## Remember ...

*Remember that day you walked on that quad for the first time ever? You felt a little bit odd.*

*Remember that day you sat in that chair filling out papers with chatter in the air? You hugged your parents and said goodbye. "Let's get this over with," you said with a sigh.*

*The days went on, the weeks passed by, sometimes you laugh, sometimes you cry. There were a few days that came you wish would have never.*

*Those days you learned the hard way. Now you know better.*

*It was harder than you thought. Go ahead, admit it.*

*Being away from friends and the pressures that came with it.*

*So you got in some trouble; things didn't go your way.*

*It's not how you imagined living day to day. Don't let it get to you. Don't bring yourself down. That's life as we know it; you have to learn somehow.*

*Remember that day you helped someone out through the hard times they couldn't get out?*

*So what happened with that? You made a new friend. You begin to wonder. "Do I really want this to end?"*

*Is this place really that bad? Did it hurt me?*

*Or did it shine a light I just refused to see?*

*Remember that day you marched on that field?*

*Then you lined up like you practiced, but this one was real.*

*Then there it was held out in front of you.*

*You bent down to kiss it, those stars and that rich blue.*

*Then you stood up proud, as proud as can be*

*And you felt it coming. Don't let them see!*

*So you closed your eyes and tried to fight it.*

*But that thing you said you'd never do, you just couldn't hide it.*

*Remember that day those tears just kept coming and throwing your cover in the air? Home is where you're going.*

*Remember that day you said goodbye and left all your friends?*

*Some you'll talk to, others you'll never see again.*

*So that's your school. Will you remember it?*

*Of course you will. How can you forget?*

## Duty... Honor... Country...

For more than a century Wentworth Military Academy has been a part of the Lexington area. The history in the City of Lexington is very rich. A decisive battle of the Civil War was fought in the countryside of Lexington. Since 1880, Wentworth Military Academy has been a part of that tradition. The academy turns cadets into proud alumni each year. The academy instills a sense of duty, honor, and country into the cadets. Original the academy was a boys' school. Two years after its birth, in 1882, Wentworth was changed to a military academy. The academy was based on Virginia Military Institute. From its birth, cadets have had certain rules and regulations, and an honor code, which they live by. Time may have changed the uniforms, buildings, and curriculum; but tradition and leadership is still the foundation of the academy.

# SPIRIT OF AMERICA

*What were you doing on that September day? Were you just waking up from a good night's rest? Were you taking a shower to get ready for your day? Were you in class preparing for your future? What were you doing on that September day? Were you glued to the TV watching and waiting to see what happened next? Were you worried about loved ones? Were you crying inside, or outside, for someone else's loved ones? Were you eager to help in any way you could? What were you doing that September day?*

*September 11, 2001. A day no one will forget. One that went down in history. The day two commercial airliners crashed into the World Trade Center Towers and a third into the Pentagon killing thousands and hurting millions. This was a terrorist attack which we can't imagine. It shocked our eyes and our minds, but did not wash our souls. The American is strong, and the whole world knows it. So we carry them, but they only make us stronger. Now we are more united than ever before. So let's remember and never let up of the unity we have found. And whenever you look into the sky and you see the sun, know that these souls died are reminding us.... These Colors Never Fade.*

The world seemed to stop moving on 9/11. It did, certainly. At Westworth, I knew I was nervous and everyone was trying hard. I liked myself to be calm, but I was amazed at how I could not pull myself together. When I finally did, I noticed that the thing I was most afraid of was that I was not seen and was forgotten. When I finally did, I was not seen. Each room was completely empty, it was like a TV, it was packed full. And I was seen, but I was not seen. I was not seen, and I was not seen.

"New York has always been great. People were like I was in a nest. It was hard to stop to talk to anyone," said C/CSM Fritz Beck from the 101st Airborne. His Jersey City, NJ, homecoming visit home was shocking and hard to believe. He was the first to arrive in New York. The businessmen and women who used to be in the city were now stopping to pay their respects to their friends, families, and the nation. They were in the streets, sign banners, light candles, and some stopped to get food. The crowd was so big to see the site, even those from outside the United States. They were coming and going. We were going to see the towers when we were on the way, and I was home, but I was not home. I overheard us because they followed us. I was not home, but I was not home. They said they wanted to see the towers to get pictures. I was not home, but I was not home." Beck said.

CPT Rick Failing also made his visit to New York. He was a soldier. As a first, he left on 12 September with a few of his friends to help with the cleanup. When Failing got there, he made his way through the crowds and to the scene where the towers started working. The working days were scheduled to only last for one day. However, the sense of love and caring that was floating in the air was not scheduled to last around thirteen hours a day. Failing saw many interesting things, but the things which were crushed and a tennis shoe with a leg sticking out. However, these things are not the things that stick in his mind whenever he looks back on that day. He remembers the unity and selfless service that was perceived from everyone around. The unity of everyone working together was amazing. It was like a big family. When we first got there, they right away gave us water and food," explains Failing. "Everyone was taking care of everyone else." Failing wishes to share his lesson with the corps of cadets in these words, "Take everyday to heart."

I am pleased and proud to have the opportunity to return to Wentworth where I was provided such a great start to my career in the U.S. Army.

This is an opportunity to partially repay the debt I owe to this great institution and the staff and faculty who worked so hard to train me when I was a cadet. My objective is to insure that the opportunities afforded by a Wentworth education continue on for future generations. I have been made to feel most welcome by the 122<sup>nd</sup> Corps and the Class of 2002, and I wish each of you great success as you continue your education beyond Wentworth.

The Commandant of Cadets exercises direct supervision over the Corps of Cadets in all Academy activities and is responsible to the Academy President/Superintendent. This encompasses but is not limited to the following areas: organization, control, discipline, training, health and welfare of the Corps. Along with the above-mentioned areas, the Commandant supervises barracks life, Cadet personal appearance, uniform conformity and maintenance, personal hygiene and Cadet conduct. The Commandant must also stay abreast of each Cadet's academic status as well as personal issues in their lives, which involve family members off the campus proper. With all the responsibilities mentioned, the Corps of Cadets recognizes first his responsibility as the Academy's enforcer of the Rules and Regulations of Wentworth Military Academy and Junior College. Each Cadet and the parents/legal guardian receives a copy of the Cadet Handbook, Roll Call (which was updated Summer of 2001 by the Commandant). All WMAJC Rules and Regulations are contained in this handbook. The Commandant of Cadets utilizes the policies and procedures of the Academy, as well as his Chain of Command in regard to matters of discipline. This is to ensure an impartial and equitable conclusion, which is in the best interest of our Cadets.

# HEADQUARTERS COMPANY

Headquarters company led by C/CPT Nathaniel Oster march through Lexington for the Homecoming parade

## Headquarters Company:

Headquarters Company, commonly referred to simply as HQ, represents an example of the Corps ideals. HQ consists of three Honor Units, Color Guard, Honor Guard and the Band. Separated in a way from the rest of the corps by living by themselves, HQ is an example of cadets in charge of the corps to the best. With little extra overseeing and a sense of trust and confidence from both faculty and staff, HQ performs outstandingly both on and off the Wentworth Military Academy Campus.

This year's HQ company consists of approximately 50 people, making it the largest company on campus, and providing the largest Band and Color Guard in several years. From Hickman Hall, the home of Headquarters, many times can be heard the sounds of musical instruments in preparation for the company responsibility as a showpiece of Wentworth. Most other times, though, you will hear the sound of cadets who enjoy being a part of their unit and having fun with their HQ family.

## Look Past What Meets the EYE

I am old and gnarled with age  
I am the poignant letter  
I am the survivor of many wars  
I fought and won the battles, but-  
I can no longer can carry freedom's  
torch

I am frail and jaded with time  
I am you and you are me  
What is it that you would have me  
do?

I am yesterday, you are today,  
Who is tomorrow?

What is it that we should do?  
Yes, Look Past What Meets the  
EYE

To my sons ... Bravo Company --- FALL IN ... while we're all here together for the last time, I'd like to say a few things. Remember what we did here. Yeah, you're reading your yearbook and who knows where you are right now? Maybe a cadet in the 123<sup>rd</sup> Corps, or a young professional lawyer ten years from now. Remember back to the year we spent together --- the good days and the few bad ones. I will look back upon my company, our company, and say that possibly the last Bravo Company was a great Bravo Company. Our stay together is over, but our smiles will never leave. It's been my pleasure to be your commander. Don't ever forget the discipline and self-control that you have learned here in the always great and wonderful Bravo Company. Now go and do great things and represent your academy well. --- FALL OUT ... C/CPT Sean Cochran.

# IN CONCLUSION ...

Dear Echo,

"Too easy gentlemen, too easy." I want you all to know that it is really too easy for you to find success and happiness. I know that you may be thinking that I am just saying this stuff because it's a yearbook and all, but I ensure that everything I am saying is nothing but the truth. You have shown me that you are capable, competent, and hard working guys. We have come from all corners of the world for all different reasons. However, when we formed Echo Company, we immediately created something special. We have overcome and developed so much that I can not even begin to describe what has been accomplished this year. I know as well as any of you that Echo is the best and always will be. Every one of you have altered your lifestyles to this environment and have adapted to this system. For some of you this task was not effortless, but with help from the first sergeant and others the mission has been accomplished. Thank you for this opportunity; I have learned so much. I will always remember Echo and all of your hard work. Good luck, and don't forget your values, L.D.R.S.H.I.P. Take with you anything good that you have gained from this place and hold on to it, use it.

## Tango Titans:

It's been a long year, but I am confident when I say that it has been the best one of my life. I have been extremely proud of the way you all have pulled together since the first day you arrived on campus. There have been some hard times, as well as a constantly changing cadre, yet it still amazes me how hard you all have worked this year.

Of course, there were a lot of good times, too. Bowling, Secret Santa, Military Ball decorating, and roller-skating are just a few of the memories from this year.

Some of you will return to Wentworth, some will be in the military, some will be civililians, but for the rest of your lives, you will be Tango Titans. Never forget this place, or the bonds you have formed with your Tango sisters.

It was an honor and a privilege to be your commanding officer.

Like I always say, "In order to get something or accomplish anything worthwhile, you have to go through something."

I feel that our cadre and our girls have worked extremely hard to perform to the max and to excel to the highest peak. We have had a great year, girls. I want to thank you all.

# BATTALION STAFF

Made up of cadets from different walks of life, thrown together in a blender, turned on and told to turn liquid into solid. "It is your responsibility to ensure the corps are where they are supposed to be in a timely and motivated fashion. Your company commanders are to be informed at all times of everything that is going on and all the changes that are being made. Oh and by the way, they must be fed, receive their meds, be in clean clothes and well disciplined. It's up to you and the company commanders to make this happen. Here's the plan. Make it happen. Thus the year begins.

Chapel and award ceremonies. Hurry up. Let's go. Must be on time. C/MAJ Dustin Berry leads staff into the chapel.

"Listen up, Ratzlaff, when you hear *combat arms*, signal the BC so he can call the corps to attention. Got it?" explains C/CPT Amanda Goodman.

Above: Present arms. Shake. Salute. Right face. Step. Left face. Present arms. Shake. Salute. C/LTC Shawn Dillon repeats this action many times as he gives Foxtrot the ribbons recommended by their CO C/CPT Nick Jenkins. C/SGT Derek Etheridge receives his ribbons. Left: C/CPT LaTawnya "Lala" Robinson holds the ribbons Foxtrot are about to receive.

C/CPT Timothy Heisler, assistant commandant, supervises C/CPT Nick Jenkins and C/CPT Jedy Lausen as they carry Jenkins' packages upstairs. "Be careful guys; don't trip. Those computer parts are expensive."

Right: Every now and then staff is invited to attend company trips. Staff females were invited to the mall and a movie by Tango Company. "Ummmm .... yeah ... CPT Edwards, did you get that memo? If you could unlock the passenger door, that would be great," says C/MSG Allison Jaslow.

Studying is a major part of any college cadet's life here at Wewo. Being a member of staff and a student stretches the limits of time management. By CQ time we all feel the same way C/MAJ Cavilena Notz looks; but we continue to push on to get everything done, even if it means getting no sleep at all.

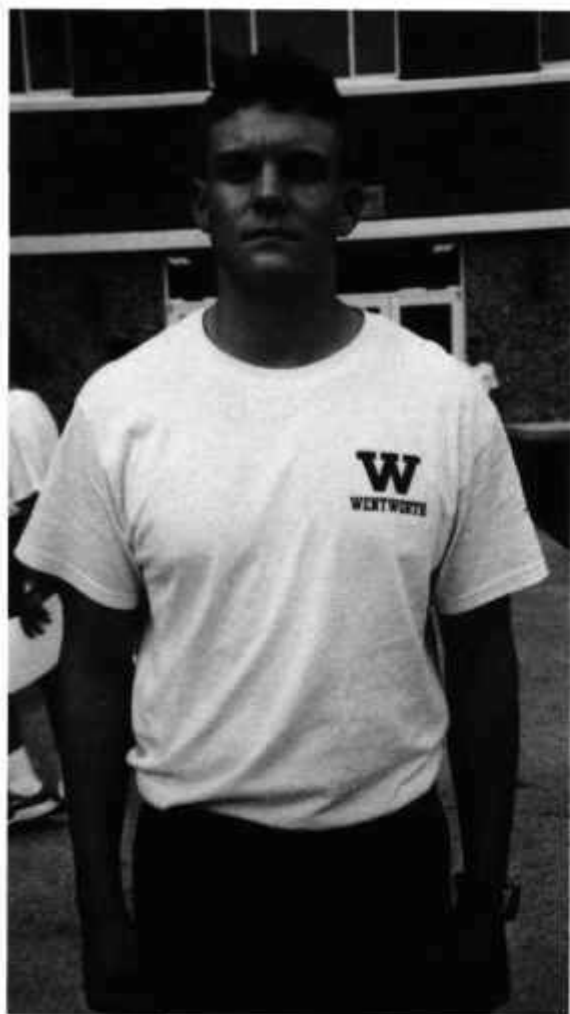

"Batter up." C/CPT Jamiah Edwards looks as if she can hit a homer in the batting cage during a putt-putt golfing trip during mandatory fun. The key word here is looks.

Gifts exchanged, friendships given and snatched away. Christmas to staff this year is one reached with much work and dedication. Many obstacles have to be overcome such as distinguishing between professional and personal relationships. Once the line is drawn, Christmas comes faster and work is easier. We look past Christmas to what the rest of the year holds for us. Thanks for the gifts and lessons taught and well learned.

## MERRY CHRISTMAS

Nothing like shopping at "The Plaza" in Kansas City for Christmas gifts. C/CSM Fritz Beck and C/MAJ Dustin Berry try on hats to show their hip style. Nice scarf, MAJ Berry.

Spud, owned by a classified person, drinks water at a classified location.

Left: "You know what, CPT Robinson? We finished?" states C/MAJ Cavilena Notz. "Yes ma'am, we got hit in the face, but we kept going," replies C/CPT Lala Robinson. The mess hall dining tables are places of great reflection, disagreements and truce making for battalion staff this year.

LTC Michael Byrd many times shares a laugh, an encouraging word and even a stern look with staff members. Today he shares lunch with C/CSM Fritz Beck, C/CPT Jeremiah Watson and BO Aboulrabman AL-Othman.

Concentration such as C/MAJ Dustin Berry uses here is the only thing that keeps us focused.

"Do you think we will be able to finish strong?" asks C/LTC Shawn Dillon. "I don't know, Dillon; we still have 15 days and a wake up left," answers C/CSG Fritz Beck.

Notz, Robinson, Beck, Goodman, Heisler, Dillon, Watson, Edwards, and Jaslow come together to cheer at a pep rally. We also cheer on the coming of the end and the future of the corps. With everything serious, there needs to be a little fun.

## ARMY ROTC

The JROTC cadets participate in cadet challenge twice a year to maintain their scores.

Wentworth's JROTC color guard keep their heads high as they focus on winning against MMA and "Booneville."

To motivate

C/CPT Thomas Bannister and SFC Rick Hutchinson judge the individual drill down during Wentworth's Dragon Drill.

Days of no competition, no drills, and no physical training, JROTC occasionally has fun.

C/ISG David Kolinofsky teaches Cadet Jereme Roesing how to operate a weapon while C/ISG Hunter Wilke watches.

C/SSG Joeseeph Gasnick commands his dedicated drill team at the Tri-Mil.

Wentworth high school cadets attend JROTC class for two, 50-minute sessions and participate in a two-hour Leadership Lab weekly. The current curriculum is made up of several sub courses designed to promote the development of positive self-esteem, good citizenship, self-confidence, technology awareness and personal responsibility. The courses include instruction in first aid, drug abuse prevention, leadership, time management, communication, career opportunities, military history, personal financial management skills, map reading, safety, values, and various contemporary issues. Additionally, the JROTC department sponsors five different extra-curricular activities available to cadets in good academic standing: the Cannon Crew, the Color Guard, the Honor Guard, the Drill Team and the Marksmanship Team. Participation in these activities is open to cadets who desire to develop additional skills and aptitudes while contributing additionally to the cadet life at the Academy. Participating cadets are typically those who exemplify the highest degree of honor, pride, self-discipline, and integrity and a high sense of selfless service. The weekly Leadership Labs provide an additional leader development opportunity for high school cadets. The JROTC segment of the Wentworth Corps of Cadets is organized into a student-led JROTC Battalion. The battalion plans, organizes, coordinates and executes various activities. Cadet leaders train newer cadets to perform close order drill and ceremonies, manual of arms, physical fitness and other skills. The JROTC staff continually and closely evaluate cadet performance, both in the leadership and "followership" roles. The JROTC Program in general and the Leadership Labs in particular provide an unparalleled opportunity for cadets to lead and to be held accountable for the operational performance of their subordinate cadets and unit.

C/LTC Jeremiah Watson, battalion commander and C/CPT Julie Thanki, battalion adjutant; hold many awards earned by the JROTC corps.

Despite many setbacks this year has seen, we as a corps have ended strong. We had many changes in the cadet structure, from Battalion Commander on down; yet you all did a wonderful job. Not only did you maintain but also improved the standards set forth by last year's JROTC Corps. We are an Honor Unit with Distinction so continue to wear our gold star and be proud to hold your head high. Have a great summer and I look forward to seeing you return for a cadre position next year not only in the JROTC Corps, but also the 123<sup>rd</sup> Corps of Cadets.

The JROTC cadets take a long break after working in the woods, making Perkins trail and building out of wood and mud with their fellow cadets. These types of activities have really brought a unity among the corps and are a great foundation upon which to build everlasting friendships.

## Senior Reserve Officers Training Corps

The Senior ROTC department plays a major role in recruiting college students to attend Wentworth Military Academy. They hand out 2 + 2, MJC (Military Junior College) and campus-based scholarships to those interested in one day becoming officers in the US Army. To qualify one must graduate from high school with a 2.5 gpa, have a GED or complete Show Me Challenge (a GED program available for Missouri residents). When the application process is finished, the prospective student takes a DODMERB, Department of Defense Medical Exam Review Board, which is an extensive physical because cadet command doesn't want broke people. After passing the physical, the cadet attends a paid camp called Camp Lead, formally known as Basic Camp, at Ft Knox, Kentucky, to validate the scholarship. Upon graduation the cadet has time either to accept or deny the opportunity to attend Wewo.

The ROTC cadre not only instruct their cadets in the classroom, but they also partake in our practical exercises as well. Their presence is seen, felt and heard during labs throughout the year.

# Physical Training

PT is a required class for all SROTC cadets from 1400 to 1530 (4-5:30 pm) three days a week. It is geared toward developing a workout routine that will stick with us the rest of our lives. ## Academic The Forefront

The SROTC scholarships require that all contracted cadets must maintain a 2.5 or better. In order to help students maintain this GPA, the ROTC department has designed a study hall where cadets can study quietly and/or receive help from other classmates.

Athletic Director, MAJ Bob Gibson, says, "My two years of athletics participation prepared me physically and mentally for competition at a four-year university after graduating WMA." The 2001 Junior high football season was definitely an adventure in perseverance. The majority of the cadets had little, if any, prior football experience coming into the season. Through hard work, and many hot afternoon practices, the team made great improvements in their techniques and basic fundamentals.

It was a good year for junior high football at WMA. We finished the season 2-3, with wins over Orrick and Norborne, and the losses coming from Lone Jack, Braymer and Polo. Rhinehold Leight was named team MVP of the junior high football team at the fall sports banquet.

It was truly an enjoyable season and a privilege to serve as the coach.

\*Captains

The 2001 WMA Football season got off to a bad start with an 0-5 record after five games. However, things improved for the Dragons with a win over MMA in the sixth game of the season. We went on to beat the next three teams, with victories over Norborne, Higginsville, and Lexington. We ended the season with a 4-6 record, with a disappointing one point loss to Kemper in the last game of the season. Season highlights include a victory over Norborne at homecoming and a winning touchdown pass at the buzzer against Lexington in the last home game of the season. Although we lost some games that we should have won, it was a great season. We posted WMA's best record in years, and had a lot of fun in the process. Our success is largely due to the excellent leadership, both from the coaches and team captains. However, the main factor in our team's success was the enormous amount of effort put forth in practice. We spent hours drilling our plays to perfection and had countless 3-a-days during football camp. We could not have achieved at the level that we did without the full cooperation and dedication of every member of our squad. Our team stressed the fact that everyone plays. No matter a person's size, if he had heart, then he played for us this year. Underclassmen were critical in showing other school's scout teams to our varsity squads in practice. We were a team, and when a game was on the line, we pulled together and brought home the win.

Established by Missouri two-year college presidents in 1918, Phi Theta Kappa International Honor Society serves to recognize and encourage the academic achievement of two-year college students and provide opportunities for individual growth and development through honors, leadership and service programming. Today, Phi Theta Kappa is the largest honor society in American higher education with more than 1.3 million members and 1,100 chapters located in 50 United States, U.S. territories, Canada, Germany, and Japan. In 1929, the American Association of Community Colleges recognized Phi Theta Kappa as the official honor society for two-year colleges.

# MILITARY BALL

C/1LT Shirley Ziser, Covington, KY, was selected to be the 2002 Battalion Queen. She was nominated by C/CPT Scott Rolfe of Echo Company. Cadet Ziser, a junior college sophomore, will be graduating this spring. Next fall she'll continue working on her bachelor's degree at Central Missouri State University in Warrensburg. Upon graduation from CMSU, she will be commissioned a second lieutenant in the Army. As a top student, Cadet Ziser is the commander of the Wentworth Military Academy Color Guard.

"I am very honored to be Military Ball Battalion Queen for 2002 and to be able to call Wentworth my second home. I realize that being a cadet here we have gained much more knowledge than any other cadet in an ROTC program. Attending Wentworth, we are very different because it becomes our daily routine to be a leader. It's almost like it is in our blood to be a leader at all times. I was able to experience the observation on how we are different from other cadets by attending the senior ROTC fall Field Training Exercise. We fell in at the position of attention, while teaching others what was going on when we were the ones who took the leadership positions. However the reason why we are different is not because of ROTC but because we attend this Academy. I would like to give a special thanks to those people who took the time to recognize me. I would also like to say that I am proud to be graduating from Wentworth Military Academy."

- Shirley Ziser

I love the man you have become! Love, Mom

DANIEL ALBERTO JEMMOTT JR.

Son, the last 20 years have gone by so very fast; It seems like only yesterday you were beginning head start. We wish the years would slow down so that we could spend More of those special and precious quality times with you. Jr., you have given us so many memories from your first smile.

To your first day in the Academy. Now you are graduating And receiving your Commission as a 2<sup>nd</sup> Lieutenant in the Army; Rising above your own expectations, and surpassing my own military Accomplishments, you continue to fill us with pride and provide Us with wonderful memories. Son, we are so very proud of you. God has blessed you with a unique personality, mind and spirit has Touched many lives and has blessed you with a unique personality Mind and spirit that have already gotten you very far in life. Your spirit has touched many lives and has blessed more than you Would ever know. To you life is an adventure full of fun, Very competitive with lots to see and do. For the day you Were born you were one of a kind, with a free spirit that Allowed you to go for anything you put your mind to.

Sometimes that spirit got you into troubles, but you Learned from those experiences. You have grown, and you Have discovered that life's adventures are not always easy. As you face more of life's adventures and you definitely will. Keep in mind, Philippians 4:13 "I can do all things through Christ who strengthens me."

Keep that wonderful sense of humor, that loving nature, Adventurous spirit. Always hold on to your dreams and Strive to reach your goals. We thank God for you. Our Prayer for you is to continue on the path the Lord has set For you. Wherever you go, whatever you do, remember always To put God first. Thank you, Jr., for filling the years With so much happiness and adventure for us to treasure.

"The Lord bless you keep you; the Lord make his face shine upon you and be gracious to you; the Lord turn his face toward you and give you peace." Numbers 6:24-26

"Trust the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight." Proverbs 3:5-6

Love Always,

WONDERFUL PLANS FOR YOU. WE ARE  
PROUD OF YOUR ACCOMPLISHMENTS  
AND LOOK FORWARD TO  
YOUR BRIGHT FUTURE.**

**LOVE, MOM AND DAD**

Well, Fritz, the day has come when you're finally graduating from junior college. It's unbelievable you've been in military school for eight years; five of those eight were a struggle for both of us.

Remember your first year at Carson Long? Dad was so proud of you and to see you doing so well compared to public school and all your rights.

I was always proud of your achievements. Even though I may have been hard on you at times, I knew you had it in you. I've always wanted better for you than what I had.

I know Dad is probably looking down on you, and he's gloating. I know he's so proud of you and knowing he did the right thing for your education. I know it was right for you, too!

From the time you were a little guy, you were always dressed in camouflage and digging holes in the yard; you and your friends loved to play Army.

It used to be funny to watch. But look at you now.

Congratulations,  
Love Always,  
Mom and Dad

The yearbook staff would like to wish all the graduating seniors, junior college sophomores, Falcons and Shin a wonderful and prosperous future. Congratulations on a job well done.

Joey Hill

You are truly destined to fulfill your goals and dreams. We are so proud of you and have confidence you will succeed in life's endeavors.

Love,
