The WENTWORTH experience.
It means even more.
But you've never had the
Wentworth experience until
you've gone through
an entire year.

The classes, parades, formations, and inspections are only a small part of a cadet's stay here.

**The learning years of your life never really end,
although the school years end all too soon.**

**Relive these moments that mean so much as
you leaf through the 1976 Pass-in-Review.**

EIGHTH GRADE

This year's Junior High School was furnished with the best staff of teachers and counselors ever. They were experienced, and enjoyed the work they did with the young men.

Captain Kenneth Clark was the only counselor who returned from last year. The new counselors were Lt. Terry Blessing, MSG Pat Tate, and SFC Tommy Simpson.

Major Ralph Short is the new Headmaster, and he is well qualified for the job. He did a great job this year, and his efforts were appreciated.

Kelley and Dugan battle for a rebound.

FRONT ROW: Johnson, Shadden, Gordon, Brasel, Daniels, Jurevics. BACK ROW: Mgr. McBee, Shute, Kelley, Dugan, King, Summers, Bybee, Al-Salloom, Coach Major Moore.

Rich King jumps for the tip.

The High School basketball team had a very trying season, ending with a 2-17 won-lost record. Plagued by inexperience and a tough schedule, they had many chances to win, only to lose out in the last seconds.

There were some high and bright spots, however. Freshman Richard King gained unanimous all-conference honors on his way to a 12.3 points per game average. Paul Jurevics averaged 11.9 points per game average and connected on 84.6 percent of his free throws. Kevin Dugan got off to a slow start, hampered by foul trouble, but was always under the boards fighting for the rebound. Tom Kelley, as always, gave his all-out effort in every game, climaxing his season with a 17 point game against Higginsville.

Although lacking in experience and depth, the Dragon squad always gave their all-out effort for Major Moore, who did a fine job of molding the individuals into a team.

HIGH SCHOOL SWIMMING

FRONT ROW: Coach Jufer, Blomstrand, Chipman, Daugherty, Shadden, C. SECOND ROW: Lower, McCrary, Goodall, Burke, Ashlock, Samuel, Walsh, Metzger, Nagel, White, Roggeri. THIRD ROW: Bump, Ravenstein, Spencer, Mosely, Klumper, Abudei, G.

This year's swimming team survived the roughest season they have ever faced. They swam against some of the state's top ten teams, and came out with a 9-9 won-lost record. This is an excellent record, considering the size of those opposing teams.

There were many outstanding performances this season. Freshman Rob White delighted the spectators with his effortless grace on his way to four school records. Bill Klumper reached a career best in the 100 yd. backstroke, with Guy Spencer pushing the relay team to 15 firsts in 18 meets. Mike Mosely was the team's top diver, twisting and flipping his way to 11 first place finishes.

All in all the season was a success. Several personal goals were attained while others needed only experience and plenty of practice.

Coach Jufer gives advice to Bill Klumper.

HIGH SCHOOL WRESTLING

This year's wrestling squad was coached by Captain Tom Trotta, a recent graduate of Missouri Valley College. With only four seniors on the squad, (Steve Willoughby, Steve Galbrecht, Wayne Schoettle, and Chris Montalbano) they finished with a record of 3 wins, 8 losses. Although this overall record was far from impressive, there were a total of 6 matches that could have been reversed in our favor had the Dragons been able to place a wrestler in each weight class.

The individual leaders for this year's season were: Best Dual Meet Record—Steve Galbrecht (11-1-1); Most Team Points—Steve Galbrecht with 62, followed closely by Bret Currie with 49 points and Henry Gray with 42 points. Gray, with a record of 12 wins and 9 losses, was our lone representative in the District Tournament. After several tough matches Gray placed a very impressive fourth overall.

During the season an unscheduled triangular meet was held with Norborne and Slater. This meet provided our wrestlers with a little extra experience, which would improve their techniques and records during the District Tournament.

There should be nothing but praise and appreciation for those wrestlers who stayed with the program for the entire year.

I can't believe it! I just can't believe it!

FRONT ROW: Coach Trotta, Lardie, James, Galbrecht, Orr, Coach McPherson. SECOND ROW: Klein, Wright, Orvis, Calderon, Willoughby. THIRD ROW: Koplitz, O'Brien, Montalbano, Schoettle, Gray, Currie, Reynolds.

HIGH SCHOOL TRACK

Spirit was high among the Dragons.

This year's high school track team did very well considering their tough schedule. They came in third in the CRC tournament with the 880 relay team taking first. Senior Jack Schaben continued his success in the 100 and 60-yard dashes. Steve Galbrecht set a school record for the 2-mile run and also was successful in the mile. Mike Mosely, although hobbled by an injured ankle, also did well in the hurdles and long and triple jumps. There were many surprises on this inexperienced team as everyone set high goals. Coach Byrne did a fine job in making this a very successful season.

HS TENNIS

Jim Sellers, tennis pro?

This year's high school tennis team had little success against their tough opponents, winning only three matches. All the members of the team showed marked improvement throughout the season. Standouts for the team were Jeff Pemberton, Jim Sellers, Lucas Ruggeri, Darryl Gordon, Paul Bent and many others. Jeff Pemberton finished the season as the No. 1 player on the team, barely losing to the No. 1 seeded man at District.

Next year almost all of the lettermen will be returning, and with the experience they have gained this year, Wentworth should have a tough, seasoned team.

Ackert, Brasel, Sosothikul, Wright, Edelen, Coach Sellers, Shadden, Gordon, Ruggeri, Pemberton, Bent, White.

HS GOLF

Johnson, Jurevics, Robinson, Kelley, O'Brien, Kemper, Sawyer, Coach Siewert.

This year's golfers have come a long way between the first and last matches. To be sure, they had many ups and downs this year. After losing by four strokes to Lexington, they beat arch-rival Kemper, after which the No. 2 man quit the team. The remaining players always gave their best to win. Showing much improvement during the course of the season were Bob Ferguson, Tom Kelley, Paul Jurevics, Peyton Robinson and Brian Johnson. They climaxed their efforts with a second-place finish at the Tri-Military Meet. With four lettermen returning, this should be a team to watch!

The Junior High Dragon football season encouraged many young men to join and give it all they had. Coach McPherson did a beautiful job of organizing the team. Although they diligently searched for a victory and never found it, they never gave up. As the season ended, they portrayed enviable sportsmanship and pride. Their efforts are greatly appreciated, and will not be forgotten.

JUNIOR HIGH BASKETBALL

Coach Cassidy put together a tough team for the Junior High basketball season. Before the season was over, they had played some of the toughest teams in the conference—and won. But more important than that, they had learned how to fight as a team.

The team's spirit and determination never faltered, and they played a fierce game all the way to the final buzzer. Under extreme tension and pressure the squad took a 3rd place victory in the Central River Conference Tournament, which was held in the Breckinridge High School gymnasium.

Outstanding and consistent performances were given by Jeff King, the team's high scorer; Andy Meardon, for his great defense and rebounding skills; and Blair Morgera, for his never-ending hustle and determination.

The entire team's efforts, as well as Coach Cassidy's, are greatly appreciated. Congratulations on a job well done—let's do it again next year!

ROTC

WENTWORTH MILITARY ACADEMY

EDITORS: SAM MORFIA AND GREG SELLERS

LTC William W. Morrison

The US Army and Wentworth Military Academy and Junior College offer a unique two-year commissioning program. Successful completion of the junior college curriculum and the ROTC program qualifies you as a Second Lieutenant in the United States Army. There are three methods of entering this two-year program: prior active military service of one year or more; at least three years of high school ROTC; or completion of a six weeks Basic ROTC Summer Camp.

Why would you choose this program? In answering this question, I would list the following: (1) to earn a commission at a school where ROTC is respected and appreciated, (2) completing ROTC at a Military Junior College provides a commission without the requirement of a degree (only at one of six schools in the nation can this be done), (3) once the commission is earned, you may continue your studies under deferment for two additional years at any university or college regardless of whether ROTC is offered or not, and (4) while you are in the program under contract, you receive \$100 per month tax-free subsistence allowance.

What are the obligations of an ROTC contract? A student will serve on active duty for a maximum of three years, or three-to-six months as ordered after commissioning. If you serve for three years, you will be in the inactive reserve for four years, while if you serve for three-to-six months, you must join an active reserve or National Guard unit where you will attend paid monthly meetings plus two weeks summer training. This reserve commitment runs for a total of eight years.

If you qualify for the program through prior active duty or High School ROTC, you need not attend the Basic Camp. You will need to pass the US Army General Screening Test or substitute satisfactory SAT or ACT scores, pass an Army physical, be at least an average student and possess the potential of becoming a US Army Officer.

COMMISSIONING PROGRAM

MS-III's climb a tree. BELOW: Cadets Merritt, Heltzel, Johnson, Taylor, Muzzillo, Elder and Fettaers enter the two-year program.

The Advanced Course covers your two years of junior college and includes a six-week Advanced Camp that is held the summer between your junior and senior years. While you're in the Advanced Course, you'll receive \$100 every month you're in school for up to 10 months of the school year. You will also be paid for attending the Advanced Camp. Your instruction will include advanced leadership development, group dynamics, organization and management, small unit tactics and administration. Practical leadership and management experience is received by assigning students as cadet officers and NCO's.

Each of America's fully accredited Military Junior Colleges is dedicated to the development of the whole man. Not just in mind and body, but in honesty and integrity, strength of character, and sense of responsibility as well. These are the qualities America needs in its future leaders, the qualities that provide a firm foundation for any career, military or civilian.

Distinguished Military Students: Sellers, Morfia, Harrison, Haines and Bechtold.

Military Science IV cadets and CPT Kiernan, instructor.

FLIGHT INSTRUCTION

Flight training is offered to students in the second year of the Advanced Course at many ROTC colleges and universities. Under this program the Army will pay for flight instruction for selected, qualified ROTC students. To participate you must have an aptitude for flying and meet physical qualifications. You may also qualify to take the FAA examination for a private pilot's license. You must also agree to participate in the Army Aviation program, if selected, upon entering active service. Normally this is done after you've completed instruction which qualifies you for the branch of the Army to which you'll be assigned. You have an active duty obligation of three years.

Wentworth offers the opportunity to earn a commission in the United States Army after only two years of college. Eligibility for this unique program is made possible through participation in three years of JROTC or attendance at the ROTC Basic Camp held at Fort Knox, Ky., prior to entrance into the college freshman year.

Another important feature is that cadets are paid for their attendance at both Basic and Advanced Camps (approximately \$500 for each) and \$100 per month of the school year or \$1,000 for each year. Wentworth's program pays the cadet the same amount as the contract student in any normal four-year program.

At Wentworth, we are busy making yesterday's traditions part of today's training.

DELTA'S FIRE

The fire that destroyed Delta Company has caused a great deal of sorrow for many people. People that were "Delta Company" for many years, people that worked there, and the people that were in the band both in the past and present.

One doesn't have to be one who was associated with Delta, the Band, or the Military Department to understand the deep feeling of a tragic loss. It hurts to see a part of your school gone. It hurts to know that there is no more band room where many years of practices, parties, friendships, and farewells have taken place.

The firemen who fought that fire for many hours, risking their lives around the collapsing walls while trying to save Delta, are to be commended. If it hadn't been for them, the whole Administration Building could have been lost.

But like the Phoenix that would rise from the ashes of its own destruction, so will Delta. And it will prosper. So remember the grand old lady. Treasure the memories of her.

CHARGIN'

In the years that I have been here, I feel the entire school has become easier. But anything material can be built up, and my efforts were devoted to doing this with my men. I feel we've been successful, but it wasn't easy since Charlie is the second largest company on campus.

I would like to thank my officers and men for all the work they've done. I just hope I've been as much help to them as they have been to me. Thanks again to everyone for a wonderful year. AND KEEP ON CHARGIN' CHARLIE!!!

Captain Paul Mahoney, Alpha Company Commander.

The year, although rough, was a great learning experience. It was difficult for me to take over a premolded company, resulting in a lot of turmoil. But with the officers backing me 100% and Col. Perry helping me out whenever it was necessary, the company became more closely-knit than before.

The duties of company commander taught me how to handle problems, as well as helping me mature.

We have done the best job possible. The members of the company are a really great bunch, and when they get together anything is possible. No obstacle is too large for them to conquer. This was proven by our winning the blue and gold ribbons.

HEADQUARTERS

This year has been a torture test for the members of Headquarters Company. There have been problems, but there were moments of pride that made it all worthwhile.

We got off to a good start, and with the officers and members pushing in the same direction, there was only one way to go: UP! I would like to thank everyone involved with the Band for their devotion and help. You did a great job.

HONOR GUARD

We did it again! Last year we were left with the responsibility of being the Missouri Bicentennial Drill team. You and I know it was not all fun and games. The Honor Guard gave up over three-fourths of its free weekends to do their duty as you were called upon to do it without much complaint and with sincere dedication. For the drill team, this was a year of building for the future. Picking up an exhibition trophy at Ames and a parade trophy at the Loyalty Day in Liberty showed an all-around proficiency so characteristic of the Honor Guard both on the drill floor and in school activities. This year we tied in Field Day honors with Alpha Company for second with 19 HG people against companies with 50 or more people. Again for the Field proficiency test the Honor Guard's average was the average required to obtain the badge. This shows which company is the best military company and it is supported by observing the Military Awards Ceremony where the Honor Guard swept nearly one-fourth the battalion awards. For the first time since the company was formed, we were awarded the plaque for Discipline. So to sum it up, it has been proved once again that the Honor Guard is One Bar None on campus. The facts are unequivocal.

Special thanks go to Capt. Kiernan for his hard work and strong support and to Mrs. Oliva for the multitude of early suppers she supplied.

Welcome to the Honor Guard.

Also present was Zorg, who traveled for a full light-year from the planet Zargon to make this memorable event.

The music was performed by Tony DiPardo and his jazz band, and they did an excellent job of entertaining the corps and guests. Before the evening was over, even the most hardened rock music addict was rockin' and rollin' his blues away!

WENTWORTH SHOW

This year's Wentworth Show was held at the same place, same time. But it wasn't the same. It was the best performance ever! With Major Moore as narrator and the corps executing their acts with extreme accuracy, who could look better?

Municipal Auditorium was filled with an absolutely wonderful audience that night. When they walked in, they had only a small idea of what would happen. Before the evening was over, they knew several things about the academy. Like a little concerning the history, the uniforms of old, the fire that destroyed Delta Company, and the fun times that the cadets have.

The performances were flawless, and even that's an understatement. The Honor Guard drilled, the Band played, and the skits were enacted, all with precision and professionalism. And it was fun.

Sure, there were a few butterflies. Maybe even a little stage-fright. But how many actors do you know who haven't been apprehensive about being in front of that many people?

It was a first-class show, and you could feel it in the air. It wasn't the "Greatest Show on Earth," but it was a very close second. And when you're second best, you try harder.

Hey Roger!!! Come on down!!!

Mothers who came to spend the weekend with their sons in an early celebration of Mother's Day found a schedule packed with a variety of activities. The Life and Death of Sneaky Fitch was presented Friday night and Saturday afternoon. Jeff Stapp and a remarkable cast of supporting actors entertained the corps and their guests. Saturday morning there was an open house in the Scholastic Building, with science exhibits lining the main floor halls and an art exhibit in the library. A jazz band-concert was featured in the Student Union lounge. Saturday night was the APO dance, complete with jail and Bomb the British and the long-awaited announcement of who really reigned as Ugly Man. After church Mrs. Oliva served a delicious buffet in the mess hall with mothers and grandmothers as honored guests. Mrs. Angel from Mexico reviewed parade as the mother who traveled the longest distance to be with her son.

Jack Schaben easily won the Ugly Man contest, then turned around and accused Scott Namanny of being the ugliest.
