# The Vietnam Wall

It's been years, in some cases even decades, since these people have seen or even talked about their lost loved ones, in almost all cases the pain is unbearable. On Thursday, November 11th thru November 14th, the traveling half size replica model of the Vietnam Wall came to Wentworth Military Academy.

Family members with loved ones who lost their lives in battle came from near and far to mourn and remember the good times they once had. The cadets here at Wentworth were very helpful to those people doing all sorts of things to make their visit at the wall even more unforgettable, selling flowers, and driving people around on carts, or even just helping look up names seemed to do so much good. You never know how much that wall can mean to someone. Especially as you stand with a woman you met five minutes ago who bought a rose from you and watch her place it down as she mourns over her loss.

We learned so much that weekend and I know alot of other people did too. I'm glad the wall came to Wentworth. We got to see things we've never seen and learn about things you couldn't even imagine. Hopefully other kids around the world get to learn and share the same experiences the cadets at Wentworth Military Academy had.

# Volleyball

Ithenacho, Noseo, and Williams wait for the serve.

This year girls volleyball succeeded greatly in many ways. There were many players who had not played before. There was great leadership provided by Senior Captain Mary Beard.

There were many awards handed out this year. Team Captain, Mary Beard, was named to the Central River Conference 1st team. She was the 1st WMF player to make 1st team All-Conference. Cadet Stephanie Williams was a Central River Conference Honorable Mention.

Cadet Mary Beard was also named to the All-District 1st team. She is the 1st WMF player to make the All-District 1st team.

Coach CPT Hartman says, "It was a great year for the Lady Dragons volleyball team. Volleyball is a young program at Wentworth, but these athletes made great strides in the Wentworth Women's Athletics Program."

# Girls Basketball

The 2004-2005 academic year marked the 125th year anniversary for the Corps of Cadets. This historic year was filled with many memorable events and activities. One of the most exciting events was the addition of women's basketball to our athletic programs. Coached by Captain Pam Grohs, and Major Todd Kitchen, the Lady Dragons' inaugural season was full of excitement and challenges. Starting a new program and being expected to compete against well-established programs was no easy feat. The Wentworth women were up to the challenge, and were successful in winning nine games, including a consolation plaque from the Central River Conference Tournament, and a fourth place plaque from the South Harrison Invitational. The team was later honored by the Missouri State High School Athletic Association for superior academic performance for obtaining a combined grade point average of 3.0 during the season. The team's final honor came when Cadets Liz Roberts and Stephanie Williams were named to the Central River Conference's All Conference team. In addition, Cadet Roberts was named the Conference Player of the Year. These accomplishments will undoubtedly go down in the pages of Wentworth history. To the Lady Dragons of 2005, I salute you, and thank you for your hard work in representing our school. "We will always be true, and we'll stand by you, Wentworth that we love so well."

~MAJ Todd L. Kitchen, Sr.~

Thanks to the girls that helped make this a great season for the Lady Dragons. The girls that played in the end of the season game were: Stephanie Williams, Liz Roberts, Mandy Uhrmacher, Janay Davis, Obi Ihenacho, and Ty VanVlimmeren.

The difficulties of working with young athletes are far outweighed by the joys of watching them grow and succeed. Hard work is rewarded by success. These young men will have much success in life, for here they have learned to work hard.

## Coach's Comments!!

I am very happy with the progress the team made this year.

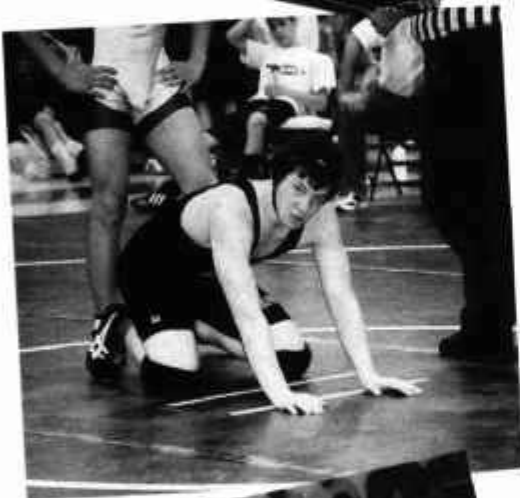

Individually each wrestler made great strides. It seems like each match a

different wrestler would step up to keep us in the hunt for the win. Even in the 4 losses we were in the hunt for every win down until the last match. It made for exciting wrestling to watch and to coach.

I can not overstate what a pleasure it has been to coach this group of men. They did a great job of representing the school. Their work ethic was evident in the academic honors they earned, and in the improvement they showed on the mat during the year. I feel confident that if each of these young men will continue to build on the work they did this year, they will be successful in what ever endeavor they pursue.

Right: Tamiz, Collins, Crowley, J. Price, and Bronson early in the track season.

This page remains incomplete because a formal picture of the High School Track team does not exist. Everytime they were scheduled to have it taken, they had to run off to a meet. However, they had quite a successful season. Price, Campbell, Grosso, and Onofrio were able to compete at the State Track Meet on May 20, 2005. We are very proud of the efforts and of the honorable way in which they represented us all in front of the State of Missouri.

# Tennis

Harmon sets his game face.

Last year, tennis returned to Wentworth after an absence of several years. Because of this, we are still rebuilding our team and our presence in the conference. Three members of this year's team lettered in tennis last year, and provided great strength and leadership throughout this season. We look forward to watching these athletes play in the coming years, and become powerhouses on the court.

# Academic Team

During the two weeks prior to Spring Break the Academic team competed in 6 conference dual meets. The team won 4 of the 6 competitions. On the first day back after spring vacation, the team competed in the conference meet. Brian Sanders was named to the conference team. Before district competition on April 16, both the junior varsity and the varsity competed at the Lexington High School Invitational.

# Yearbook

Working on this historic yearbook has been a great privilege for all of us. We have learned a lot about working hard and planning ahead. We have learned to appreciate each other, and have become acquainted with each others' strengths and weaknesses. (And, no, we won't tell you what those are!) This has been an experience we will never forget. Thank you for this year.

## Pep Band

The W.M.A Pep Band was back again. The band, with Captain Joe Davis conducting, performed at most of the girls' basketball games and several of the boys' basketball games. The band, of course, performed the Star Spangled Banner along with popular style tunes like Rock Around the Clock, The Pink Panther and The Horse.

The Pep Band ended their season on February 25 with a pizza party in the band room, sponsored by Captain Love, and their final performance of the year was at the basketball game that evening.

## Drum and Bugle Corps

At the request of MG Little, the W.M.A. Drum and Bugle Corps was resurrected to play the battalion in to DRC several times a week. With rehearsals starting in January, the Drum and Bugle Corps started their performances in March bringing back memories of years gone by. Under the command of Captain Davis, the D&B Corps, comprised of the drum line, trumpets, trombones, baritone and sousaphone, performed the tune "In Review."

## The Cadet Prayer

Free us from ignorance and superstition and fill our minds with truth. Grant unto us a religion of confidence and joy that we may face the tasks of each day with bravery and eagerness. Let laughter live within our souls, but enable us to sympathize with suffering and grief, and may we always be ready to defend the weak and oppressed.

Make us physically pure, spiritually strong, and morally upright that we may ever maintain the integrity of the Corps, the honor of our homes and our school, a true patriotism for our country, and a right attitude toward You and one another.
