Farewell-1

Cadets Hackler, Henderson, Johnson, Kirton, and Letourneau at the first order of the year look forward to what the year has to offer (above). Eurollment procedures progress as new and old boys process through in the Student Union (top).

Konkle juggles to keep the ball inside the soccor field (above). Lingenfelter talks to his platoon in preparation for Sunday Parade (top).

Usually the command to cover your head meant cadels put on their ser-vice caps, but Frank Vitto found a football useful (above). Commander

Ed Ellis regails his table and Tyler Pope with tales on his birthday (right).

4-Final Parade

101 ways to forture Kirton pass through Cadet Haggard's mind as he receipes his imunization shot for the measles in the Field Hause (right).

Military life opens eyes

dets started in confusion as new and old boys processed in at the Student Union. Parents watched

The 109th corps of ca- their sons begin a long journey through the halls of discipline and respect. Rats' eyes grew big with curiosity as to what awaited them once the year truly began.

Old boys milled around inspecting the new boys trying to discern the stract from the scurve. At the barber shop, cries were heard as long, unruly hair was replaced by a short, clean cut look.

After processing, cadets then went to their rooms to meet their roommates. For many, these first six weeks together form a bond of friendship that lasts a lifetime. Together they go through happiness and disappointment working as a team to get things done in the year ahead.

Old boys had come back from their summer ready to take up the leadership positions and responsibili-

"Milk ... it does a body good!" as Cadet'a Altendorf, Harden, and Moran can surely attest (left). Oc-

ties awaiting them at Wentworth. To most of them, all of the shining and polishing came back as second nature.

The first few weeks were among the hardest in every cadet's life. Getting over homesickness and adjusting to the military lifestyle were only among a few of the trials. To help adapt to their new way of life, the telephones, television rooms, and Casey's were all "off limits" to Rats

cassionally the picture speaks for stself as well as for Al-Sharani's skill in soccer.

Student Life-5

Cadets in step with campus life

for the first six weeks.

Officers worked hard to help the new boys become used to the rigorous life at WMA while old boys times at these outings the worked hard to set examples for the Rats.

Cadets made trips to the opera and baseball games with Ms. Linda Gabriele, student activities director, Gabriele's lips.

during the early part of the year and planned to go on many other events as the year progressed. But many fateful words, "If you guys screw up, this will be the last trip you'll ever go on for the rest of the year !!" were heard from Ms. cadets then worked on the "little things" in order to make this a truly exemplary corps of cadets. Parades, formations, and even details became a way to prove excellence of one company over another.

Under the leadership of Battallion Commander

Onceused to the routine, c/LtCol. Joe Dorris, last year's winner of the Outstanding Company Commander award, the 109th cadet corps has plans to stand out as the best corps in the history of Wentworth. The officers, the old boys, and the rats were all prepared to make this come true.

Among cader off-campus activities was a September trip to a Kansas City Royals game for about 50 students (right)

Looking tough, Attoood sets up for the junior high football game.

Snowballs fly as cadets stage a practical exercise in detail avoidance (left). Capt. Reilly was recently pro-motred to major for 15 years of ser-vice to WMA (below).

Student life busy away from class

As most cadets can testify. the 1988-89 school year flew by. Many friends were made and many memories created. In retrospect, even the bad moments do not seem so bad any more - well, not quite so bad.

For the Rats, this year has been an indoctorinati on into the life of a cadet. For the old boys, it has been a reinforcement of their Rat year. For most of the fraduating seniors, it is a closing of a chapter of their lives.

The learning of cadet life, of course, left little time for the Rats especially if they were involved in sports. Yet, the busy days also make the year pass quickly for the Rats and the old boys.

Cadets Blackburn, Bell, Williams, and Reardanz make good use of their free time (right

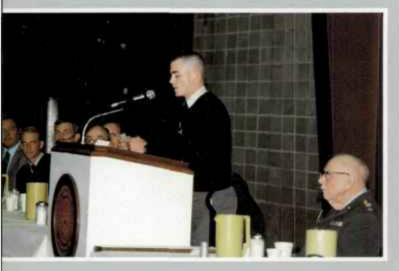

Looking back, cadets and faculty can recollect some of Wentworth's most prized moments, such as Charlie playing musical staff (five first sergeants, four XO's, three Co's, and two Mess Officers), Fox trot winning parade, the

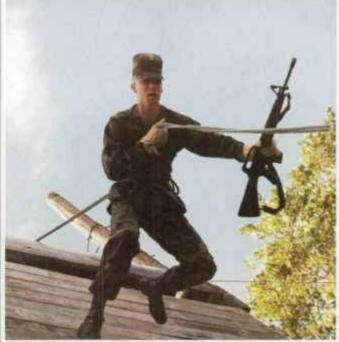

almost non-existant win- every one looked forward ter, Charlie and Delta's to-May 21-Commen-Bucket Brigades, trips to Cottey by JC cadets, Mielke going Airborne through Yoder's roof, Kirton's enocounter with the measles, the night of May 13, and best of all, the day

cements!

1950's return to WMA

Homecoming Weekend was a perfect, fall weekend to honor the WMA graduates of the classes of the 1950's. The weekend's activities began Friday with an Alumni Council Meeting. The council is an advisory board for everything goes on at WMA.

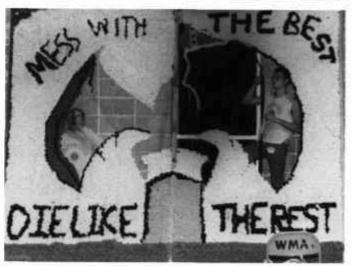

Friday night kicked off the excitement with the annual bonfire in the field behind Delta company barracks. A parade through Lexington on Saturday, featured the new inductees to the Athletic Hall of Fame, The 88 homecoming queen, and her court.

Following the parade, the homecoming, game pitted the Red Dragons against the Kemper Yellowjackets. The Dragons beat the Yellowjackets 35-22 and became the state military champions.

state military champions. During halftime, six WMA athletic alums were inducted into the Athletic Hall of Fame. Those inducteed were Joe Basore Sr. '47, Bill Cook Jr. '57, Leo Ellis '48, Glen Rupe '52, and the late Bennie McAlister '52. Later that night, the homecoming dance was held in the Student Union.

Sunday morning, the corps participated in the wreath-laying ceremony at the Mooney Monument. The ceremony honors WMA alumni who made the supreme sacrifice during World War II and the Korean Conflict.

After the Sunday meal, parade was held behind the fieldhouse during which the alumni and homecoming queen reviewed.

Salazar and Turner working on Bravo's Homecoming float (above right). Bill "Cowboy" Harden gets down during the homecoming dance (above). Garrido breaks away from a Kemper defender (right).

Sellers Jr. ; Second row: Kendrick Fetrow, SFC Tom Butler, John Groendyke, David Adams, Reynold Carlson. ; Third row: Dawson Heathmax, Gordon Reed, John Wade, Ed Warmac, John Tillotson II; Fourth row: Robert Long, George Reese, Larry Dunbar, Duane Arnold, Kenny Nadler.

Hamecoming-13

Staff leads, organizes corps

Staff are as diverse as the cadets of the 109th corps itself. Each staff member has a different responsibility.

The duties of Battalion mander Joe Dorris was responsible for the overall conduct of the corps. The executive officer Charles Beauchamp was in charge of the operations.

The Battalion Com-

The S-1, Ted White dealt

with administrative duties. S-2 John Barnett saw that communications runs smoothly for the battalion. Joe Tyron, the S-3, took care of operations and worked closely with the commandant. The 5-4 who was Wes Anderson was responsible for supplies and logestics.

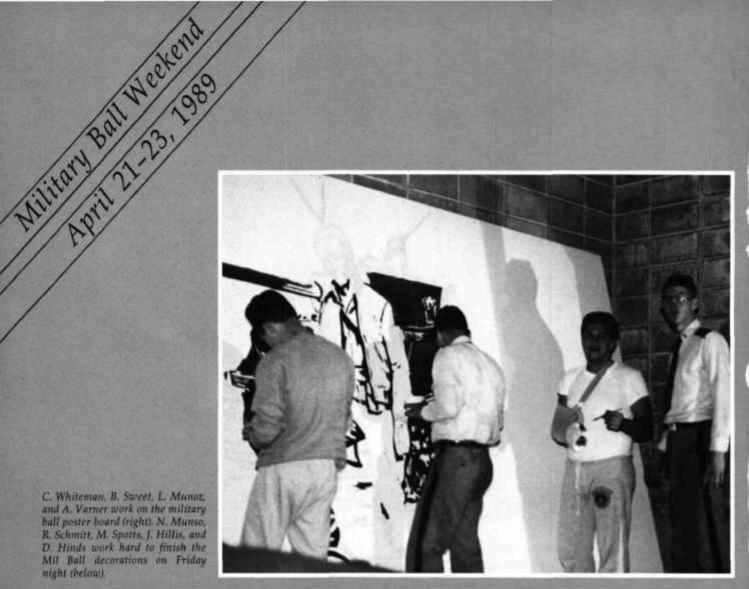

Collectively the battalion staff has changed during the year some, but they still provided the corps with strong leadership working as a team with the company officers and their staffs.

Joseph Leonard Dorris of Lebanon, Missouri, attended WMA for 5 years and served as Charlie captain before becoming battalion commander (above). 2nd Lt. Joe Tyron works closely with Col E. Gant to fill his staff duties (left).

1989 BATTALION STAFF: 1st Lt. Wes Anderson, 2nd Lt. Joe Tyron, Maj. Charles "Butch" Beauchamp, Lt. Gol. for Dorris, 2nd Lt. Thomas Henderson, 2nd Lt. Richard Slusher, and Sgt. Maj. David Mercer (top), 109th OFFICERS: trow 1) R. Magaztne, C. Whiteman, J. Tlapa, C. Beauchamp, J. Dorris, D. Mercer, B. Sellers, D. Stormes, and D. Altendorf: (row 2) F. Vitto, G. Chritain, C. Yope, R. Prate, T. Henderson, R. Slusher, W. Anderson, M. Wright, B. Bailey, and P. Williams; (row 3) V. Yoder, D. DeYoung, R. Hackler, P. Miełke, G. Burrell, N. Murphy, C. Carey, A. Davis, and W. LeTeurneau; (row 4) N. LeClerca, B. Sweet, M. Burch, B. Wagler, D. Harry, K. Bollz, and R. Vega (bottom).

C. Whiteman, B. Sweet, L. Munoz, and A. Varner work on the military ball poster board (right). N. Munso, R. Schmitt, M. Spotts, J. Hillis, and D. Hinds work hard to finish the Mil Ball decorations on Friday with (declarge) night (below).

A Ranger demonstration which in-cluded R. Timmers disassembly and assembly of a M16 were just part of Saturday morning's activities (right).

W. Anderson and his mother participate in the tree planting project (left). M. Hinds and his mother walk happily along the quad (below).

College cadets T. Carpenter and K. Williams join their family and friends walking on the quad (left). W. Anderson and P. Williams Joined E. Windsor (not pictured) for an Irish song and skit for the variety show on Friday night (above).

D. Altendorf and the Headquarters' queen Carolyn Leary are escorted by Marisa Marie Maring, a granddaughter of Mrs. Norma Maring (top left). M. Atwood boogies with his date at the Mil Ball (center). Col.

Mac Sellers talks to the officers at the formal dinner Saturday evening (above). Faculty members Miss Tanya Misner and Sam Vaughn dance with the crowd cheering them (bottom).

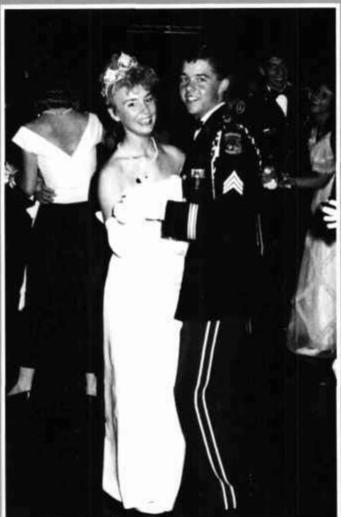

A static display of a Cobra and three other helicopters drew curious spectators Saturday morning (left). M. Milan and the Military Ball queen Denise Hall enjoy the first dance (below).

Graduating junior college cadet T. Henderson and his fiancee Stacy march through the arch of steel at the ball (above). Looking happy, college cadets J. Tlapa, R. Timmer, and D. DeYoung and their friends walk into the chapel to watch the variety show Friday evening (bottom).

In order to keep cadet rooms inspection ready D. Cameron and almost all cadets have to have a Windex bottle working properly (far left). Capt. R. Magazine supervises. Charlie from the chair along with G. Wagnon, and B. Yount (left).

Major Fitts takes over TAC duties for Charlie

Maj, Jim Fitts took over the TAC officer duties for Charlie when Capt. Mike Lierman moved to a full time position in admissions.

Before serving in Hickman Hall, Maj. Fitts was TAC officer in Marine Hall which housed Foxtrot, Delta and part of Headquarters the previous year.

Time out in the barracks for J. Cox and W. Foster is rare and thoroughly enjoyed (left). H. Groendyke stands behind Capt, T. Henderson who temporarily served in Charlie early in the year (above).

CHARLIE COMPANY ROSTER: M. Al-Humaid, A. Al-Sharani, D. Anderson, M. Angel, J. Bell, K. Boltz, J. Boulboul, S. Boulboul, C. Bryan, D. Cameron, T. Cates, J. Cox, C. Faverty, J. Fercha, W. Foster, P. Frisby, E. Garrido, H. Groendyke, M. Halaby, D. Harry, B. Hills, W. Hudson, M. Jensen, E. Keldsen, C. Kirton, C. Larkin, N. LeClerq, D. Leone, R. Magazine, L. McCasland, M. Moran, M. Payne, T. Pope, A. Ross, I. Schroeder, C. Sharp, M. Sloan, D. A. Smith, D. V. Smith, R. Vargas, I. Vega, R. Villa, F. Vitto, B. Wagler, G. Wagnon, R. Waters, B. Wimmer, E. Windsor, V. Yoder, and B. Yount. Cadets frequently need special attention to the finer details required in a military school such as Rats I. Jenning, M. Rasor, and C. Morton learn from the Old Boys like D. Hinds (far right). Attention is also paid to studies and cadets T. Hughes, R. Frisby, R. Lewis, J. Thompson, and M. Caruso found a Delta study hall required attendance (right). Cadets often turn to their hobbies to cope with the frustrations of military school life as A. Davis does with his guitar (below). Or cadets can find other means of relieving stress such as C. Carey who lifts weights (lower right). Davis and Carey were Delta platoon leaders.

Keeping Delta in line keeps Kemper busy.

Winning the Basore Award is a year-long process. The company's officers work to maintain discipline, to keep up the grades of each cadet, and to become strach. Still the company's TAC officer also has a role in the conduct of the company.

Maj. Ed Kemper took over the responsibiliti es of TAC officer for Delta during the year and kept close tabs on the freshmen, the sophomores, and the officers of Delta.

DELTA COMPANY ROSTER:

Daly; (row 6) B. Pennell and J. McCoy.

During Thursdays drill, high school JROTC students participate in a variety of military-related activities whether is is push-ups for Rat W. Foster along side his sergeant V. Smith (right), or personal inspections for F. Vitto and G. Wagnon (below), or a company run for Delta (lower right). Each element of Thursday drill is designed to improve the military bearing of the cadets, the companies and therefore the corps.

Instructors guide young cadets

Military personnel are assigned their jobs for a four year tour of duty.

The primary function of the army instructors is to provide the students with the proper background in military training. Included is the supervision of the

Honor Guard.

Sgt. First Class Jerry Gipe is completing his fourth year at WMA. He has also served as the senior JROTC instructor this year working alone until mid-year when Staff Sgt. David Anderson arrived.

Sgt. First Class Jerry R. Gipe Senior Army Instructor 1985-1989

34-Final Parade

JROTC provides basic military training

Junior Reserve Officers Training Corps is the military program for high school cadets. Cadets have class twice a week, drill, and extracurricular activities.

Classes consist of many topics. The cadets learn oral communications, rifle marksmanship, first aid, military history, and map reading along with other military skills to help them with their careers. They also learn to work together as a team.

They can also participate in the extracurricular programs available. These include the high school Ranges, the rifle team and the Honor Guard drill team.

HONOR GUARD: (row 1) J. Keene and B. Clark; (row 2) D. Harry, J. Bell, N. Murphy and B. Sweet; (row 3) M. Wheat, J. Zimmer, D. Anderson, A. Kallas and B. Wimmer; (row 4) A. Brown, M. Parker, B. Clavadetscher, and T. Hartsell; (row 5) J. Haggard, C. Lieurance, D. Edwards and G. Branhart; and (row 6) L. Munoz.

Senior Army Instructor Sgt. First Class Gipe inspects cadet Sgt. R. Romero of the first platoon of Charlie Co. with cadet First Sgt. S. Miller.

In February, JROTC drill begins with stretching out on the practice football field before a run. Although Foxtrot, the junior high company, does not have classroom instruction, it does participate in Thursday's drill (right). Charlie company vcadets H. Groendyke, C. Kirton, E. Vega, A. Ross, M. Halaby, M. Angel, C. Sharp, and E. Hudson stretch out (below).

JROTC training put to test at drill

Drill is an essential fea- school. They go through an ture of the JROTC program. It teaches the cadets how to drill with weapons, land navigation, and physical training.

The cadets participate in drill on Thursdays after

inspection and then on to the weapons room to receive their weapons. They then proceed to drill on weapons movements. All facing and weapons movements are done during this period.

On selected days, cadets do physical training. Here they stretch and do many exercises which improve their upper body strength. Towards the end of drill they sometimes practice in land navigational skills.

Inspections are everyday events, but JROTC inspectios are more serious especially for the cadet officers including 2nd Lt. P. Williams and his platoon (left). Getting ready for the physical training of Thursday drill, Delta Company goes down along the track to begin its workout (below).

P. Haley tries his hardest to score on his JROTC physical fitness test (far left). JROTC cadet officers C. Kirton, A. Davis, W. Anderson, C.

Carey, K. Boltz, M. Wright, D. Lingenfeltr, and J. Bell circle around to determine the next phase of drill (above).

WMA's SROTC program gives early commission

Senior Reserve Officer Training Corps plays a big role among college students at WMA. It helps to prepare the future leaders for careers in the Army.

Through the commissioning program, a cadet can receive his commission as a second lieutenant in the United States Army.

Cadets here at WMA have an advantage over other four year commissionee's because they receive their commission in two years instead of four.

At WMA, SROTC cadets are given a chance to develop leadership by being given positions in the companies similar to those they will be holding in the Army.

SROTC students who are enrolled in the two year commissioning program are take Military Science III their freshman year and Military Science IV their sophomore year.

Not all college students, however, take part in the commissioning program. Those students who are not in the commisioning program start off in Military Science Land end up their sophmore year in Military Science II. At this level, they learn about the military and basic skills involved in the military.

There are also extracurricular programs in SROTC. These include the rifle team and Rangers. Here cadets have a chance to participate in competition against other SROTC units in the area.

There are many ways to excel in SROTC. Any cadet can receive awards such as ribbons and medals for his outstanding performance. One of the top military awards is the McArthur Award. Only the top freshman in college and the top senior in high school recieve this award.

SROTC is an intregal part of WMA. Drills and road marches are common as MS1, MS1I, MS1II, and MS IV students including M. Burch put classroom instruction into practice (right). Part of the Ranger Challenge Team cadets R. Timmer, J. Tlapa, and C. Beauchamp go for another long road march.

Personnel leads cadets

The leadership needed to graduate the growing commissioning class at WMA has been commanded by Maj. Robert Thomspson for the past three years.

The military personnel on campus not only instruct the cadets in the classroom, during drill, or at physical training, they also provide a deeper in-

The leadership needed sight into the various cagraduate the growing reers available in the milimmissioning class at tary.

> There is also assistance from the military in finding ways to finance the remaining two years of college needed by cadets leaving WMA or in deciding what school they may want to attend for those two years.

Needs same in Juco, High School

Soccer is an intense sport that relies on the individuals working as a team rather than as a team in order to win in soccer matches. There is always a beginning and an end to each season.

The beginning of soccer starts late in August with practice on passing, dribbling, and shooting which helps them to work together. This happens up until their first game.

After days of practice, the losing games. players tend to be nervous but look forward to that first game. If they have practiced hard, it will pay off with a victory

Then, as they continue to play and gain experience, they will look good on the field, and other teams will respect the ability of the team. If they do not continue to practice, they might end up dropping to a lower level and

They also must learn from mistakes. They should always try to improve their game and not get overconfident about themselves, for someday it will cost them against another team.

Then, if they do good, they will move on to district competition and maybe to the state tournament. Even if they don't get that far, they should go into their final game with the same amount of energy as they did in the first game.

They will then leave the season with a better feeling about how they played and a better attitude toward the team.

Finally, they might go into the next season with the same principles and pass them on to the new team and the following teams.

Small team, big results

The WMA cross country team did an outstanding job this year. The team began the year with just a few runners, but by the end of the season there were eight eligible runners.

The runners went up against many schools at invitationals. They ran against many 3A and 4A schools.

At districts, two runners finished with times that allowed them to participate in the state meet on No-

vember 5 at Jefferson City.

Seniors Kyle Boltz and Wes Anderson ran in 30 MPH winds, cold temperatures and sleet during the state meet.

This was the first time the cross country team has produced such good runners. With many of the young runners planning to return, the future looks good for the team.

JC team hits European courts

Coach Tom Hughes took the junior college basketball team to Europe during Christmas break.

While in Europe, the team played four exhibition games - two in Sweden and two in Denmark.

Such a trip took hours of planning and a fund-raisyear. Still the trip was a

team members.

Although the team landed in Copenhagen on December 12, the first game was played in Monsteras, Sweden, which took eight hours to reach by train and by van.

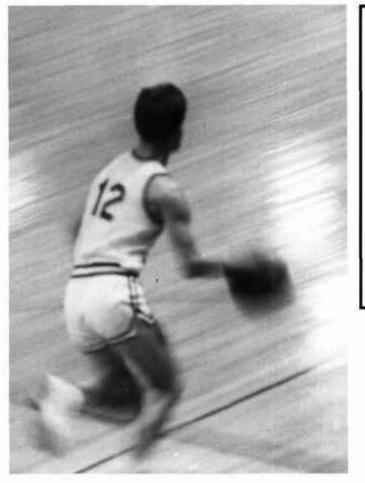

The first game ended in ing drive which lasted all a 112-95 loss to Mosteras BBK, but the second game

unique experience for the held in Vastervik, Sweden, brought the first European win.

> Before playing the final games in Denmark, the team did have a few days off for sight-seeing and travel. But soon it was time to meet the defending Danish Champions, BMS - a meeting which ended in a loss for the Red Dragons.

> At the final game, WMA played Jonstrup BBK, a Division Two Danish Team. WMA won with a score of 87-66.

Parade skills on court

At Wentworth, high school basketball is a chance for young men to develop themselves as good athletes. The skills they develop on the court and the cohesiveness they gain from working together can carry over off the court in real life.

Like a parade, the team practices their moves and then puts it to the test on the court during the game.

The team that executes what they learned in practice will, in the real game, probably end up winning, while the team that was ill-prepared will not do so well.

Also, due to the fact that there is a final game that they must play, it can be likened to a final parade. The game has intense feeling for these players, especially the seniors who will play, for most of them, the last game of their lives.

The 1988-89 Red Dragon team got off to a slow start. After sever-

At Wentworth, high school al losses to tough teams, the Drasketball is a chance for young gons played up to par and finished the season with a positive attitude.

> The highlights of the season were the Dragons winning the consolation trophy in the conference tournament and winning the state military title.

Cadets grapple to control, win

is one of the best that I have seen since I have been here," said team captain Wes Anderson.

There was plenty of young talent present on this year's team. Two freshmen had winning records - Sean Hawk-

"This year's wrestling team ins with a 10-6 record, and Mike Stehr with a 12-4 record. Stehr also gualified for regionals. Thirteen junior high cadets worked with the high school team this year and for Grisham, Hinds, and Masters it was their second year with the team.

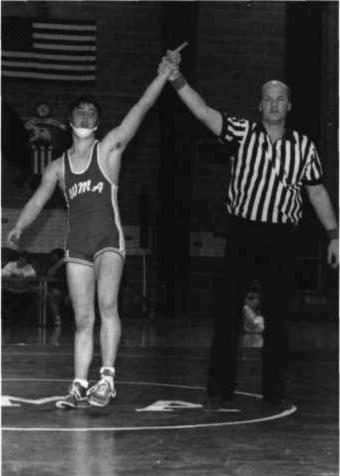

J. Jurgens raises his head after another stunning victory (right). Junior High wrestlers: (row 1) S. Vargas, L. Grisham, J. Rettowski, and J. Robertson; (row 2) A. Prideaux, B. Miller, Coach Kirkman, S. Riggs, and M. Hinds (above).

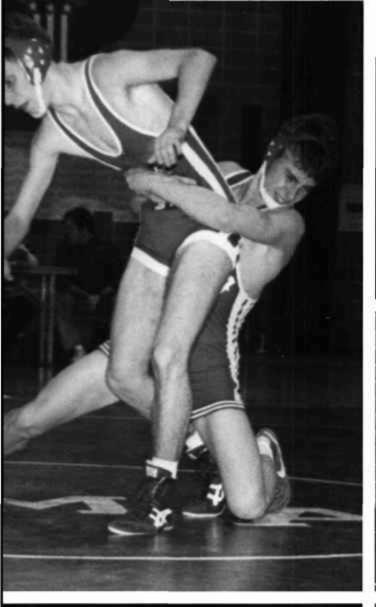

One of the biggest problems that faced the team was that they couldn't fill all of the weight classes. These forfeits meant that every match began with a twenty-four point deficit, making it difficult to record a win during the season.

One thing that has hurt the wrestling team, and other sports here at Wentworth, is a low retention rate. The coaches work hard with athletes only to find that they won't be returning the next year.

"I don't feel this will be a problem for the wrestling team next year; all the freshmen and sophmores plan on coming back to wrestle at Wentworth," said Coach Bill Kirkman. Hopefully, this will prove true, and the Red Dragon wrestlers will continue to improve.

Swimming for life

Few extra programs have as high an enrollment as Mrs. Norma Maring's water safety courses.

Students from the corps as well as neighboring communities become certified as life savers as well as swimming instructors during the winter nights. Cadets who enroll use one study CQ on two nights a week to take the course. A few cadets also assist Mrs. Maring if their grades are all right, affording them time out of study CQ.

One bonus during these courses is the inclusion of female students who come to be certified. Meeting girls during the winter sometimes provided Mil Ball dates.

Mrs. Maring's dance classes are another extra program with high attendance.

Practice may not have been coed, but the resulting four dance nights contribute to the cadets' high interest in dance.

Lifesaving skills are taught first on the pool's edge where J. McCoy, D. Graves, C. Sharp, G. Curtis, W. McCullough, and R. Sarieddine pair up to through the positions before they dive in for a real runthrough with Sarieddine supporting McCullough, D. Anderson and Wimmer, and Sharp aiding Curtis.

During graduation exercises on Sunday three cadets received the school's most honored awards.

Wesley Anderson of Anchorage, AK. (left) received the Association of Military Colleges and Schools medal as the high school honor graduate. Along with this accomplishment, he received a four-year ROTC scholarship in nursing.

The Ted Messmore Honor Graduate among the sophomore junior college students was Daniel Stormes of Antioch, CA (center). While in the contract program at WMA, he not only excelled academically, he also served as a Foxtrot counselor his first year, and the Foxtrot company officer his second.

The Burr Award is given to outstanding battalion commanders. Joseph Dorris of Lebanon, MO, completed his high school and junior college years as the battalion commander for the 109th Corps of Cadets, which followed his achievement of 1988 when he and Charlie Company won the Basore Award for best company. Congratulations from Col. J. Sellers, Sr., are given to J. Dorris who has lead the 109th Corps as its battalion commander (right).

Charlie Company c/Cpt Richard Magazine, Company Commander

Cadets greet the closing flag ceremonies with a mix of emotions. Though happy to be graduating, there is an element of sorrow at leaving friends, and for some, their home for the past several years. The flag ceremony was held inside due to the rain, but J. Dorris, battalion commander, flanked by C. Beauchamp, sergeant major, carried out their final duty before dismissal (below).

The Moreland Plaque for Sports Participation Delta Company c/Cpt Robert Sellers, Company Commander

The Di Renna Award for Excellence and Improvement Charlie Company c/Cpt Richard Magazine, Company Commander

The Basore Outstanding Company Award

DELTA COMPANY

As the battalion commander states his final order, "Dismissed." the corps scrambles to offer congratulations and farewells. J. Armstrong, a college freshman, says his good-bye to fellow Bravo cadet N. Murphy, a graduate.

Rainfall keeps ceremonies inside, but fails to dampen graduates' spirits.

Three cadet awards were given during the ceremonies on Sunday. Also given were two crossed swords honoring those named to the Superintendent's Permanent Council and three distinguished alumni awards. Daniel Harding Stormes Jeffrey James Tlapa Joseph Donald Tyron Brian Joseph Wagler

Special recognition was given to the Frederick B. (Ted) Messmore and Honor Graduates. Attending the graduation ceremonies were Messmore awardees. Awards were as follows:

Association of Military Colleges and Schools Award – Wesley J. Anderson

Frederick B. (Ted) Messmore Award — Daniel P. Stormes

John M. Burr Award — Joseph L. Dorris

Superintendent's Permanent Council — General Abdulrahman Al-Faisal and Don D. Cadle.

Distinguished Alumni Awards — H. Eddie Chiles, Charles H. Price II, and James L. (Bud) Walton

Graduation is

Now is the time of year when you have to see all your friends disappear for another summer vacation. It is probably the hardest time of the year.

That last line that you will never hear again from the same person.

That time of your life when you are upset to see some of your worst enemies leave.

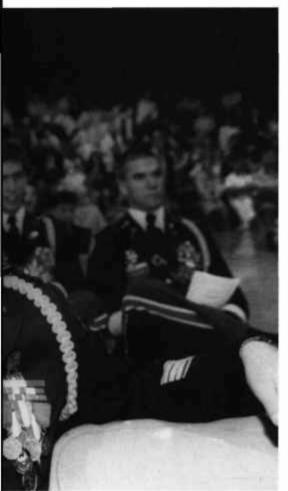

I must say this time of year is the hardest. My feelings for some of my closest friends finally come out.

Even though you know you may see some of them again next year, it is a fact that you will miss them and that you realize your friends at home do not mean as much as your friends here do.

You wonder about all the good and the bad time you have had with all your friends and you watch those times fade away at graduation.

The campus becomes empty again and over the summer it prepares for the next year to come.

For the friends you know that are not coming back, the question is "Will I ever see them again?".

good-bye

Sure you will make new friends the next year, but they will never be as close to you or not until the end of the year when you can think about all the time you have had together.

It is hard to imagine what I will feel like when my senior year comes and I have been here four or five years.

It will probably be the hardest thing (to leave) in the world. I will probably be graduating with the best friends I will ever have.

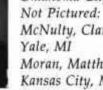

Scott Konkle, Class of 1992

Graduation day, May 21, has finally arrived for F. Vitto and his classmates. After spending his entire high school career at WMA, Vitto leaves with a smile and many memories of work, fun, and probably most important to him friends (top).

Always working together Foxtrot, cadets are identified by their red name tags but not by any other visible difference whether at drill, in class, or in sports. They must continue to develop company spirit just like any of the others (far left). Even in football, they join freshmen to compete with other conference teams (below).

Maj. R. Short checks in at the phone-a-thon where a number of Foxtrotters earned the opportunity to help in the fund drive due to their academic standing (above).

Goal: Meet cadet needs

Meeting the needs of the tution can progress without 109th corps of cadets takes a large staff. The cadets' needs range from the educational needs which bring him to WMA to the socks which must be laundered while living on campus.

The administrators work to keep the operations of the academy running smoothly. Since the school depends on enrollment, the administration continually answers inquiries from prospects and seeks new students.

Of course, no private insti-

funds. The development office is one area which works to find the means of adding equipment or programs which fill the cadet needs and the educational expand opportunities.

The educational staff must strive to complete the cadets' educational needs before their graduation.

Sometimes the needs go beyond the classroom as teachers serve as coaches, as OCs during study CQs, and as advisors.

Cottrell, Long, Vaughn honored

Honors can reach even the teachers' ranks. WMA names one teacher of the year during the final weekend. The 1989 WMA Teacher of the Year is Capt. Rick Cottrell.

Cottrell teaches business primarily to the college students, but also to high school cadets. He also works with the athletic department scouting and

The Lions Club also named Capt. Mike Long and Capt. Sam Vaughn as teachers of the year in April during the Teacher Appreciation Dinner.

Advisor's comment on DMZ section

Cadets have continually requested crazy captions to be used with the informals. The Demilitarized Zonc is the result of a compromise with the staff.

The picture selections were primarily made from those taken throughout the year by WMA's photo staff, but a few are on loan from students and we appreciate the use of them.

The captions are not written for accuracy but are written to trigger a memory or at least a smile.

The choice of the Demilitarized Zone as a section title stemmed from the idea that the section was off limits to criticisms and open to the lighter side of campus life.

Who said I couldn't get away from the barber for a week or two extra! (top)

Just a little off the top you say. Well! And just where is your name tag then? (bottom)

The DEMILITARIZED Z()NE

Don't you ever sneak up on me or I'll kill you! You do know this is an undercover operation don't you. (top left)

You do know, Lori, the Bandicoots are not for you, 1 am. Now let's get on to other matters. (top right)

Going, going, gone ... (top)

Nobody can compete when it comes to getting the lowest angle on campus. (middle)

Let's go! Step it out now! (bottom)

Aren't tours suppose to be on the quad? If 1 had known this was how tours were run, 1 wouldn't have missed bed check for anything in the world. (right).

That's right, 1'm Wags. Do you want to make something of it? (bottom)

Occasionally during the first semester a few cadets became involved in some harmless practical jokes. On one occassion, Maj. E. Kemper's canoe decided to take a float trip in the scholastic building but was found swamped in front of the Dean's Office. Fortunately, no damage was done and the canoe was returned to its perch atop his truck. Later in the semester, Maj. R. Gwinn awoke to find the tackle dummies had mysteriously manuevered themselves into his yard. This is quite an accomplishment considering their usual position is at the back of the campus, but stranger things can happen.

From the stories, the most difficult to complete troop movement was the soccer goal relocation around the Doughboy. Reportedly, this maneuver took two attempts when a moving light spooked the troops the first time. None of the incidents caused any harm, but the corps's morale soared with laughter on each occassion.

Of course, no camera was on hand with Cadet D. Lingenfelter returned to campus in the spring, borrowed a uniform from the Charlie cadets, and lead his old platoon into the mess hall.
