On offense we had many weapons with 16 different players scoring points. Both Caleb Hux and Miguel Guitart had multiple hat tricks in the 12 game season. We were able to out score our opponents 63 to 30. Several of our players earned All-District honors. The J.V. also played very well and there is a talented group of young players to continue building the soccer program."

"This year was filled with a lot of record setting moments. The first was the number of athletes interested in the sport. At the beginning of the season, we had a team with 23 players. I believe this is a first in WMA history. The second milestone came with our second win over Lexington. I cannot recall the last time we swept Lexington. The third high point was our season record. We ended the year with a winning record 4 and 3. Our final accomplishment came in the "Team Round" of Districts. We were seated fifth and we stepped up and beat the fourth seeded team, Carrollton, in a 5-4 match. I will always remember this season. It was filled with high's and low's, but it was also filled with a lot of talented athletes. I look forward to coaching you in the future."

131st Corps of Cadets,

It has been a rough year to say the least, but we made it. Never quit or give up. You are responsible for your actions, take responsibility for what you have done. Don't be afraid to admit when you have made a mistake or be too proud to ask for help. Take pride in everything that you do no matter how small it may seem. Always be proud of who you are. You were the 131st Corps of Cadets...there will never be another like you. Good luck in your future adventures 131st.

Charlie,

These last few months have been hard for us all and I get that, but from day one I've told you all that it's all about personal choices. The choices that you make in your life will resemble the way that people will remember you, how you will leave your legacy. I know I will remember you all and the things that we went through, the good and bad. Everything happens for a reason and will affect you in some way no matter how much you think it will or won't. There have been a lot of things these past months that will affect you all later in your life. You will be grateful for the habits that you have developed. I hope you all utilize these habits in college and your later professions. I wish you all the best of luck and hope you all have great success with whatever you choose to do in your lives.

Delta Company,

First of all, thank you. Thank you for the honor and privilege of serving among you this year. It has been a great year filled with laughter, sadness, tears, the ups and downs. But, hey, we made it. Another year of memories that we will take with us as we depart and go separate paths of life. Working with you all in groups, teams, and individually has taught me, molded me, and built me to become a better person. I've learned a lot from you individually; some good and some not so good, but hey, it is what it is. I could have not hoped for a better group of people to present me with both the opportunities and challenges I have had to face this year. My only wish for you is to always find the strength to choose the harder path of right over the easier path of wrong, despite the perils and obstacles that await you in the years to come. As your Company Commander I leave you with words of wisdom; be wise, be educated, go past the limit, and when the going gets tough, the tough keep praying. Honor God and he will bestow tons and tons of blessings upon you individually. I cherish the friendship that I have made with you all. I will look back fondly and I hope that you will do the same in the future. Finally, I would like to congratulate you all for making it this far. I hope and pray that you all have learned something and I hope you kept it in your hearts. Always remember this; Rangers leads the way, but Delta Company goes all the way. Best of luck to you all. Have a great and fun summer. Once again, thank you for serving with me. Good luck and Godspeed.

Headquarters Company,

This year has been a challenge, but as I knew, all of you proved to overcome every obstacle that came to you. As a company you showed Wentworth Military Academy that you will prevail. I hope you all take your experiences here and show this world how great of leaders and citizens you all can be. It has been an honor and privilege to be your Company Commander and hope to see you again in the future. May you always fight for what is right, may the band always play, and may the Corps of Cadets always sound off.
