms.

★ Harlan—a typical Wentworth cadet.

HERE is Harlan, a typical Wentworth cadet—a fine young American—manly, scholarly and upright. His respect for duty and responsibility has won for him the rank of sergeant. He may have come from a large city or a very small town—that makes no difference to the democratic spirit that prevails at Wentworth. He may be from a wealthy family or a family in meager circumstances—most of his classmates would never know, nor even be curious, unless he chose to tell them. But he typifies all the fine qualities of a deserving and ambitious youth as he goes through the tried and age-proved Wentworth process of becoming a real man, a real asset to himself, his family and friends, and society as a whole.

Harlan, like all the others, participates in many activities besides those shown. But let's follow him through a typical day.

★ ★ ★

★Harlan "Butch" Heffelfinger, who graduated in the class of 1936 and posed as the model cadet in the view book, served as a Major in the last war and at present is a retired army officer in the state of California.

His brothers, Hugo and Arthur, also attended Wentworth. Hugo, a Major, served with distinction with the Rangers. Arthur served with the Navy Air Corps as an Ensign and presently teaches school in Missouri.

*Harlan's first duty is a thorough, refreshing wash before breakfast.

"CAN'T GET 'EM UP," blows the bugler, but he does, and at 6:35 o'clock another day is under way. Cadet Harlan goes first to the sanitary lavatory on his floor. A good washup is part of the routine, for a cadet is expected to keep himself clean at all times. At 6:50 he goes to a well-prepared breakfast.

After breakfast, rooms must be cleaned. One of the basic aims of our system is to form personal habits of order. Each morning Harlan makes his own bed, puts his clothes in order and helps his roommate clean the room.

*Harlan makes up his own bed.

Strict inspection of quarters is a daily routine. Formal inspection of Harlan's person, room and equipment occurs on Sunday morning. At this time unusual care must be taken in cleaning the room. Our friend sees that hidden corners are carefully dusted, chairs polished, and everything put in order. Then he takes care of his person. There's brass to shine, leather to polish, hair to brush, and whiskers to be removed. A certain time is allotted for this preparation and all work must be done within that time. This young fellow knows that any deficiency in this work receives what is known in Academy language as a "skin"—which counts against one's company in color competition.

*Harlan is ready for the inspector—brass gleaming, shoes shined—room as clean as the proverbial "hound's tooth."

* Here Harlan delves into things scientific. Modern equipment is provided for all laboratory work.

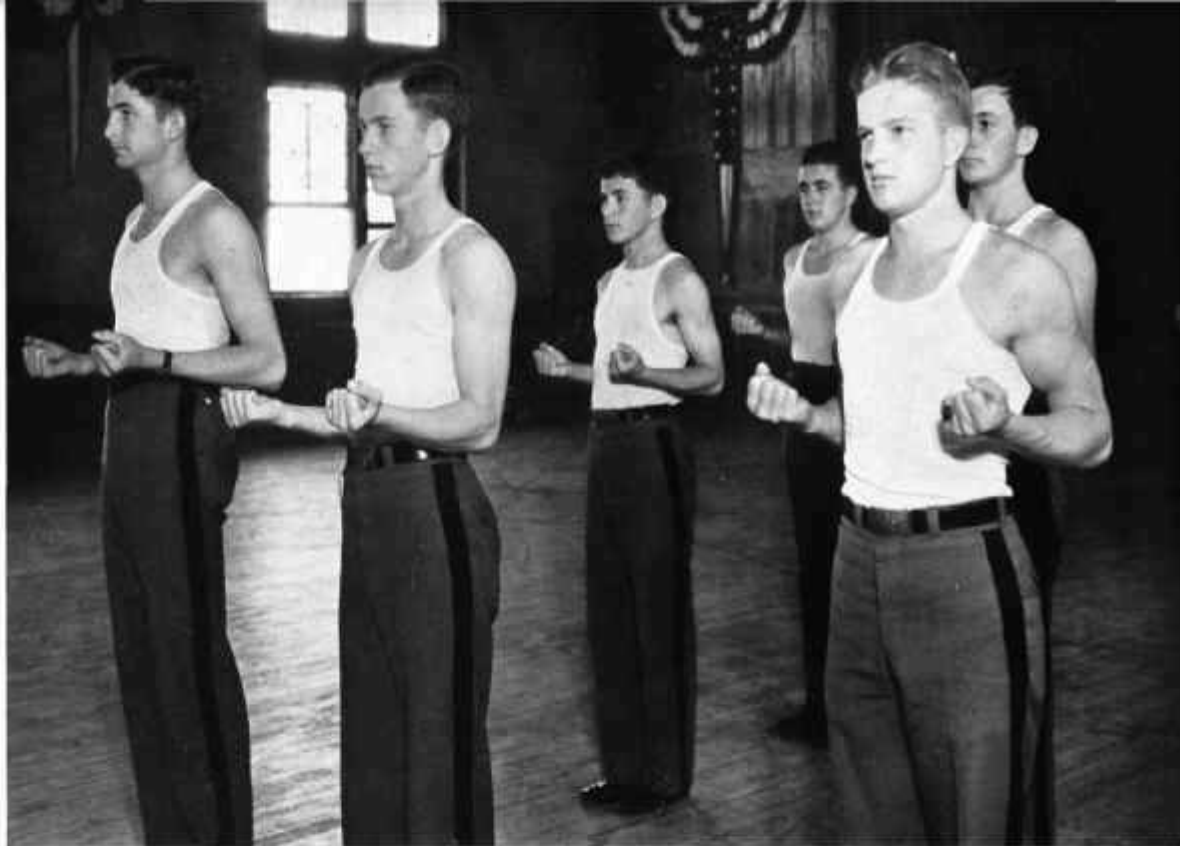

AT 8 O'CLOCK in the morning, classes convene. Harlan makes his way to a small class on his schedule where personal attention is his at any time it is needed. Our cadet is carefully instructed in the handling of delicate scientific equipment. He is not forced to grope blindly for information. That which is true of the science laboratories is equally true in all other classrooms.

Time passes rapidly in the classroom or laboratory because the work is interesting. The scholastic day is divided into two equal parts, with four classes in the morning and two in the afternoon.

*Our Cadet goes through a course of calisthenics to promote grace and health.

All the cadets shown in the picture were in the Armed Service.

CALISTHENICS play an important role in the physical education of Cadet Harlan. No effort is made to indulge in this or any other exercise in the early morning hours when the body is at its lowest ebb. All such exercises are taken by our cadet after a hearty breakfast and morning classes. The exercises are intended to promote graceful movement as well as better health. The calisthenics used by the United States Army are followed. They are led by senior cadet officers.

So long as the weather permits, the calisthenics are held in the open, but they are taken in the large gymnasium, where an entire battalion may take part at the same time, when rain or cold is in the air.

*The ten excellent tennis courts are always popular.

* Cadet Harlan reports to the Professor of Military Science and Tactics for drill duty.

Cadet Lieutenant Jack Ramsdell commanding the platoon shown in these two views, participated as an officer in the landing on North Africa. He was decorated with the Silver Star for heroism in action and Purple Heart.

DRILL is a very formal affair. It is on the drill field that Harlan learns much of courtesy, discipline and alertness. He, with his entire battalion, is thoroughly schooled in good citizenship, taught the proper respect for superiors and trained in leadership.

Learning to drill a squad is the first training in leadership. Throughout the year squad drill and competition is a part of the regular military routine. The squad is the smallest military unit and consists of nine to twelve men, two of whom are sergeants. All instruction is conducted by cadets under the personal supervision of members of the military faculty.

Although military work takes but one hour each day, the training is intensive and much more thorough than that found in larger units. Personal attention is given the individual cadet on the military field as well as in the classroom, and each cadet has an equal chance to advance to important positions in Wentworth's military realm. In the army, the navy and the marine corps Wentworth is glorified by its alumni who have received their commissions and are distinguishing themselves in official capacities of these respective branches of service.

Like many other cadets, Harlan finds the extended order drill more interesting. This drill consists of combat methods. He is taught to make use of cover, to advance and to fire. No actual firing is done during this drill, however, for all the ammunition used is dummy material. Initiative and leadership are required in this work. Situations arising in the problems furnished by the Department of the Army call for quick thinking and immediate action.

Here our typical cadet finds extended order drill interesting and instructive.

The Cadet Officer using the field glasses was Captain Woodrow Wylie, U. S. Army, who participated in the fight on Bataan.

The cadet about to insert the cartridge in his rifle is Lieut. Colonel Milton Moran, U. S. Marine Air Corps. He participated in considerable action in the South Pacific.

*Eating—an always-popular "sport" with Harlan and his fellow cadets! Meal time is always a time for good food and good fellowship.

The Faculty Officer at the head of the table is Major Robert D. Hepler, assistant dean. The lady is his wife, Mrs. Beth Hepler, the academy's hostess and social director.

FOLLOWING the morning classes comes lunch time and our cadet is ready to eat. Academy menus are always varied and pleasing. Meals are carefully planned to suit the needs of all cadets. They are healthful and nutritious and just what active, hard-working boys require. Meal times are at 7:00 in the morning, 12:10 and 6:10. This schedule is varied only on Sunday, when dinner becomes a more elaborate meal served at 12:30.

After dinner there is a recreation period during which Harlan and other cadets may do pretty much as they choose. The recreation room is a popular place at this time.

★ BREAKFAST

Grapefruit	Post Toasties
Hot Cakes	Bacon
Milk	Coffee

★ DINNER

Swiss Steak

Milk	

*Maybe Harlan is "behind the 8-ball" here! Like all other cadets he takes part in zestful competition in the recreation room.

*The television set in the recreation room enables cadets to enjoy their favorite programs.

THE recreation room proves a haven of rest, relaxation and zestful indoor competition. Pool, billiard and ping-pong tables are provided. A few try their hand at bridge, while others read, or relax in comfortable chairs.

*(Right) Our friend attends an assembly in chapel period, held twice each week.

*(Below) "We must get in there and fight!" says Harlan as he makes a short "pep" talk on the eve of a game.

CADET HARLAN attends interesting, informative and inspirational meetings in the chapel, immediately before lunch on Wednesdays and Saturdays. These meetings are conducted by the Academy Chaplain, but are not strictly religious. Travel talks, health lectures, scientific demonstrations and short sermons, presented by outstanding speakers, are frequently on the program. The service is opened with a hymn, prayer and responsive readings, and closed with the singing of "Wentworth," the Academy song.

"Pep" meetings, preceding important athletic contests, are held in the gymnasium. These are always occasions of great fun. Students and faculty make rousing speeches. The cadet band furnishes gay, martial music and everyone anticipates the big game on the morrow. Athletic contests are important recreational events. Every cadet attends them.

*While a majority of the faculty members live in the barracks with cadets, some live in residences such as this on the campus.

*All shined up for Sunday inspection.

*Our Cadet receives personal attention from a faculty member in the library.

In this picture, the Tactical Officer, James Simmons, graduate of Wentworth, is now a Colonel in the United States Army. He participated in the capture of Attu, Kiska, Kwajalein, Leyte, Olinawa and Occupation of Korea.

Next to him, Lieutenant Orman, paratrooper, who took part in the Sicilian campaign and the capture of Naples. On the right, Captain James L. Gist, Army Aviator.

PERSONAL attention is not confined to the classroom nor to the evening study periods. Harlan and many other cadets seek assistance in the spacious Academy library. The faculty officer in charge is always ready and willing to help any student, no matter what his problem. Whatever the subject, the faculty officer is qualified to give the guidance needed.

Wentworth's library is one of the most important places on the campus. It contains more than 10,000 books on nearly every subject one could imagine. Reference books include the famous Oxford English Dictionary and many sets of encyclopedia.

*Harlan plays football—and mighty well, too! No wonder! His uncle was an All-American at Yale.

*In winter months our boy turns his attention to basketball and other indoor sports.

TRAINING for leadership is important on the football field as well as everywhere else at Wentworth. More than fifty cadets answer the varsity call each year and large squads turn out for company teams. All players receive intensive training, both in the art of the game and in clean sportsmanship.

Football ranks as the number one sport and the Red Dragon elevens are consistent winners. The fine spirit of players and corps is credited with being a strong determining factor in every contest.

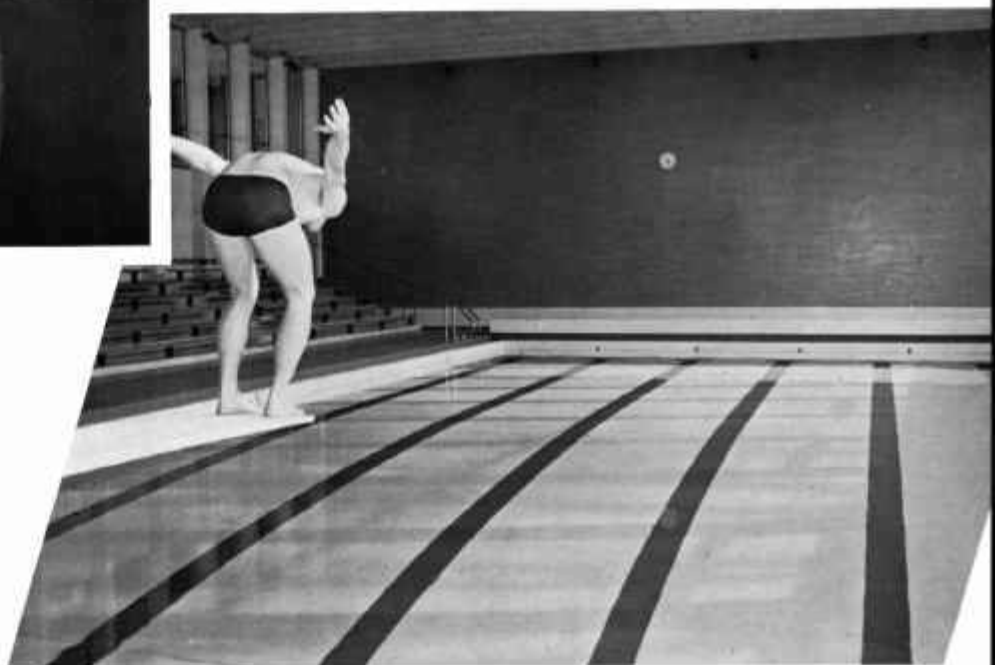

In the winter months basketball comes into the spotlight. Again there are the varsity and company teams and a place for every cadet who desires to play. Home games are played in the spacious field house where there are three courts and ample space for spectators.

Wentworth is a member of the Junior College Interstate conference, an athletic association numbering seven schools as members. The Wentworth High School teams are members of the Missouri River Valley conference at this time. Almost every major and minor sports are on the Wentworth program—all played under competent coaches—and every cadet is required to participate.

*The gymnasium is 220 x 55 feet. It contains two regular basket ball courts a large stage, locker rooms and showers. Plans are underway to remodel this building into a student union in the very near future.

*Ready for his daily plunge in the pool.

THE sparkling, crystal-clear water of the swimming pool is inviting to cadets the year 'round. The pool is an official olympic size and is the scene of frequent water sports and aquatic meets. It is the purpose to teach every cadet to swim well. The water is warmed to a healthful temperature and kept pure by efficient filtration and chemical treatment.

*[Above] Harlan and his friends tune in a radio program during the recreation period immediately following the evening meal. (Note the habit of listening to the radio has not changed but we are sure the music has a great deal.)

Just before the evening study period is the favorite tune-in time for Cadet Harlan and other radio devotees. Permission to have a radio in the room is regarded a privilege, the abuse of which causes the student to lose this favor.

After thirty-five minutes of recreation following the supper hour, evening study is begun at 7 o'clock. Each cadet retires to his own room for a two-hour period of quiet. There is no stuffy, noisy hall in which cadets are confined. Instead, individual initiative is encouraged. Faculty officers are in constant attendance throughout the period, giving advice where it is needed and encouragement at all times.

*The orchestra provides musical diversion both for members of the group and the corps.

*[Below] Perfect study conditions prevail in Harlan's room. (Note the newest type of lamps are presently in use.)

TAPS, at which time all lights must be turned out and all cadets remain quiet, is sounded at 10 o'clock. The soft notes of the bugle call to close the activities of an eventful day and the peace of slumber envelops healthy young bodies until another dawn.

* Quiet descends and another day is ended for our busy cadet. Sleep . . . sweet, restful sleep.

and ★ ★

T A P S

Fades the light
And afar
Goeth day
Cometh night
And a star
Leadeth all
Speedeth all
To their rest.

* An etiquette class.

*Mixed parties are held frequently.

*The Fountain adjoining the Recreation Room is popular during dance intermission.

A well organized program of instruction in social usage is a required course for all students, and advanced classes are available for those who desire them.

Ease of manner in any situation thus becomes natural to a Wentworth Cadet. Many occasions such as these pictured here afford ample opportunity for the Cadets to practice their social graces.

* Off for a canter at the Country Club.

WENTWORTH UNIFORMS

The Wentworth uniforms are made of the finest materials. Beautifully fitted, they are suitable for every occasion, and they include every item a cadet may need.

★ The cadet full dress—the officer full dress and the cadet full dress with overcoat.

★ The Fatigue uniform—and raincoat.

★ Athletic uniform and semi-dress without blouse.

★ Officer and cadet in the semi-dress uniform.

The purpose of this book has been to give you an accurate, but necessarily inadequate glimpse of the Wentworth Military Academy and cadet life. In order fully to appreciate the Academy, it will be necessary for you to visit the campus in person, see the beautiful grounds and buildings and meet members of the faculty. The Administration offices are open the year 'round and your visit will be welcomed at any time.

SUMMER SCHOOL—A military summer school and camp of 8 weeks' duration begins in early June. Activities are divided equally between scholastic work and recreation. Instruction is on a tutorial basis and nearly any subject may be taken.

1965-1966 COMMENCEMENT AWARDS

TED MESSMORE MEMORIAL HONOR GRADUATE AWARD—Richard J. Dohrmann, Sioux City, Iowa. **HONORABLE MENTION**—Michael D. Dyckman, East Peoria, Illinois. Walter Garrett Deer, Richmond, Missouri.

BURR MEDAL FOR SERVICE, LEADERSHIP AND LOYALTY—Dale P. Christiansen, Kansas City, Kansas.

THE 83rd CORPS OF CADETS at the annual WENTWORTH SHOW in the Municipal Auditorium of Kansas City drew a crowd of 10,000 people.

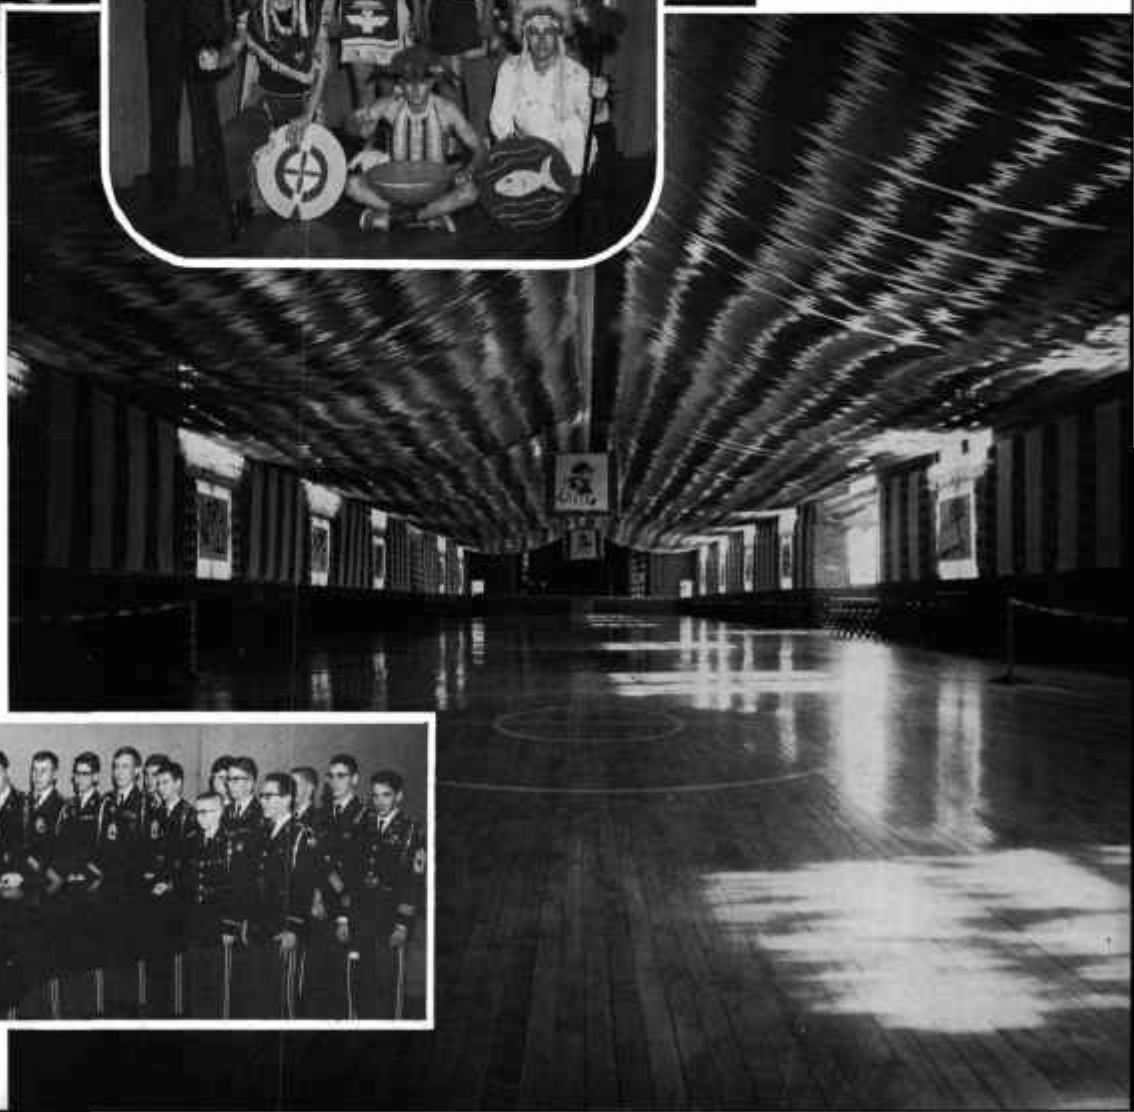

INDIAN GROUP

A group of cadets who meet regularly to study Indian lore, including interpretative dancing. These cadets are shown in costumes which they personally designed and made. The Wentworth Indian group makes a number of appearances in nearby communities during the year. Personnel of the group changes frequently throughout the year.

OUR SPACIOUS GYM READY FOR THE ANNUAL MILITARY BALL. Art pictures on the walls and in the center of the gym are by Mr. Bill Mauldin, wartime cartoonist of World War II. Reproduction of these sketches were drawn by the cadets.

WENTWORTH 1962-1963. PHILHARMONIC GROUP—For over 30 years cadets have been attending the regular series of the Kansas City's Philharmonic Orchestra. This year's group is seen here with Hans Schwieger, the conductor, Mrs. Schweiger, and Col. and Mrs. James M. Sellers. Seated is Leon Fleischer, internationally known pianist.

Mr. Truman reviewing the Cadet Corps at Dress Parade during Founder's Day.

Ex-President Harry S. Truman with hat in hand standing after he had placed the wreath on the grave of Col. Sanford Sellers and just prior to the prayer given by the school chaplain, standing behind him.

SPECIAL EVENTS MARKED THE 75th ANNIVERSARY OF THE FOUNDING OF WENTWORTH During 1954-1955

Several special events were held, some pictured here. The first of these was to recognize Founders Day and honor the memory of Stephen G. Wentworth, the founder, and Col. Sanford Sellers, the first superintendent, who served as head of the Academy for 58 years. The speaker and honored guest was ex-President Harry S. Truman, who addressed the Cadet Corps and the guests in attendance and later placed wreaths on the graves of the two men who were honored. Mr. Truman was made an Honorary Colonel of the Wentworth Cadet Corps during the visit he and his wife made to the Academy.

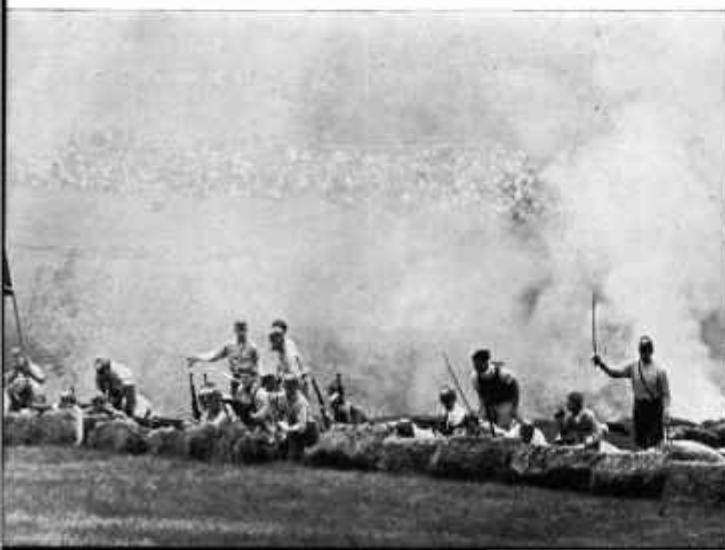

The second event, although an annual one, our Wentworth show in Kansas City had the distinctive 75th Anniversary color.

The third special occasion was one which received nationwide publicity, a re-enactment of the Battle of Lexington which

occurred in September of 1861. Joining with the Cadet Corps in actually portraying the Battle were units from the regular Army, the National Guard, and ROTC units of Kansas City. The leading citizens of the City of Lexington, and in fact the whole community, joined in preparation for this very unusual event. As much realism as possible was achieved, even including the co-operation of the elements because it rained continuously during the day, May 12, 1955, on which this event was held, as it had during the actual Battle, according to authentic records. Attending the event were many high ranking Army officers and other distinguished citizens, which made it one of the most remarkable days in the entire history of Wentworth Military Academy and of the City of Lexington.

The Battle of Lexington rages! The re-enactment of the battle in 1955, drew many thousands of visitors here. It was also re-enacted on its 100th anniversary here when approximately 25,000 were present.

The Honor Guard, the snap drill team of Wentworth, is invited on many special occasions to appear before the public. Pictured below is Secretary of the Army Robert Stevens, accompanied by Charles C. Stephenson, civilian assistant to the Secretary in this area, as they inspect the Honor Guard at the Grandview Air Base during Armed Forces Day, May 21, 1955.

The stage photographed from the rear of the Chapel during Commencement.

THE NEW CHAPEL

An outstanding addition to the facilities of Wentworth is the new chapel used for the first time during Commencement 1955. This building was dedicated November 6, 1955. An electric organ was installed later and was used for the first time

during the 1957 Commencement exercises. This building adds much to the life of Wentworth. It is used for assemblies, both religious and secular, for dramatics, and for moving pictures, both entertaining and educational, as part of our audio-visual program.

The audience as photographed from the stage during the Awards Ceremony.

CADET MEMORIES 1965-66

September 12—Got back from summer vacation today. It sure was good to see all my friends from last year, especially my roommate. He has been here a week because, being a football player, he came early.

September 13—We started fixing up the room today. It will take a lot of work to get it looking nice again. We have the room we applied for last year. I have some funny posters to hang around the room.

September 14—Classes started today. My roommate and I are almost taking the same courses. We are both in pre-medicine so we are going to have to work hard. Organic chemistry and physics are going to be the hard ones this semester, not to mention zoology.

September 15—Today was our first Assembly, the same as last year, the department heads all welcomed us back.

September 16—Today we had our first late BRC. Right now we don't appreciate it as much as we will in a month or so. We had organic and physics laboratory today. I think they are going to be very interesting and fun.

September 17—Tonight my roommate was in a good mood because the football practice was a short one. We got a dinner permit and went to the show. They've raised the price at the show this year.

September 18—The alumni returned to the campus today. They were very impressed with the new Field House but then, who wouldn't be. In the afternoon there was a coffee hour at which time they all had a chance to talk over old times. Tonight was the annual Wentworth-Alumni football game. Being in good physical condition proved to be the deciding factor as Wentworth won 26-2. For those who felt like it there was a banquet after the game. Many of the Alumni needed beds, not chairs, to sit on.

September 19—We had our first parade today. The new boys didn't do too badly, considering the fact that they hadn't ever been in a parade of this nature before. I carried the guidon for the company and my roommate was a squad leader.

September 20—Today we took a ton of notes in physics and organic. Now it looks as though we will spend many nights getting all of our studying done.

September 21—In organic laboratory today, we got a little dizzy from smelling all those organic compounds. A member of our class dropped the course, so now there are just four of us. Everyone is starting to get that good old Wentworth look—short hair cuts.

September 22—Today we had processing, got our overcoats, and were given permanent seating in the mess hall.

September 23—Late BRC again. That extra hour can sure restore a fellow. The band is leaving today to lead the Parade of the National 40 & 8 Veterans Convention; this will be the first time for them to show off this year. The high school team opens their season tomorrow with Slater. On Saturday, the college plays Centerville, Iowa. We wish them both, good luck.

September 24—There was an informal meeting of the area speech group in Chapel today. The high school tied Slater tonight. Too bad that it was played there, it would have been a good game to watch. We hope they can keep up the good work.

September 25—This afternoon, the college team lost to Centerville. Our team played a good first half, but were over-powered the second. There was a military science test today for some of the Cadets. We hope they all did real well.

September 26—We had our usual Sunday Parade, today. Our company got first place. Our new boys, in our Company must be doing better than the other new boys. After parade, some boys checked out to go to Kansas City with their parents. The rest of us stayed here, some of us studied and others played basketball or just enjoyed the time for relaxation.

September 27—This morning we made the long walk up to the laundry to turn in our dirty clothes. It is a good way to wake up, especially on a Monday morning, which is usually the hardest day.

September 28—Tonight the Soccer team played Park College. We won 2-1. It was really a lot of fun watching them play. I think that everyone should watch a soccer game if they get a chance. We have some Latin American students who can really play this game.

September 29—For our Assembly program, we listened to Victor Onstad. He is a fluorescent chalk artist. It was an interesting program. He did some character sketches of some of the cadets.

September 30—Today we had to do our physics experiment in front of the class and explain it. Organic lab was fun today. We found unknowns by the melting point method. The pep meeting, after dinner, was cancelled.

October 1—Nothing much happened today. Things went along as usual. The high school team won its first game tonight, beating Richmond, 7-0.

October 2—This afternoon the college played William Jewell Freshmen. Again, we played a good first half but lost the game in the second half. Tonight was the first dance of the year. The ball room was crowded.

October 3—At parade today, awards were given for the first six weeks period. Our company didn't receive any. The rest of the day, we studied physics. It took us five hours to do five problems. I hope this isn't an indication of work-to come.

October 4—Not much happened today. The freshman B team went to Richmond today for their first game. They lost, but played a good game.

October 5—Six hour classes did not meet today because of a faculty meeting. The tennis courts were ready to play on tonight and are in real good condition.

October 6—Assembly today, the department heads told us about all the awards that can be won here at Wentworth.

October 7—Late BRC as usual. After lunch, the entire corps received their flu shots. Now, everyone has a sore arm, and the game is to hit your buddy in the sore spot. The high school debate team went to Concordia today.

October 8—Tonight, the college team went to Fairbury, Nebr. The high school team played Missouri Military Academy here, with the game ending in a 0-0 tie. The college team lost their game; the score was 49-0. Took a lot of notes in organic today. Some of those formulas get pretty hairy.

October 9—The Band went to Higginsville today to be in a parade there. I played tennis all afternoon and my roommate played basketball.

October 10—Today is my lucky day—my birthday. My roomie took me out to eat and then we went to the show. The Indian Dancers went to Morris, Ill., today to be in a parade there. They have a good group this year. Of course, we had our usual Sunday parade today.

October 11—We had to start taking cold pills today. There were no classes this afternoon because the high school cadets took I.Q. and achievement tests.

October 12—There were no morning classes because of the continuation of the testing. We got a lot of studying done this morning. This afternoon was our first organic test, and it was a real toughy. I hope that I come out O.K.

October 13—For Assembly today, Captain McDonnell, our new assistant PMS, gave a talk on Vietnam. It was a very educational program. This afternoon we practiced our Manual-of-arms and went through a practice parade with weapons. The new boys have a lot to learn on the rifle manual.

October 14—Late BRC as usual. We had a test in physics today. The high school finished its preparations for the Excelsior Springs game tomorrow.

October 15—The high school team lost its game, but played well. The college team had a short practice, getting ready for tomorrow's game.

October 16—The Band and the Indians went to Kansas City to participate in the American Royal Parade. The Advanced MST students went to Ft. Leavenworth for their physicals. The college team lost to Kemper in a very muddy game.

October 17—Today at parade was the retirement ceremony for Lt. Col. Barnett. This afternoon a lot of cadets watched the pro-football game on TV. We played basketball and relaxed. Tonight, we called home; it seemed nice to talk to our parents.

October 18—Today, the B team played Excelsior Springs B team, and Jr. high played Raytown South. We lost both games. The Honor Guard practiced today. They look real sharp.

October 19—Another company football game today. Headquarters seems to be the team to beat, with A Company right behind them. I played tennis with a member of last year's team. We had a lot of fun and I think this year's team will be better than last year's team.

October 20—Colonel Wikoff gave a short speech in Assembly. Ft. Osage was here for a practice debate. In drill, we saw a movie on "combat patrolling" and then practiced the rifle manual.

October 21—Joplin Jr. College was to have played here tonight, but there was some misunderstanding in dates and they didn't show up. Today in organic lab, we worked with ether and we were all feeling a little "woozy" by the end of the period.

October 22—Today is the beginning of Dad's Day week end—Career Day, with different dads speaking on their various occupations for cadets who might be interested in that particular occupation, as a career. Rick and I were concerned with medicine. Several members of The Trumpeter Staff went to M.U. to attend a college newspaper workshop. The Indians went to Ft. Leavenworth to perform. The high school team lost the Dads Day game to St. Pius of Kansas City, with a score of 32-0.

October 23—Today the cadets and their parents attended a meeting in the Chapel and in the afternoon, they drilled their fathers. The best drilled dad was chosen by Cadet Col. Christiansen—an A Company dad.

October 24—My roomie's mother came down this week end, so today he went to church with her. After church most of the fellows went to eat with their parents. Parade this afternoon was a little different, with the Honor Guard and Band performing before parade, for the parents. After parade, I checked out on a Kansas City permit with some friends of mine from home, and we went to the Airport to see the cadets parents off. My roomie came there to meet us and his mother took us out to eat. There were four of us, including the friend who came with Rick and his mother. The meal was very good and we enjoyed it very much.

October 25—We made reservations today for our transportation home at Christmas; this seems to make everyone a little anxious to get back home.

October 26—Today, the high school rifle team went to St. Joseph, Mo., for a match there. We hope they have a good season. The Glee club and Honor Guard continued their practice sessions today. Both of them are pretty good. We had physics lab today for a change. Lately we have been having two hour lectures instead of lab. It was a pleasant change.

October 27—Mr. Joe Ellis, a native of Java, had an interesting program at Assembly today. He presented some of the latest fashions in Japan and other items of interest. Drill was as much fun as usual. Our company had to march out to the country club and run around on the hills and pretend that we were on a reconnaissance patrol.

October 28—Late BRC as usual. Our college team traveled to Highland, Kans., today for a football game. Ron received a bump on his head that made him a little irregular for awhile. I am sorry to say that the team again ended up on the losing end of the deal.

October 29—The Indians went to Independence, Mo., to participate in the Halloween parade there. They took second place in the parade. The soccer team had their usual practice today. They have had tough luck in that quite a few of their games have been cancelled because of bad weather.

October 30—Today, the glee club went to Richmond to perform for the Rotary Club there. I guess they did a real good job. The band took another trip today. They went to Arkalalah in Arkansas City, Kans. They sure are making a lot of trips. This will be an overnight trip.

October 31—Today, at parade, the six weeks ribbons were awarded. "D" Company got the scholastic and disciplinary, while the military ribbon went to "C" Company. After parade, several different dance band groups got together and practiced. We studied all day.

November 1—Today we had our second Phi Theta Kappa meeting. We finished up our plans for Homecoming and discussed two service projects we are doing for school. Right now, our membership is rather small but we are hoping to pick up a few at semester time. We really have a good group here. Besides being fun to be in, it looks good on your record.

November 2—The soccer team went to Park College today for a game there at 2:30. I don't like to brag, but they will more than likely win. Tonight, my roommate and I went to the Philharmonic concert in Kansas City. As usual, it was very good. We are glad we signed up.

November 3—We did not have an Assembly today because of an early dinner in order to be out of the mess hall. The Kansas City Mothers were here for a luncheon with their sons.

November 4—Late BRC as usual. The high school football team played St. Mary's of Independence. It was a hard fought game but we came out on the bottom. We had a killer test in organic today. Both of us are hoping we did all right.

November 5—Friday is here at last. We are always glad to see Friday come as it means the end of another week of classes. Both the soccer team and the J. C. football teams made their final preparations for their games tomorrow. The Honor Guard continued their practicing. They are looking better as time goes by. The Indians whooped it up again today. They really seem to have a lot of pep and spirit.

November 6—The soccer team went to Whiteman A.F.B., at 11:00. They really made a good showing by beating their semi-professional team, 5-0. We are very proud of them. The Haskell Indians came up to play our J. C. football team. Our team finally found the groove and stepped out and scalped the Indians. They really looked great!

November 7—Ron is getting excited about his girl coming up next week for Homecoming. If she doesn't hurry, I'm afraid he will have a nervous breakdown. Parade went as smooth as usual. We took a nap after parade, and then got up to study.

November 8—Both our physics and organic teachers managed to confuse us with their lectures today. We are really going to have to hit the books. The football teams are starting their last week of football. Most of them will have mixed emotions about the ending of football season. This is a big week for them because we play Kemper this coming week end. If we win only one game during the season, we must BEAT KEMPER.

November 9—The faculty had their pictures taken today. I wonder how the camera lens fared. The companies started work on their floats for Homecoming today. The company with the best float gets a drill holiday. Because of this, the competition is really tough.

November 10—During assembly, the new cadet officers took their oath of office. Also, cadets who made Honor Society, second semester last year, received their certificates and medals. The best part of the Honor Society is the three-day furlough that goes with it. I am taking mine the week end before Thanksgiving.

November 11—Late BRC as usual. The companies are coming along very well on their floats. Ours is a big Red Dragon on top of "A" barracks. It looks real nice and should win. Tonight, we had a Phi Theta Kappa meeting to discuss the way we are going to decorate the football for Homecoming. I think we will get it looking real sharp.

November 12—The entire corps went to Kemper Military School to parade through their town and then watch our high school team end their season by beating Kemper's high school team, 12-0. It is always fun to beat Kemper. We hope the college team can do as well tomorrow.

November 13—Our Phi Theta Kappa group decorated this morning and we think it looks real nice. In the afternoon, we had our annual parade through Lexington prior to the football game. After parade, the college Red Dragons took over in fine style by beating the daylights out of the Kemper Yellowjackets, 21-6. The victory made the dance tonight much better. Ron has been on "cloud 9" this week end because his girl is here. Of course, he went to the dance while I stayed in the room and studied my organic. I didn't have a date so I decided not to go.

November 14—The Homecoming queen and her two attendants reviewed our parade today. The three weeks ribbons were also given out. Our company still hasn't gotten any ribbons. I guess we goofed off too much. The high school companies are more serious about the military anyway.

November 15—Everyone was very tired from the big week end. It was funny to see everyone trying to stay awake during classes. The teachers did not let up at all because they wanted us to get back in the groove as soon as possible. This coming Friday, I get to leave on my three-day furlough. I can hardly wait.

November 16—At a special assembly today, we had a talk by Doctor Evans of UNESCO on the war in Vietnam. The Indian Dancers went to Richmond this afternoon. Everything else went on as usual.

November 17—Another assembly today. This time it was entertainer Joe Retenbaugh who performed stunts among other things. Tonight, the Indian Dancers went to Richmond again.

November 18—Late BRC as usual. This afternoon we got our second Flu Shots. They didn't hurt as much this time. In Chemistry lab, this afternoon we made ethylene which was a lot of fun. The Indian Dancers went to Richmond again tonight.

November 19—At last, the end of the week, the studying was hard but I got a lot accomplished. Now, tomorrow morning I can catch up on my rest. Indian Dancers to Richmond again this evening. They must really be having a big shindig.

November 20—My roommate went on an Honor Society furlough this week end so it is quiet for a change. Tonight, the soccer team played the International Soccer Club from Kansas City. We lost but the team made a good showing for themselves. Saturdays are good days, but I can't figure what for.

November 21—Sunday is here which means inspection and parade. The Christian Church had a dinner at noon which some of the cadets attended. After parade, some of us sat around and talked. We had an enjoyable afternoon.

November 22—Ah! Blue Monday—classes seemed long and I always feel tired from the big week end. Nothing real exciting happened and tomorrow is lab day again.

November 23—The labs seemed short today because, in both of them, we were busy. Did a lot of my homework after my last class, so tonight, I did some recreational reading.

November 24—We had an assembly period today to meet with our advisors. In drill this afternoon, we ran the physical training course, and, when we were finished, I was all tuckered out. I'm glad that we only run it once a semester.

November 25—Thanksgiving Day is here. We had classes this morning but we were free this afternoon. The executive officer of our company, 1st Lt. "Theo" Rostock asked me to go home with him and his folks. The meal was very good with pleasant surroundings that made me feel right at home. In the afternoon, we drove around and saw some of the sights. It was an enjoyable day and I was very tired when we returned to W.M.A. that evening.

November 26—Late BRC—which was really needed. Classes seemed long today but, as soon as I was through for the day, I slept the remainder of the afternoon.

November 27—The Honor Guard and Band went to the Mineral Bowl at Excelsior Springs this afternoon. The soccer team played the Recreation League in Sedalia. To me, it was the usual Saturday, with one exception—in exactly three weeks, Christmas furlough begins.

November 28—The usual Sunday with inspection followed by parade. Afterwards, our Sunday afternoon bull session.

November 29—The Strong tests were taken today by the High School seniors. Classes began for another long grueling week. The Winter Athletics haven't started yet, but that's not breaking my heart.

November 30—Tonight, we had a stop night which didn't affect me much because I have a lot of studying to do. But I imagine everyone else had a good time.

December 1—There was no assembly today so we had a study period instead. At last, December is here and Christmas furlough is just around the corner. It was the usual night of study, doing physics and chemistry. There was a Jazz Concert in the Chapel tonight. I didn't go because I don't especially care for that kind of music.

December 2—Late BRC as usual. The Jr. High basketball team played Excelsior Springs today. There was a speech group meeting here. The days seem longer now that December is here but the weather is so nice that I think it is going to be Spring furlough instead of Christmas furlough.

December 3—The high school team played M.M.A. this afternoon; of course, they won. Our basketball teams are certainly looking good this year. The end of the week has finally come. Friday is a day for cheers—then soon comes Monday and its tears. That's some of my "off beat" poetry for you.

December 4—There were no college classes this morning because of a Junior College meeting in Columbia. This didn't affect me however, because I don't have any Saturday classes. In sports today, the soccer team played Sedalia, and the wrestling team went to Westminster. Both teams won by fairly good margins. Two weeks to go until Christmas furlough—you can really feel it on the campus.

December 5—Sunday Parade was longer than usual today because the six-week ribbon awards were given. "A" Company continued its record by not receiving any. We haven't gotten one yet and I don't think we will. Tonight, Jeff Parrott, Randy Smith, Steve Mirras, my roomie and I had a party in our room. It consisted of peanut butter, jelly and cheese sandwiches but we had a lot of fun anyway.

December 6—Faculty members had their Christmas Party this evening so tomorrow should be a light day in the classroom. The Junior College basketball team played Trenton tonight. We lost but it was a close battle. The Monday tears appear.

December 7—Today is lab day and I am hoping that it will be interesting. The high school wrestling team went to the Kansas City School for the Blind tonight. I don't know the results yet but I am hoping we will win. The Richmond High School basketball team came here tonight and WMA racked up another victory, 53-51. Today, turned out to be the usual long, tiring day. So—good-night.

December 8—The junior college played Joplin today and lost again. In Assembly today we had announcements on rules and regulations for Christmas furlough. Now we are getting pretty close to the 18th.

December 9—Late BRC as usual. The teachers are beginning to get disgruntled because everyone has quit studying.

December 10—St. Paul's Junior College here today and we won our first game this year. Maybe now our team will get rolling. Our high school team went to Fort Osage and the rifle and wrestling teams went to M.M.A. The week is over so we have only one more to go through. I don't think I can make it.

December 11—Kansas City Northeast played our high school this afternoon and we won. They are really getting off to a good start. Tonight was the Christmas Dance, but I didn't go.

December 12—Usual Sunday Parade and a worse than usual Sunday. I really don't think that I'll last it out this week.

December 13—Junior high school basketball went to Slater and we lost. The last week is finally getting under way—only five more days left to go.

December 14—We had our football dinner tonight. I received my letter sweater and am pretty proud of it. Today was a good day for me everything seemed to go perfect.

December 15—The band gave its Christmas Program today in Assembly. They were good. Now I know furlough is just around the corner.

December 16—Late BRC as usual. The Excelsior Springs wrestling team came here today only to lose. Some cadets began their furlough today as a reward for making Honor Society.

December 17—Christmas dinner was tonight. The college played St. Joseph here tonight and won. That's a good way to prepare for tomorrow's furlough. So many things are happening now and the excitement is really high. You can't explain how everyone feels.

December 18—What can I say, furlough is here.

January 3—Tonight was our first night back. Everyone was in a bad mood probably because no one was very excited about being back. Of course, the meal in the mess hall tasted out of this world. I was floor chief tonight which made coming back even harder. I imagine getting used to the old schedule will be rather hard.

January 4—Well, I was right, getting into the swing of things is going to be hard. First call came awfully early this morning and today seemed like it would never end.

January 5—For our first Assembly since we got back we had Jay Vincent, a magician. He was good and also funny. This afternoon we got our rifles again, now we will have to start cleaning them again.

January 6—The high school team had a wrestling match today and I don't know the results yet. The teachers started pouring it on today, apparently they are going to get us used to school as quick as possible. The late BRC we had this morning was really appreciated.

January 7—Tonight the Carrollton High School basketball team came here. Our boys handled them in good style. Speaking of basketball the college and junior high school teams have been preparing to entertain Kemper this week-end.

January 8—Both the college team and junior high school team stomped Kemper. The college team looks fairly good this year. There were a few high school seniors that went into Kansas City to take their CEEB test today. They will be tired when they get back.

January 9—The parade was a little rugged today since everyone was out of practice. Next week it should look a lot better. We didn't do much studying today because we just can't seem to get into the swing of things. The weather is unusually warm.

January 10—Today our junior high school team put down Excelsior Springs on our court. We turned in our laundry as usual this morning. The Honor Guard has a new division called the "Flying Rifles", they are really good.

January 11—The high school wrestling team went to Trenton today and lost. The swimming teams are improving with practice. They are glad to be having regular work outs in the new pool now.

January 12—Today tests were administered to the entire corps instead of going to an Assembly. The tests were personnel tests to aid the counselors in their work. Today for drill a man from the Marines talked to us, next week a man from the Air Force will speak.

January 13—Today was the much appreciated late BRC. My roommate was floor chief today. He is really pleased to be able to perform these duties. Our company basketball team was formed today. I think we will have a good chance to win.

January 14—The high school team sent Slater home with their tails dragging. We played a good game.

January 15—The high school started off well by beating Kemper as the rifle and wrestling teams did. The college swimming team lost to Maryville. The K.C. Junior College team set back our college team tonight. It was a good game however. We cleaned our room tonight so we will be able to sleep a little later tomorrow.

January 16—The parade went real well today and after parade a bunch of us went over and played basketball. Then my roommate and I came back and studied until taps.

January 17—The Trenton High School wrestling team turned our team back again. I guess they are better than we are. The "Flying Rifles" continued practice today. They are really something to see. Today went kind of slow. This day also marks the start of final week; you can bet there will be some midnight oil burned this week.

January 18—The junior college wrestling team shut down Westminster today. These wrestlers are kind of fun to watch. The high school team beat one of our close to home rivals tonight by beating Richmond. Our company basketball team won its second in a row tonight, now I'm sure that no one will beat us.

January 19—Today we had our usual Assembly. The Honor Guard had a real interesting trip to the Lake City Arsenal Plant. The guys that made the trip said they had a real good time. The Quartet Plus Three singing groups were guests of the Kiwanis Club today. I imagine they did their usual good job as they are real good.

January 20—Late BRC as usual. The Joplin Junior College team turned back our junior college team today. It was a good game and our team played very well, but Joplin was just a little better. Our high school swimming team out swam Park Hill High School today and for the late start they got they are swimming remarkably well.

January 21—Today the junior college swimming team finally won one by beating Warrensburg. The members of the team worked very hard for the victory and I hope they can keep it up. The high school team went to St. John's High School in Kansas City and showed them a thing or two by beating them. We have several good shots on our team.

January 22—The Park College swimming team turned back our junior college swimming team today. Our team did not do too good but they were swimming against a four year school so the outcome was expected. The high school wrestling team tamed MMA today. The high school wrestlers are no one to mess with.

January 23—Today the new boys for the second semester arrived. I suppose they will all feel out of place for awhile but with the help of everyone they will soon be in the swing of things. Today almost everyone is relaxing from final week and also looking forward to their new classes.

January 24—New classes met today. I think I am going to enjoy this semester much more. Our company basketball team continued on the undefeated road by beating the staff team. We are working toward a perfect season so we can get the steak dinner award to the winning team.

January 25—The high school basketball team went to the Chillocothe Tournament again this year after not going for a few years. We came in fourth place. The junior college basketball team went to St. Joe and was accompanied by the band. The evening proved profitable as Wentworth downed St. Joe.

January 26—Everyone is looking forward to the Military Ball coming up this weekend. Practices for it will be almost all of this week. We also had reseating in the mess hall today.

January 27—Today we had our usual late BRC. The officers had practice for the Military Ball. We started to dissect our dogfish today in comparative anatomy.

January 28—The college swimming and wrestling teams had a bad day at Kemper. We hate to lose those matches, but Kemper is very strong in those areas. The college basketball team did a little better by beating the Haskell Indians.

January 29—The Military Ball has finally arrived. There are many, many girls and parents all over the campus. The new Field House is completely decorated now. Everyone and everything is ready for the biggest dance of the year. And the girls are very pretty for the occasion. My roommate's girl is down and she really looks nice. I wish I had a date this evening.

January 30—The Queens of the Military Ball received the Parade today. Also the six weeks ribbons were awarded. After parade the sad task of saying good-bye to everyone. All of the cadets were very unwilling to see their girls off. We went to Kansas City today and took my roommate's girl to the airport. It was fun to get to go into Kansas City for a change.

January 31—Richmond High School brought over its two basketball teams and Wentworth took charge and beat them both. There was a good crowd at the game. It was nice to hear some good organized cheers.

February 1—February is already here. January went faster than I expected. Today the high school seniors took the Ohio Test. I don't know much about the test but I am sure they are having loads of fun. Tomorrow we will have the "Freddy's" for Assembly. Everyone is wondering who they are.

February 2—Well today we found out who the "Freddy's" are. They are a husband and wife team that works with whips and ropes. All taken into consideration the Assembly was a farce. For drill a man from the Navy spoke to us.

February 3—Today was another late BRC as usual. The Slater High School freshmen basketball team played our freshmen this afternoon; we won. Classes are almost over for this week and am I glad. It seems as though nothing has been going right this week.

February 4—The end of the week has finally come. Today we made travel arrangements for home, so furlough isn't far away now. Our high school wrestling, rifle and swimming teams went to Kemper today. I don't know how we came out yet. The Indians went to a Cub Scout dinner at Richmond tonight. They said they had a good time.

February 5—This morning I slept. Must catch up on my beauty rest. Nothing real exciting happened today.

February 6—Another Sunday parade as usual. We played cards all afternoon and then called home tonight.

February 7—The wrestling team went to Richmond high school today, we lost. The college swimmers went to Park college tonight. We got beat pretty badly. The fellow that lives near us, Steve Hamann, is on the team and one of our best swimmers. He was disappointed at the defeat.

February 8—Today our Junior College basketball team went on an overnight trip to Fairbury, Nebr., and Highland Kansas. They always enjoy the chance to get away. The high school team plays Slater tonight. Today was lab day for me, those labs sure make the day long.

February 9—No assembly today which gave us an extra hour which is all right. High School swimmers go to MMA today. Another military drill this afternoon.

February 10—BRC as usual. Thursday always seem so long, maybe it is because we get up later. Today sure did drag along. I didn't think that it was ever going to end. I have a lot of studying to do tonight.

February 11—Today is the beginning of the State wrestling regionals at VanHorn in Kansas City. I think our boys will come out pretty good. Some of the singers went to Richmond tonight.

February 12—The M. U. Rifle team was here today; I don't know the results. Westminster swimmers were here this afternoon, we won. Trenton Jr. College basketball team here this afternoon, we lost. I don't know what's wrong with our boys. The band and Honor Guard went to K. C. today. It seems like everyone was doing something except me.

February 13—Sunday parade again but there was a lot of girls to look at today. Other than that, it was a very tiring day.

February 14—Lexington high school wrestled ours this afternoon; we waxed them but good. This week started real good with everything going right. Days like this really make school enjoyable.

February 15—Both the college and high school basketball teams went to Kemper. We lost to the college and beat the high school. I hate losing to those guys, it just isn't right.

February 16—We had an assembly and practice this afternoon for the Wentworth Show coming up this Friday night. You never know how good it will be, but you always hope it will pull off O.K. Also four of our high school wrestlers went to the sub-State wrestling in Kansas City today. No results yet.

February 17—Late BRS as usual. Kemper swimmers were here today; we won in the last event which made for a very good meet. Their wrestlers were also here and beat us pretty badly. They have a real good team this year.

February 18—Well the Wentworth Show was tonight and it was great. Today was a very busy day and so I'll cut this one short.

February 19—We got a late BRC this morning to and after breakfast I went back to bed until noon, I was really bushed. There is a dance some of the fellows are going to tonight at Cotter College. They usually have a lot of fun.

February 20—Today was Ribbon Day at parade and that even makes them longer. Our company hasn't won a ribbon yet and I don't think that we will either. Oh well—that's the way it goes.

February 21—Excelsior High School basketball team was here tonight. We won, but it was more fun watching their cheerleaders who had a couple of real good lookers. "F" Company had their military banquet tonight for being color company for the semester.

February 22—K. C., Kansas Jr. College played here tonight and beat our boys, 79-73 in a real good game. Maybe our guys are starting to come back alive again, let's hope so. Today was lab day again. Sometimes I like it but usually it makes a long day of it.

February 23—Richard Currie spoke at assembly today but it wasn't too interesting. There were six Marines here for drill today and gave a very good explanation of today's Marine. They had a couple of real good demonstrations that they showed us on training.

February 24—Late BRC as usual. It was real cold today. I had to wear my earmuffs everywhere. Not much snow but awfully cold. I did a lot of studying tonight, preparing for the last day of the week tomorrow.

February 25—Ft. Osage High School basketball here today. We won for a change. The Jr. College swimmers went to Park College today. They were beaten and Steve was disappointed over his time. Tomorrow is Saturday, so sleep time.

February 26—I did sleep all morning and called home this evening. Haskell Jr. College played here tonight and we won by a fairly good margin. Tomorrow's my birthday so I am just going to relax and take it easy.

February 27—Another parade but this afternoon we messed around and tonight the guys had a birthday party for me after taps. It was a lot of fun. They got me odd presents, the type that you would buy a seven-year old but we had a real good time, with cake and the whole works. I'm a year older and I don't feel any different.

February 28—Last day of February which means spring furlough is real close. "E" Company had their scholastic banquet tonight. The high schoolers always seem to win everything around here.

March 1—Today was a very busy day. We had the military schools wrestling, swimming and rifle meets at Missouri Military Academy. We won the swimming and rifle meets but didn't fare too well in the wrestling.

March 2—Tonight I went over to the Sub-State basketball tournament in our gym. The games were pretty good on the whole, but not as good as State tournaments are at home. In assembly, we had a man from Java who told us all about the culture, the people, and the country itself. It was a little better than the usual.

March 3—The high school basketball team went to Marshall to play Sedalia in the regionals but didn't do as good as expected. Some of our swimmers went to Warrensburg to compete in the interconference swim meet. If they qualify they go again tomorrow and the next day for the finals. I think we have late breakfast as usual tomorrow.

March 4—Some of the swimmers qualified so they are going to go back today again. We wished the "Col." good luck and sent him down. I have a few tests next week so I think I may do some studying this week end.

March 5—Didn't do anything exciting today except a lot of studying. Of course, that's about all there is to do on week ends. The Cavaliers, our Dance band, played at the Lexington high school dance tonight.

March 6—Today I studied some and then went over to see Steve and plan our furlough at O.U. I can hardly wait till Friday comes. I think we did fairly well in parade today.

March 7—Back to classes after a fast week end, and I got a new experiment in physics, which I think I'm going to really enjoy. Tonight "C" Company has a banquet for being the company with the best disciplinary record for the first semester.

March 8—Today we had an assembly. Usually these are on Wednesday but this time they made an exception. At assembly there was the presentation of the Honor Society awards. I got it for the third time. Being good for a semester is worth a three-day furlough. Everyone is getting excited about the furlough coming up.

March 9—This evening the winter sports banquet was held. All those who lettered received them tonight. We also had steak and baked potatoes which was nice. Now there are no more sports until after furlough.

March 10—Late BRC as usual. Today we picked up our clothes from the luggage room to take them to be cleaned. When this time comes, you know furlough is close. We all started making our plans. We are staying in Kansas City the first night.

March 11—Today we had classes until 12:45. Those were the longest four-hour and 45 minutes of my life. I am sure everyone will have a good SPRING FURLOUGH.

March 20—Got back from furlough today. I came back about four hours late and my room mate hasn't returned yet. I wish I knew where he was. The last, he was seen was in Chicago. Tonight I am going to bed early so I can shake a cold I picked up over vacation.

March 21—My roommate got back about noon today. He was with three other guys. They don't know what they are going to get. Classes went better than I expected. I even did fairly well. Tennis started tonight. The coach really worked us. I was really tired, I thought I was in good shape.

March 22—The teachers got down to business today and piled on the homework. I am not sure if I will ever see daylight again.

March 23—Tennis practice continued today. Right now we are running a lot. Next week we will have our ranking matches. Tonight there was a Phi Theta Kappa meeting. We didn't do much. My roommate lost \$4.50 tonight.

March 24—Late BRC as usual. I got started on a new experiment today in physics laboratory. I think it will be more interesting than the last one. Today the commandments made "burr" haircuts non-regulation. Now we can't have our hair too long or too short.

March 25—Today was kind of a slow day. I guess we were all anxious for the weekend to come. Some of the cadets went into Kansas City tonight to watch the National Golden Gloves finals. They should have fun. Tonight we just relaxed and played cards. Tomorrow we will have to study all day.

March 26—I went to the comparative anatomy lab this morning and learned about the bones of a cat. My roommate golfed all afternoon and I didn't do much. I studied some. We had a women's panel of speakers today in chapel and they were pretty good.

March 27—Today at parade a boxing award was presented to the school. It is really a good looking trophy. We studied some today but not enough. We made sandwiches in the room this evening for our meal, it was a lot of fun. Think I will go to bed early tonight so I will be ready for a new week.

March 28—Tonight we started practice for our W-Club skit. We are going to do a "Day at the Commandants". It should be real funny. Some of the other skits are funny too. This is the start of the last week in March. Boy, will I be glad to see April come in. Next Monday is our first tennis match. It will be one of our hardest.

March 29—Tonight we skipped our usual trip to the philharmonic orchestra to stay here and practice our skits. I am looking forward to W-Club initiations at the end of this week. I will get a slave for two days . . . my shoes and brass need shining pretty badly. I feel sorry for him.

March 30—Today for assembly we had a man who put on a puppet show for us. It wasn't bad, for eighth graders. Today for drill we were all inspected for G.I. They also asked us questions from our fact sheet.

March 31—Had a qualitative analysis test today. I think I did fairly well on it.

April 1—We got a holiday today and I wrote a page long note for this day . . . APRIL FOOL.

April 2—The WClub show last night was pretty good. The general opinion was that it was not as good as last year's but it was still funny. Our J. C. track team tied Haskell today, 65-65. We had a couple of bad breaks or we would have won.

April 3—A group of bagpipe players and drummers went through parade with us today. Then after parade they put on a performance. They were very good. Tomorrow is our first Tennis match and we also have a big test in comparative anatomy. I studied all day for the test.

April 4—I stayed up quite late last night studying for the comparative test. I think I did OK on it. We lost our first tennis match to Park College 7-0. They are really good this year. Also they have been playing since February. Tomorrow we play Haskell. The golfers also get into the action.

April 5—Today was a little better than yesterday. I was not as tired any way. We beat Haskell, 9-0 in tennis and 12-0 in golf. It was a bad day for both sports because of the cold and wind. Tonight I started studying for the next comparative test. I want to do real good on it.

April 6—Today for assembly we had a puppet show by David Paul. These are nice assemblies for the eighth graders. Tonight we had more ranking matches in tennis. I am number one now and I think I can hold on to the position.

April 7—Late BRC as usual—today the high school golf team traveled to Excelsior Springs and won of course. The Honor Guard continued their practice today. They get better each day.

April 8—The Lexington H. S. track team came out to run against our team and when all the dust cleared away, we emerged victorious. The choir had practice today. They are more active than ever now. At noon today, I left for home on my three-day furlough. It will be nice to see my friends again.

April 11—Back from furlough. I am now starting the last leg of this school year. The high school tennis team shut down the Richmond team today. Our school team is very good each year and doesn't lose very often. The Lexington H.S. golfers tried their luck today and decided they needed more practice. We beat them pretty badly.

April 12—K.C. Junior College brought their golf and tennis out to play the Dragons today. The Wentworth golfers outstroked them 12-0 and the dragon netmen won, 5-2. The college tennis team is also very good. We have an especially good team this year.

April 13—Today for assembly, John Thornberry, prominent figure in the K. C. Boy's club, spoke to us. He had a good message for us. Tennis practice was short this evening for some reason.

April 14—Late BRC as usual. Richmond high school came over with all of their teams and went back defeated in all three fields. Wentworth took every first place in track and every point in golf and tennis.

April 15—The junior college teams traveled to Kemper, our arch rival, today. The track team won by nine points and the tennis team won 9-0. The golf team however, had a bad day and lost. Tonight we had the company basketball winners banquet. Since our team went undefeated we got to go have a steak. It sure was good.

April 16—Today is a big day on the campus. We prepare for government inspection all day. That means we have to clean our rooms until they are immaculate. This afternoon I get out of some of the work because we have a tennis match. We play St. Paul's junior college. We won 5-2.

April 17—Today, anyone that didn't pass inspection had to stay in this afternoon and continue to clean. We passed so we all went swimming. The band and Honor Guard held practice sessions this afternoon to make sure they are ready for tomorrow.

April 18—Today from nine to five, we went through government inspection. I think the entire corps looked very good. After dinner we were free until taps. I am glad I don't have to go through any more government inspections.

April 19—This morning pictures were taken of all the companies and organizations. In the afternoon, the gold and tennis teams went to Haskell. Both teams victorious by large margins.

April 20—We listened to the "Musical Grays" at Assembly today. They were straight from the amateur hour I think, we also had a drill holiday. It was nice not to have to do anything this afternoon. The Honor Guard went to Whiteman Air Force Base to look around. I guess they had a good trip.

April 21—Late BRC as usual. We managed to get back on a normal schedule today. I am glad of that. We had a test today in comparative anatomy lab. It was over the bones of the cat.

April 22—The J.C. track team went to the Highland Relays today. They came in second. The H.S. tennis team shut down the St. Paul team and the H.S. golf team won a triangular match with Excelsior-Carrollton. Tonight I have to go to bed early because I have to take the A.C.T. tests tomorrow.

April 23—For chapel today, we had the initiation of the new member of PHI THETA KAPPA. We had a banquet tonight. Those steaks sure taste good. The ACT test was fairly easy. I think I did pretty good on it.

April 24—Just another Sunday. We had our usual parade and then went out and studied and sun bathed. We did go to the swimming pool for an hour and played water polo. It was fun.

April 25—The J.C. golf and tennis teams went to Kansas City Junior college today. The tennis team got dumped 5-1 and the golf team came back victorious. The Honor Guard practiced again today. They sure work hard.

April 26—All of the Kemper H.S. teams came today and they all lost. We are happy to see Kemper lose. The faculty party was tonight and a stop night. We just goofed around and didn't do too much.

April 27—For assembly today we listened to a panel of business men talk on the free enterprise system. We had a chance to ask them questions. Their ideas were all for big business. For drill our company ran the P.T. course. It sure makes a person tired.

April 28—Late BRS as usual. State Junior College track, golf and tennis championships. The track team ran away with the meet. The golf team barely won, and the tennis team lost. It took all day. A singing group from the choir entertained the Kiwanis District meeting tonight.

April 29—The H.S. tennis team played Richmond again today and beat them again. Tonight me and my roommate and two other cadets just horsed around. We had a lot of fun. The A.U.S.A. is busy decorating the gym for the big dance tomorrow night.

April 30—The A.U.S.A. Dance is tonight. The Cavaliers play for the Lexington H.S.—Jr. Sr. Prom tonight. Our J.C. tennis team goes to Park College for a match with them. It should be close.

May 1—Today was a first here at the Academy—the first Camp Day . . . a day set aside for campers and their parents. There were 200 in all. They had dinner in the mess hall and then reviewed the parade and toured the campus. I think the whole idea was a success.

May 2—The high school golf and tennis team participated in the Missouri River Valley conference tournament today. This was the first time we have played in this conference. We did remarkably well by winning the golf and tennis team trophies. Our best golfer took medalist honors with a 2 under par total. Our singles players placed 1st and 2nd while our doubles team placed 2nd.

May 3—Our physics class did not meet today because the professor did not make it. We had a big test over the muscles of the cat in comparative anatomy today. I think I did OK. Our college tennis and golf teams are preparing for the Interstate tournament this Friday.

May 4—For assembly today, Abdo Bazazeed talked to us on oil wells and petroleum. It was rather interesting. Our company ran the obstacle course for drill. It was really funny seeing some of the fat guys crawling under the barbed wire and jumping over the logs.

May 5—Late BRC as usual. The golf, track and tennis teams made final preparations for the Interstate meet tomorrow. A lot of guys have started sun bathing now that the weather has warmed up. There are a few that are starting to get good tans.

May 6—One of our high school tennis players won the district tournament and thereby eligible to attend the State tournament. The Honor Guard went to M. U. to participate in the State meet for drill teams. Several boys went to Cottey College for a dance there. They had fun I imagine.

May 7—The tennis and track left for the Interstate tournament at Kemper. The weather was real nice so the competition was at its best. I won the singles trophy in tennis. I was glad to win since I only got second place last year. The track team came in fourth.

May 8—Happy Mother's Day to all mothers today. Many mothers came for the picnic and festivities held here at the school. A bunch of us went into K. C. this afternoon. Had a real good time. We made one mother feel like a real mother when we marched in her house.

May 9—Another Monday. Seems like it is always the longest day. We found out today that the Honor Guard won first place. This is quite an honor.

May 10—The Kemper golf and tennis teams came here to play us. We had no trouble in beating them. The high school track team went to Marshall to the Missouri River Valley Conference track meet. Some cadets are starting to get anxious about the fifth of June.

May 11—For assembly today we were supposed to have a judo and Karate expert. However, something happened and he couldn't come. For drill we made final preparations for bivouac. All of us are really excited about this.

May 12—Late BRC as usual. We beat the Lexington golf and tennis teams. The Honor Guard and Band practiced for a performance on Saturday.

May 13—The St. Paul tennis team came here for a match today. It was the last one for both schools. St. Paul's won. The college tennis team ended up with a 6-3 record. Everyone is sleeping as much as possible because they are not planning on getting much sleep Saturday night.

May 14—The band and Honor Guard went to the Armed Forces Day Parade at Ft. Leavenworth. The rest of the Corps left for bivouac at 2:30. We took a five-mile hike and then pitched tents at the Country Club.

May 15—After a wild night we got up early and tried to eat and get back to school before the clouds broke. However, before we even made it to breakfast we were swamped by a tremendous rain. We had a regular parade and then most of went to bed to sleep. I studied and then went to the show.

May 16—Monday went as usual today. We had a test in comparative anatomy today. I think I did OK. I am still tired from this last week end.

May 17—We found out when our finals would be. Looks like the 23rd through the 27th will be a busy week. It sure will be nice to get the finals over with.

May 18—For assembly today we saw the film "The Westworth Story". It is a very interesting film and speaks very well for the school. For drill we did some exercises the Army way and set up our tents so they would dry.

May 19—Late BRC as usual. The work is really building up now that the last minute rush is on. I will really be happy when classes are over. It looks like a few late nights are in store for a few boys.

May 20—The high school tennis player that won the district tournament left today for the State tournament. We wish him good luck. We turned in our overcoats today. It is nice not to have those any more.

May 21—The advance military students had their field tactical operations this week end. They got to sleep in tents and play Army all night. Needless to say they weren't the happiest most well rested group of boys on the campus. Everyone is starting to prepare for the finals that are coming up next week.

May 22—Today was the NCO parade. The NCO's took over all of the officer positions for parade. Things went fairly smooth during the big switch-over. After parade, a bunch of us went to the pool and played water polo. It was a lot of fun; then we came back and studied for finals.

May 23—We had our second to last laundry turn in today. That means that the end of the year is really getting close. Everyone is getting serious over the finals this week so there is less goofing around than usual. Between now and June 3, there will be a lot of midnight oil burned.

May 24—The National Alumni Club treated the graduating college sophomores to a steak dinner. They are trying to get us to join the club. It sounds like a worthwhile thing. My roommate and I stayed up late and studied. We brought out the coffee pot and finally got a good brew.

May 25—No assembly today. Instead, the college sophomores went to chapel to listen to Colonel Sellers and the high school seniors went to the old gym to hear Colonel Wikoff. The award banquet for the spring sports. After the banquet it was another night on the books.

May 26—Late BRC as usual. We had the first part of our qualitative analysis finals. It wasn't too hard. Then after a nap in the afternoon, it was another night of study.

May 27—We had our last part of the qualitative final. It was harder than yesterdays. In the afternoon I had the six-week test in comparative anatomy. I think I got an "A" on it. We went to the show to relax tonight, after a hard week of work. The show was real funny. It is probably the last show I will see in Lexington.

May 28—The advance military contract students left for another week end of fun today. I sure am glad I am not in their shoes because I would rather stay here and study . . . for the physics and comparative finals coming up.

May 29—The "Rat's parade" today. The "Rats" take over all the NCO and officer positions for parade. It went rather smoothly. In the afternoon, we studied. As a matter of fact, we studied all day.

May 30—The finals went OK today. I think I did rather well on both of them. The High School "W" Club had their banquet tonight. They elected captains for next year and talked about their season this year.

May 31—Had my last final today. It sure was nice not to have to study all night. From here on in I am going to take it easy. The college "W" club banquet was tonight. We elected captains for next year.

June 1—Now that June has rolled around everyone is getting fired up to get out of here. For assembly we had commencement announcements. This really showed us how close we are to being out of here.

June 2—Late BRC as usual. I have heard those famous words by Colonel Wikoff for the last time. The championship company softball teams had their victory banquet tonight. Everyone is really getting restless to get home.

June 3—I had my final classes today. I sure am happy to have those over with. The annual band concert was held tonight. A lot of parents have started to show up for the exercises this week end.

June 4—The parents had a luncheon at noon out at the Country Club. This morning I loaded the car; I thought that moment would never come. The awards assembly was held this afternoon, and tonight was the commencement ball. Everyone who went had a very good time.

June 5—The Baccalaureate exercises were held this morning, in the field house. The exercises and the hours sure went slow. Finally, at 2:30 the graduation exercises got started. As soon as they were over, the band and Honor Guard performed. Then the biggest event of the year, "The final parade". All of the cadets were anxious for this parade to be over. Finally, the moment came that all had awaited for . . . The Brigade commander yelled, "BRIGADE DISMISSED."
