might search after God as our guide and Friend. Give to us
a sense of responsibility for seeking that which is high
and noble."**

DRAGON

Below: Grosso is about to catch the snap at the Norborne Pirates Game.

The Red Dragon of 2005 brought an exciting brand of football to WMA. Inspired by Senior Captains Nick Grosso, Kenny French, Jack Chambers, and Morgan Campbell, the Dragons had a very successful season. From the double overtime win at Polo (which established us as a true conference contender) to the heart breaking loss at Braymer (which knocked us out as conference champions), the Red Dragons of 2005 will long be remembered as one of the most talented and exciting teams to play for WMA. We amassed over 2500 yards of total offense, and averaged 25 points per game while giving up only 16 points per game; it was truly a GREAT year!!! - Coach Grosso

Coach's Comments

This team was a great experiment in trying to bring together cadets and civilians into a single team. It was a great success, if you look at the improvement in the teams wrestling ability on results on the mat. The civilian presence helped the cadet wrestlers to improve remarkably faster than years past. The civilians gained quite a bit from being around the military environment and working with the cadets toward common goals. All in all I am very proud of what we accomplished this year. - Brad Fischer

From the office of Public Affairs

Wentworth wrestling coach Brad Fischer was presented the coveted "National Wrestling Coaches Association 2006 Bob Bubb Coaching Excellence Award" at the NCAA Division 1 wrestling championships....The inscription on the Bob Bubb plaque presented to Fischer reads "in recognition of your outstanding accomplishments as a college coach who epitomizes the qualities and characteristics of a role model and mentor for developing young student athletes." Fischer states, "If I can follow Bob Bubb's example, then that's the path to greatness. I don't want my athletes to look back at me in twenty years and say that I was only concerned about their ability to wrestle." Fischer is true to his word as his 2005 junior college wrestling team had the highest grade point average (GPA) in the nation.

Keep us dissatisfied with the imperfect world in which we live, and hold before us a vision of the world as it ought to be. Direct our lives into paths of service, and inspire us with courage to stand by our convictions even in the face of danger and death. Teach us the spirit of fair play, the grace of true sportsmanship, and the virtues of honorable adulthood. Deliver us from the curse of compromise with evil, tyranny, and injustice; and enable us to choose the harder path of right when we are tempted to follow the easier way of wrong.
