Abiit Autem Quod Nulla Oblivione Delebitur

After 137 years, an era is coming to an end.

Wentworth Military Academy was started in the river town of Lexington, MO in 1880. Steeped in history of river traffic along the Missouri River Bluffs. Rich in Civil War history including the Battle of the Hemp Bales and a cannonball in the Lafayette Courthouse pillar. Wentworth, a school for young men, came to be. The brainchild of Stephen G. Wentworth was born.

This school has seen many changes through the years, adjusting with the times. Females were admitted to the Corps for the first time in 1993. For many years it stood the test of time and economic changes as the Oldest Military Academy west of the Mississippi.

With sad hearts a difficult decision was made that it's time had come to an end. As of May 31, 2017, Wentworth will cease to exist as operational. There have been 11,000 or more graduates, and countless other cadets, who have passed through the halls. The school motto is "En Dieu Et Tout" (In God is all).

At this time, we might also add, "Abiit autem quod nulla oblivone delebitur" (Gone but not forgotten).

Coach Talk

"I'm so proud of how far we came this season and the amount of improvement we were able to show in three short months. I knew this season would be challenging with eleven freshmen, but our sophomores (Valerie and Lina) did an excellent job with trying to get the freshmen adapted to the increased level and pressure of college volleyball. Our freshmen truly learned what it meant to battle on the court, going into five sets eleven times throughout the season.

-----Coach Shelby Woodward

My Most Memorable Moment
of the season was...

"Beating St. Louis in the Region XVI post-season tournament. That was truly the best indicator of our improvement, as we were able to put together an entire team effort to sweep the Archers in three."

—Coach Woodward

College Soccer

I think the 2016 season was definitely a successful transitional period for the soccer program in my 1st season as head coach here at Wentworth. This is a testament to the ambition, drive, and ability of the players within the program as a whole. Looking forward, we have taken many positives from the season, and continue to work day-in and day-out to fulfill our potential as players, teammates, and as the foundation of a great program." ---Coach Luke Harman

"My most memorable moment comes from our home match against Calhoun. The girls were ready to play and started the match with a 1-0 advantage. During the second set, something happened and we got stuck in the rotation, but the girls never gave up. We lost the set, sending the match into a third set tie-breaker. The third set was not going our way, but the team kept pushing and had a huge come back making a victory within our grasp. Then.... a tough call was made by the officials and our team lost a detrimental serve. We ended up losing that set and the match but I was SO proud of my team for all of their hard work and determination."

We both had to learn through the year, what we could or could not do. We did not rebound very well, and we were up and down on scoring. The one thing I am proud of is how we always finished strong and never quit!"

"We had a down season as wins go, however, we lost Daniel Jordan, and the Hao twins, which were a big part of our basketball team last year. The only returning letterman was Xavier Langston. Henry He played some last year, but sparingly.

This year's team had 6 seniors and only two of the six were here last year. We did have fun trying to pull out some wins and upset some of the power house teams. We did make a couple of them flinch.
